In an effort to assess the English-language, writing, and comprehension skills of students in India, the CBSE conducted the TOEFL test in Vijayawada. The test, which was established in 1864 and is administered by the TOEFL organization, is designed to evaluate the English-language abilities of students. The test is administered in a computer-based format and consists of four sections: Listening, Reading, Writing, and Speaking. Students are required to demonstrate their ability to understand and use English in academic and professional settings.

The test is administered on a computer, and students are given a set of questions to answer. The questions are adaptive, meaning that the difficulty of the questions may vary based on the student's performance. The test is scored on a scale of 0 to 30, with a passing score of 16. The test is used by universities and employers to evaluate the English-language abilities of candidates.

In Vijayawada, the test was administered to a large number of students, and the results are expected to be released soon. The test is a valuable tool for students who are looking to improve their English-language skills and for those who are planning to study or work in an English-speaking environment.
G-20 Declaration goes to prove Modi’s leadership

The G-20 summit was held in St Petersburg last year which saw the USA and the European Union nations abusing Russia in severe tone for its war with Ukraine.

The G-20 summit’s declaration was contrary to the declaration issued by the G-7 summit held at Hiroshima, the capital city of Japan, last year which condemned the USA and the European Union nations for their policies.

Several member nations of the G-20 have expressed their support to the Indian government’s stand on the Ukraine crisis at the G-20 meeting.

Jana Sena Party Political Affairs committee chairman Naidu Reddy said the government is trying to intimidate the leaders of opposition parties with arrest warrants to stop the next elections. It is dangerous for the TDP government to implement the police force in this manner.

Talking to the media in the city, TDP state president Ganapati Reddy said police behaved crudely and dishonestly towards the leaders who were enforcing the bandh in the city.

The TDP has made a stand to the police and will not be cowed down. The TDP will go to the court to stop the police violence.

The TDP is opening the door to the police, it understands that winning the next elections is the only solution. The TDP is not afraid of the police and will continue to stop the bandh.

The TDP has expressed its intention to continue the bandh until the YSRCP govt. is removed from power. The TDP is not afraid of the police and will continue to stop the bandh.

Grievance redressal easy for people with disabilities

**NEW DELHI** (PTI) - The Central government and the Supreme Court have jointly established a portal for grievance redressal process for people with disabilities.

Minister of State for Social Development and Youth Affairs Rajiv Pratap Rudy, who launched the portal on Monday, said it stands as testimony to the government's commitment in ensuring that people with disabilities get their due in a society which is inclusive.

He said the government is strongly committed to reducing the gap between people with disabilities and the others.

Rudy said the portal will be user friendly and people with disabilities would be able to take part in the portal through voice commands.

"The importance of this event is that it is about people with disabilities who believe that they are equal to us when they are fully included in the society like any others," said Rudy.

Unlocking MSME potential with G20

The G20 summit has been a resounding success and Modi is being hailed globally for India's tremendous progress. The country currently has nearly 85% of the global GDP, with countries accounting for a significant milestone in global diplomacy and cooperation as leaders from the world's major economies gathered to address pressing issues.

In particular, the G20 has brought India closer to the global stage. The Summit's agenda was far-reaching, addressing critical issues such as climate change, economic recovery, trade and global security. India's message of "One Earth, One Family, One Future" is gaining momentum, and the adoption of the G20 Declaration has highlighted India's growing role and influence on the global stage.

The participating leaders noted that India's message of hope and peace in the whole world. "May there be hope and peace in the whole world," Former Prime Minister of Ref. 542, bore the title of Bharata. In fact, the term "Bharata" has a rich history deeply rooted in India's mythology. It remains a matter of debate. While there's agreement that the name "India" was bestowed upon us a privilege, the Delhi Declaration with full consensus.

The integration with foreign capital market not only eases regulatory tangles to financial entities but also fosters an enabling business environment. The G20 summit has successfully garnered consensus on a variety of issues, including Ukraine.

Partnerships for Success: MSMEs are critical to accelerate economic growth and provide a vibrant ecosystem that enables cooperation between various players. Collaborations between different sectors can lead to innovations and new opportunities. The G20 summit emphasized the importance of MSMEs in promoting inclusive growth and economic diversification.

The MSMEs sector in India is a significant contributor to the country's GDP. The G20 summit further reinforced the importance of MSMEs and their potential to drive economic growth and create employment opportunities.

CHANGING A NAME PROS AND CONS POLITICALLY

Some speculate that the name change was an attempt to weaken the New Opposition Group, India. The Opposition argues that India is a globally recognized country and its name change will not have any significant impact on its global influence. The country's official name is the Indian Union, and it is associated with promoting Hindu principles and values.

The proposal is expected to receive significant political debate, with the US, India, and other countries expressing support or opposition. The name change is seen as a symbolic step towards strengthening India's global standing and identity.

Inclusive Alliance team has secured victory in the upcoming elections. The G20 summit not only strengthened India's global positioning but also provided a platform to address pressing issues and foster cooperation with other nations. The outcome of the G20 summit is a testament to India's growing role in global affairs and its commitment to promoting a more just, equitable, and prosperous world.
A momentous lecture at India’s spiritual history

Swami Vivekananda’s lecture at the World’s Parliament of Religions revolved around the principle of unity, tolerance, and justice. The ideas he shared transcended cultural boundaries and influenced global perspectives on spirituality, the unity of religions, the unity of mankind, and the pursuit of a meaningful and pure life. His teachings remain a beacon of hope, promoting a deeper faith, wisdom, and cultural identity. His spirituality and message live on, inspiring people to work actively towards the goal of harmony, acceptance, and cultural exchange, thereby uniting people from different walks of life.

India led by Prime Minister Shri Narendra Modi has once again given the world a message. It is a treatise on the theme for the 18th G20 summit, Vivek Modi, the Prime Minister’s Office is the message that Prime Minister Shri Narendra Modi is working towards this goal.

EMPOWER is a global initiative that aims to engage and encourage women from underprivileged sections of society. It is a movement led by women’s empowerment from the G20 countries which is focused on empowering and creating sustainable employment for women. The initiative seeks to foster a culture of gender equality and advocate for women’s rights. It is an inclusive and collaborative platform that aims to address the barriers faced by women in accessing education, job opportunities, and financial services. The initiative is led by women from different G20 countries who are working together to promote gender equality and empower women around the world.

In addition to these initiatives, we have also committed to promoting women’s leadership, gender equality, and inclusivity in all sectors of society. We believe that gender equality is not just a matter of rights, but it is a matter of values and principles that guide the future of our world. We are committed to advocating for gender equality and promoting women’s leadership in all spheres of society.

In conclusion, we believe that by working together, we can create a world where women are empowered and have equal opportunities. We believe that this is a global responsibility that requires the collective effort of all nations. Together, we can make a difference and create a world where women are valued, respected, and empowered.

Vivek Kohli returned to the record books on Sunday after hitting his 47th century while KL Rahul scored double ton as India defeated New Zealand by 147 runs in a crucial World Cup Super Four match here on Monday. Kohli also became the fastest man to score 6000 runs in ODI cricket, reaching that landmark in his 131st innings, the fourth fastest after the likes of Sachin Tendulkar (106), David Warner (125) and Michael Clarke (163). The former India skipper, who was also elected man of the match, was unable to add to his tally as he was caught behind off Stuart Broad at 196. Rahul, however, remained unbeaten on 148 as India, who lost the Asia Cup Super 4 opener against Pakistan on September 22, made a strong start to their campaign.

The India skipper, who was dismissed for 48 in New Zealand’s first innings, fell lbw to Trent Boult when he was just three short of the century. He was batting on 96 at that stage and his 64-ball 95 powered England to a 79-run win over Pakistan in the World Cup Super Four match in Southampton on Sunday.

New Zealand, defeated by 356-2 in 50 overs, in the opening match against India due to a downpour, emerged victorious against Pakistan by seven wickets.

Kohli’s dismissal was the highlight of the first day of the second ODI, which started from May 1. He and Rohit Sharma had set up India’s big total with a 159-run stand for the first wicket, the highest partnership in the tournament. Kohli then went on to score his 47th ODI century, second only to his 183 in the 2019 World Cup final against England, and the 18th highest in the history of the World Cup.

The 34-year-old Kohli, the 2019 World Cup top-scorer, batted positively, striking 11 boundaries and three sixes. He completed his half-century in 73 balls and his ton in 69 deliveries. Vinay Kumar, the Indian captain, was out for a duck in the 14th over. New Zealand were bowled out for 147 in 49.2 overs.

Raina takes Ishan to open for India

Ishan was not left out of the India side after returning from a wrist injury. "He’s a real weapon for us when he’s bowling with confidence," Rohit said.

New Zealand coach Gary Stead said it was unclear whether Kohli will be fit to face the Multinational XI in the third ODI, which starts on Tuesday. "We haven’t got a clue on whether there’ll be a problem for that first game," Stead told reporters on Monday. "There’s still three or four days to go before decision. It’s important that he doesn’t risk anything in his own interest and the country’s interest.

The win will strengthen India’s position at the top of the Asian Games,” he said. "This is the perfect start. We’ll look forward to the second ODI against England.

Kohli was accompanied by Rahul, who scored his 17th ODI century, and the two batsmen put on a 112-run stand for the second wicket, which saw them surpass the Asia Cup Super Four opener against Pakistan on September 22.

The India skipper, who was also elected man of the match, was unable to add to his tally as he was caught behind off Stuart Broad at 196. Rahul, however, remained unbeaten on 148 as India, who lost the Asia Cup Super 4 opener against Pakistan on September 22, made a strong start to their campaign.
