Modi, Mamata faceoff in Bengal

(Left to right): Prime Minister Narendra Modi with BJP candidate Sukanta Majumdar during a public meeting ahead of Lok Sabha elections, in Balurghat and West Bengal on Tuesday; Chief Minister Mamata Banerjee during an election campaign rally ahead of Lok Sabha polls, at Hill Cart road in Siliguri on Tuesday

SAUGAR SENGUPTA ■ KOLKATA

engal witnessed a virtual duel between Prime Minister Narendra Modi and Bengal Chief Minister Mamata Banerjee even as the former accused the Bengal Government of stopping Ram Navami celebrations and honouring those who throw stones at Ram Navami processions while the latter asked the people, particularly the minorities not to walk into the trap of the BJP which is trying to trigger communal riots in Bengal.

The Prime Minister, who was addressing election rallies at Balurghat and Raiganj in North Bengal, alleged how the Bengal administration has

been doing everything to Ram Navami celebrations.

'Tomorrow the entire nation goes to celebrate the Ram Navami but here the Trinamool Congress has always tried to stop it from taking place in Bengal ... they tried many conspiracies. And we were forced to get permission from the High Court and tomorrow, with devotion and faith, we will celebrate Ram Navami," the Prime Minister said.

"It has always been that the TMC stops such religious programmes and promotes and honours those people who throw stones at these processions," he said

However, the Chief Minister hit back from a rally at Moinaguri in Jalpaiguri district asking people to remain alert against the "evil designs of the BJP to

trigger riots in the name of festivals. In a statement that most Opposition parties, including the BJP read as a bid to act the messiah of Muslims before elections, Mamata said,

Bengal is for every religion but here are some people who are trying to play communal politics by triggering riots I ask the people, particularly my minority brothers and

sisters to keep your cool and do not walk into the trap laid by them ... some people are spreading fake videos ... some may raise slogans ... but if you hear such slogans keep

> your cool and pray to Allah so that things pass off without fuss ... because Ram Navami is a festival of mutual respect

The BJP sends NIA in Bengal to disturb and victimise the innocent people, she said.

Earlier the High Court had allowed Vishwa Hindu Parishad and the Anjani Putra Sena to take out processions,

but under certain conditions. the maximum participants should not be more than 200 and that there would be no play of arms or DJs.

Tuesday's development came against the backdrop of weeks' long riots at Howrah, Serampore and Dalkhola in the days following Ram Navami.

The Modi-Mamata spar came at a time when in a major development the Jadavpur University authorities on allowed Tuesday celebrations of Ram Navami at the campus even as sources said "if Saraswati Puja can be organised why Ram Navami cannot be celebrated here."

celebrations would be allowed inside the campus. Elsewhere in North Bengal

the Chief Minister warned the people against the Citizenship Amendment Act, comparing it with the head of a big fish which has a tail in the National Register of Citizens.
"If it is a big fish then the CAA is the head and NRC is the tail and the Uniform Civil Code is its torso," Mamata said accusing the BJP government of playing "dirty politics of polarisation?

Attacking the Centre for defaming Bengal with allegations of corruption," she demanded a white paper to be released on the issue.

BISWAJEET BANERJEE LUCKNOW

Tn an unexpected turn during the Uttar ▲ Pradesh (UP) election season, Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) workers are witnessing heightened demand, not for their traditional manual labour, but as foot soldiers for political campaigns.

This trend has ignited a discourse on the exploitation of these workers for political poses, not by a particular party parties of all hues.

Typically earning around ₹250 per day for their labour, MGNREGA workers are now being tempted into election rallies and canvassing with promises of ₹300 wages, supplemented with three meals a

day and even evening liquor. The surge in pay, coupled with additional perks, has resulted in a scarcity of MGNREGA workers willing to partake in their usual tasks, such as pond digging or rural development work, across various regions of UP.

Raja Bhaiya, head of the Vidya Dham Samiti NGO in Banda, UP, noted that in the Bundelkhand region, these workers are engaged in election campaigns for as low as ₹200-250 per day.

They are attracted by the promise of three meals a day and evening liquor. And this is sufficient incentive for them to work at lower rates," he told The Pioneer, adding "these workers are doubling up as political karyakarta".

Sukhai Ram, a MGNREGA job card holder, was assigned to work on a pond and culvert construction project in Gram Sabha Karonda, Barabanki, but has declined, citing the allure of higher wages and "shaam ki diwai," referring to

elections. common during elections. Diversion is inevitable, and the Government has limited control over it," a senior official informed.

These workers are tasked with carrying election materials, waving flags at rallies, and participating in roadshows.

The exploitation of MGNREGA workers political ends has drawn condemnation from various quarters, raising concerns about the moral implications of such practices.

Political analyst Dr Rajesh Sharma remarked, "The exploitation of MGNREGA workers for election purposes raises serious ethical questions. These vulnerable workers are being lured with temporary benefits to serve political interests, undermining the essence of the employment guarantee scheme." This issue has reignited debates about

the efficacy of MGNREGA in combating rural unemployment and poverty, with some arguing that the scheme's objectives are being compromised for short-term political gains. The ramifications of this trend are

evident on the ground, as rural development projects suffer from labour shortages, impacting the pace and quality of work in various UP regions. In response to criticism, political parties have defended their actions, citing the need for manpower during election

providing job opportunities MGNREGA workers. With soaring temperatures exceeding 40 degrees Celsius, people prefer staying indoors. We require foot soldiers and have recruited some from villages," stated Rupesh Kumar, a BJP leader, although he claimed ignorance about whether these recruits are MGNREGA

AAP's final list includes three MLAs, SAD's former MLA

Of 13 candidates: 5 Ministers, 4 MLAs, 3 turncoats; No female candidate

MONIKA MALIK CHANDIGARH

In its final stride towards completing its electoral lineup for Punjab, the Aam Aadmi Party (AAP) on Tuesday unveiled the names of candidates for the remaining four Lok Sabha seats. The announcement, a crucial move for the party, marked the inclusion of three incumbent legislators and a recent addition to the party's

The announcement of these candidates completed AAP's ambitious candidate roster for all 13 Lok Sabha constituencies in Punjab, making it the first major political outfit to announce all its candidates in the state. However, notable is the absence of any female candidates in the final list. During 2022 state assembly elections, AAP had fielded 12 women candidates, of which 11 emerged victorious. Two of these women were subsequently appointed as Cabinet Ministers.

Speculations were rife that AAP was in touch with Kavita Khanna, wife of BJP's former MP from Gurdaspur Vinod Khanna. It has been learnt that at one point of time, she also had a talk with AAP supremo Arvind Kejriwal. However, after his arrest, the talks failed to

Notably, AAP faced diffi-

culties in finalizing candidates for these four seats. Leading the roster is Pawan Kumar Tinu, a former two-time MLA from the Shiromani Akali Dal, who recently crossed over to the AAP. Tinu will now spearhead the AAP's campaign in the Jalandhar reserved seat, replacing the former AAP MP Sushil Kumar Rinku, who defected to the Bharativa Janata Party (BJP) last month. Tinu, renowned for his advocacy in Dalit affairs, brings a formidable challenge to his opponents in the con-

On the reserved seat, AAP faced a major embarrassment when its incumbent MP and nominated candidate Sushil Rinku, defected to the BJP. Subsequently, AAP poached SAD's Tinu and awarded him the ticket.

influence and resources, is wideregarded as a prominent Dalit leader in Punjab's Doaba

Tinu had served as an MLA representing the Adampur assembly constituency in Jalandhar district in 2012 and 2017 elections. Despite his previous successes, he faced defeat in the 2022 assembly polls against the Congress' Sukhwinder Kotli. Additionally, his bid for Jalandhar Lok Sabha seat in the 2014 elections was also unsuccessful.

In Gurdaspur, the AAP has pinned its hopes on young Batala MLA Amansher Singh Sherry Kalsi who emerged as the preferred candidate for the party following favourable results in poll surveys. With his selection,

the party aimed at leveraging his local influence and electoral track record in the region. His candidacy is believed to present a formidable challenge to BJF candidate Dinesh Babbu and SAD candidate Daljeet Singh Cheema, while Congress is yet to decide on its candidate.

The ruling party has fielded Jagdeep Singh Kaka Brar, the sitting MLA from Muktsar, in the Ferozepur Lok Sabha seat. Brar's political journey, marked by his grassroots activism and previous electoral forays, positioned him as a strong contender in the electoral battleground of Ferozepur, where none of the other major political parties has yet announced its candidate.

An agriculturist by profession, Kaka Brar has a familial connection to activism through his sister who was actively involved

in Anna Hazare's anti-corruption movement. Transitioning into politics, Kaka Brar served as a municipal councillor, winning elections twice, but faced defeat in 2017 assembly polls contesting on AAP ticket.

Completing the quartet is the sitting Ludhiana (Central) MLA Ashok Parashar Pappi, who will carry AAP's banner in Ludhiana parliamentary constituency. Pappi's nomination underscored the party's commitment to diversifying its candidate pool, as he becomes the sole Hindu candidate in the A AP's Puniab roster, Previously affiliated with the Congress, Pappi is widely recognized as a grassroots leader.

With seasoned legislators, grassroots leaders, and recent entrants strategically positioned

Constituency	Candidate's name	
Gurdaspur	Amansher Singh Sherry Kalsi	Batala MLA
Amritsar	Kuldeep Singh Dhaliwal	Minister, Ajnala MLA
Khadoor Sahib	Laljit Singh Bhullar	Minister, Patti MLA
Jalandhar (SC)	Pawan Kumar Tinu	Two-time MLA, former SAD leader

Anandpur Sahib	Malvinder Singh Kang	AAP's Chief Spokesperson
Ludhiana	Ashok Prashar Pappi	Ludhiana Central MLA
Fatehgarh Sahib (SC)	Gurpreet Singh GP	Former Congress MLA

Ferozepur	Jagdeep Singh Kaka Brar	Muktsar MLA
Bathinda	Gurmeet Singh Khuddian	Minister, Lambi MLA

across Punjab's electoral map the AAP aims to harness its multifaceted appeal and grassroots support to make significant inroads in the upcoming polls.

AAP CANDIDATES

A look at AAP's lineup for June 1 elections show that the ruling party has laid its bet on its tried and trusted soldiers, fielding nine legislators in all including five Cabinet Ministers and a Congress' sitting MLA. If AAP wins these seats, it would necessitate assembly bypolls on nine seats.

Besides, the party has fielded three turncoats - including two reserve constituencies two from Congress and one from Akali Dal. And for the remaining two seats, the party has fielded its chief spokesperson and a Punjabi actor-comedian, who is Chief Minister Bhagwant Mann's close friend.

AAP has put forward a notable lineup of Cabinet Ministers — Kuldeep Singh Dhaliwal for Amritsar, Laljit Singh Bhullar for Khadoor Sahib, Gurmeet Singh Khuddian for Bathinda, Gurmeet Singh Meet Hayer for Sangrur, and Dr Balbir Singh for

In addition, AAP has endorsed incumbent Congress MLA Dr Raj Kumar Chabbewal for Hoshiarpur, Punjabi actor Karamjit Anmol for Faridkot, former Congress MLA Gurpreet Singh GP for Fatehgarh Sahib, and party's chief spokesperson Malvinder Singh kang from Anandpur

PNS CHANDIGARH

Tannayak Janta Party (JJP) on Tuesday announced its first list of candidates on the five Lok Sabha seats for the parliamentary election, showcasing a diverse lineup that includes an actor-rapper, its sitting MLA, former MLA and loyalists of the Chautala family. This is the party's first list after its split from its former partner, the BJP, in Harvana.

JJP has fielded two-time MLA Naina Chautala from Hisar Lok Sabha Constituency against ruling BJP's Ranjit Singh Chautala. Naina Chautala is the MLA from trict and mother of former Haryana Deputy Chief Minister Dushyant Chautala. She had also been MLA from Dabwali seat. Dushyant Chautala had represented Hisar in 2014 but lost to BJP's Brijendra Singh in 2019. Brijendra is currently with the Congress and is among the frontrunners for Hisar on the Congress party ticket.

Naina Chautala, married to Ajay Chautala, is Indian National Lok Dal (INLD) supremo Om Prakash Chautala's daughter-in-law, and Ranjit Singh is former deputy prime minister Devi Lal's son

brother. BJP has earlier announced the candidature of Ranjeet Singh, a member of Chautala clan from Hisar. Ranjeet Singh, 78, the independent MLA from Rania seat in Sirsa district had last month joined the saffron party. Earlier, Ranjeet Singh had extended support to the BJP when it fell short of majority on its own after the 2019 assembly polls. He was later made power and jails minister.

Other candidates announced by the JJP include actor-cum-rapper Rahul Yadav Fazilpuria, who gained fame with his rap song "Ladki beaumovie Kapoor and Sons starring Sidharth Malhotra and Alia Bhatt. Rahul has been declared as JJP's candidate for Gurugram. He frequently performs at various shows in India and abroad, promoting Haryanvi and rap music in Bollywood.

Other JJP candidates announced include former MLA Ramesh Khatak from Sirsa, who served as MLA three times in 1991, 1996, and 2000 from Baroda, former MLA Rao Bahadur Singh from Bhiwani-Mahendragarh, who served as MLA from Nangal Chaudhary in 2009 and unsuccessfully contested the 2014 Lok Sabha polls from Bhiwani-Mahendragarh, and JJP's young leader Nalin Hooda from Faridabad, who is JJP's district youth president in Faridabad.

Chautala and Ajay Dushyant Chautala formed the IIP in December 2018 after a split in the INLD earlier that year following a feud in the Chautala family. In 2019, the JJP extended support to the BJP after the saffron party fell short of the majority mark in the assembly elections. The BJP-JJP alliance ended last month after which the JJP leadership said it would field its candidates on all 10 seats in Haryana. Cong treads cautiously amidst multiple contenders for remaining 7 Pb seats

MONIKA MALIK ■ CHANDIGARH

Navigating through the significant hurdle posed by a plethora of aspirants vying for the seven remaining seats in Punjab, Congress is gearing up to announce its second list of candidates for the upcoming Lok Sabha elections by the end of this week. Having announced names of candidates for the six seats so far, the grand old party is treading cautiously as it faced a significant challenge of multiple contenders vying for the remaining seven seats.

Of the total 13, the party has announced candidates for Amritsar, Jalandhar (reserve), Fatehgarh Sahib (reserve), Bathinda, Sangrur, and Patiala. Among the seven remaining seats, Congress has MPs from Khadoor Sahib and Anandpur Sahib. Already, the party's two sitting MPs – Preneet Kaur from Patiala and Ravneet Singh Bittu from Ludhiana — have shifted loyalties towards BJP and are now seeking reelection on BJP ticket. Also, the party has fielded its Anandpur Sahib MP Manish Tewari to Chandigarh.

As per information available, the party is currently deliberating over the selection process, considering various factors such as local dynamics and potential candidates' electoral viability. The primary objective is to field candidates who have a strong chance of winning in the elections. Consequently, the party is meticulously evaluating each potential candidate to ensure the best possible

Among the constituencies where multiple contenders have emerged are Anandpur Sahib, Gurdaspur, Anandpur Sahib, and Faridkot.

In Anandpur Sahib, Punjab Vidhan Sabha's former Speaker Rana KP, along with Olympian and Jalandhar Cantt MLA Pargat Singh, and Youth Congress leader Amarpreet Singh are vying for the ticket. However, there were reports that Kapurthala MLA Rana Gurjit Singh was also in the race for the party ticket, but he has clarified that

Similarly, in Faridkot, renowned Púnjabi singer and incumbent MP Mohammad Sadique is facing tough competition from former MLA . Sukhjinder Singh Danny, and Bhupinder Singh for the party ticket. From this reserved seat, AAP has fielded Punjabi actor-comedian Karamiit Anmol while BJP has laid its bet on Sufi singer Hans Raj Hans.

Other constituencies witnessing a tug-of-war include Hoshiarpur, where Jalandhar's former MP Santokh Chaudhary's daughter Namita Chaudhary and former MLA Pawan Adia are contenders. In Khadoor Sahib, the departure of incumbent MP Jasbir Dimpa has left an open space with his brother Rajan Gill aspiring for the ticket.

Gurdaspur,

Congress' former MLA Barindermeet Singh Pahra is vigorously advocating the party ticket for his brother, while the name of former Deputy Chief Minister Sukhjinder Singh Randhawa

is also doing the rounds. The party's first list included prominent names like former Chief Minister Charanjit Singh Channi from Jalandhar, former AAP MP Dr Dharamvira Gandhi from Patiala, Bholath MLA Sukhpal Singh Khaira from Sangrur, former MLA Jeet Mohinder Singh Sidhu from Bathinda, sitting MP Gurjeet Singh Aujla from Amritsar, and sitting MP Dr Amar Singh from Fatehgarh Sahib.

After the release of the first list, Congress is facing the challenge of resolving internal dissent and ensuring unity within the party ranks.

With the clock ticking towards the election date, the Punjab Congress is under pressure to finalize its candidate list and embark on a robust campaign to sway voters in its favour. The upcoming announcement of candidates for the remaining seats will be crucial in determining the party's prospects in the Lok Sabha elections.

The party leadership is aware of the need to balance various considerations. including regional representation, community affiliations, and individual merit, in finalizing the candidate list. PNS GURUGRAM

Gurugram Police has bust-ded an alleged prostitution racket being run from five spa centres in the city's Manesar area, officials said on Tuesday. The police rescued 17 women working at these spas while arresting the manager of one of the centres. The owners of the five spa centres have also been booked.

According to the police, the rescued women were allegedly engaged in prostitution in the spa centres for several months and hail from Jharkhand, Bihar, Uttar Pradesh and Nepal. Based on a tip-off, five police teams led by ACP (Headquarters) Sushila were formed to bust the racket. Five cops were sent as decoy customers to these spas to gather information and the police on Monday raided four spa centres in Amrapali Corporate Hub, Sector 2 and another at Sector 1 market, all in Manesar, they said.

"These spa centres were running for the last six months. Prostitution business was carried out here in the name of spa," said Virendra Khatri, SHO of Manesar police station. "The raids were conducted after complaints were received for several days. During the raid, 17 women were rescued from the five spa centres and a manager was arrested. We are trying to nab the owners of these spa centres," Khatri said.

The arrested manager is Lalit Kumar, a native of Hapur in Uttar Pradesh, from Magic Touch spa centre in Sector 1, Manesar, the officials said.

Shower of blessings

For the first time in a decade, IMD predicts above-normal rainfall across the nation

he Indian Meteorological Department (IMD) has marked a significant milestone by releasing its long-term forecast. For the first time in a decade, the IMD has predicted above-average rainfall across almost the entire expanse of the country. This forecast carries profound implications for various sectors, ranging from agriculture to water resource management and beyond. Policymakers and farmers will welcome this news, although ordinary individuals may find themselves contending with a more pronounced monsoon season than usual. It would indeed be a sigh of relief for all farmers. The agricultural sector, which forms the backbone of India's economy, is heavily reliant on timely and adequate rainfall. Adequate precipitation is essential for the cultivation of crops and the sustenance of agricultural activities. With an anticipated surplus in rainfall, farmers can expect better soil moisture levels, leading to improved crop yields. Additionally, the forecast offers them an opportunity to plan their cropping patterns and

maximise agricultural output. Besides, India's water resources are intricately linked to the monsoon patterns. Above-normal rainfall augurs well for the replenishment of reservoirs, lakes and groundwater aquifers. It provides the much-needed boost to water levels, especially in regions grappling with water scarcity. Adequate rainfall can alleviate the stress on water resources, ensuring better availability for domestic, industrial and agricultural purposes. A bountiful monsoon also facilitates the generation of hydroelectric power, thus contributing to the energy sector.

However, it may be too early to celebrate a normal or above-normal monsoon. Weather forecasts are prob-

abilistic in nature; even a good monsoon across the country is a rare occurrence. While above-normal rainfall brings several benefits, it also presents certain challenges. Excessive precipitation can lead to flooding, particularly in low-lying areas and regions prone to inundation. Flooding not only causes damage to property and infrastructure but also poses risks to human life. Therefore, authorities must undertake pre-emptive measures such as strengthening infrastructure, improving drainage systems and implementing effective flood management strategies. Heavy rainfall increases the risk of soil erosion and landslides, particularly in hilly terrains. Adequate soil conservation measures and afforestation efforts are essential to mitigate these risks and safeguard vulnerable ecosystems. Also, authorities need to ensure efficient water management practices to prevent wastage and optimise the utilisation of water resources. The IMD's forecast heralds promising prospects for farmers to enhance productivity and for authorities to address water scarcity concerns. By adopting a comprehensive approach that combines preparedness, conservation and sustainable practices, India can harness the benefits of abundant rainfall while minimising associated risks, paving the way for socio-economic development and environmental sustainability.

Ignoring neighbours to embrace the world-

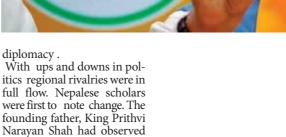

The BJP Government has put Neighbourhood First Policy on backburner, leaving it underperforming amid rising anti-India sentiments in the region

JP government has made foreign policy a key election issue: Prime Minister Modi has stated, 'Neighbour first and Act East second.' Foreign Minister S Jaishankar is campaigning how G20 has enhanced India's image and influence as a global player. Quest for High Table has shifted focus from Neighbourhood First Policy (NFP) . S Jaishankar explained that politics can go up and down in neighbourhood but people generally have good feelings for India. That is certainly not the ground reality today when in almost every country, anti-India feeling is prevalent. NFP which was formally launched in 2008, has not performed optimally due to internal and external factors. Act East appended later has also failed to take off . Followed several add-ons: sab ka saath sab ka vikas; SAGAR; Vishva Mitra; First Security Responder and so

Former Minister Jaswant Singh in

his book Defending India, has noted that India is strategically confined by Macmahon Line, Durand Line, LAC and LoC. Still it was once the regional hegemon having promulgated the Indira Doctrine and employed military force in national interest. India's geography and asymmetry with neighbours are both asset and liability. Congenital problems with Pakistan and later China have made it the least connected South Asian region. NFP was designed to shape the neighbourhood, especially the periphery, extending the neighbourhood to Mauritius and Iran in the West and Myanmar in the East. Curating friendly regimes, winning the goodwill of people through economic linkages and connectivity, creating strategic assets, minimising liabilities and most of all, being sensitive to genuine concerns of neighbours were some objectives of NFP. Rubbing neighbours the wrong way was not, nor meshing domestic politics with diplomacy. That an aspirational India would create glitches for NFP was not envisioned. Narayan Shah had observed that Nepal is a yam between two boulders: China and India. They corrected that gospel to three boulders, adding US. Till late last year, Maldives followed India First policy, the only country to publicly proclaim the choice.

That has changed to India Out with President Muizzu demanding the 88 Indian soldiers leave before elections next month. He even hinted that Delhi tried bullying Male. Its strategic geography is pivotal in the Indian Ocean. Maldives is for now China First but India could have been more gentle with its smallest neighbour. Raking up the Kachhatheevu issue that the government admitted it was settled in 2015, was a self goal but both Modi and Jaishankar wished to politically embarrass the ruling DMK in Tamil Nadu and INC. Instead it has infuriated Sri Lankan media and ordinary Lankans, especially fisherfolk among the lakhs of Sri Lankan and Indian Tamils.

will suffer a setback lead to revival of anti-India sentiment and further tilt towards China to whom Lanka owes USD 10 bn. In Bangladesh BNP has started an India Out campaign. China is heavily invested in projects including constructing a submarine port near Cox's Bazar adequate for 8 to 10 submarines. Bhutan was within a whisker of a land swap with China by the previous government. Otherwise Doklam could have been lost to the Chinese which would have endangered Siliguri Corridor, the India-Bhutan-China trijunction dispute. The new Lotay Tshering government might delay the Doklam swap. In Myanmar, the military is rapidly losing ground in the civil war with Ethnic Armed Organisations and NUG. It has lost border control with China, Bangladesh, India and Thailand to EAOs. Most critical for India is Sittwe Port vital for the multi-modal Kaladan project and also the trilateral highway to Thailand. Reuters reported that junta troops nearby have fled and an attack on Sittwe is imminent. But Sohel Kazan, executive director, Bharat Freight, said last week that Sittwe will be safe following a deal between junta and Rakhine state government. If true, that is good

Kaladan project was contracted in 2008 and is nowhere near completion dislocating India's two signature Act East pro-

jects.. Delhi has to rethink its relations with the junta. Most if not all regional countries want SAARČ to be revived, But India's iron clad policy of not dealing with Pakistan till terrorism from its soil stops has been aggravated by removal of Article 370. Trade potential according to World Bank between Pakistan and India is between USD 15 and 20 bn. India's NFP has not worked because its global ambitions have diluted its zeal for the neighbourhood. Further, it has been unable to compete with China despite geography being on its side. Under NFP and Act East, India has concentrated mainly in the maritime domain resulting in neglect of inland connectivity.

The Government brags about North East shining (Manipur is a shame) but little progress is seen over connectivity of BBIN (Bangladesh, Bhutan India Nepal) or South East Asia. The Bangladesh China India Myanmar (BCIM) is also dead. India's focus on neighbourhood has wavered, failing to secure the periphery. Some diplomats have advocated India setting red lines? Winning over neighbours is now a huge challenge.

Reflections on class and age discrimination

From a childhood encounter at a political rally to navigating workplace dynamics, an individual's journey unveils lessons in equality and empathy

¬he then Prime Minister was to address a public rally in Ghaziabad. My father, posted as the head of the electricity department in the city, was responsible for the electrical arrangements at the venue. He took us to listen to her speech from a vantage point.

I do not remember the speech. What I do remember is that my father came back immediately after the event ended and rushed us from the venue. He kept looking back surreptitiously, asking us to walk faster. I was to learn that a supervisor working under my father and wanting to make a good impression, was also pursuing us to introduce his family. Much later, at a more mature age, I could understand that this was an incidence of class discrimination prevalent in our society. I was to learn quite a few lifealtering lessons a few years later as I joined Indian railway services.

During my first posting in Calcutta, I was asked to study an old machine and propose measures to improve its productivity, taking the assistance of an experienced

spent innumerable hours studying the machine. I became an apprentice to a more knowledgeable person, even though he was lower in the hierarchy. Then and even later in my subsequent postings, or even after I quit an active professional life, I learnt a lot about handling workrelated issues and even man management, from my junior colleagues, by not dwelling on the so-called finer nuances of a superior status.

I also learnt empathy for others. In yet another posting, as a branch head, I was approached by irate union supervisor. The two of us leaders who complained They pointed out that I was

always respectful even though I was from the same region. This was another lesson learnt, never to be forgotten, about the futility of status discrimination.

We were visiting relatives a few days back. My wife's uncle, now nearing 80, narrated a recent experience. He had gone to some office for work, where a much younger person jumped the queue. The uncle objected which was rudely brushed aside by the young man, "How is it material? Have I pointed a gun at you?" This was a status discrimination of another kind - a perceived superiority of the youth against old age. Or was it the gun power? We ought to remember what Nelson Mandela said, "No one is born hating another person because of the colour of his skin, or his background, or his religion. People must learn to hate and if they can learn to hate, they can be taught to love, for love comes more naturally to the human heart than its opposite."

CONSTITUTIONAL MORALITY

Madam — Apropos the news article, "Constitutional Morality: The Pillar of India's Democracy", published on April 15, this is my response. India's electoral fervour every four years embodies the essence of democracy, echoing the aspirations of its constituent assembly. Dr. B.R. Ambedkar's vision of constitutional morality as the cornerstone of governance rings true today. It's a conscious cultivation, not merely a natural sentiment, vital for a vibrant democracy. Justice D.Y. Chandrachud aptly emphasises the judiciary's role in upholding constitutional values like dignity and equality.

This jurisprudence, evolving alongside societal dynamics, ensures the Constitution remains a living document. Recent landmark judgments, from LGBTQ+ rights to adultery laws, highlight the judiciary's commitment to constitutional morality over popular sentiment. Yet, navigating societal and religious intersections, as seen in the Sabarimala case, poses ongoing challenges. The court's role in reconciling evolving beliefs, evident in decisions on euthanasia and abortion rights, underscores its pivotal position in shaping India's moral landscape. As we navigate these complexities, constitutional morality stands as a beacon, guiding our journey towards a more just and equitable society.

HISTORICAL REFLECTIONS Madam — Apropos the news article, "Unravelling the Roy family's legacy", published on April 15, this is my response. The political landscape for the 2024 Lok Sabha elections reveals not just contemporary rivalries but also echoes of Bengal's tumultuous past. Amidst accusations and justifications, the saga of Siraj-ud-Daula's downfall resurfaces, highlighting the intricate web of alliances and betrayals that shaped the region's destiny. Delving into history, one confronts the pivotal Battle of Plassey in 1757, altering the trajectory of Bengal's identity. The history and innovation, woven into the

The partnership between the Delhi Division of Northern Railway and Evergreen Nursery exemplifies a shared commitment to sustainable development and beautification

Moreover, the altruistic purpose behind the nursery, where plants are nurtured not for profit but for communal enrichment, resonates deeply with the ethos of community service. It serves as a poignant reminder of the interconnectedness between humanity and nature, where each leaf and bloom embodies a story of renewal and hope. FIRST COLUMN STRIVE TO DEVELOP FAITH

The pursuit of guidance from the Divine holds the promise of revelation

AJIT KUMAR BISHNOI

et me start with why we often don't endeavour to develop faith, as is commonly observed. Lord Krishna has aptly stated, "Out of thousands of men, hardly anyone strives for perfection" (The Bhagavad Gita 7.3). The essence of a perfect life lies in becoming a devotee of God, for He is the ultimate controller of the entire world.

There exist numerous reasons, or perhaps excuses, for this reluctance. Beginning with a straightforward argument: who has truly seen Him? If God holds such significance, why does He not present Himself so that we may behold Him? In this age of the internet, one might argue that He could easily make His presence felt. Some may argue that God is unmanifest, yet we lack any tangible experience of such an entity. If God is indeed a reality without whom we cannot thrive, then why do some ideologies, such as communism, appear to manage so well, especially in certain countries? Why is there pervasive poverty and suffering in the world? If God possesses omnipotence as described, why does He not rectify these injustices? We encounter many ascetics on the streets, leading some to conclude that only those who have failed turn to God, while they believe they can manage without divine intervention. Perhaps they might consider turning to God later if the need arises. These excuses, however, varied, ultimately lead us to a sense of emptiness.

In reality, it is often our ego that serves as the primary hindrance. We struggle to accept an entity so vast and incomprehensible, leaving us feeling insignificant and powerless. Another significant barrier lies in the acceptance of spiritual practices, which may seem unfamiliar and daunting. Yet, all these excuses only serve to deepen our sense of emptiness. Why not begin by praying for what we deeply desire? Even a child can pray and often does. If our prayers are sincere and aligned with righteousness, God may consider them

The next step involves seeking guidance from God, who is eager to provide it. Given His omniscience, God communicates in various ways; to advanced devotees, He may impart intuition or even speak directly, while beginners may receive guidance through mediums such as family members, friends, or even seemingly random occurrences like messages in newspapers. It should be evident that following God's instructions is a wise course of action, yielding manifold benefits. Let us now explore some basic practices that are both accessible and highly rewarding. My personal favourite is 'darshan' — simply gazing upon an image or idol

Observing God's benevolent countenance, we can feel His attraction towards us. However, it's crucial to remember that adherence to righteousness, or 'dharma,' is of paramount importance to God. While deity forms or images serve as focal points. God's presence transcends physical limitations, permeating all existence. Another simple yet profound practice is offering 'namaskar' — paying homage to God with folded hands. This act serves to humble our egos, which often obstruct our connection with the divine and hinder our interactions with fellow beings. As we persist in these practices, we will gradually experience God's responses, not necessarily through miraculous events, but through subtle yet discernible manifestations. We can liken this experience to connecting to the internet—where there is a network, there is connectivity. Similarly, God, omnipresent as He is, can be experienced in various ways. God's subtle presence is accessible to all. He eagerly awaits our approach, desiring nothing but our well-being. Let us cast aside our doubts and excuses and wholeheartedly commit to forging a deeper connection with the divine

Iran strikes threaten regional stability

NILANTHA ILANGAMUWA

The assault, though primarily symbolic in nature, highlights the mounting tensions in the region. However, the US endeavours to uphold a balance of power

t a time when people in several countries in South Asia and East Asia were celebrating the traditional new year, Iran, the second-largest country in West Asia, launched a series of missile attacks targeting its arch-enemy Israel. Jordan and Saudi Arabia supported Israel and intercepted most of the missiles fired by Iran. The attack appears to be symbolic, aimed at boosting the morale of organisations such as Hamas in Palestine, Yemen's Houthis, pro-Iranian militias in Iraq and Hezbollah in Lebanon, all of which have declared war against Israel in West Asia, as well as countries like Lebanon and Syria, rather than engaging in an official war against Israel. This attack serves as a morale booster. Shortly after the attack, Hamas rejected the Cairo agreement, a result of discussions between top intelligence agencies, the CIA and Mossad, together with other stakeholders mediated by Egypt, concerning Israeli

However, many encouraged Israel to respond quickly. However, United States President Biden stated that he would not yield if attacks were made against Iran. It seen as a matter of prior agreement of both parties rather than a threat. The truth that the US administration cannot afford to assist Israel in another war at this point. At a time when the country's reputation has been tarnished at the international level and when Biden's political power is extremely weak if the United States makes such an unwise decision, it will have to face unprecedented consequences shortly, similar to how the United States has caused irreversible damage to world peace and order. Elon Musk's recent statement that the possibility of the United States becoming the victim of a September 11-style surprise attack is very high seems to hold deep truth. The consequences of these conflicts may not only affect Washington or New York but also American military bases around the world. The likelihood of an attack similar to the one on Pearl Harbor is high. The United States cannot always continue to create military conflicts in other countries for its war trade and keep its superpower status as it desires. The superpower, as history has proven, will inevitably crumble at any

given point. Compared to its lifespan, the United States is a relatively young superpower in the grand scheme of civilisation, considering the collapse of great empires.

Throughout history, mighty empires have risen and fallen, leaving lasting legacies. The Roman Empire, spanning from 27 BC to AD 476, peaked in the 2nd century AD, but internal strife, economic instability and external invasions, such as by the Visigoths and Vandals, led to its fragmentation. The Ottoman Empire, dominant in the 16th and 17th centuries across the Eastern Mediterranean, North Africa and Western Asia, declined due to internal conflicts and challenges from European powers like Russia and Austria. The Mongol Empire, founded by Genghis Khan in the 13th century, stretched from Eastern Europe to the Pacific Ocean, but internal divisions and the death of key leaders led to its fragmentation by the late 14th century. Lastly, the British Empire, spanning from the 16th to the 20th century, faced economic strain and nationalist movements, ultimately dissolving due to internal weakness and external pressures. These collapses, driven by political, military and socioeconomic factors, reshaped the world, underscoring the transient nature of power and the enduring impact of history on modern geopolitics and

However, the deep state of the United States has certainly studied and comprehended global history better than many other countries. That is why the basic strategy of the United States has been to create new wars while talking about peace and turn those wars into long-term tragedies to keep uncertainties. This strategy can weaken its rivals and maintain its power continuously. These issues become clear when many conflicts are understood in their political and economic context. The ideology that Israel has continuously pursued against Iran in national and international forums is not a single opinion or rivalry of Israel, but it is a long-term propagation through carefully selected facts and objectives together with the United States. On one hand, the West fuels wars against hostile countries. On the other, it manufactures internal crises in those nations by imposing international sanctions. This remains a persistent behaviour of the West.

The thing that should not be forgotten here is that the attack by Iran was a retaliation. It is a response to the Israeli provocation on the Iranian consulate in Syria, a gross violation of the Vienna Convention, which claimed the lives of the Iranian Revolutionary Guard Corps. Iran's calculation, as some analysts pointed out, was that if it did not respond, Israel would seek to push back and degrade the axis of resistance across the region. However, it is unreasonable to think that Israel miscalculated its attack on the Iranian diplomatic site in Syria as Israel continues to keep deep intelligence penetration of IRGC and Hezbollah networks in Syria, making those networks highly vulnerable to Israeli attacks. Iran must uphold its reputation among its allies and address internal political crises effectively. Therefore, prioritising attacks conducted through proxies is advisable, while occasional skirmishes from both sides should be acknowledged.

Moreover, it is very important to consider the government's domestic policies and openly mention Iran's inherent weaknesses amid escalating tensions among some politicians and officials in Iran. They highlighted the many crises facing the Iranian government and warned against engaging in direct conflict with Israel without first addressing these pressing issues, which they argued would only worsen the situation. They emphasised the importance of prudent governance and effective crisis management and the need to mitigate ongoing crises to prevent system collapse.

Economic challenges and psycho-

logical instability in society are urgent issues that need to be addressed as they are now breeding grounds for enemy penetrations. They advocated the adoption of conciliatory policies to reduce tensions and promote harmony and empathy in Iranian society. The regime's repressive domestic policies, particularly regarding the mandatory hijab enforcement campaign, have fuelled widespread discontent and delegitimised the government. Recent anti-Israel actions, like seizing a cargo ship, have caused Iran's markets to react negatively. The national currency's value has hit a record low. President Ibrahim Raisi faces criticism and calls for a cabinet reshuffle to address economic hardships affecting many Iranians.

Over the years, Israel has demonstrated its capability in targeting Iranian nuclear scientists and infrastructure. Notably, the Stuxnet cyber-attack, jointly orchestrated by the United States and Israel, delivered a significant blow to Iran's nuclear ambitions. This proves that national interests are never compromised for domestic political issues, except for former President Trump. Stuxnet marked a pivotal moment, ushering in the era of cyberwarfare, where lines of code wielded the power to reshape geopolitical landscapes. Its impact reverberated globally, highlighting the evolving nature of warfare and the formidable role of technology in modern conflicts. In this situation, Iran cannot continue to be silent. It must prove its power numerically. Therefore, the recent attack was more a reputational-preservation move than a declaration of war.

Uttarakhand women: Agents of change in State politics

From leading environmental crusades to confronting social injustices head-on, they embody the spirit of the region, epitomising resilience and fortitude

Jomen in Uttarakhand are renowned for their extraordinary resilience and hard work, characteristics deeply rooted in their Himalayan heritage. Despite grappling with the challenges of life in this rugged terrain, Uttarakhand's women have consistently been at the forefront of social and environmental movements, epitomized by figures like Gaura Devi of the Chipko movement and Tinchari Mai (Deepa Nautiyal), who spearheaded the Anti-Liquor movement. These women have fearlessly confronted injustice, embodying the spirit of Uttarakhand. This article seeks to underscore the political engagement of women in Uttarakhand, shedding light on their role in bol-

stering democracy. The political participation of women in Uttarakhand can be delineated into two primary spheres: first, women assuming leadership positions within the political domain and second, women exercising their electoral rights as voters. Since the inception of the state, the representation of women in the legislative assembly has seen a significant While women's representa-

albeit gradual rise. From four women members in the first assembly, the number has increased by 50% in the 2022 elections, marking a commendable stride. However, despite this progress, women remain a minority in the assembly, constituting a mere fraction of the total members. Presently, the legislative assembly boasts eight women members, including three Dalit women, the highest number in Uttarakhand's history. Notably, Smt. Ritu Khanduri serves as the speaker, while Smt. Rekha Arya is the lone female minister in the cabinet. Despite these advancements, the disparity in political representation persists, underscoring the challenges women face in accessing political power.

tion in the parliamentary arena remains scant, with only two female MPs out of eight, the discrepancy between the female population (49%) and their political representation is stark. Despite their active participation in grassroots movements, women's presence in formal politics remains disproportionately low. . Women in Uttarakhand con-

stitute the backbone of the rural economy, grappling with issues like migration, environmental degradation and inadequate healthcare services. However, societal norms and economic constraints often deter their political involvement. Moreover, political parties' reluctance to field female candidates exacerbates this disparity. For instance, in the upcoming 2024 Lok Sabha

elections, the Congress has not nominated any female candidates, while the BJP has nominated only one, Mrs. Mala Rajya Laxmi Shah.

Nevertheless, women voters in Uttarakhand have emerged as a formidable force, outnumbering men in recent elections. Their increasing political awareness, fueled by issues directly affecting their lives, a milestone for women's rights,

coupled with higher literacy rates and government initiatives like reservation quotas, has galvanized their participation. Policies such as 30% horizontal reservation in government jobs and 50% reservation in Panchayats have bolstered women's political agency, enabling them to assume leadership roles at the grassroots level.

In the run-up to the 2024 Parliamentary elections, both major parties are vying for women's support, employing diverse strategies. Congress has pledged financial assistance and job reservations for women, emphasizing women's security and justice.
Conversely, the BJP highlights its implementation of the Uniform Civil Code (UCC) as

coupled with grassroots mobilization efforts.

Prime Minister Narendra Modi's appeal among women voters, attributed to his grassroots connect and initiatives like the Women Reservation Bill, further consolidates BJP's electoral prospects. The "Modi factor" has resonated with Uttarakhand's women, contributing to BJP's continued dominance since 2017.

To bolster women's empowerment, the state government has allocated a substantial gender budget for 2024-25, earmarked for bridging gender disparities and promoting equality. Additionally, measures like deploying women employees to oversee polling booths and facilitating pregnant women's access to voting booths underscore the commitment to

inclusive governance. In conclusion, Dr Ambedkar's

assertion that a community's progress is contingent upon women's advancement holds for Uttarakhand. While women have historically been instrumental in social movements, their underrepresentation in formal politics remains a pressing concern. Addressing these challenges is imperative for ensuring women's political representation and expediting the state's development. As Uttarakhand gears up for the upcoming Chunav Kauthig, with women comprising 48.1 per cent of the electorate, their increased participation promises to be a harbinger of democracy's triumph in the

no jurors picked on first day

Donald Trump will return to a New York courtroom Tuesday as a judge works to find a panel of jurors who will decide whether the former president is guilty of criminal charges alleging he falsified business records to cover up a sex scandal during the 2016

The first day of Trump's history-making hush money trial in Manhattan ended with no one yet chosen to be on the panel of 12 jurors and six alternates. Dozens of people were dismissed after saying they didn't believe they could be fair, though dozens of other prospective jurors have yet to be questioned

It's the first of Trump's four criminal cases to go to trial and may be the only one that could reach a verdict before voters decide in November whether the presumptive Republican presidential nominee should return to the White House. It puts Trump's legal problems at the center of the closely contested race against President Joe Biden, with Trump painting himself as the victim of a politically motivated justice system working to deprive him of another term.

Trump has pleaded not guilty to 34 felony counts of falsifying business records as part of an alleged effort to keep salacious — and, he says, bogus stories about his sex life from emerging during his 2016 campaign. On Monday, Trump called the case brought by Manhattan District Attorney Alvin Bragg a "scam" and "witch hunt

The charges center on \$130,000 in payments that Trump's company made to his then-lawyer, Michael Cohen. He paid that sum on Trump's behalf to keep porn actor Stormy Daniels from going public with her claims of a sexual encounter with Trump a decade earlier. Trump has denied the sexual encounter ever happened.

Prosecutors say the payments to Cohen were falsely logged as legal fees. Prosecutors have described it as part of a scheme to bury damaging stories Trump feared could help his opponent in the 2016 race, par-

The justices are hearing arguments over the charge of obstruction of an official proceeding. That charge, stemming from a law passed in the aftermath of the Enron finantion following the deadly insurrection. Roughly 170 Jan. 6 defendants have been convicted of

obstructing or conspiring to obstruct the Jan. 6 joint session of Congress, including the leaders of two far-right extremist groups, the Proud Boys and Oath Keepers. A number of defendants have had their sentencings delayed until after the justices rule on the matter. Some rioters have even won early release from prison while the appeal is pending over concerns that they might end up serving longer than they should have if the Supreme Court rules against the Justice Department. That includes Kevin Seefried, a Delaware man who threatened a Black police officer with a pole attached to a Confederate battle flag as he stormed the Capitol. Seefried was sentenced last year to three years behind bars, but a judge recently ordered that he be released one year into his prison term while awaiting the Supreme Court's

The high court case focuses on whether the anti-obstruction provision of a law that was enacted in 2002 in response to the financial scandal that brought down Enron Corp. can be used against Jan. 6 defendants.

Fischer's lawyers argue that the provision was meant to close a loophole in criminal law and discourage the destruction of records in response to an investigation. Until the Capitol riot, they told the court, every criminal case using the provision had involved allegations of destroying or otherwise manipulating records.

But the administration says the other side is reading the law too narrowly, arguing it serves "as a catchall offense designed to ensure complete coverage of all forms of corrupt obstruction of an official proceeding," including Fischer's "alleged conduct in joining a violent riot to disrupt the joint session of Congress certifying the presidential election results.

Smith has argued separately in the immunity case that the obstruction charges against Trump are valid, no matter the outcome of Fischer's case.

Pro-Palestinian demonstrators shut down airport, Chicaco key bridges

AP ■ CHICAGO

Pro-Palestinian demonstrators blocked roadways in Illinois, California, New York and the Pacific Northwest on Monday, temporarily shutting down travel into some of the nation's most heavily used airports, onto the Golden Gate and Brooklyn bridges and on a busy West Coast highway.

In Chicago, protesters linked arms and blocked lanes of Interstate 190 leading into O'Hare International Airport around 7 am in a demonstration they said was part of a global "economic blockade to free Palestine," according to Rifqa Falaneh, one of the organizers. Traffic in the San Francisco

Bay Area was snarled for hours as demonstrators shut down all vehicle, pedestrian and bike traffic on the Golden Gate Bridge and chained themselves to 55-gallon drums filled with cement

across Interstate 880 in but barely. Oakland. Protesters marching into Brooklyn blocked Manhattan-bound traffic on the Brooklyn Bridge. In Eugene, Oregon, protesters blocked Interstate 5, shutting down traffic on the major highway for about 45 minutes. O'Hare warned travelers on the social platform X to take alternative forms of transportation with car travel "substantially delayed this morning due to protest activity." Some travelers stuck in stand still traffic left their cars and walked the final leg to the airport along the freeway, trailing their luggage behind them. Among them was Madeline Hannan from suburban Chicago. She was headed to O'Hare for a work trip to Florida when her and her husband's car ended up stalled for 20 minutes. She got out and "both ran and speed walked" more than a mile

(1.6 kilometers). She said she

made it to the gate on time,

"This was an inconvenience," she said in a telephone interview from Florida. "But in the grand scheme of things going on overseas, it's a minor inconvenience.

While individual travelers may have been affected, operations at the airport appeared near normal with delays of under 15 minutes, according to the Chicago Department of Aviation.

Inbound traffic toward O'Hare resumed around 9

Near Seattle, the Washington State Department of Transportation said a demonstration closed the main road Seattle-Tacoma International Airport. Social media posts showed people holding a banner and waving Palestinian flags while standing on the highway. State authorities urged people to use light rail instead.

About 20 protesters were arrested at the Golden Gate

Bridge demonstration and traffic resumed shortly after noon, according to the California Highway Patrol. The agency said officers were making arrests at two points on the interstate, including one spot where roughly 300 protesters refused orders to disperse.

"Attempting to block or shut down a freeway or state high way to protest is unlawful, dangerous, and prevents motorists from safely reaching their destinations," the agency said in a statement.

Oregon State Police said 52 protestors were were arrested for disorderly conduct following the Interstate 5 protest in Eugene, Oregon, about 110 miles (177 kilometers) south of Portland. Six vehicles were towed from the scene.

New York Police made numerous arrests, saying 150 protesters were initially involved in the march around 3:15 p.m., but that number

 $B^{\rm ritish\ Prime\ Minister\ Rishi}_{\rm Sunak\ faces\ very\ vocal\ resis-}$ tance against his plans to effecaged 15 and younger as a new bill comes up for a vote in the House of Commons on Tuesday. The British Indian leader proposed the Tobacco and Vapes Bill last year and declared his vision for creating a "smokefree generation" by making it an offence to sell tobacco products to anyone born after January 1, 2009, which covers children aged 15. Once it clears its parliamentary journey, the new legislation will introduce some of the world's strictest anti-smoking laws in the country.

"I propose that in future we raise the smoking age by one year, every year. That means a 14-year-old today will never legally be sold a cigarette and that they - and their generation — can grow up smokefree. We know this works," Sunak had declared at the Conservative Party conference in October last year. As there is Opposition backing for the lic.

ing Conservative MPs have a free vote on the bill, any Tory votes against the bill will not be seen as a full-blown rebellion against the Prime Minister.

But two of Sunak's immediate predecessors, Liz Truss and Boris Johnson, have been leading a very vocal group of Tories who plan to vote against the bill as "un-Conservative" and taking away choice from the pub-

safe level of tobacco consumption. It is uniquely harmful, and UK Health Secretary Victoria

"This Bill will save thousands of lives, ease the strain on our NHS [National Health Service], and improve the UK's productivity," she said. Under the new law, smoking

itself would not be criminalised, and anyone who can legally buy tobacco will not be prevented from doing so.

The ban aims to stop people from smoking even before they start as the government pointed to its highly addictive nature, with four in five smokers picking it up before the age of 20, remaining addicted for life. If passed, the bill will progress to the next stage, bringing the UK closer to creating the first smoke-free generation, the government says. Under the plans, trading standards officers would get new powers to issue on-the-spot 100-pound fines to shops selling tobacco or vapes to children, with all the money

The truth is that there is no raised going towards further enforcement.

"This historic legislation will that is why we are taking this consign smoking to the 'ash important action today to pro-tect the next generation," said Arnott, head of the charity Action on Smoking and Health (ASH). The Tobacco and Vapes Bill would also give the government new powers to tackle youth vaping by restricting flavours and regulating the way that vapes are sold and packaged to make them less appealing to children.

The UK's Department of Health and Social Care (DHSC) said while vaping can play a useful role in helping adult smokers to quit, non-smokers and children should never vape.

The long-term health impacts of vaping are unknown, and the nicotine contained within them can be highly addictive, it warned. According to official figures, responsible for around 80,000 deaths annually, smoking is the UK's single biggest preventable killer and costs the NHS and economy an estimated GBP 17 billion a year more than the GBP 10 billion annual revenue from tobacco taxation.

Indian-origin principal wins legal challenge over school prayer ban

n Indian-origin school Aprincipal, often referred to as "Britain's strictest headmistress", on Tuesday wel-comed a UK High Court ruling that upheld her ban on prayer rituals after a Muslim pupil sought to legally challenge it as discriminatory. Katherine Birbalsingh, of Indo-

These reasons include that a prayer room would foster division amongst pupils, contrary to the School's ethos, lack of available space and available staff to supervise pupils and that pupils would miss important School activities, including during the lunch break if they were to spend time in a prayer room," Birbalsingh told the court. "Unacceptable segregation or division, contrary to the whole ethos of the school, was taking place as a result of permitting prayer. An intimidatory atmosphere was developing. 'Pak needs years to implement IMF-advised structural reforms'

ash-strapped Pakistan would need two or three years to implement structural reforms prescribed by the IMF, Finance Minister Muhammad Aurangzeb has said, warning that the country would be looking for another bailout programme if it fails to go through these measures.

Speaking at the Atlantic Council think tank in Washington, Aurangzeb said that Pakistan doesn't need too many policy prescriptions; it just needs to implement those policies, Geo News reported. The finance minister is currently in the US to attend the spring meetings of the World Bank Group and discuss a new loan package with the International Monetary Fund (IMF). Responding to a question, Aurangzeb said that Pakistan was looking for a larger and longer programme from the IMF because "we need two to three years for structural reforms."

He forewarned that if Pakistan — which has entered 24 programmes with the IMF

reforms, the country would still be looking for another programme, the report said."We have known the what and why not for years but for decades," he was quoted as saying in the report.

"It's time for us to actually start moving the execution of these aspects, and why we're looking for a larger and extended programme, so once we get into the execution, we will need a two to three-year time period to go through the structural reforms,"

Responding to how Pakistan could successfully rebuild its economy, Aurangzeb said, "We do not need too many policy prescriptions. We know what to do ... it's time for us to start moving".

He said that the country needed "timely decisions, timely execution" to build its economy as "no strategy works without execution." Aurangzeb also stressed the need for promoting financial inclusiveness and climate resilience when asked to comment on the ongoing debate about

reforming the Bretton Woods twins — the IMF and the World Bank.

We are dealing with adaptation and financing and to the extent that these institutions come in to help countries like Pakistan from inclusive growth perspective and climate change perspective. Our interests are going to be very well aligned," he said. Asserting that Pakistan needs to go end-to-end digitalisation of the tax authority to minimise human intervention he said, "It's not just about revenue, it's about transparency and client experience, which is going to bring trust and confidence back into the tax authority."He added that Pakistan needs to move towards public-private partnerships at the federal and provincial levels.

In mid-March, IMF's global team reached a staff-level agreement with the Pakistani authorities on the second and final review of Pakistan's stabilisation programme supported by the global lender's USD 3 billion standby arrangement approved in July last

'Russia's invasion of Ukraine threatens global security'

AP ■ BEIJING

German Chancellor Olaf Scholz told Chinese leader Xi Jinping who hosted him in Beijing on Tuesday that Russia's full-scale invasion of Ukraine threatens global security, in an apparent call for China to apply greater pressure on its neighbor and close strategic partner to resolve the conflict. Scholz also told Xi at their meeting that the use of nuclear weapons in the 2-year-old war should not even be threatened, German media reported. Russian President Vladimir Putin warned last month that Russia is ready to use nuclear weapons if its sovereignty or independence is threatened, his latest such threat since invading Ukraine.

Scholz told Xi that Germany's "core interests" were impacted by the war against Ukraine,

which has threatened to spread munity. Despite that, China into a regional conflict and has disrupted energy and global food supplies and other trade. Russia's actions "violate a principle of the United Nations Charter and the principle of the inviolability of national borders," Scholz was quoted as saying by German media.

China has refused to criticize the invasion and has maintained ties with Russia. While China says it is not sending military aid to Moscow, it has provided it with an economic lifeline to help it cope with sanctions from the West.

Beijing has also been urging peace talks between Ukraine and Russia, offering a propos-al that says nothing about the settlement of the key territorial disputes between them and which has received a tepid response from the two countries or the international com-

His visit has underscored trade-related tensions as the European Union and other nations complain that China is competing unfairly through the use of tariffs, intellectual property theft and political interference.

The European Union is mulling tariffs to protect its producers against cheaper Chinese electrical vehicle imports, which some fear will flood the European market. Scholz began his three-day China trip on Sunday in the industrial hub of Chongqing, where he and his delegation of

'Pak sustained its N-programme despite economic turmoil'

PTI WASHINGTON

Pakistan sustained its nuclear modernisation efforts last year despite its economic turmoil as its contentious relationship with India continues to drive its defence policy, the top US intelligence official has told Congress.

The remarks by Lt Gen Jeffrey Kruse, Director of the Defence Intelligence Agency came during a Congressional hearing on China on Monday. Kruse told lawmakers that Pakistan has sought international support, including from the UN Security Council, to resolve its dispute with India about Kashmir. Separately, Islamabad and New Delhi have maintained an uneasy ceasefire along the shared Line of Control since February 2021, he said.

"Pakistan has sustained its nuclear modernisation efforts despite its economic turmoil. Terrorist violence against Pakistani security forces and civilians also rose last year, he said.

Sheng mentioned positive factors during this period, such as rising production demand, stable employment and prices, and growing market confidence. Ukrainian pres signs law to boost conscription to fend off Russia's aggression Kyiv (AP): Ukrainian President

Volodymyr Zelenskyy signed a controversial law Tuesday, days after it was passed by parliament, potentially helping Kyiv to boost conscription to replenish depleted forces to fend off Russia's continued aggression. The mobilisation law, pub-Ukraine's on Parliamentary website, is expected to take effect in a month and make it easier to identify every draft-eligible man in the country. Many have dodged conscription by avoiding contact with authorities. The law also provides soldiers with incentives, such as cash bonuses or money toward buying a house or car, which according to analysts Ukraine can't afford.Ukraine has been struggling to fend off the Russian advance. Since the full-scale invasion the swearing-in ceremony on

began in Feb 2022, Russia has captured nearly a quarter of Ukraine, which is outnumbered, outgunned and in desperate need of more troops and ammunition, as doubt increases about Western military aid. The signed law was watered down from its original draft. It didn't include a provision that

would rotate out troops who

had served 36 months of com-

bill on demobilisation and rotation would be prepared in the coming months. But the delay caused public outrage among Ukrainians whose relatives have been fighting without breaks for two years. Exhausted soldiers have no means of taking a break from front-line work because of the current scale and intensity of the war.Ukraine already suffers from a lack of trained soldiers capable of fighting, and demobilising soldiers on the front lines now would deprive its forces of the most capable fighters. In December Zelenskyy said Ukraine's military wanted to mobilize up to

500,000 more troops.

Heavy rains lash UAE, death toll in Oman flooding rises to 18 over 120 millimeters (4.75 largely working remotely if

Dubai (AP): Heavy rains lashed the United Arab Emirates on Tuesday, flooding out portions of major highways and leaving vehicles abandoned on roadways across Dubai. Meanwhile, the death toll in separate heavy flooding in neighboring Oman rose to 18 with others still missing as the sultanate prepared for the storm.

The rains began overnight, leaving massive ponds on streets as whipping winds disrupted flights at Dubai International Airport, the world's busiest for international travel and the home of the long-haul carrier Emirates. By the evening,

inches) of rainfall had soaked the city-state — the typical average for a year in the desert nation — with more expected in the coming Police and emergency personnel drove slowly through

the flooded streets, their emergency lights flashing across the darkened morning. Lightning flashed across the sky, occasionally touching the tip of the Burj Khalifa, the world's tallest building. Schools across the UAE, a

federation of seven sheikhdoms, largely shut ahead of the storm and government employees were

able. Many workers stayed home as well, though some ventured out, with the unfortunate stalling out their vehi cles in deeper-than-expected water covering some roads. Authorities sent tanker

trucks out into the streets and highways to pump away the water. Water poured into some homes, forcing people to bail out their houses. Rain is unusual in the UAE,

an arid, Arabian Peninsula nation, but occurs periodically during the cooler winter months. Many roads and other areas lack drainage given the lack of regular rainfall, causing flooding.

UK criminalises creation of 'deepfake' images without consent **London (PTI):** Despicable people who create sexually explicit "deepfakes" will face prosecuis then shared more widely, offenders could be

tion under a new law going through its parliamentary journey, the British government said on Tuesday. Deepfake refers to images and videos made to look hyper-realistic, with the victim usually unaware and unable to give their consent. Recent years have seen the growing use of Artificial Intelligence (AI) to add the faces of celebrities or public figures - most often women - into pornographic films. Under the new offence, those who create such

images is despicable and completely unaccept able irrespective of whether the image is shared," said Laura Farris, UK Minister for Victims and Safeguarding. "It is another example of ways in which certain people seek to degrade and dehumanise others - especially women. And it has the capacity to cause cata strophic consequences if the material is shared more widely. This government will not tolerate it. This new offence sends a crystal-clear message that making this material is immoral, often images without consent face a criminal record and an unlimited fine. If the deepfake content misogynistic, and a crime," she said.

"We've already agreed that's gone, we have to get on with it," Everton manager Sean Dyche said. "(The points deduction)

is out of our control."

Dyche described Monday as a "collective down day" and said his team was miles off the pace. "We can't perform like that at a place like this. The key moments when they got chances, finding the back of the net, we haven't done that all season?

The Liverpool club sits in 16th place, only two points and two places above the relegation zone.

After running its unbeaten streak to eight, Chelsea was in ninth place, only one point behind West Ham.

Muddappa begins season with double victory

Multiple-time national Champion Hemanth Muddappa of Mantra Racing began the season with a double victory at the summer edition of the Valley Run 2024 at Amby Valley here on Tuesday.

Bengaluru's Muddappa was also adjudged as the fastest rider of

Muddappa, the 12-time national champion, punched above his weight as he won the unrestricted class with a 1000cc bike, the BMW S1000RRR, and managed to set a national record of 09.480

seconds for this category. He edged past seasoned rider Mohammed Riyaz from

In the four stroke 851 to 1050cc Open class, Muddappa clocked 09.692s to take the second gold ahead of Riddhiish Patil of Mumbai but had to be content with a second place in the third

category he took part. Astride a Dayatona, Riyaz won the 4-stroke 551 up to 850cc Open class in 10.421 seconds, pushing Muddappa's Kawasaki Ninja 6R to second place.

The FMSCI event was scheduled to run concurrently with the first round of the Nationals, but since the MMSC event was postponed, Elite Octane and Sportscraft, the organisers of this race, successfully completed the

corners for scoring.
"...All international teams, all are dependent on penalty corners — the Netherlands, Belgium, Germany, Australia. Defences have become stronger, here PC conversion is such an important tool that in every match about 1-2 goals have to be scored from

them," he pointed out. He described current India captain Harmanpreet Singh as one of the best drag-flickers in he world.

He was, however, concerned about the penalty corner conversion rate of the women's team, which is seeking to rebuild itself after its stunning failure to qualify for the Olympics. "That's 'a worry(Penalty

corner conversion), its penalty corner is important tool in today's hockey we need to work on that," he said.

Singh was speaking on the sidelines of a three-day training program organised by Hockey India. It was also attended by former India goalkeeper Yogita Bali, along with India goalkeepers Adrian D'Souza, Bharat Chetri, Helen Mary, Dipika Murty, Akash Chikte, and PT Rao.

Apart from Singh, the other eminent former India drag-

flickers who attended the training were Gurjinder Singh, VR Raghunath, and Jaspreet Kaur. The former stars have drawn up a curriculum on the basics of drag-flicking and goalkeeping which would be implemented across all academies and

centres in the country.

FUTURE BRIGHT FOR
WOMEN'S HOCKEY:

Despite the Olympic heartbreak, women's hockey will do well, according to bali, who picked Manipur's Bichu Devi Kharibam as the successor for long-serving goalkeeper Savita Punia.

In Bengaluru, we trained with top six goalkeepers of India, and I found Bichhu to be the best in India after Savita. She could be India's number one after Savita," Bali

Bali said Indian women's hockey has grown by leaps and bounds in recent years. "Compared to when I started playing, there are a lot more facilities, now there are scientific advisors, nutrition experts to help the development of the players. the prominent employment

provider for hockey players, now several departments are offering jobs, so things are going well," she said.

Paris bound Olympians look forward to a post COVID Games with fans in stands

The biggest races, routines and games for many of this generation's Olympic athletes were contested in front of mostly empty stands, largely devoid of coaches to help them out or friends and family to cheer them on.

That was three years ago at the COVID-19 Summer Olympics and two years ago at the COVID-19 Winter Olympics. Now that they're preparing for the Paris Olympics that begin in July - and a return to something that feels normal - the Americans heading back to the Games know they can never take for granted the screaming fans and a hug from Mom or Dad.

"I think it's super important to be able to share these massive moments with people you care about," said BMX rider Alise Willoughby, who has been to the last three Olympics.

Willoughby and about 100 other U.S. Athletes are doing interviews and photo shoots this week at the Team USA media summit at a hotel in Times Square - an event that itself was made impossible in the lead-up to the Tokyo Games in 2021 amid the coronavirus pandemic.

One topic of conversation this week is how grateful the bikers, rowers, gymnasts and the rest are to be past the days of contact tracing, quarantines and daily swabbing or spitting for COVID-19 tests inside the so-called Olympic bubble.

In Paris, there will be celebrations with relatives and one-on-one contact with coaches, most of whom were not allowed into the venues three years ago. The USA House - a traditional stop for athletes to wind down and kick back, especially after they're done competing - will be doing brisk business once again.

athletes are looking forward to the chance to soak in the feeling from the crowd, an element sorely missing in the cavernous and largely unfilled venues in Tokyo.

"I'll be able to see the audience's emotions. I want to build that with them and I can tailor my routines to that," said American rhythmic gymnast Evita Griskenas, who plans French music to accompany one routine and "All-American"

number for another, all with the goal of getting fans caught up in the moment. Griskenas said she already feels a different vibe. Preparing for the Olympics in Tokyo - Games that

were initially delayed by a year, then held in an atmosphere nobody quite recognized - became a largely solitary, and joyless, affair. "It turned into training in my

basement and throwing things outside," she said This year, a different experience awaits, and some athletes are even

looking forward to a crowd rooting against them because, hey, at least it's a crowd. "The boys have been saying, We

want to play France in, like, the semifinals," rugby player Perry Baker said. "You just visualize how big that can be, and how fun that can be. Their crowd. Our crowd. We live for those moments. With crowds, naturally, come other issues that were mostly set on the

sideline in 2021. On Monday, French President Emmanuel Macron said the much-touted opening ceremony scheduled for the Seine River could be moved to the Stade de France if the security threat is deemed too high.

GUJARAT TITANS, DELHI CAPITALS SEARCH FOR CONSISTENCY

ujrat Titans will be striving for much consistency when they meet Delhi Capitals in an Indian Premier League match here on Wednesday.

Unlike the past two editions, the Titans have not been able to play like a well-oiled machine though they still have time to fix the flaws.

A last ball win over table leaders Rajasthan Royals on April 10 was just the kind of result the Titans needed to infuse fresh live to their campaign. They have only managed only two wins from their first six games but with another eight matches remaining, the Shubman Gillled team has enough time to turn things around.

The absence of Mohammad Shami has hurt them but they must best use the available resources. Umesh Yadav has taken seven wickets but has leaked more than 10 runs per over. His new ball partner

seasoned Mohit Sharma too can improve on their economy

Star spinner Rashid Khan has been at his frugal best but would like to have more wickets in his kitty. His cameo in the last game helped Titans seal a thrilling win and the team would also be expecting more out of him with the bat. Delhi Capitals, on the other hand, have struggled to assemble their playing eleven due to form and fitness issues. After four losses in five games, they got a much needed boost with the win against Lucknow Super Giants but they still have a lot to sort out if they are to push themselves for a place in the play-offs.

The presence of a fit again Kuldeep Yadav made a huge difference as he broke the backbone of the opposition with three timely strikes in Lucknow. Kuldeep, who has added more speed to his craft, seems to be at the peak of his powers and it could be difficult

especially against his googlies. In Jack Fraser-McGurk, Capitals seem to have found an

able number three and will be hoping that the Australian builds on the success of his maiden IPL game.
Anrich Nortje, who has been taken to the cleaners by the batters so far in the IPL, did

not play the last game. Mukesh Kumar has conceded

10 runs per over in the five games and was also expensive in his comeback game against

The biggest positive for the team has been the batting form of skipper Rishabh Pant, who seems to be getting better with every outing. It would be fair to say that the southpaw is in prime position to make India's squad for the T20 World Cup despite stiff opposition from the likes of Sanju Samson and Ishan Kishan.

Thin on Indian bating talent, the Capitals rely heavily on the likes of David Warner, who would itching to make an

your confidence is low: Faf du Plessis

PTI BENGALURUA

crestfallen Royal Achallengers Bengaluru skipper Faf du Plessis conceded that a string of defeats had taken a toll on the team and the confidence had hit an all-time low after losing by 25 runs to Sunrisers Hyderabad in a match where a plethora of batting records were eclipsed.

SRH posted an all-time IPL record total of 287 for 3 and then restricted RCB to 262 for 7 as 38 maximums were hit across two innings. The match also entered the record books for the highest cumulative match total of 549 scored by both teams.

"It's crazy the amount of runs scored today, a world record. I wouldn't say 270 is par, Danny It's tough (to bowl on a day like this), we tried a few things and they weren't quite working," Du Plessis said at the post-match presentation ceremony. Just like winning provides a lot

of confidence, back-to-back defeat can also rob teams off it, feels the former Proteas skipper. "There's no way to hide when your confidence is low. The fast bowlers found it quite difficult out there. Similar to the batting perspective, we need to work on a few areas. Need to make sure the run rate doesn't go down after powerplay. The guys put up their hands and never gave up (in the run chase).

"It was good to see the fight, 30-40 runs from the bowling perspective was a bit too much Du Plessis admitted that the pressure is way too much and mind could explode at any time. "It's important to go away and freshen your mind, it's such a mental game. Sometimes you feel your mind is going to explode. When you get back to the contest you have to give full commitment," the RCB skipper said.

Winning skipper Cummins who was the best bowler on view among the two teams, also said in jest how he wished that he was

No way to hide when | We want to attack Power Play: Head says, revealing SRH batting philosophy

PTI ■ BENGALURU

Sunrisers Hyderabad have taken T20 batting to the next level with sustained range-hitting in the Indian Premier League, and Travis Head said maximising Power Play segment was central to their aggressive approach.

Head, whose 39-ball 100 led SRH to a record-setting 287/3 against Royal Challengers Bengaluru on Monday, underscored that approach with a fifty inside the Power Play.

It was also the second time Head completed a half-century within the first six overs.

"We've definitely got a lot of power through our top and middle-order and I think we've sort of got to tailor the way we want to play around that power that we've got, especially in power play," said Head in the post-match press conference. The Australian opener has a perfect ally at the top in an equally

"I guess Abhi and I at the top of the order try to maximise that (Power Play) as much as we can. It may be fours, it may be sixes. "But yeah, we want to try to attack the power play with the two of us and then obviously we've got a lot of power through that middle-order," Head added. It wasn't a mere tall claim as a quick check will reveal SRH's power play scores in six matches this season as 65/1, 81/1, 58/1 78/1, 40/3 and 76/0, and none of the other nine teams have come close to those numbers.

But it was not blind hitting. Head revealed his approach in the initial six overs.

"Depending on the field positions, I try to sum up what the bowlers are trying to do. In the power play, with just two fielders out, I try to think about hit-
