ED takes Hemant Soren into Custody

RAJESH KUMAR ■ NEW DELHI /

¬he 72-hour-long drama between Jharkhand and the Enforcement Enforcement Directorate (ED) came to an end late on Wednesday evening with the arrest of the "absconding" JMM leader Soren. Sources Hemant claimed JMM leader was "evasive" in his replies during his questioning and hence was taken into custody under the Prevention Money Laundering Act (PMLA). The sources said the agency put across 15 questions to Hemant during the second round of questioning in the case.

He had to resign as Chief Minister, followed by the probable appointment of the seniormost MLA and State Transport Minister, Champai Soren, to step into his shoes and take up the reins of the JMM-Congress, RJD coalition government.

As of the filing of reports, JMM spokesperson Mahua Majhi said that Soren had been taken into custody by the ED. Cabinet Minister Banna Gupta shared with the media that Champai would take over as the new Chief Minister of Jharkhand. Speculation is rife that someone from Hemant's family, including wife Kalpana (who is not an MLA), could be named to lead the State.

Hemant Soren is the first sitting Chief Minister to be arrested in a corruption case.

Along with ED officials, Hemant went to Raj Bhawan to meet Jharkhand Governor Radhakrishnan and submitted his resignation from the post of chief minister. Sources suggest that Hemant wanted to be arrested in his home State to sympathy from the people during the Lok elections.

A delegation of the JMM-led coalition also met the Governor and submitted a list of support from 47 MLAs, claiming their backing to form government. Champai Soren said he has staked a claim to form a new government and have the support of 47 MLAs. Champai has been a legislator

from the Serikela Assembly constituency for more than three decades since 1991 and is known to be a lovalist of IMM supremo Shibu Soren. Earlier, legislators gathered at Hemant Soren's residence elected Champai as the leader of the JMM legislative party, with the party spokesperson Vinod Pandey saying that a consensus was reached on his

Soren's wife, Kalpana Soren, who is not an MLA, was also present at the meeting. Byelections cannot be held in the last year of any Assembly's term, so Kalpana Soren could not have been elected an MLA even if she was named the Chief Minister.

Reports were also circulating that Soren's family, including his sister-in-law and JMM

Ahead of the scheduled questioning, the ED wrote to the Jharkhand government, seeking extra security. Prohibitory orders under Section 144 of the CrPC, which were earlier effective from 9 am to 10 pm on Wednesday, have now been extended until further notice within a radius of 100 metres at kev locations, including the CM House, Raj Bhavan, and the ED office at Doranda. As part of the restrictions, demonstrations, rallies, and meetings cannot be held in and around these areas. The three-member special team was led by finance secretary Prashant Kumar and included mines director Arva Rajkamal and special branch IG Prabhat Kumar.

ED officials had reached the CM's residence in Ranchi around 1:20 pm to record his statement. Meanwhile, evewitnesses said three tourist buses entered Soren's house on Kanke Road around 5:30 pm amid hectic activities. Soon after that, Chief Secretary L Khiangte and DGP Ajay Kumar Singh met Soren's wife, Kalpana Soren. Earlier in the day, Soren lodged an FIR

PIONEER NEWS SERVICE

President Droupadi Murmu on Wednesday hailed the Modi Government's big-ticket and mentioned that the centuries-old desire to build a Ram temple in Ayodhya has now become a reality, while apprehensions over the abrogation of Article 370 are a

thing of the past.
In her first address to a joint sitting of the two Houses in the new Parliament building, during which she touched on varied issues ranging from insurgency to inflation, Murmu said a country can progress at a fast pace only when it defeats the challenges of the past and puts maximum energy building the future.

Murmu arrived in a buggy at Parliament House to deliver her address to the joint sitting of the Lok Sabha and the Rajya Sabha. She entered the House with the "sengol" being asserted that the armed forces were giving a befitting reply to terrorism and carried in front of her. She expansionism. Murmu also mentioned that India is now a

prominent voice against terrorism in the world.

The government, she said, believes that the grand edifice of a developed India will stand on the four strong pillars of youth power, women power, farmers, and the poor. "In the last 10 years, the country has witnessed the completion of projects for which the people had waited for decades. There was a desire for building the Ram Mandir for centuries, and

today it has become a reality,"

she said to thumping desks from the treasury benches. "In cultural history, there are some milestones that decide the future of centuries. In India's history also, there have milestones. On January 22, the country witnessed one such milestone. After a centuries-long wait, Ram Lalla now resides in a grand temple in Ayodhya," she said. She said there were apprehensions over the removal of Article 370 from Jammu and Kashmir "but they have become history they have become history now.

There is an environment of peace and security in Jammu & Kashmir, with vibrancy in markets instead of the "silence of shutdowns" witnessed in the past, the President said. Incidents of insurgency have gone down in the Northeast, she asserted. The government has also established strict laws against triple talaq, she said. She also mentioned that the Indian economy, which used to be among the "fragile five", is now moving in the right direction and at the right pace due to several reforms undertaken by the government in the last 10

Fog, rain disrupt travel in north India

RAJESH KUMAR NEW DELHI

Parts of northern India remained shrouded in dense fog for the third consecutive day, with zero visibility in the morning hours, leading to disruptions and delays in road, rail, and flight services. The much-needed incessant rain, the first of the season, in the afternoon aggravated foggy conditions further in northern India, including Delhi and the NCR. Due to almost zero visibility, traveller and commuters faced a harrowing time traveling from one place to another. As many as 250

flights were delayed at Indira

Airport, with at least three flights being diverted, as the disruption index went up to 3.0, according to the flight tracker information system. Massive chaos erupted at Delhi airport on Wednesday as passengers staged a protest and raised slogans against IndiGo airline after it cancelled a Deoghar-bound flight. The flight was scheduled to take off from Delhi airport's Tarminal 2 Delhi airport's Terminal 2. Delhi received 8.5 mm of rainfall on Wednesday as the national Capital witnessed incessant accompanied by gusty winds with speeds of up to 30-40

No interim relief by HC in Chandigarh Mayoral polls; HC issues notices

AAP to move SC for early hearring

PNS CHANDIGARH

The Punjab and Haryana High Court on Wednesday did not give any interim relief on the AAP's petition seeking fresh mayoral polls, and asked the Chandigarh administration to give their response within three weeks.

The Aam Aadmi Party (AAP) has sought the setting aside of Tuesday's election, alleging tampering of ballot papers, and fresh elections under the supervision of a retired High Court judge.

The BJP had swept Chandigarh mayoral polls, retaining all three posts, in a setback to the Congress-AAP alliance which had alleged tampering with ballot papers by the presiding officer.

The division bench of Justices Sudhir Singh and Harsh Bunger on Wednesday issued notices to the Chandigarh administration, the municipal corporation, presiding officer Anil Masih and newly elected others, to file their replies within three weeks. The matter was adjourned till February 26.

The petition was filed by AAP councillor Kuldeep Kumar, who was the candidate for the mayor's post, against the Chandigarh Municipal Corporation and the Chandigarh administration, among others.

In the plea, the petitioner sought directions for holding fresh elections in a free and fair manner under the supervision of a retired judge of the high court to ensure that "no malpractice" is done.

According to the plea, the petition was filed as the "election was not held in a free and fair manner and there was a gross violation while counting of votes, with tampering of the ballot papers and then declaring them invalid, in the favour of BJP and against the alliance of AAP and Congress." The petitioner has sought an investigation by an independent investigation agency into the "entire fraud" committed during the election process.

The petitioner sought directions to respondents to seal, preserve and present racy", the Aam Aadmi Party

of the election, including the record of ballot papers and proceedings of the election process and videography done on Tuesday, according to the

The petitioner also sought directions to restrain the newly elected mayor from discharging the functions of mayor of the Chandigarh municipal corporation as the entire process of election was "vitiated by fraud." The Congress and the AAP had predicted an easy victory in the 35-member House of the Chandigarh Municipal Corporation, projecting it as an early test for the INDIA bloc. But the BJP retained all three top posts for which elections were held.

Opposition councillors alleged tampering with the ballot papers by presiding officer Anil Masih, a charge rejected by him and the BJP.

Will move SC, says Punjab CM; Mann to participate in AAP's protest outside BJP's office in Delhi on Feb 2

In a move against what they deem as a "murder of democ-

escalate their battle against the alleged rigging in the Chandigarh Mayoral polls by taking their fight to the Supreme Court. Punjab Chief Minister Bhagwant Mann, alongside Delhi counterpart and AAP supremo Arvind Kejriwal, will also spearhead a protest dharna, slated to be held outside the BJP headquarters in

(Friday). The decision to escalate the matter to the highest judicial authority follows the Punjab and Haryana High Court's refusal to grant interim relief on the AAP's mayoral candidate Kuldeep Kumar's plea seeking fresh elections. Despite the setback, Mann asserted the party's determination to seek an early hearing in the matter.

New Delhi on February 2

The controversy erupted after the BJP secured victories in all three mayoral posts, triggering accusations of ballot tampering by the presiding officer Anil Masih. While Masih and the BJP rejected the allegations, Mann reiterated the gravity of the situation, labeling the events as a "murder of democracy".

"We will move Supreme

Court. We will seek an early hearing in the matter. There is a video of the whole thing," Mann said and questioned why the Chandigarh Administration required three weeks to prepare

a report.

Mann, responding to media queries on the sidelines of his meeting with the Deputy Commissioners, emphasized the need for swift action, questioning the Chandigarh Administration's rationale for a three-week timeline to prepare a report. "What happened yesterday in the mayoral polls is murder of democracy...Before this too, such things have been happening under their rule. But yesterday there was video footage too of the whole thing...To save democracy is everyone's responsibility and all of us should make efforts," said Mann, signaling a collective call to action against perceived electoral malpractice.

Mann had on Tuesday alleged "cheating" in the Chandigarh mayoral polls and said that the day will be remembered as a black day for the country's democracy. AAP has sought fresh elections under the supervision of a retired High

Mayoral Polls: AAP, Cong hold protest, demand action against presiding officer

PNS CHANDIGARH

The leaders and workers of the Aam Aadmi Party (AAP) and Congress on Wednesday jointly protested outside Sector-17 police station of Chandigarh against rigging in the Mayor elections. They demanded Chandigarh Police to register a case against Anil Masih, the presiding officer appointed for the mayoral elections. The councillors of the Aam Aadmi Party and the Congress shouted slogans against the BJP, claiming "murder of democracy" during the mayoral polls which took place

on Tuesday. The protesters gathered near the Sector 17 police station here to lodge a police complaint in connection with the mayoral polls. Senior Congress leader Pawan Kumar Bansal, Chandigarh Congress president H S Lucky and several AAP leaders joined the protest. Heavy police force was deployed and barricades were erected near the police station.

During the protest, leaders accused the BJP of rigging the mayor elections and said that Presiding Officer Anil Masih deliberately canceled the votes of eight of councilors so that the BJP could make their mayor. "30 January 2024 was the darkest day in the history of Chandigarh

Municipal Corporation, they

AAP Chandigarh co-incharge Sunny Ahluwalia met the SHO at Sector-17 police station to register a case against Presiding Officer Anil Masih and handed him videos and other objectionable materials related to rigging in the Mayor elections. He also met Chandigarh SSP in this regard and demanded immediate action against Masih.

Ahluwalia said that today the BJP is the biggest threat to our country's democracy. He said that as per the strategy, BJP managed all the officials related to the mayor election and made its mayor by rigging the election in broad daylight.

Talking to media persons, BJP Chandigarh State President Jitendra Pal Malhotra on

tory of BJP candidates in the Mayor, Senior Deputy Mayor and Deputy Mayor elections in Chandigarh as the victory of Prime Minister Narendra Modi's guarantees, BJP's policies and ideology. It has been described as the beginning of the decline of the Indi alliance, he added. Malhotra further said that this victory has exposed the Indi or Bhindi alliance, this is the beginning of the downfall of this Thug Bandhan. He said that the councilors of the city want the development of the city and development is possible only by BJP, hence these councilors did not want that the AAP should make its mayor. Apart from this, the Congress itself also did not want the AAP to form the mayor, he alleged.

Punjab Govt executes major administrative reshuffle ahead of Lok Sabha polls

PNS CHANDIGARH

Ahead of the ensuing Lok Sabha elections, Punjab Government has undertaken a significant transfer of officers across the State. A total of 50 IAS and PCS officers have been shuffled, primarily involving officials at the Secretary, Additional Deputy Commissioner (ADC), and Sub-Divisional Magistrate (SDM) levels.

In parallel, the government has also transferred 26 police officers, including both IPS and PPS. Additional Director General of Police (ADGP) Neelabh Kishore has been entrusted with the command of the Special Task Force (STF), while S Kumar Verma will oversee internal secu-

Moreover, Jasarkan Singh has been appointed as ADGP of Ropar Range and ADGP Intelligence. These officers were recently promoted to the ADGPrank, underscoring the government's commitment to bolster administrative efficiency.

Additionally, 28 DSPs have also been transferred in accordance with the orders of the Election Commission, which had requested all records by January 31. These transfers prioritize officers completing three years in a district, ensuring a fresh administrative setup ahead of the upcoming elections.

Among the IAS officers, 2016-batch officer Parmindar Pal Singh has been assigned the roles of World Bank project director and Additional Secretary for School Education, along with being appointed Managing Director of Punjab Communications Limited (PUNCOM) and Additional Executive Director of Punjab Backward Class Land Development and Finance Corporation (BACKFINCO).

HRY CM INAUGURATES REKHI CENTRE OF EXCELLENCE FOR THE SCIENCE OF HAPPINESS IN **KURUKSHETRA UNIVERSITY**

Chandigarh: Haryana Chief Minister Manohar Lal Khattar on Wednesday inaugurated the Rekhi Centre of Excellence for the Science of Happiness at the Psychology Department of Kurukshetra University, Kurukshetra. The Happiness Center, established in collaboration with the Rekhi Foundation for Happiness, aims to provide a platform for students, teachers, employees, and the general public to explore the principles of happiness, cope with life changes, and effectively navigate challenges. Khattar highlighted the significance of incorporating the science of happiness into education and emphasized that by imparting knowledge about happiness, students can combat stress in the technological era, fostering a positive mindset to achieve their goals successfully. Chandigarh: A mob allegedly attacked a team probing into illegal stone mining and freed the earth moving machinery which had been seized by the police, officials on Wednesday said. The police have registered an FIR against the village sarpanch and 15 to 16 unknown people under various sections, including 186 (voluntarily obstructing any public servant in the discharge of his public functions) and 353 (assaulting or using criminal force to any person being a public servant in the execution of his duty) of the IPC. The FIR was registered on Sub-Inspector Karan Singh's complaint, police said. It was alleged that while the police team was bringing the JCB machine, 10 to 15 people, including the sarpanch Salim, created a ruckus and freed the JCB machine from them. All the accused, including the village sarpanch and JCB machine driver Akbar, are absconding now. SHO Arvind Kumar said the hideouts of the accused are being raided and they will be arrested soon.

Punjab CM chairs meeting with DCs; Propels village registry, healthcare expansion, rural development

PNS CHANDIGARH

Punjab Chief Minister Bhagwant Mann on Wednesday convened a crucial meeting with the Deputy Commissioners from all districts to assess the progress of various developmental initiatives and prevailing issues across the State. Emphasizing the need for efficient service delivery, he instructed the Deputy Commissioner to ensure that government facilities are easily accessible to people in their respective areas.

Mann underscored the importance of inter-district collaboration by forming groups comprising DCs to facilitate the exchange of information regarding ongoing projects. This initiative aimed at inspiring officials from different districts and enhancing the efficiency of project implementation.

During the meeting, the Chief Minister also expressed satisfaction over the fact that most of the districts were performing well in implementing the door-to-door scheme in the State. "This ambitious scheme aimed at providing 43 citizen-centric services to the people at their doorsteps."

In a significant announcement, the Chief Minister declared that property registration processes would now be conducted directly in villages, eliminating the need for individuals to visit tehsils. Village groups will be swiftly formed, and designated days will be allocated for registration activities. Patwaris and other officials will be deployed to villages accordingly to streamline the

Additionally, strategies have been devised to ensure the efficient distribution of canal water to agricultural lands. "The State Government has

that canal water reaches at the tail end in every village," said Mann, asking the Deputy Commissioners to complete the ongoing process so that the farmers are immensely benefited from it.

Addressing the Rural Development Fund (RDF) case, which has been a subject of contention between the state and BJP-led Central Government, Mann revealed that the matter is scheduled for hearing in the Supreme Court next week. He expressed concerns over the Central Government's withholding of funds amounting to Rs 5000crore, emphasizing the adverse impact on crucial infrastructure projects. The CM affirmed the State Government's commitment to seeking justice in

Furthermore, Mann issued directives to prioritize the utilization of funds allocated under the Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) to prevent delays in project implementation. He stressed the importance of generating employment opportunities while accelerating rural development initiatives. "Punjab has set an expenditure target of Rs 2,000 crore for all districts, which translates into 440 lakh man-days for all districts put together," he said, adding that the Deputy Commissioners should ensure that the target is achieved in the current fiscal.

In healthcare, the Chief Minister announced the establishment of 150 new Aam Aadmi Clinics, enhancing access to medical services for citizens, while urging the Deputy Commissioners to conduct regular inspections. Mann said that 664 Aam Aadmi Clinics have served approximately 98 lakh patients,

providing free medicines worth

taken several steps to ensure Rs 40.50 crore and lab tests worth Rs 5.77 crore.

Additionally, he emphasized the Government's commitment to provide free medication within hospital premises and instructed health officials to ensure the availability of essential drugs. Mann assured that all prescribed medicines in government hospitals will be readily available, with 276 already listed in the Essential Drugs List. He emphasized the launch of the Farishtay scheme for roadside trauma victims, facilitating free treatment at designated hospitals, with 495 hospitals enlisted across the state.

On education, Mann emphasized the importance of infrastructure development in schools, directing the Deputy Commissioners to expedite the establishment of boundary walls, sanitation facilities, and provision of essential amenities along with internet connectivity in schools by March 31. He emphasized the need for regular monitoring and evaluation of school programs to ensure quality education delivery.

Mann announced the establishment of 13 Schools of Eminence across various districts, urging Deputy Commissioners to ensure their timely operation. Mann also instructed regular meetings of the District Education Development Committee and impromptu school inspections. Regarding road infra-

structure, the Chief Minister instructed authorities to prioritize the construction of the Delhi-Amritsar-Katra National Highway to improve connectivity and facilitate smoother transportation across districts. He reiterated the Government's commitment to maintain road quality and ensure the timely completion of infrastructure

On the brink

The Maldives is running into one crisis after another; now an impeachment motion looms over Muizzu

nerally known for its turquoise waters, pristine beaches and coral reefs, the name of the Maldives as a destination for Indian tourists is currently mud. The archipelago's complex political scenario has raised concerns not only within the country but also in the larger geopolitical landscape. The looming impeachment motion against Md Muizzu, the Maldives President, coupled with a shocking fall in Indian tourist numbers, underscores a shifting dynamic in the Indian Ocean region. The developments have triggered apprehensions about the country's stability. Given its strategic location, the internal political dynamics are crucial not only for the Maldives but also for the Indian Ocean region. As China seeks to expand its influence, India finds itself at a strategic crossroads, requiring thoughtful and proactive measures to counterbalance these developments. The core of the problem is Muizzu's desire to distance himself from India and align with China. The Maldives is the newest country to fall prey to Chinese designs:

The dragon has been steadily increasing its economic and infrastructural footprint in the region by way of the Belt and Road Initiative (BRI), with significant investments in key projects. This has raised concerns in India about China's expanding influence in a region traditionally considered India's sphere of influence. The Maldives has asked India to remove its military base, which is a big loss for India and will make China stronger in the region.

Though India has flexed its soft power and dissuaded its tourists from going to Maldives, that approach may not work with China's support to the Maldives. But the position of the Maldives has become a little

untenable as it earns the major share of revenue from tourism; the recent decline in Indian tourist numbers has hit it hard. Holding the top spot just three weeks ago, Indian tourist arrivals have now slipped to the fifth position. India and the Maldives share ethnic, linguistic, cultural, religious and commercial links steeped in antiquity. The relations have been close, cordial and multi-dimensional: India was among the first nations to recognise the Maldives after its independence in 1965 and to establish diplomatic relations with it. Now, India must adopt a nuanced and strategic approach to maintain influence in the Maldives and counterbalance China's expanding footprint. Strengthening diplomatic ties with our neighbour is paramount. Besides, India should bolster economic cooperation by offering viable alternatives to Chinese investments. Initiatives that promote sustainable development and address the Maldives' economic concerns can help strengthen economic ties. It goes without saying that India would have to back the pro-India Maldivian leaders; for example, the pro-India Maldivian Democratic Party (MDP) has recently claimed a landslide in Male's mayoral election. This is indeed a good sign for India and, if Muizzu is impeached, India could have the chance to reestablish its cordial relations with the Maldives that it has always had.

Myanmar: India's strategic dilemma

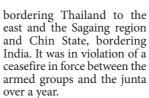

India needs to evolve a realistic strategic blueprint in line with the 'Neighbourhood First' policy to save Myanmar from China's Belt and Road Inititiative

refugees and insurgents from across porous border owing to the unabated crisis, the Indian government has decided to fence the Myanmar border to discontinue the free movement regime (FMR), as with the Bangladesh frontier which may act as a deterrent and preventive measure to control the existing menace. India must act cautiously: Given Maldives President Mohamed Muizzu's honeymoon with China, India needs to evolve a realistic strategic blueprint in line with the Neighbourhood First' policy to save Myanmar from China's overtures to the junta through the Belt and Road Initiative (BRI), besides supporting border areas rebels by brokering peace between warring groups and army generals in this violence-plagued country. India took a cautious stand when the army, known as Tatmadaw, engineered a coup on February 1, 2021. India had diplomatically

and indirectly supported the junta, refraining from openly supporting the democratic forces led by Aung San Suu Kyi, which has now put it in a dilemma. India faces the challenge of checkmating China, which is dangerous because it supports some ethnic groups.

In this complex scenario, "OPER-ATION 1027" was undertaken in December 2023 by 'The Three Brotherhood Alliance' comprising the Ta'ang National Liberation Army, AA and the Myanmar National Democratic Álliance Army, which had shaken the junta. An offensive against the junta had dealt it a devastating blow, prompting China to support it.

The Three Brotherhood Alliance' had captured key roads and military posts, hitting the cashstrapped junta's revenues and obstructing troop movements. Reports from the conflict zone suggested that the surprise attacks on the Shan state were followed by the AA opening a front against the army in its base in Rakhine state on the west coast. It was a coordinated attempt by insurgents to spill over to Kayah State army.

The bold move threatens the military's control over crucial trade routes to China thereby hitting its interests. It was a welcome step for China when the army led by Min Aung Hlaing dethroned the elected government, but now the pendulum has swung in the opposite direction, thereby challenging the junta. The Brotherhood is Junta's

biggest challenge: The alliance has been successful in cutting off the junta from a stretch of land that handles about 40% of bilateral border trade with China; around \$1 billion of the trade comes from natural gas piped into China. The fighting erupted recently in Shan, Kachin and Chin states, which are situated in the country's north as well as in Rakhine state in the west. Three Brotherhood fighters have claimed they have overrun dozens of military posts across the region and seized major roads leading in and out besides forcing the surrender of over 100 soldiers of the Myanmar army, demoralizing the junta. The armed groups nave taken the fight to the Tatmadaw in Kayah State in the country's east which is important to the Myanmar

CHINA HAS URGED MYANMAR TO RESTORE BORDER STABILITY EVEN AS THE JUNTA'S **CONFLICT WITH** ARMED GROUPS **INTENSIFIES** India must rethink its strategy: India will need to rethink its old-fashioned position towards Myanmar before the fallout threatens its interests. India feels the US should seize the moment to enhance engagement with India in Myanmar and work to alleviate the humanitarian situation thereby supporting the antijunta forces and establishing a federal democracy. India has tried to maintain equidistance between the military generals and pro-democracy political parties to ensure that the junta does not fall into China's lap. Junta to hit back: The army generals were not ready for the alliance's huge offensive, which set off a chain reaction, cornering the junta. Armed groups are reported to have taken control of fifty towns and villages and 100 posts. Army chief Hlaing has promised to undertake a counterattack on terrorists in the north, which

Armed rebellion by ethnic armed organizations has dealt a diplomatic blow to the army generals who have been exposed; China will be directly impacted. The Ukraine war had come as a blessing in disguise for the junta as the US and EU were preoccupied with it. The Hamas attack on israei nas furtner alienated Western powers from Myanmar but the attack by armed groups may change the entire scenario. The

might expose the junta's weak-

National Unity Government (NUG) formed by opposition lawmakers in Burma is considered close to the West, which is feeling encouraged after the successful offensive by the

armed groups. China's double speak: China has urged Myanmar to restore border stability even as the junta's conflict with armed groups intensifies. Myanmar has been asked by China to 'cooperate' with it to maintain stability on the common borders. China's official stand is intriguing; "As a friendly neighbour, China sincerely hopes that Myanmar will restore stability and development as soon as possible, and supports all parties in Myanmar to properly resolve differences within the constitutional and legal framework and achieve reconciliation through dialogue."

A recent visit by Assistant Foreign Minister Nong Rong holds significance after armed groups stepped up an offensive, which put Chinese residents and infrastructure at risk. Some former diplomats are surprised over the 'Dual Policy' adopted by China, which has been actively supporting the militant groups. The United Wa State Army (UWSA) in Myanmar's northeastern Shan state receives weapons and oniticai suste nance from China.

Road conditions hinder village development

Deteriorating roads in Bhopalaram village of Bikaner hinder development, affecting health, education and mobility

evelopment Bhopalaram village, situated in the Lunkaransar block of Bikaner, Rajasthan, has come to a halt due to the lack of proper roads. The absence of a paved road is a significant challenge for the nearly two thousand residents in the village. According to 47-year-old resident Baluram Jat, the main road connecting the village to the block headquarters was constructed around eight years ago and has not been maintained since, rendering it impass-

The road's deteriorated condition has made it challenging even for families to transport patients to the hospital. During Vimla's childbirth, the ambulance broke down due to the damaged road, forcing the family to arrange a private vehicle to reach the hospital. Vimla, a 28-yearold young woman from the village, noted that her condition worsened due to the road's large potholes. She highlighted that many pregnant women in the village prefer going to their parental homes for childbirth due to

journey to the hospital becomes exceedingly diffi-

The challenging road conditions in the village have significantly impacted the lives of individuals with disabilities as well. Rajaram, a 26year-old affected by polio in both legs, shared that although the government provided him with a handoperated bicycle, the deteriorating state of the roads poses a considerable obstacle to his mobility. The uneven and damaged surfaces make it challenging for Rajaram to use his bicycle

effectively for travel, exacerbating the difficulties he faces due to his disability. The advancement of development is hindered by deteriorating roads. When the road conditions are subpar these challenges. However, in a given area, the progress ties will persist until the

in other sectors is inevitably hampered. In Bhopalaram village, Vinod, another resident, points out that the deteriorating road has led to a severe water problem. Water tankers from the block have to navigate the broken road, causing more than half the water to spill before reaching the village. This not only leads to water wastage but also compels villagers to incur additional expenses to procure water once more. The deteriorated road has had a detrimental impact on the education of village girls as well. Seventeen-year-old Malati reveals that she had to halt her education after completing 10th grade because she faced challenges travelling eight kilometres to reach the Higher Secondary School in Lunkaransar Block for her 12th-grade studies. The poor condition of the road resulted in limited transportation options from the village, and her parents couldn't afford to purchase a scooter for her. Malati also highlights that although some portions of the road have been patched with bricks, persistent difficulentire road is improved. In this regard, the Chairman of the Gram Seva Sahakarita Samiti, Asuram, explains that a space of 50 feet was allocated for this road, but it was constructed only within 20 feet. Due to its small and deteriorated condition, villagers face daily challenges. If there is any hindrance in tendering for the construction of this road, it can also be done under the Mahatma Gandhi National Rural Guarantee Act (MGNRE-GA). This would not only

Employment improve the condition of the road but also provide employment to people under MGNREGA. Asuram asserts that the village's most crucial need should be promptly fulfilled through the Panchayati Raj Institutions because the road is not just a means of transportation but plays a significant role in opening new avenues for development. It is not only a means of access but is also intricately connected to education,

health, and the economy. (Tamanna is a student of Class 12 from Lunkaransar, Rajasthan. Views are personal. Charkha Features)

GANDHIAN PRINCIPLES

Sir — Considering the war foreboding and sense of anarchy around the geo-political world order, it's a good time to practice and remember the ideological principles of Gandhi Ji. Mahatma Gandhi was popularly called as 'Father of Nation' and "Bapu". He was killed following a prayer vigil in New Delhi on January 30, 1948. He teaches us the canon of non-violence, civil disobedience, the welfare of all, interfaith harmony, equality social justice and constructive work but world order is dysfunctional. Rather the current situation of countries is filled with atrocities and savagery, and destroying one or the other.

There is a spread of anti-humane dispensation among the nations vis-a-vis the Russia-Ukraine war, entire West Asia giving a sense of anarchy and retaliation between Iraq, Gaza, Yemen, Pakistan and the Indo-Pacific extent where Philippines and Taiwan are acting against the power but India too has dealt with the external as well as internal crisis of Naxalism, security threats in Parliament, suspension of 141 Members of Parliament for the first time in the history. Gandhi ji believed that change could be achieved through peaceful means, advocating for dialogue and understanding even in the face of adversity and ensuring that the benefits of progress reached every stratum of society. Let's hope that everyone should practice and follow the Gandhian axions that are carved out to build the better society that

threat to the one-horned rhinos. Local poachers, hand-in-glove with international smugglers, pose a big threat to the rhinos. The Assam government had set up a special task

force to achieve zero poaching of rhinos in 2022. The task force, set up by the Assam government. and consisting of dedicated commandos, did a commendable job by ensuring nil poaching of the endangered animals in 2022. So, it can safely be assumed that there was a massive breach in security or that a few unscrupulous elements in the park were hand-in-gloves with the poachers that resulted in the latest rhino killing. capital outlays. With allocations to infrastructure on Defense and Railways being the highest in these two, deficit financing is inevitable. And then, even the most selfassured govt has to make space for an election year largesse. Issues in the agricultural sector and the income of farmers have been the bugbear of this govt. Ever since the agitation over the Farm Bills, the government has been wary of this huge vote bank. The yearly assistance of Rs 6000 may go up to Rs 9000. This will be a big outgo on top of various subsidies already in place. Tax-paying public is another sector that needs to be kept happy in an election year. However, the scope for concessions in personal taxation may stay cosmetic . The budget is expected to set the fiscal deficit at a vulnerable 5.3% against street estimates of 5.5%. The actuals may take it even beyond. The crux of budgeting for 2024-25 must hence lie in managing the wily Deficit -

THE DIVINE WISDOM OF **BHAGAVAD GITA**

The Gita implores us to recognise the significance of fulfilling our duties

AJIT KUMAR BISHNOI

et me start with verse # 3.8 of the Bhagavad-Gita, which is, "You should always do your duty. Because action is superior to inaction. Maintenance of the body will also not be possible through inaction." We all know what our duties are according to time, place and circumstances. We also know that neglecting our duties impacts our maintenance. For example, a student does not pay attention to his studies. What happens subsequently? He finds it hard to maintain himself. For whose benefit was this verse spoken?

Let me take another verse, which is very famous. I am referring to verse #2.47, which goes like this, "You have a right only in action, not ever in predetermining fruits. You should not speculate about the fruit of action; your attachment to inaction also should not be there." For whose benefit was this verse spoken? Do we really have any other right except to do our duties? And we must not neglect to do them. As regards the results of our actions, the right to decide them has been kept by God with Himself. Can you imagine what will happen if all of us are free to decide the results? Complete chaos. And who will lose in such chaos? We will

The third verse chosen by me is very telling, in which Lord Krishna promises, "People who worship Me with undivided attention, meditating on Me, for these regular practitioners of yoga, I help in getting what one does not have and provide security of what one has." This is wonderful. What more could we ask for? Therefore, do what the Lord instructs. How else to decide about who deserves such enormous mercy? Verse after verse the Lord is cajoling us to do what will fulfil all our desires, which are according to dharma. God couldn't be a party to anything against dhar-

The fourth verse in this connection is: "Where there is yogeshwara Shri Krishna and where there is Arjuna (meaning us), there will be opulence. victory, wealth and morality." (18.78) What are our desires generally? That we should succeed in our endeavours. We would if we were aiming for what is according to morality, i.e. dharma. The same is about wealth. Don't we need enough resources for our maintenance? Not only wealth, there will be 'saubhagya' (good fortune). Who benefits from all these? We do; God doesn't because He is complete in all respects. (3.22) The next verse is about gaining peace and a perfect destination. Lord Krishna instructs, "In all respects, take My shelter only. By My mercy, you will achieve supreme peace and the eternal abode." What is it that we lack after gaining material needs, comforts, etc.? It is peace, which is what God is promising. Not only that, God is also assuring eternal abode, which is free from the defects of this material world. How nice it will be to not be subjected to repeated birth and death? God is prepared to grant this also. As a matter of fact, God is always wanting to give. He has so much to give if we become deserving. Isn't that fair? How do we become deserving? Lord Krishna describes, "Develop My consciousness; become My devotee; make sacrifices for Me; and offer obeisance to Me." (18.65) One may feel that all these activities relate to God. No, far from it; they only purify our existence.

I will take up one more verse, which is, "Having My consciousness, you will cross all impediments by My grace." (18.58) This is quite an amazing offer from God. Aren't we all struggling with one problem or another throughout our lives? We do, but our ego comes in the way. We are not prepared to accept that somebody can be superior to us and to such an extent that we have to take His shelter and His alone. (18.66) We would rather suffer but won't do as instructed by God. Do we realise that our acts will benefit the world if we obey God's instructions? We will become better persons by following dharma.

Tread the WTO quagmire with caution

The battle for a permanent solution to Public Stock-Holding programme is a difficult one; India must fight it deftly

n a meeting of the Committee on Agriculture (CoA) of the World Trade Organization (WTO) – held on October 2, 2023, in Geneva, the European Union (EU) agreed to consider India's demand for a permanent solution to public stock-holding (PSH) program for food security. This is a significant change of stance since March 2023, when the EU along with the USA and Canada had challenged it.
The issue will be taken up for delibera-

tion in the 13th ministerial conference (MC) of the WTO (World Trade Organization), scheduled from February 26-29, 2024 in Abu Dhabi. The MC is the highest decision-making body of the global trade watchdog (read: WTO) that includes 164 member countries.

While, the USA and EU countries want a comprehensive discussion on agriculture encompassing the value-chain, market access, and export restrictions besides the PSH program, India has categorically stated "it won't negotiate any other issue in the agriculture sector till a permanent solution on PSH is found".

It has also conveyed that support measures given to its poor farmers like input subsidies such as on electricity, irrigation, fertilizer and even direct transfers are non-negotiable.

Under the PSH program, government agencies like the Food Corporation of India (FCI) buy agri-produce such as wheat, rice/paddy, and coarse cereals from farmers at the minimum support price (MSP) and distribute it at a subsidized price of Rs 2/3/1 per kg respectively to meet the needs of India's poor and vulnerable population under the National Food Security Act (NFSA) that was enacted in 2013. From January 1, 2023, these staple foods are given to the bene-ficiaries 'free'; initially in force till December 31, 2023, this arrangement has been continued for five years till December 31, 2028.

The excess of MSP plus handling, storage and distribution cost over the realization from the sale (that is, Rs 2/3/1 per kg prior to January 1, 2023, and 'zero' thereafter) is paid as a subsidy from the Union Budget. This can be bifurcated into two components (a) subsidy to the farmer, which is the excess of MSP of, say, rice over its international price also known as External Reference Price (ERP) in WTO parlance and (b) subsidy to the food consumer, being the excess of ERP over the price paid which currently is 'nil'. The WTO is concerned with (a) branded as "product-specific" subsidies. It requires some explanation.

The international price/ERP of any commodity is based on global demand-supply forces and is determined in a competitive manner. All farmers irrespective of their country of location are expected to receive this price. In case, because of the intervention by the government of a member country say India, the farmers therein receive a price/MSP higher than this, they are presumed to have been subsidized to the extent of excess of MSP over

The WTO is also concerned with subsidies on agricultural inputs like fertilisers, seeds, irrigation, power, etc., referred to as "non-product specific" subsidies.

The developed countries argue that such subsidies distort international trade; hence these need to be curbed. Their argument found acceptance at the WTO.

ONE WONDERS WHETHER A MERE **DECLARATION BY** PRIVATE TRADERS **ACQUIRING SUCH** STOCKS WOULD

SATISFY THE DEVELOPED COUNTRIES. WE HAVE ALSO SEEN INSTANCES OF **HEAVILY**

SUBSIDISED FOOD (NOW FREE) BEING SMUGGLED

> **NEIGHBOURING** COUNTRIES

Accordingly, under the Agreement on Agriculture (AoA), the total of product and non-product-specific subsidies or aggregate measure-ment support (AMS) is capped at 10 per cent of the value of agricul-tural production for a developing country (for developed countries, this threshold is 5 per cent). If a member country gives AMS over 10 per cent, it is a violation.

The AoA came into force in 1995. For India, until 2005, MSP was less than ERP. Thereafter, MSP has been higher than ERP and, in the last decade, this gap widened. During 2018-19, in the case of rice, for instance, AMS was at 11 per cent, exceeding the 10 per cent cap. During 2019-20, it was even higher at 13.7 per cent.
For over a decade or so, India along with other developing countries but he are realistic.

tries has been making efforts at WTO to wriggle out of the situation. In the 9th Ministerial Conference (MC) held in Bali (2013), it secured sanction for a "peace clause". It said, "If a developing country gives AMS in excess of 10 percent, no member will challenge this until 2017 when the WTO would look for a permanent solution."

In the General Council (GC) held in December 2014, this sanction was modified to say "The peace clause will stay till a permanent solution was found." However, the peace clause comes with several riders, such as the submission of data on food procurement, stockholding, distribution and subsidies. These also include establishing that subsidies are not "trade distorting." Besides, programs implemented after 2013 are not covered under the ambit of the

clause' several times at the WTO for breaching the 10 per cent ceiling in case of subsidy on rice - the latest being for the marketing year 2020-21. However, developed countries have objected to such invocation. They want India to be more transparent about its PSH program and put in place safeguards to prevent 'illegitimate' exports But, this can't go on ad infinitum.

The WTO should go for a permanent solution within a time-bound manner. In fact, the MC held in Bali (2013) had implicitly given a deadline of 2017 ".....no member will challenge this until 2017 when the WTO would look for a permanent solution." Unfortunately, the GC held in December 2014 deferred it indefinitely. India has done right by

insisting on a deadline now. MC isn't the right way to go. India is trying to delink PSH from a comprehensive look at agriculture. It is attempting to delink things that are intertwined with each The PSH program involves buy-

ing food from the farmers and distributing it to the beneficiaries. Here, we are talking about the entire supply chain involving procurement, handling, storage, distribution and so on. So, the issues of market access, and sale in the domestic and international markets can't be brushed aside.

India's PSH program is openended under which the government's agencies buy the highest possible quantities of wheat and rice from the farmers at everincreasing MSP. Since these purchases are unrelated to the requirement under the NFSA India has invoked the 'peace (courtesy vote bank politics), sur-

plus stocks with agencies are inevitable which they dispose of by auctioning to private traders etc under the Open Market Sale Scheme (OMSS). Under OMSS 'all the bidders are compulsorily asked to give an undertaking that they won't export it'.

One wonders whether a mere declaration by private traders acquiring such stocks would satisfy the developed countries. We have also seen instances of heavily subsidized food (now free) being smuggled to neighbouring countries. It won't come on record but it disturbs the global demandsupply equation.

India should put everything on the table and talk. It is widely recognized that the formula for the computation of AMS under the AoA suffers from several flaws. The ERP used for comparing with MSP (albeit current) dates back to 1986-88. This is bound to "artificially" inflate the subsidy. By using the current ERP, India's subsidy will automatically go below the 10 per cent threshold. Besides, AoA calculation doesn't exclude subsidies given to resource-poor farmers. These farmers mostly produce food for self-consumption meaning they don't have a surplus to sell. So, the question of subsidies to them distorting trade doesn't arise. Their exclusion will also reduce the AMS.

Meanwhile, the government should end the open-ended procurement and restrict purchase only to what is required for giving to the NFSA beneficiaries. It should also consider switching to ʻgiving subsidy in cash' using DBT

Nitish's ninth move on Bihar's political chessboard

With Nitish Kumar's latest move, Bihar has witnessed a seismic shift, with ramifications extending far beyond the State's borders

¬he political chessboard of Bihar has recently witnessed a profound transformation, sending ripples across the entire nation. As the Lok Sabha elections loom on the horizon, every twist and turn in Bihar's political saga holds the potential to significantly impact the grand political finale. Nitish Kumar's latest move, switching sides for the fifth time in just over a decade and assuming the Chief Minister's role for the ninth time, has added an intriguing layer to the unfolding drama. While Nitish's political acrobatics have grabbed the spotlight, the BJP's strategic gamble in this intricate game has not gone unnoticed.

Imran, wife sentenced to 14 years in prison

Pakistan's former prime minister Imran Khan and his wife Bushra Bibi were sentenced on Wednesday to 14 years of rigorous imprisonment each in a corruption case, a day after the beleaguered leader was given a 10-year jail term for leaking state secrets.

The verdict by an accountability court, which comes eight days before the February 8 general elections, has added to the legal woes of the 71-yearold cricketer-turned-politician's bid to return to power. Khan is already serving a three-year jail term after being convicted of corruption in a separate Toshakhana case on August 5

Khan's party, the Pakistan Tehreek-e-Insaaf (PTI) faced numerous troubles before the election starting with the denial of its election symbol, the cricket bat, to the rejection of nomination papers of Khan, former foreign minister Shah Mehmood Qureshi and several other party leaders. Accountability Court Judge Mohammad Bashir conducted the hearing at Rawalpindi's Adiala Jail, where Khan is incarcerated.

In the Toshakhana corruption case, he was accused of retaining expensive state gifts they received during his tenure as Pakistan's premier from 2018-2022. Khan and his wife were also barred from holding any public office for 10 years and slapped with a fine of Rs 787 million each. Bushra Bibi, 49, did not appear before the court on Wednesday.
At the outset of the hear-

ing, Judge Bashir asked Khan if he recorded his statement. To this, the former premier said that he would submit his statement once his lawyers came. "I have been deceived as I was only called to mark my attendance for the hearing," Khan said. Following the verdict, Bushra Bibi arrived at the Adiala jail and surrendered before the authorities.

"Why are you in a hurry? Even yesterday, the conviction was announced in haste," the ex-prime minister said, referring to the verdict in the cipher case a day earlier. "My lawyers are not here yet. I will submit the statement after showing it to them when they come,"

Imran said, adding that he had appeared before the court only to mark his attendance.

He then exited the courtroom, after which the court sentenced the ex-premier and his wife in absentia. Khan won the election in 2018 on a ticket of anti-corruption, but has been embroiled in political controversy and alleged corruption cases since he was dramatically ousted in a parliamentary no-confidence vote in April 2022. Reacting to the verdict, PTI's current chief Gohar Khan said the judgment only served to lower the respect of the judiciary. "The accused were not given time and the process was hurried to conclude the trial," he said, adding that the defence was not given the right of cross-examination. "Complete destruction of every existing law in Pakistan in 2 days. Imran Khan and Bushra Bibi have faced yet another kangaroo trial in which no right to defence was given to both. Like cipher, this case has no basis to stand in any Higher court. It's shameful how a complete disregard and mockery of law is in place," PTI said in a post on X. Separately, the PTI in a statement said that these decisions, reached in haste, cannot impact the fervour, any PTI supporter talks of, around election time.

It alleged that the star witness was changed and a witness who's a part-time worker did an evaluation of gifts by showing photos, while no cross-questioning was allowed, no final argument concluded and decision popped up like a predetermined process in play.

A Pakistani high court on Wednesday reserved its verdict on a petition seeking the dismissal of a case challenging the 'un-Islamic' marriage of jailed former prime minister Imran Khan to his third wife, Bushra Bibi. The Islamabad High Court (IHC) Chief Justice Aamer Farooq heard the case filed by Bibi's ex-husband, Khawar Maneka, in November last year, The Express Tribune newspaper

Court reserves

It sought legal action against 71-year-old Pakistan Tehreek-e-Insaf (PTI) party supremo Khan for marrying his present wife while she was reportedly on iddat period. The iddat period (three months) is a waiting period that a Muslim woman must observe on account of the death of her husband or the dissolution of the marriage.

During the hearing on Wednesday, PTI party lawyer Salman Akram Raja said that the case was only aimed at humiliating the petitioners, highlighting that the com-plaint against Khan's marriage was filed five years and 11 months after the nikkah in November 2023. The counsel for Maneka told the court that witnesses had testified in the trial court that Bibi was in another marriage with Imran at the time of their marriage ceremony, the report said Following arguments by the counsels of both parties, the court reserved a verdict on the case, it said.

Earlier this month, a trial court indicted Khan and Bibi in the marriage case. Bibi, 49 hails from a family of landowners in Punjab. Her first marriage, which lasted about 30 years, was to Maneka, who is from a politically influential Punjab family. Earlier in the day, an accountability court sentenced the former prime minister and his wife, Bibi, to 14 years of rigorous imprisonment in a corruption case. In the Toshakhana corruption case, the jailed PTI founder was accused of retaining expensive state gifts they received during his tenure as Pakistan's premier.

EU leaders exhort allies to do more for Ukraine

The leaders of five European Union countries urged their neighbours and allies Wednesday to ramp up military support for Ukraine, while the bloc's defence ministers debated ways to help meet the war-ravaged country's ammunition shortfall. In their appeal, the leaders of the Czech Republic, Denmark, Estonia, Germany and the Netherlands warned that Europe's security is tied to the fighting that started almost two years ago with Russia's invasion of its

"Our ability to continue to support and sustain Ukraine's defense, both during the winter and in the longer term, is decisive," they wrote in the Financial Times newspaper. "In fact, it is a matter of our common European security." With neither Russian nor Ukrainian troops demonstrating an advantage in the drawnout conflict, fears are growing

Ukraine's war effort is waning. EU and NATO leaders, who are among Ukraine's main backers, have shifted from praising the country's battlefield gains to celebrating its ability to survive against a more powerful enemy.

The prospect of Donald Trump returning to the White House after the US presidential election in November is also driving leaders and military officers to demand that Europe must do more to defend itself. During his last term, Trump undermined confidence among NATO allies that the US would back them in a security crisis.

In the Financial Times, the five leaders said it was vital to speed up arms deliveries up given that the war was unlikey to end soon. "Russia doesn't wait for anybody, and we need to act now. If Ukraine loses, the long-term consequences and costs will be much higher for all of us," they wrote. "We Europeans have a special responsibility. Therefore, we depends on it."

According to EU estimates, Ukraine was firing around 4,000 to 7,000 artillery shells each day last summer, while Russia was launching more than 20,000 shells a day in its neighbour's territory. Russia's arms industry far outweighs Ukraine's, and Kyiv has relied on Western help to match Moscow's firepower.
Yet the 27-nation EU's

plans to produce 1 million artillery rounds for Ukraine have fallen short, with only about a third of the target met. Senior EU officials have said they now expect the European defence industry to be capable of producing around 1 million shells annually by the end of this year. But the shells will not arrive quickly. NATO's procurement agency said last week that delivery of ammunition orders can take anywhere from 24 to 36 months. Even the five leaders conceded that deliver-

Russian lawmakers approve bill to confiscate assets of people who 'discredit' army

Moscow (AP): The lower house of Russian parliament on Wednesday approved a bill that would allow the confiscation of money, valuables and other assets from those convicted on charges of spreading "deliberately false information" about the country's military. The State Duma swiftly voted to approve the bill, which is now expected to quickly sail through the upper house and be signed by President Vladimir Putin.

Duma speaker Vyacheslav Volodin has said that the new law would apply to people who are convicted of publicly inciting "extremist activities" or calling for actions that would hurt the security of the state, as well as "discrediting" the armed forces. Discrediting the armed forces is a criminal offense under a law adopted as part of a sweeping government crackdown on dissent after Moscow sent troops into Ukraine in February 2022. "Everyone who tries to destroy Russia, who betrays it, must suffer the deserved punishment and pay compensation for the damage inflicted on the country, at the cost of their property," Volodin said. The proposed law does not appear to include real estate among the assets that can be seized. The existing law against "discrediting" the Russian military, which covers offenses such as "justifying terrorism" and spreading "fake news" about the armed forces, has been used extensively to silence Putin's critics.

Hungary opposes billions in new EU aid for Ukraine

European Union leaders at a Summit on Thursday will focus on the one member state blocking a 50-billion-euro (USD 54 billion) war support package for Ukraine: Hungary, the country in the bloc with the closest ties to Russia. Almost two years after Russian President Vladimir Putin launched the invasion of Ukraine, the war has ground to a virtual stalemate and Ukraine desperately needs financial

"Securing agreement is vital for our credibility, and not least for our commitment to provide steadfast support to Ukraine," EU Council president Charles Michel said in his invitation letter to leaders of the 27member bloc. The aid requires unanimous support. But Hungarian Prime Minister Viktor Orban vetoed it at a previous summit in December and continues to oppose it. "In December, we still had

a little time. But from March onwards, Ukraine will start

according to international financial institutions," a senior EU diplomat warned ahead of the meeting in Brussels. The official spoke on condition of anonymity in accordance with EU practices. For most EU countries, helping Ukraine is crucial to protect the bloc from Russia's threats and maintain its credibility on the global stage.

"Ukraine is on European soil. It is a European country. And if we want a peaceful and stable Europe, we need to be credible in terms of our own security and defense vis-à-vis all our neighbours," French president Emmanuel Macron said. Orban has repeatedly angered EU leaders since Russia's full-scale invasion in 2022. He criticised EU sanctions on Russia as being largely ineffective and counter-productive. He pushed for peace talks between Moscow and Kyiv, though he hasn't detailed what that might mean for Ukraine's territorial integrity.

At the previous EU summit, however, Orban did not

membership negotiations with Ukraine. Concerned about democratic backsliding by Orban's government, the EU has frozen Hungary's access to tens of billions of euros in funds. Hungary, with its own economic concerns, has responded by vetoing some EU political decisions. Instead of unlocking the

new aid for Ukraine, Orban has proposed to split it into annual tranches and introduce a review mechanism. But that idea has not been well received because it would allow Orban to block the money later. If the stalemate remains, it

will not mean that Ukraine will suddenly be deprived of EU assistance. The EU diplomat said leaders will make sure it won't impact Ukraine in the short term. The 26 other countries could decide, on a voluntary basis, to decouple the aid from the EU budget. But it's not their favourite option since it would require approval from several national parliaments, creating more uncertainty.

Chinese rocket scientist expelled from advisory body

Beijing (PTI): China's national political advisory body has expelled a prominent Chinese rocket scientist from its Standing Committee for corruption, as the People's Liberation Army continues the purge of its missile force previously headed by the dismissed defence minister Gen. Li Shangfu. The decision to expel Wang Xiaojun from the 14th Standing Committee of the Chinese People's Political Consultative Conference (CPPCC) was taken at its meeting here on Monday, state-run Xinhua news agency reported.

The Standing Committee is composed of a core group of senior members. Wang is formally expected to be expelled from the CPPCC during its annual session here next month as the Standing Committee doesn't have the power to do so. Wang's expulsion is considered significant as he led the development of the Long March 7 rockets used to carry essential supplies to China's under-construction space station called Tiangong, as well as launching satellites. Besides being the leading rocket scientist, Wang also led the China Academy of Launch Vehicle Technology, a premier research body. His expulsion followed the

government's probe into allegations of corruption against the top officials of the Chinese military's key wing, the People's Liberation Army Rocket Force. İt adds to the mystery of last

month's major purge of the Chinese military in which nine senior generals of the People's Liberation Army (PLA), including senior officials of the country's Rocket Force, were dismissed from China's Parliament— the National People's Congress, (NPC). The Force, which handles the PLA's missiles division, was previously headed by former Defence Minister Gen. Li Shangfu, who was summarily dismissed last year on the charges of corruption. The dismissal of Li, whose whereabouts are not known yet, came after that of Foreign Minister Qin Gang, who

Taliban-headed interim government in Afghanistan, saying that it is a "normal diplomatic arrangement" and urged the international community not to exclude the Afghan militant group even though it is yet to respond to global concerns.

Xi on Tuesday received

the credentials of ambassadors from several countries, including from Bilal Karimi, the Taliban-appointed Afghan ambassador in what was termed the first diplomatic recognition of the Taliban government in Kabul, which is vet to get official recognition internationally. "It's a normal diplomatic arrangement for China to receive the new ambassador to China sent by the Afghan interim government and for him to present his credentials to the Foreign Ministry spokesman Wang Wenbin told a media briefing here on Wednesday. When asked to state clearly if the move amounts to recognition of the Taliban government, he said, "You asked whether China officially recognises the Afghan interim government? I would like to say that China believes that Áfghanistan should not be excluded from the international community." China is committed to a

foreign policy of friendship towards all Afghan people and has maintained diplomatic ties and exchange and cooperation in various areas with Afghanistan, Wang said.

"We hope that the international community will step up engagement and exchange with the Afghan interim government, encourage it to actively respond to international concerns, jointly help with Afghanistan's reconstruction and development, and support Afghanistan's effort to mutually beneficial cooperation combat violent terrorist forces and contribute to regional peace, stability and prosperity," he said. Without referring to the global concerns over the Taliban's ban on women's education and work and its disinclination to share power with other political groups in the war-torn country, Wang said China hopes Afghanistan will further respond to the expectations of the international community. Meanwhile, Zabihullah

Mujahid, the Taliban's chief spokesperson, on Tuesday said, "China has understood what the rest of the world has not."

'We are not in a unipolar world," he posted on X, while calling on Russia, Iran and other countries to take similar steps and upgrade bilateral diplomatic relations with Kabul. According to the state-run Xinhua news agency, Xi told the new ambassadors that China is seeking deep friendship and

with their countries. Matthew Miller, spokesperson for the US State Department, said whether Beijing has officially recognised the Taliban regime is for Chinese officials to clarify.

"I have seen some com-

ments from them to the contrary," Miller told Voice of America (VOA) on Tuesday. For the US, Miller said, the Taliban's relationship with the international community depends on their actions. "China may be getting ready to break ranks and take the final technical step either within the UN system or outside of it through a bilateral initiative," Omar Samad, a former Afghan ambassador was quoted as saying by VOA. The billionaire sultan who ■ rules Malaysia's Johor state was sworn in as the nation's new king on Wednesday under a unique rotating monarchy system. Sultan Ibrahim Iskandar, 65, took his oath of office at the palace and signed the instrument of the proclamation of office in a ceremony witnessed by other royal families, Prime Minister Anwar Ibrahim and Cabinet members. A coronation ceremony will be held later.

One of the richest men in the country, Sultan Ibrahim has an extensive business empire ranging from real estate to telecoms and power plants. The candid monarch has close ties with Anwar and his rule

Known as the Yang Di-Pertuan Agong, or He Who is Made Lord, the king plays a largely ceremonial role, as administrative power is vested in the prime minister and Parliament. The monarch is the nominal head of the government and armed forces, and is highly regarded as the protector of Islam and Malay tradition. All laws, Cabinet appointments and the dissolution of Parliament for general elections require his assent. The king has the power to proclaim an emergency and pardon criminals.

Sultan Ibrahim succeeded Sultan Abdullah Sultan Ahmad Shah of Pahang state, who presided over a tumultuous period that included COVID-

19 lockdowns and political instability. The political influence of the king has grown in recent years. Sultan Abdullah intervened in the past to decide who became prime minister, including naming Anwar as prime minister after 2022 general elections led to a hung parliament. Sultan Ibrahim ĥas indicated he will maintain a hands-on approach. He said in a media interview last month that he would not want to waste five years on the throne as a "puppet king" but will focus on fighting graft and deepening unity in the country. The sultan and other rulers have also warned against attempts by the opposition to oust Anwar's government, calling instead for political

IBRAHIM?

Sultan Ibrahim, whose mother is English, is also vocal about welfare issues and takes annual road trips on his motorbike to meet the people in his state. He has also made no secret of his wealth. Earlier Wednesday, the sultan flew from Johor to Kuala Lumpur on his private jet, a gold -andblue Boeing 737. Apart from a fleet of jets, he has an extensive collection of cars and motorcycles, as well as properties abroad. Sultan Ibrahim is also the only ruler with a private army - a condition agreed upon for the state to join modern-day Malaysia. Sultan Ibrahim's high corporate profile — including a stake in the

multibillion-dollar Forest City

development project in Johor with China's beleaguered developer Country Garden — has raised eyebrows amid concerns of a possible conflict of interest. He has said in the media interview recently that he plans to revive a high-speed rail link project with Singapore and bolster the troubled Forest City project. But the sultan has defend-

ed his business dealings. In 2015, he quipped that he has to "earn a living, like ordinary Malaysians" as he cannot rely on his 27,000 ringgit (\$5,700) monthly state allowance. His wife Raja Zarith Sofiah, who is from another royal family, is an Oxford graduate and a prolific writer who has authored several children's books. They have five sons and a daughter.

Blame game erupts between Maldives ruling, oppn parties

Hours after the Prosecutor General of Maldives was attacked by unidentified persons on Monday, a blame game has erupted between the ruling and the opposition parties that called the attack "politically motivated," according to local media and social media reports. "Prosecutor General Hussain Shameem was attacked on a street in Male City. He is receiving treatment for his injuries at the ADK Hospital," Sun.mv, a news portal, said.

Former Maldivian president Ibrahim Mohamed Solih described the attack as "politically motivated," prompting the Home Minister Ali Ihusan to ask him to share information to back his claim. In a post on X, Solih, also the interim leader of the largest opposition outfit, the Maldivian Democratic Party (MDP), said: "Politically motivated acts of violence have no

and I call on the government to be swift in bringing the perpetrators to justice."

Home Minister Ali Ihusan asked Solih to share information to back his claim that the violent attack on Prosecutor General Shameem was politically motivated. Responding to Solih's post on X from his official designation's handle of Minister of Homeland Security and Technology, Ihusan said, "Maldives police (@PoliceMv) is currently investigating this case. Former President declaring that the attack was 'politically motivated' suggests that former President has credible information about motive and people behind this attack."

"I would like to request former President to please share the credible information referred here with the Police immediately. I have asked investigators to coordinate with former Presidents office in this regard. Police is treatwill bring perpetrators to justice," he said.

Meanwhile, condemning the attack on Shameem, the MDP said in a statement: 'The alleged close ties between top government officials and criminal gangs were resulting in open violent assaults on top state officials." The MDP accused President Muizzu's administration of failing to provide proper protection to officials charged with fulfilling constitutional duties and responsibilities.

'This party also notes that after having successfully driven down violent assaults in the Maldives during the former administration, such crimes have increased after President Muizzu took office," the portal reported, quoting the MDP statement.

The Prosecutor General's Office (PGO) said in a statement that Shameem was attacked with a weapon by two people on a motorbike. "While neither the PGO nor the police have specified the type of weapon used, a police spokesperson had said earlier that they had ruled out the use of a sharp-edged weapon," the news portal said.

EU aims to launch Red Sea naval mission within 3 weeks

The European Union plans to launch a naval mission in the Red Sea within three weeks to help defend cargo ships against attacks by Houthi rebels in Yemen that are hampering trade and driving up prices, the bloc's top diplomat said Wednesday.

EU foreign policy chief
Josep Borrell said he wants the

mission to be up and running by February 17. Officials say that seven EU countries are ready to provide ships or planes. Belgium has already committed to send a frigate. Germany is expected to do the same. Last week, US and British forces bombed multiple targets in eight locations used by the Iranian-backed Houthis. It was the second time the two allies have conducted coordinated retaliatory strikes on the rebels' missile-launching capabilities. The Houthis have waged a persistent campaign of drone and missile attacks on commercial ships since the start of the Israel-Hamas war in October, but Borrell insisted that the EU mission will not take part in any military strikes. "This is the purpose: protection of the ships. Intercepting of the attacks against the ships. Not participating in any kinds of actions against the Houthis. Only blocking the attacks of the Houthis," Borrell told reporters

The ministers were expectto decide later on Wednesday which member country should lead the naval effort — France, Greece and Italy are vying for that role —

before chairing a meeting of

EU defence ministers in

and where the mission's headquarters should be based. Borrell said that business-

es have been demanding EU action, given the trade implications of forcing merchant ships to bypass the Red Sea on their way to and from Europe.

"Many European firms asked us to do that because their business model is suffering a lot due to the high increase in cost and having to go down to South Africa," he said, referring to the alternative route that commercial ships are taking. "It's affecting prices, it's affecting inflation. So, it's a natural endeavor for us to try to

US announces overhaul of its annual lottery for H-1B visas

The US has announced a major overhaul of its annual lottery for the H-1B speciality occupation visas, popular among Indian IT professionals, to curtail the potential for fraud and improve and streamline the registration system. Separately, the US on January 29 has formally launched a pilot programme to renew the much sought-after H-1B visas domestically, a move that is likely to benefit thousands of Indian tech professionals.

The H-1B visa is a nonimmigrant visa that allows US companies to employ foreign workers in speciality occupations that require theoretical or technical expertise.

Technology companies depend on it to hire tens of thousands of employees each year from countries like India and China. The new overhauled system, among other things, includes the provision of a beneficiary-centric selection process for registrations by employers. As a result, unlike in

the past when multiple applica-tions by an individual often resulted in abuse in fraud of the system, the H-1B visa applications would now be counted and accepted based on individual applicants.

Even if one individual files multiple applications for various companies, they would be counted as one application based on their personal credentials like passport numbers.

US Citizenship and Immigration Services (USCIS) also announced a set of new rules which are aimed at strengthening the integrity of and reducing the potential for fraud in the H-1B registration

This includes reducing the potential for gaming the registration system and ensuring each beneficiary would have the same chance of being selected, regardless of the number of registrations submitted on their behalf, the federal agency said "We're always looking for

ways to bolster integrity and

curtail the potential for fraud while improving and streamlining our application processes," said USCIS Director Ur M

Jaddou.

"The improvements in these areas should make H-1B selections more equitable for petitioners and beneficiaries and will allow for the H-1B process to be fully electronic from registration, if applicable, until final decision and transmission of approved petitions to the Department of State," he said.USCIS also said the initial registration period for the fiscal 2025 H-1B cap will open at noon on March 6 and run through March 22.

During this period, prospective petitioners and their representatives, if applicable, must use a USCIS online account to register each beneficiary electronically for the selection process and pay the associated registration fee for each beneficiary.

Starting February 28, companies will be allowed to open their account which can be used to start and complete the registration process

USCIS said this final rule contains provisions that will create a beneficiary-centric selection process for registrations by employers, codify start date flexibility for certain petitions subject to the congressionally mandated H-1B cap, and add more integrity measures related to the registration process. According to USCIS, under the beneficiary-centric process, registrations will be selected by a unique beneficiary rather than by registration. This new process is designed to reduce the potential for fraud and ensure each beneficiary would have the same chance of being selected, regardless of the number of registrations submitted on their behalf by an employer, it said.

Starting with fiscal 2025, which begins on October 1, 2024, initial registration period, USCIS will require registrants to provide valid passport infor-

USCIS is also clarifying requirements regarding the requested employment start date on certain petitions subject to the congressionally mandated H-1B cap to permit filing with requested start dates that are after October 1 of the relevant fiscal year, consistent with current policy. Also, the H-1B final rule codifies USCIS' ability to deny or revoke H-1B petitions where the underlying registration contained a false attestation or was otherwise invalid. Also under the new rule, USCIS may deny or revoke the approval of an H-1B petition if

10k Indian construction workers to reach Israel

PTI ■ JERUSALEM

With Israel's construction sector suffering a severe manpower crisis post the October 7 conflict with Hamas, some 10,000 workers from India are to make their way here starting next week, industry sources said on Wednesday. These 10,000 workers will reach in batches of 700 to 1,000 a week, a source in the Israel's Builders Association (IBA) told PTI

With Israel's latest conflict with Hamas in Gaza a little short of four months, and a ban on the entry of Palestinian workers and the departure of several thousand other foreign workers, the Israeli construction industry has been facing a deep crisis and several ongoing projects are getting either stalled or delayed.

Following the conflict, Israel has banned the entry of Palestinian workers. The departure of several thousand other foreign workers, the Israeli construction industry has been facing a deep crisis.

Israeli business daily The Calcalist in a report in Hebrew last week said that the quota of foreign manpower for the construction industry has been increased from 30,000 to 50,000 and that the Israeli government last month approved the arrival of 10,000 workers from India. The IBA source confirmed to PTI that the details in the Calcalist report

were correct.

When asked about the arrival of the first batch of workers, the source said, "We hope they'll come next week."

The workers to arrive in Israel would be part of the private recruitment track, which was approved by the government in parallel with the bilateral (inter-governmental) track to enable rapid recruitment of workers into the construction industry.

The IBA is looking to hire workers also from other countries such as Mexico, Kenya and Malawi. Screening of workers is said to have begun three weeks ago in India, Sri Lanka and Uzbekistan. "To date, out of about 8,000 workers examined, about 5,500 have been found suitable for work in Israel - the vast majority Indian," The Calcalist had reported.

'The Indian construction workers are at a high professional level. Many of them were previously employed in the Gulf countries, so these are skilled manpower. Most of them are fluent in English, and those who have worked in the Gulf also know Arabic, which is a great advantage," an industry source was quoted by the

business daily as saying. The selection process is led by IBA's CEO Igal Slovik and Izchak Gurvitz, who heads the association's division dealing with workers' issues and the selection team.

Import duty on mobile parts cut to 10 per cent

day ahead of the interim Abudget, India has slashed the import duty on spare parts, like battery cover, lens and SIM socket, used in mobile phone manufacturing to 10 per cent, from 15 per cent.

The duty cut is aimed at boosting local production and exports, as well as reducing prices in local markets.

The finance ministry on January 30, notified the cut in duty on all goods for use in manufacture of cellular mobile phones to 10 per cent.

The other components include battery cover, front, middle and back cover of phone, main lens, screw, SIM socket, or other mechanical items.

Telecom Minister Ashwini Vaishnaw in a post on X said the duty rationalisation would strengthen the mobile phone through this measure.

"Rationalization of customs duties brings much-needed certainty and clarity for the industry," Vaishnaw said. GTRI Co Founder Ajay

Srivastava said the duty cut will have no impact on improving export competitiveness of mobile phones made in India as all inputs, parts, and components used in the making of mobile phones for exports can already be imported at zero duty under various government schemes SEZ, Advance authorisation. Firms like Apple

use these schemes. "The government should watch out if the benefit of duty cuts are passed to domestic mobile phone buyers through

price cuts," Srivastava said. The Indian Cellular and Electronics Association

Chairman Pankaj Mohindroo said this is a critical policy intervention by the government towards making mobile manufacturing competitive in India.

'Electronics have improved from the 9th position a few years ago to India's 5th largest export in 2024. Mobiles

constitute over 52 per cent of electronics exports thanks to Production-Linked Incentive Scheme. This is the first industry to leapfrog out of import substitution to exportled growth within the last 8 years," Mohindroo said.

import duty on components like battery covers, main lenses, back covers, and other plastic and metal mechanical items has been decreased to 10 per cent with corresponding inputs/ parts used in manufacturing of a few components brought down to nil duty rate in order to promote local manufacturing. Additionally, duties on display assembly parts for LCD panels have been reduced to 10 per cent for better alignment.

The government has in effect slashed the import duty on mobile components with a clear intention of boosting the indigenous assembly of mobile phones. This positive move is poised to facilitate level playing field to Indian companies by enhancing competitiveness at the global stage, ultimately contributing

SW India Practice Leader Indirect Tax Ankur Gupta said in pursuit of becoming the world's fourth-largest cellular mobile phone exporter, India is strategically working towards curbing the import of mobile phone components as finished products. India gold demand dips 3 per

PTI MUMBAI

ndia's gold demand witnessed Ion-year decline of 3 per cent at 747.5 tonnes in 2023, and going ahead the spurt in demand could be anywhere between 800-900 tonnes, if prices hold out and are not significantly volatile, the World Gold Council said in a report. The country's total gold demand stood at 774.1 tonnes in 2022, according to the World Gold Council (WGC) Gold Demand Trends report

"India's gold demand in 2023 declined by 3 per cent to 747.5 tonnes, strongly influenced by rising gold prices. Although consumer interest remained high, it lagged trade sentiment. October's price correction during Navratri stimulated a robust consumer response,

boosting Diwali sales in November.

"However, demand declined in December as gold prices resumed an upward trend, resulting in a 9 per cent drop in fourth quarter jewellery demand compared to the same period of 2022," WGC Regional CEO, India, Regional Somasundaram PR told PTI. Price of gold was volatile throughout 2023, with the yellow metal reaching a new high of Rs 61,845 per 10 gm on May 4 in the domestic market and USD 2,083 an ounce in global markets, and this trend continued with the precious metal reaching another high of Rs 61,914 per 10 grams in November 16.

Looking forward to 2024, India's gold demand should benefit from ongoing positive economic conditions and if the

prices hold out are not significantly volatile there is likely to be a big spurt in demand which could be anywhere between 800-900 tonnes, he said.

The subdued demand range of 700-800 tonnes since 2019 attributable to continuous rise in prices, increase in duties, stock market outperformance,

near-term elections spending impact and acceptance of elevated price levels, suggest

the potential for a spurt in demand in the near future. However, any short-term impediments to higher demand could arise from another round of sharp price hikes and volatility triggered

The total jewellery demand in India dropped by 6 per cent to 562.3 tonnes in 2023, compared to 600.6 tonnes in the previous year, the report

Meanwhile, the total gold investment demand in the country grew by 7 per cent to 185.2 tonnes, compared to 173.6 tonnes in the previous year, the WGC report said. Bar and coin investment in

India rebounded, growing by 7 per cent to 185 tonnes year-onvear. The fourth quarter demand touched 67 tonnes, 64 per cent above the five-vear quarterly average.

The correction in gold prices led to some robust investment responses in third and fourth supported increased interest physically backed gold ETF investors, setting total holdings

in Indian-listed products to a record 42 tonnes by year-end," Somasundaram said. He said that recycling was 20

per cent higher due to low and supportive higher prices but at

117 tonnes, could be considered the normative expected level. Total gold imported to India in 2023 was 780.7 tonnes, up by 20 per cent compared to 650.7 tonnes in 2022, according to the report. "Net gold imports surged by 20 per cent to 780.7 tonnes in

2023, primarily due to substantial inventory building by the trade. In 2024, gold imports are

likely to be higher than the demand. The various Free Trade Agreements (FTAs) India has inked with many countries are expected to boost gold imports further this year," noted Somasundaram.

ADB mobilises ₹1,250 crore through green bonds

PTI ■ NEW DELHI

¬he Asian Development Bank on Wednesday said it has garnered Rs 1,250 crore (about USD 150 million) through its largest local currency green bond issue so

The issue is structured as a 4-year currency linked bond, with a one-time repayment at maturity and carrying a fixed interest rate of 6.72 per cent per year, ADB said in a statement

The bond is denominated in Indian rupees but settled in United States dollars, with returns to investors indexed to the performance of the Indian currency, it

The government has focused on building modern facilities for remote and faraway islands like Andaman-Nicobar and Lakshadweep, which had been deprived of development.

Hoteliers expect lenient tax

PTI ■ NEW DELHI

Hoteliers are expecting a more lenient tax structure and an increased allocation in Union Budget 2024-25, which will give a boost to the tourism industry.

Amandeep Singh Grover, General Manager of Hilton Goa is hopeful of reforms that standardize offerings within the tourism sector. involve could

streamlining processes, enhancing infrastructure, and ensuring a consistent and high-quality experience for Standardization would not only elevate the overall appeal but also position the country as a more enticing destination for travellers, ultimately driving growth and sustainability in the hospitality sector," he said.

Also, a more lenient tax structure would make hospitality services more accessible and attractive to tourists.

"Outbound tourism is rapidly picking up especially with many countries implementing 'visa-free' or 'visa-on-arrival' strategies, it is important for us to be competitive and relax taxation and make it lucrative for travellers," he added.

Shilpi Khanna, General Manager at Hyatt Centric, Juhu "Operational costs in hotels are a big challenge for us. As costs rise, people's spending power will decrease because of inflation,"

Khanna noted that the hospitality industry was the

worst-hit sector during the COVID-19 pandemic. 2023 was a good comeback year for the sector, but it still could not cover the losses.

"Our appeal government is to please look after the taxation policy of the country. We are looking for lower income tax for the smoothness of the business," she said.

Khanna suggested that the government should relax taxes LTAs (Leave Travel Allowances) so that travel and tourism are encouraged, which will provide a big boost to the

hotel industry. She also called for an increased budget allocation for the industry

Harkaran Singh Seth, General Manager of Radisson Blu

Mumbai International Airport said, "The hotel industry is the seventh pillar of the country. There should be multiple bodies to look after the hotels for ease of business. There should be a single window for approval of our projects, for faster implementations. It will create easier ways for cash flow and contribution towards the economy.

Singh said that easier loans will create more opportunities for the industry. He emphasised on increasing the budget allocation for the sector, saying that the allocation should be increased to Rs 3,000-3,500

MANJU ADDS 10KM GOLD TO HER KITTY

Punjab's international race walker, Manju Rani enjoyed a good run in the National Open Race Walk Championships here on Wednesday, winning the gold medal in the senior women's 10km competition.

A day after winning gold in the women's 20km event, she dominated the senior women's 10km race to brighten her prospects of competing in the inaugural marathon race walking mixed relay that will feature at the 2024 Paris Olympic Games.

Manju's gold medal winning time in 10km was 45:20.00s. The promising Punjab race walker had paired with Ram Babu to win bronze in the 35km mixed relay race walking team event at the Hangzhou Asian Games last year.

Manju was elated to have won back-to-back gold medals at the national competition. "My main focus will be the mixed relay event this year and

NEED TO BE PATIENT WITH LIKES OF GILL, IYER: RATHOUR

PTI VISAKHAPATNAM

¬he likes of Shubman Gill and Shreyas Iyer deserve patience amid their current poor run, said India batting coach Vikram Rathour on Wednesday, urging his wards to tackle England's aggression with intelligence in the second Test

The Indians lost the opening Test in Hyderabad by 28 runs despite having a 190-run first innings lead. England managed to shock the home favourites with their 'Bazball' approach with Ollie Pope scoring a match-winning 196. The second Test starts here on

"There are young batters in our team who have not played much Test cricket. So, we need to be a bit patient with them. Batters like (Shubman) Gill, (Yashasvi) Jaiswal and (Shreyas) Iyer will eventually start getting big runs, I'm sure of it," Rathour said at a press conference here.

Although Jaiswal played a knock of 80 in the first innings of his fifth Test, Gill and Iyer failed to fire, continuing their struggles in the format. While Gill has played 21 Tests, Iyer has appeared in 13 five-day

games.
Gill hasn't scored a 50 in his last nine Test innings. Iyer has been similarly off-colour.
Rathour said he expects better

application from the side's batters in second Test where the home team will once again miss the services of the redoubtable Virat Kohli.

'There's a difference between playing with intent and playing attacking cricket. I want them to play with intent If there is the opportunity to score some runs, they should take it," Rathour said.

'They need to decide by looking at the surface and conditions. So, the batters to possess that intelligence as to which is the best or safest shot on the surface," he explained.

Rathour felt India's batting performance in the second innings of the Hyderabad Test probably lacked discipline.

"Could they have batted with more discipline? Maybe they could have. That's what they need to decide and come up with their plans," he observed. "But, they need to score runs by playing their shots, as you need to back your strengths. Batting is always about scoring runs. It's not about not getting out but how many runs you put on the board," he

England used the sweep shot quite well to blunt the effectiveness of Indian spinners but Rathour said it's not a stroke that can be added overnight to a player's repertoire.

"...You need to be prepared for that by practising it. If you add more shots to your game, it's always beneficial. We played traditionally. The strength of strong areas is going straight when it comes to using our

"We can keep doing that, and of course, if we can add more shots and score through the square of the wicket, that's always an addition," he said.

Rathour also heaped praise on the English batters for playing brave cricket, especially Pope, effectively taking the game away from Rohit Sharma's men.

However, he maintained that England's strong showing has not put his team under any

additional pressure. "They (England) were brave. They took their chances, which worked for them. The kind of innings Pope played was exceptional. I haven't seen too many playing such a knock against our bowling attack," he said.

"I don't think (there's any pressure). We are expected to win while playing in India, and the boys are used to that by now.
"The message to them from the support staff is to play

good cricket and not bother about results too much. The other teams also come wellprepared. Since we have won Test matches in Australia. England and South Africa, we also expect them to win a Test

BCCI secretary Shah reappointed ACC chairman for third term in a row

PTI ■ NEW DELHI

Indian Cricket Board (BCCI) secretary Jay Shah was on Wednesday appointed as the president of the Asian Cricket Council for a third consecutive term. Shah's extension was proposed by the Sri Lanka Cricket president Shammi Silva for the second time and the nomination was unanimously backed by all the members of the ACC at its annual general meeting in Bali. Shah initially assumed the role in January 2021, succeeding Bangladesh Cricket Board

President Nazmul Hassan. Under Shah's leadership, the ACC successfully organised the Asia Cup in T20 format in 2022 and in ODI format in

"I am grateful to the ACC Board for their continued Board We must remain committed to ensuring the allround development of the sport with a special focus on regions where it is still in its infancy. The ACC is committed to nurturing cricket across Asia," Shah said
