The Election Commission is expected to announce the dates for the Lok Sabha elections after March 13. As part of the ongoing preparations for the General Elections and concurrent Assembly polls in select States, the Chief Election Commissioner is currently engaged in successive visits to these regions.

declared on May 16. In 2019, the poll panel announced the seven-phase Lok Sabha elections on March 10, and the results were declared on May 23. Sources indicate that senior officials of the Election Commission of India are actively engaged in regular meetings with the Chief Electoral Officers (CEOs) of different States to address potential issues ahead of the elections. The focus is on practical challenges such as the transportation of Electronic Voting Machines (EVMs), the deployment of security personnel, and maintaining vigilance along state borders. Also, sources mentioned that the Central Board of Secondary Examination

(CBSE) Class 10 board examination will end on March 13, freeing up many teachers and school buildings for election duties. A team from the EC is also expected to visit Jammu & Kashmir on March 13. Chief Election Commissioner Rajiv Kumar will meet representatives from as many as nine political parties, including the Dravidian majors, to discuss issues regarding conducting the poll. ## Centre set to get the show on the road

PIONEER NEWS SERVICE ■ NEW DELHI

The Ministry of Road & Highways (MoRTH) is set to achieve a record-breaking milestone with the construction of the highest-ever four-lane and access-controlled high-speed highways, reaching an ambitious road construction target of 13,000 km by the end of this fiscal year. "In 2020-21, we witnessed the highest-ever road construction of 13,327 km compared to 4,260 km in 2013-14. As of January this year, we have already completed 7,600 km of roads, and we anticipate reaching a level of 12,800-13,000 km by the end of

March," said Anurag Jain, Secretary of MoRTH, during a press conference on Friday. The Ministry aims to construct between 12,000 km and 13,000 km of national highways in 2023-24, slightly below the target of 13,813 km. The ministry constructed 10,237 km of National Highways in the 2019-20 financial year, 13,327 km in 2020-21, 10,457 km in 2021-22, and 10,331 km in 2022-23. As of the end of January 2024, the ministry has completed the construction of 7,685 km. "We are optimistic about completing 4,500-5,000 km in the remaining two months, which will help us achieve anywhere between 12,000 and

13,000 km in the current financial year. This will be the second-best achievement," Jain said. The Secretary said the current financial year will see the highest-ever construction of four-lane roads and the highest-ever speed or access-controlled highways, with capacity augmentation pegged at 9,500 km, which will be a record for the ministry. "Up to January 2024, we have seen a 10 per cent year-on-year growth, while the increase in construction of four-lane highways is 16 per cent," he said, adding that the construction of four-lane and above roads now stands at two-and-a-half times the annual achievement of FY'14. Jain said the ministry is also confident of awarding highway projects worth ₹10,000 crore by March end. The NH network increased by 60 percent from 91,287 km in 2014 to 1,46,145 km in the year 2023, government data showed. The length of four lanes and above NH increased by 2.5 times from 18,387 km in 2014 to 46,179 km in November 2023, the secretary said.

km-long corridor between Mumbai and Ahmedabad could be operational by July-August 2026.

"The other sections will be opened one after the other thereafter," he said. Vaishnaw made these

statements during a site visit where the tunnelling process was initiated for the 21 km long India's first underground/undersea tunnel as part of the bullet train project. He also visited to assess the progress for the underground stations at Bandra-Kurla Complex and Shilphata in Maharashtra. "Challenges involved multiple controlled blasting with sufficient noise and air pollution prevention measures so as to cause minimal disturbance to the environment and population in the adjoining areas," Vaishnaw said.

PNS ■ CHANDIGARH

port price on 14 crops. Acknowledging the pivotal contributions made by the framers, an amount of Rs 7570.77 crore has been allocated for agriculture and allied sectors and cooperation for the financial year 2024-25 which is an increase of 38.9 percent over the revised estimates of Rs 5449.26 crore of the current year.

He further said 21 vegetables and fruit crops have been included in the Bhavantar Bharpai Yojana to reduce farmers' risk. The CM said that stubble burning incidents in the state had dropped by 67% in Haryana in the past two years.

GDP at constant prices (2011-12 prices) at the national level has recorded a compound annual

growth rate of 5.6 percent during the same period. Haryana's faster growth as compared to national growth has meant that the share of Haryana's GSDP in All-India GDP has increased from 3.5 percent in 2014-15 to 3.7 percent in 2023-24. Haryana has witnessed a year-on-year growth in its GSDP at constant prices of 8.0 percent in 2023-24, whereas the national GDP registered a growth rate of 7.3 percent during the same period.

For 2024-25, fiscal deficit of 2.77 percent of GSDP is projected, which is well within the permissible limit of 3 percent. The overall debt stock has also been successfully contained within the prescribed limit. The debt to GSDP ratio in RE 2023-24 is 26 percent as against the limit of 33.10 percent of GSDP. For 2024-25 debt stock is projected at 26.15 percent of GSDP, much below the stipulated norms of 32.80 percent of GSDP. We will continue to exercise fiscal prudence as this is the only path to sustainable economic development.

Khattar announced the introduction of drone didis (sisters) on the pattern of a scheme announced by Prime Minister Narendra Modi last year. Khattar said that 550 women and self-help groups

will be trained for providing drone services to farmers for agriculture purposes.

The Finance Minister announced a Rs 10-crore start-up fund to promote manufacturing of unmanned aerial vehicles or drones. The fund will be notified by the industry and commerce departments. He proposed setting up six botanical gardens in the state. The allocation for the sports sector would be increased to Rs 578 crore in the 2024-25 financial year from Rs 432 crore in 2023-24. The financial compensation for families of soldiers who die in the line of duty was increased from Rs 50 lakh to Rs 1 crore.

The Chief Minister announced that the monthly allowance of Rs 25,000 for freedom fighters will be increased to Rs 40,000. Khattar said that from April 1 this year, abiana (service charge) levied on consumption of canal water will cease to exist. ## Himachal to implement mental health policy as 6pc state's population under mental stress

PNS ■ SHIMLA

The Himachal Pradesh government would strictly implement a Mental Health Policy as 6 per cent population of the state was under mental stress, minister Dhani Ram Shandil said in Vidhan Sabha on Friday.

Replying to the discussion on the private member resolution moved by Bhawani Singh Pathania (Congress) regarding formulating a policy to improve infrastructure for mental health patients in the state, the minister for Health and Family Welfare said that the government would appoint Psychiatrists and Counsellors in all 69 model health institutions of the state. He said that the Mental Health Hospital at Tanda Medical College would be strengthened and attributed the problem of mental stress and drug abuse to the modern lifestyle.

Chief Minister had announced to opening of modern de-addiction centres on International de-addiction day and efforts have been stated in this direction, he said adding that a meeting of deputy commissioners was held under the chairmanship of Secretary Health in this regard and directions were issued to identify 30 to 40 bigha suitable lands for the centres in all districts. Shandil said that the model de-addiction centres would have a capacity of 200 to 300 beds and these centres would be opened in all districts under the "Drugs free India" campaign of the Union government.

He said that increasing competition was also the cause of the rise in the number of patients with mental health issues and the state government was working in tandem with the Union government to improve mental health and strengthen the health infrastructure. Moving the resolution, Pathania said that strong infrastructure should be built for people with mental health issues as about 15 lakh persons were mentally disturbed and suicides among students are on the rise. Due to competition, the youth is more affected by mental problems but they don't talk about their problems as it is considered a stigma in the society, he said.

# Punjab CM offers Rs 1-cr compensation, slain farmer's family demands justice

## Family refuses for post-mortem, cremation till FIR; Farmers seek martyr status

PNS ■ CHANDIGARH

In the wake of the tragic death of a 21-year-old farmer Shubhkaran Singh during clashes at the Punjab-Haryana border, Punjab Chief Minister Bhagwant Mann on Friday announced a compensation of Rs one crore for the bereaved family. The announcement, made amidst a backdrop of heightened tensions and widespread mourning, aimed to extend support to the grieving family during their time of need.

Chief Minister Mann described the compensation as a humble gesture of solidarity with the agrarian community, particularly those who have made immense sacrifices in the ongoing protests. Alongside the financial assistance, Mann also assured government job placement for Shubhkaran's sister, acknowledging the family's loss and the need for immediate support.

"We stand with the

bereaved family in this hour of crisis," Mann declared, emphasizing the government's commitment to providing assistance and ensuring justice for Shubhkaran's untimely demise.

The Chief Minister, at the same time, reiterated the Government's firm commitment to put the perpetrators of the gruesome murder of the young farmers behind the bars. "Exemplary punishment to the guilty responsible for the death of the youth will be ensured," said Mann, bemoaning that the young farmer fell prey to the 'bullet of hatred' when he was merely exercising his democratic right and "the people responsible for this heinous crime deserve no leniency and will be duly punished for their sin".

Mann added that after investigation, FIR will be registered against the people responsible for death of the youth and exemplary punishment to them will be ensured. "The State Government is fully with the food growers of the state who have been unduly stalled, by the forces inimical to the state, from going to the national capital for peaceful protest in wake of their genuine demands," he said.

However, amidst the Government's offer of assistance, the family of Shubhkaran Singh stood firm in their demand for justice. Refusing to accept the Rs one crore compensation, they stressed that their primary objective was not financial restitution but rather accountability for their son's death.

"We are seeking justice for our child, and it can't be equated with money or job," asserted the family members, expressing their unwavering determination to pursue legal recourse until those responsible for Shubhkaran's death are brought to justice.

The family's refusal to accept the compensation offer sparked a fresh wave of debate and discussion, with many lauding their courage and resilience in the face of tragedy. Farmer leaders, standing in solidarity with the grieving family, vowed to support their demands for justice and pledged to withhold the cremation until concrete steps were taken to ensure accountability.

### "No cremation until FIR"

The family, backed by the farmer leaders, has refused to

cremate Shubhkaran until an FIR is lodged against the Haryana police. At the same time, they have also made it clear that his post mortem will not be conducted until the guilty are punished.

Speaking to reporters in Patiala, prominent farmer leader and Kisan Mazdoor Morcha (KMM) head Sarwan Singh Pandher echoed the sentiment, asserting that financial compensation pales in comparison to the quest for justice. "For us, money is not important. We are demanding that an FIR be lodged, and then cremation will take place," Pandher emphasized, highlighting the family's steadfast demand for legal action against the perpetrators.

"The body of 22-year-old Shubhkaran Singh will not be taken for a post-mortem until those responsible for his death are brought to justice... Compensation doesn't matter to us... We will give a call today and farmers from across the globe will come and help Shubhkaran's family," said Pandher, adding that they had already told Shubhkaran's family that it may take two days or 10 days.

Meanwhile, allegations of

governmental pressure and bureaucratic hurdles have surfaced, with farmer leaders accusing Punjab Government officials of attempting to coerce the family into agreeing to the cremation without due process.

Pandher said that the Punjab Government is spending so much time and energy on the family to agree for compensation and job. "It is a suggestion to them that they must spend even half of this energy on looking into the demands of the farmers and daring to lodge an FIR against the culprits who killed Shubhkaran," he added.

Samyukta Kisan Morcha (SKM), Non-Political leader Jagjit Singh Dallewal raised further concerns about the failure to register a case against Haryana security personnel allegedly involved in the incident. "If you cannot register a case, then how can you call yourself 'Punjab de rakhe' (Punjab's protector)?" he questioned, drawing attention to the apparent impunity enjoyed by the perpetrators.

Amidst calls for justice, farmer leaders have also demanded "martyr" status for Shubhkaran, honouring his sacrifice in the ongoing struggle for agricultural rights.

## Farmers observe 'Black Day' amidst effigy burnings, torchlight protests across Punjab

PNS ■ CHANDIGARH

In a widespread display of anguish and protest against the recent incidents of state repression on farmers, effigies of prominent leaders including Union Home Minister Amit Shah, Haryana Chief Minister Manohar Lal Khattar, and State Home Minister Anil Vij were set ablaze in Punjab as the Samyukta Kisan Morcha (SKM) observed a nationwide 'black day' on Friday.

The call for the 'black day' came in response to the tragic death of Shubhkaran Singh, a young farmer who lost his life in clashes between the Haryana Police and protesting farmers from Punjab at Khanauri border. As part of the SKM's demonstrations, effigies were burnt at 47 locations in 17 districts of Punjab, reflecting the deep-seated anger and resentment among the farming community, expressing solidarity with Shubhkaran's family and demand justice for the fallen farmer.

Farmers and workers, fueled by anger and grief, took to the streets in various cities, raising their voices against what they perceive as an unjust system that prioritizes corporate interests over the welfare of the agrarian community. Torchlight processions, effigy burnings, and demonstrations became the hallmark of the day, echoing the sentiments of thousands affected by Singh's untimely demise.

Punjab, the epicenter of the farmers' agitation, the BKU (Ekta Ugrahan) organized demonstrations at 47 locations across 17 districts, condemning the actions of the Haryana Police and demanding accountability from political leaders. Effigies of Amit Shah, Khattar, and Vij were set ablaze, symbolizing the collective anger of the farming community.

Similar protests reverberated across the country, with farmers in Hoshiarpur and Ludhiana joining hands to demand justice for Shubhkaran and accountability from those responsible for his death. The demands extended beyond mere condemnation, with calls for the resignation of Ministers and the initiation of a murder case against those deemed accountable for Shubhkaran's tragic fate.

However, amidst the widespread expression of discontent, a glimmer of hope emerged from Punjab as the Bhagwant Mann Government announced compensation of Rs one crore and one employment opportunity for

Shubhkaran's family. The move was welcomed by the SKM, which had been advocating for such measures to alleviate the suffering of the victim's loved ones.

Yet, despite this gesture, the underlying issues that led to young farmer's death remain unresolved. The farmers' agitation, spearheaded by the SKM, continues to demand concrete action from the government, including legal guarantees on Minimum Support Price (MSP), farm loan waivers, and justice for victims of past atrocities such as the 2021 Lakhimpur Kheri violence in Uttar Pradesh.

Furthermore, the SKM remained critical of the political rhetoric espoused by Prime Minister Narendra Modi, particularly regarding his recent visit to Gujarat where he reiterated promises of improving the lives of small farmers. The SKM contended that Modi's words ring hollow in the face of escalating economic hardships faced by farmers, as reflected in dismal indicators such as declining tractor sales and stagnating wages for agricultural workers.

Raising questions on the efficacy of Modi's guarantees, the SKM demanded explanations for the discrepancies, particularly focusing on Gujarat, where agricultural workers receive the lowest wages in the country. With tractor sales witnessing a decline and agricultural workers struggling to make ends meet, the farmers' demands for justice and economic security continue to echo across the nation, challenging the government's rhetoric on rural prosperity. As the protests intensify, the farmers' resolve remains unyielding, with their sights set on achieving long-overdue justice and reforms in the agricultural sector.

The SKM, which spearheaded a 2020-21 agitation against three farm laws that have since been repealed, is not a part of the 'Delhi Chalo' agitation, but has extended support to it.

The Samyukta Kisan Morcha (Non-Political) and the Kisan Mazdoor Morcha (KMM) are spearheading the 'Delhi Chalo' march to press the Centre to accept their demands, including a legal guarantee on the MSP and farm loan waiver.

Members of the SKM (Non-Political) and KMM put up black flags on their vehicles to register their protest against Shubhkaran's death. Farmer leaders put the march on hold for two days on Wednesday after Shubhkaran's death.

## Punjab Govt urged to Demand Return of Detained Farmers from Haryana

BKU President Jagjit Singh Dallewal has raised concerns over the safety and whereabouts of several farmers allegedly detained by Haryana's security forces. "Five of our farmers were dragged by security forces of Haryana...They have taken them to unknown places in Haryana. Earlier two were taken," he said. Urging action, Dallewal called upon the Punjab Government to intervene and demand the return of the detained farmers from Haryana.

## Another Farmer Dies, Toll Reaches 4

A 62-year-old farmer, named Darshan Singh, died of a heart attack at Khanauri border on Friday morning. He was taken to a hospital after he complained of uneasiness and suffered a cardiac arrest soon after. This is the fourth time a farmer has succumbed to a heart attack since the 'Dilli Chalo' protest commenced earlier this month.

## BKU Ugrahan not going to Shambhu or Khanauri borders, Protesting within Punjab

Bhartiya Kisan Union (BKU), Ugrahan, Punjab's prominent farmers' union, on Friday declared that it will not be participating in the 'Dilli Chalo' march — a call given by Samyukta Kisan Morcha (SKM), Non-Political, and Kisan Mazdoor Morcha (KMM) — but will instead focus its protests within Punjab.

The announcement was made by union president Joginder Singh Ugrahan during an address to its members in Sangrur. Ugrahan clarified the Union's stance, stating, "The 'Dilli Chalo' call has been given by two forums... Whether dharnas at Khanauri and Shambhu are correct or not, its accountability is on farmer leaders Pandher and Dallewal. We have ideological differences with them. But we are protesting at our own level within the State considering it our moral responsibility to take a stand on something wrong happening to the farming community."

## SGPC chief to visit Shambhu border today

Shiromani Gurdwara Parbandhak Committee (SGPC) president Harjinder Singh Dhahi is scheduled to visit Shambhu border at 8 am on Saturday.

THE STRESS BEHIND THE TEACHING PROFESSION

Teachers have alarming rates of burnout and attrition worldwide

College degrees, good education and satisfying jobs are all things that people generally strive for. Teaching is one of the most visceral jobs most people will ever experience. Teachers since ages have proven to be vital because they shape the lives of students and help them develop the knowledge and skills they need to succeed in the world.

It is interesting to note that many people today believe the stereotype that teaching is a stress-free job. It is the only profession that gets summers and weekends off. Moreover, it is typically a job that people only do because they cannot do anything else. The adage those who can, do; those who can't, teach is widely believed. However, the reality is that there is a great amount of stress associated with this type of profession.

There is no denying the fact that the teaching profession is emotionally, physically and mentally exhausting. Many teachers across the world are experiencing teacher shortages. As per the latest survey, it was found that almost 50% of the new teachers who join with super excitement, passion and a dream to take on the world quit within the first five years of teaching, which begs the question: why do so many of them leave after going through years of college for this profession? Without enough teacher, one cannot successfully educate their children. Moreover, the most disturbing part is that the education system relies on massive amounts of unpaid labour. According to the Bill and Melinda Gates Foundation, the average teacher works for 52.5 hours a week, over 30% more than they are contracted for. Multiple surveys declare uncertainty, workload, negative perception about the job, concern for others' well-being, health struggles and playing multiple roles have hampered school teachers' mental health and well-being.

Not only this, research also indicates that burnout contributes to high attrition rates among educators. Making teachers work beyond their contracted hours and not paying for it; giving them five hours or less per week to plan for 30 hours of instructions, grading and providing feedback on assignments for almost 200 students on an average, analysing data, contacting parents, attending meetings, preparing teaching materials, expecting teachers to implement new initiatives, programs and practices without proper training, completing administrative tasks, expecting teachers to differentiate and individualise instructions for a class with 30+ students and above all blaming teachers for all education-related issues despite not including teachers in decision making of education-related issues prove out to be a few reasons for teacher burnout. The constant turnover rate of teachers, lack of interest in teaching and lack of commitment to the profession continue to be a major concern for school systems all over the nation. Stress has become a common characteristic of teachers and with the increased amount of accountability, teachers play a significant role in students and schools resulting in poor classroom engagement and ultimately low student achievement.

To be an effective educator, all teachers need to maintain their psychological well-being. For an ordinary human being not related to this profession, a teacher is a person who is working around 1800 hours a year, whereas in reality, they are the ones who are working around 2300 hours a year on average which shows that approximately 550 hours are unpaid working.

Remember, the teachers cannot effectively accomplish all necessary tasks only during their contract hours. The growing concern is the psychological well-being of teachers not only at the school level but also at the college level.

# Farmers demand MSP protection

The imperative need for a legislation-backed MSP grows ever more urgent, promising stability and prosperity for the backbone of India's economy

The resurgence of protests by farmers has brought attention to their longstanding struggle for sustainable profitability in the agricultural sector. Although their demands are diverse, their primary request is for a legal guarantee for MSP (Minimum Support Prices). Farmers believe that the government has not shown genuine interest in effectively implementing MSP, which has led to distrust, frustration, and the need for a legal guarantee. These issues have forced them to leave their homes and farms and take to the highways in protest, resulting in the death of three farmers a couple of injuries, and disruption of normalcy that has affected the commuters and business activities.

In September 2020, the government introduced three controversial farm laws that were met with widespread protests and demands for their repeal. While the laws were eventually repealed in November 2021, there has been no interim report from the Committee on MSP formed to address farmers' concerns. This delay in decision-making perpetuates uncertainties in the agricultural sector and undermines the effectiveness of the present MSP as a stabilizing force.

MSP was introduced in 1966-67 to ensure food security amid food scarcity. Despite broad political support for a legal guarantee for MSP, successive governments have failed to formalize this issue, leaving the agricultural sector in a state of uncertainty. However, it is high time to address the weakening of the decades-old MSP policy, remove the complexities surrounding its legislation, and recognise the potential benefits of legalising MSP to fuel the wholesome growth of the agriculture sector, which is the country's lifeline. The Modi government has demonstrated its commendable ability to revamp decades-old mechanisms with various robust reforms such as the amendments to Indian Penal Codes and the abrogation of Article 370 in Kashmir, and now they must take bold steps to address this pressing issue.

Why farmers asking for legal guarantee: The MSP is an administered advisory price for 23 crops and is determined annually by the Commission for Agricultural Costs and Prices (CACP) as a key government intervention to insulate farmers from price volatility when the market prices fall below the MSP as well as of consumers against corrupt manipulative market inflation and maintains food security. It has been in existence in India for more than five decades. Why, then, are farmers asking for a legal guarantee? Only 6% of farmers benefit from MSP, and it procures just 11% of total agricultural output in the country, according to the latest available NITI Aayog data.

Over 90 % of crops are sold at prices that are 20-30% lower than the declared MSP, leading to average losses of Rs 20,000 per acre and about Rs 10 lakh crore annually for farmers. A study by the Indian Council for Research on International Economic Relations and the Organization for Economic Cooperation and Development found that Indian farmers have been suffering losses since 2000 due to ineffective policies. The report revealed that Indian farmers lost Rs 45 lakh crore during 2000-2017 due to low prices.

Misconceptions in legalising: The legalisation of MSP has been hindered by exaggerated claims about its fiscal costs.

LEGALISING MSP FOR A WIDER VARIETY OF CROPS ENSURES THAT THE BENEFITS OF PRICE STABILITY ARE NOT LIMITED TO SPECIFIC SEGMENTS OF THE FARMING COMMUNITY

These claims have misled successive governments, and it is essential to clarify that legalising MSP does not entail the government procuring all agricultural produce. The apprehensions over excessive fiscal requirements are unfounded and should not prevent the legalisation of MSP.

To make MSP a legal guarantee, necessary amendments are needed in the Agricultural Produce & Livestock Market Committee (APMC) Act by incorporating a clause that 'auction of farm produce in APMC's markets is legally not permitted below the declared MSP prices'. The apprehensions on the operation of MSP legal guarantee are that most of the sales of farm produce are not in APMCs, and traders may boycott the purchases of farm produce. The government does not have physical and economic resources to purchase, store, and market the procured farm produce, which is an irrational argument. Government intervention is necessary only when market prices fall below MSP, and it does not require the procurement of the entire marketable surplus.

The potential boycott of farm produce in places MSP legal regimes by the traders is an irrational argument because the commodity's supply is tight against the demand for farm produce. First, this was also evident from the fact that the government could manage to procure only 26 million tonnes of wheat at MSP against the target of 44.4 million tonnes fixed for the 2023 season. Second, the government's expenditure on procurement and imports of farm produce like edible oil and pulses, and on procurement of food grains on MSP in 2022-23, has already surpassed Rs 5 lakh crore and Rs 2.28 lakh crore, respectively. Claims that the MSP legal guaran-

tee will create fiscal disasters for India are baseless. According to government estimates, the MSP values of the total production of the 23 crops worked out to be around Rs 17 lakh crore, and some studies worked out to be around Rs 10 lakh crore. Furthermore, only 70% of the farm produce comes to markets as a marketable surplus, and farmers' families consume the rest for household purposes. The MSP legal guarantee will cost the government about Rs 5 lakh crore if traders or big corporations engaged in processing boycott the APMC's markets, which is an unlikely scenario. It is time to dismiss the misconceptions surrounding the legalisation of MSP and focus on the merits of providing a legal guarantee for MSP. Merits of legalising MSP: Farming is inherently risky, influenced by factors such as weather conditions, pest attacks, and market dynamics. By establishing a legally binding framework for minimum floor prices across all crops, will mitigate the current challenges and safeguard farmers from unpredictable fluctuations in the prices of their produce.

However, the government has proposed buying cotton, maize, tur, urad and Masur for five years directly from the farmers at the MSP without any quantitative limit. Notably, these crops are grown outside Punjab and Haryana, the home states of the protesting farmers. From this, can it infer that small pulses growing farmers all over the country stand to benefit? Legalising MSP for a wider variety of crops ensures that the benefits of price stability are not limited to specific segments of the farming community. Small and marginal farmers cultivating diverse crops can access the protective shield of MSP, contributing to inclusive agricultural growth, and playing a pivotal role in ensuring food security for the

nation by maintaining a stable production environment for key staples, contributing to the overall food security of the country.

A legal framework enables the government to conduct strategic operations in domestic and international markets. By selling procured produce at minimal markups during times of higher market prices, the government can manage inflation surges, ensuring price stability for consumers.

MSP reduces the vulnerability of farmers to market fluctuations, ensuring a minimum income for their produce. Farmers can navigate uncertainties more confidently, knowing that the government is legally bound to intervene when market prices fall below the MSP. A guaranteed MSP leads to increased rural income. This, in turn, stimulates the rural economy by boosting demand for goods and services, creating a positive ripple effect in various sectors.

The way forward: Policymakers can pave the way for a more secure and prosperous future for farmers by dispelling misconceptions and addressing concerns. Replacing the decades-old and inefficient MSP policy with a legislatively guaranteed MSP offers a comprehensive solution to the challenges faced by the agricultural sector. It not only ensures consistent implementation but also promotes diversification, inclusivity, and economic resilience, contributing to the wholesome well-being of farmers and the prosperity of the rural economy. This will help to fuel the dream of a 'Viksit Bharat'.

# The enduring legacy of Ameen Sayani, the radio icon

Sayani's influence extended far beyond the confines of the studio, earning him a place in the hearts and minds of millions

In the melodic realm of post-independence, India emerged a captivating voice that transcended mere broadcasting to become a cherished companion for countless listeners for almost four decades. With the resounding greeting, "Namaskar bhaiyon aur behno, main apka dost Ameen Sayani bol raha hoon," Ameen Sayani forged an indelible connection through the airwaves, beckoning listeners to join him on a journey of music and camaraderie. This golden voice of radio passed into eternity on February 21, 2024, in Mumbai. He was 91. His voice, emanating from vintage radio sets, possessed a captivating charm, diverging from the seriousness of his

peers. Ameen Sayani's pioneering radio show, starting as a modest segment on Radio Ceylon, swiftly became a cultural sensation in the 1950s. From Binaca Geetmala to Hit Parade and Cibaca Geetmala, his presentation remained timeless, bridging simplicity and connection, resonating with ordinary hearts. Geetmala transcended borders, captivating audiences across Asia and East Africa

and fostering unity through Hindi film melodies. With 90 million listeners, it has evolved into a cherished tradition, binding families over enchanting tunes.

They were not merely a fleeting waltz through the sonic realms; it was a timeless symphony, a melody that lingered in the hearts of generations. With the gentle caress of nostalgia, it continued its melodious journey, spanning the years from 1952 to 1994, a testament to its enduring charm and universal appeal. And like a phoenix rising from the ashes of bygone eras, it experienced resurgences in the dawn of new millennia, revivals in 2000-2001 and 2001-2003, each breathing new life into its hallowed name.

Beyond the airwaves, Ameen Sayani's unparalleled contribution as a voiceover artist echoes through the annals of time, with over 54,000 radio programmes and approximately 19,000 jingles to his credit — a testament to his lasting impact on the hearts and minds of a nation. Bhajan Samrat, Anup Jalota while sharing his thoughts with me on hearing the news of Ameen Sahab's demise said that he was one of the pioneers in the field of entertainment in broadcasting media and the texture of his voice captivated many people. "Today many of the anchors try to copy his texture and finesse", he said, adding, "It was almost a miracle that any song that Ameen Sahab would announce in his Binaca Geetmala, would go on

to become a hit. Phrases like "Aawaz ke duniya ke doston", and "Bhaiyon aur Beheno" were introduced by him which people are using today and trying to establish themselves. He was very mild in his behaviour and very gentle. "Listening to Ameen Sayani's iconic radio show, 'Binaca Geet Mala,' with my siblings was a cherished ritual in our household," reminisces Dr Sumitra Guha, a renowned classical vocalist and recipient of the Sangeet Natak Akademy award. "The mesmerising voice of Ameen Sayani filled our hearts with joy, as we eagerly awaited the melodious tunes of legendary playback singers like Lata Mangeshkar. His captivating narration and the golden era of Bollywood music left an indelible mark

on my soul. It was truly a magical time, enhanced by the charm of our beloved host." Writer, social activist and President of the Guild of Services, Meera Khanna shares her memories of growing up listening to Ameen Sayani. She says, "With the passing away of Ameen Sayani it is as if a precious memory of childhood has slipped away. The 'Binaca Geetmala' which he hosted in his amazing voice was an integral part of a childhood when television had not invaded homes. Gathered around the radio or with the transistor stuck to the ear Ameen Sayani invited you to float on the melody or foot tap to the rhythm of the most popular Hindi film songs. Thus, every week Ameen Sayani was the friend who vis-

ited with a bouquet of melody rhythm and poetry. Millions in this country will remember with the nostalgia of the times when pleasures were simple and radio hosts made you feel good about our world." Smita Vats, Founder and President of ITIHAAS (Indian Traditions Heritage and Society) kept it simple when she said, "My memories are just of his voice... diction, and metre while reading and talking. All lost now, as no one speaks well these days." Throughout his illustrious career spanning decades, Sayani epitomised innovation and authenticity. Amidst evolving media landscapes, he championed radio's timeless ability to unite communities. Beyond the airwaves, Sayani's magnetic charisma

made him a sought-after emcee, infusing every event he hosted with enchantment. Veteran journalist and author, Khushwant Singh eloquently captured Sayani's significance, saying, "Ameen Sayani wasn't just a radio presenter; he was a storyteller whose voice painted vivid images in the minds of his listeners." In the words of the man himself, "This is Ameen Sayani, signing off with the hope that you'll join me again next week, same time, same station." As we bid farewell to this titan of the airwaves, his voice and legacy will long be cherished. Farewell Ameen Sahab!

# US, EU pile new sanctions on Russia

AP ■ WASHINGTON

The United States and the European Union are piling new sanctions on Russia on the eve of the second anniversary of its invasion of Ukraine and in retaliation for the death of noted Kremlin critic Alexei Navalny last week in an Arctic penal colony. The US Treasury Department plans Friday to impose more than 500 new sanctions on Russia and its war machine in the largest single tranche of penalties since Russia's invasion of Ukraine on February 24, 2022.

They come on the heels of a series of new arrests and indictments announced by the Justice Department on Thursday that target Russian businessmen, including the head of Russia's second-largest bank, and their middlemen in five separate federal cases. The European Union announced Friday that it is imposing sanctions on several foreign companies over allegations that they have exported dual-use goods to Russia that could be used in its war against Ukraine.

The 27-nation bloc also said that it was targeting scores of Russian officials, including "members of the judiciary, local politicians and people responsible for the illegal deportation and military re-education of Ukrainian children."

"The American people and people around the world understand that the stakes of this fight extend far beyond Ukraine," President Joe Biden said in a statement announcing the sanctions.

"If Putin does not pay the price for his death and destruction, he will keep going. And the costs to the United States — along with our NATO Allies and partners in Europe and around the world — will rise," Biden said.

The US specifically was to target individuals associated with Navalny's imprisonment a day after Biden met with the opposition leader's widow and daughter in California.

It was also hitting "Russia's financial sector, defense industrial base, procurement networks and sanctions evaders

# Ukrainians live in agony, uncertainty

**Kyiv (AP):** Iryna Reva stares at her phone, replaying the last video her 25-year-old son Vladyslav sent her from the front line before the volunteer soldier disappeared 19 months ago in a battle with Russian forces in Ukraine's eastern Donetsk region.

Reva is one of the thousands of Ukrainians desperately seeking news of loved ones who have disappeared in the two years since Russia's full-scale invasion began. According to Ukraine's National Police, more than 30,000 people have been reported missing in the last 24 months. "Up to this day, I am searching for my son," Reva said. "He is alive to me. Regardless of the circumstances, there is no evidence that he has perished."

The last time Reva spoke to her son, she begged him not to take part in a battle the next morning. "Don't go, say your arm hurts," she told him over the phone.

"Mom, I'm sorry. I love you very much," Vladyslav replied. "I'm going into battle. I don't know if I'll be back. I'll be out of touch. Pray," were his last words to her. The missing include soldiers like Vladyslav lost on the battlefield, but also civilians and children who have vanished in a variety of circumstances. For many relatives, the agonising uncertainty and relentless search for answers has already gone on for two years with no end in

sight. Inna Usenko left her hometown of Mariupol on a business trip the day before the war began in 2022. She lost contact with her brother, Herman Sikorskyi, on March 1 as Russia laid siege to the eastern city and thousands of civilians were trapped. Several weeks later, a Russian airstrike hit the house where he had lived. "I don't know what to think, whether he's alive or not," she said. "I understand perfectly well that if I were there, he would have come to me, and maybe something would have been different, so I feel guilty all the time."

In an attempt to find her brother, Usenko filed a missing person's report with the occupation authorities, the Russian Federation and the Russian

Red Cross. From her home, which is now in Spain, she came to Ukraine to file a police report and provide DNA to Ukrainian authorities. Despite the efforts, neither side was able to provide her with any information. "I would like, of course, to believe that he is alive," Usenko said, adding that the uncertainty not only drains her but also affects close friends, relatives and his children. The International Committee of the Red Cross says since February 2022 its team has been contacted more than 100,000 times by families searching for their loved ones. "That doesn't mean a hundred thousand missing people. But this gives you an idea of just the amount of suffering that this creates on both sides," Achille

Després, a spokesperson at the ICRC in Kyiv, said.

For relatives looking for information, the official search often begins with submitting a DNA sample. Andrii Levytskyi, head of forensics at the National Police's main investigation department, said more than 18,000 DNA samples of relatives of servicemen and civilians have been collected and processed.

DNA is a vital part of establishing the status of the missing person, especially if they are military. Even if fellow soldiers said they witnessed a soldier killed in battle, it's not enough to confirm the death, said Petro Yatsenko, the head of a press office at the Coordination Headquarters for the Treatment of POWs.

"Until we have the body, until we have DNA analysis, this person will have the status of missing," he said. He said they have had cases in which soldiers were found wounded in captivity, despite testimony from their comrades that they were killed in battle. Over the past two years, numerous volunteer projects have arisen to aid in the search for missing people, often serving as a last resort for relatives who receive no official information from authorities. Mariia Reshetova, who runs the Search for the Missing project under the Kateryna Osadcha Foundation, said they have around 1,000 open cases and have already closed hundreds.

# PML-N candidates' victory notified from Islamabad

PTI ■ ISLAMABAD

Pakistan's election commission on Friday notified the victories of three candidates from Nawaz Sharif's PML-N in the federal capital, delivering a fresh blow to jailed former prime minister Imran Khan's party, which had challenged the original poll results.

Backed by the 71-year-old Khan's Pakistan Tehreek-e-Insaf (PTI) party, three losing candidates - Amir Mughal, Shoaib Shaheen and Mohammad Ali Bukhari - had petitioned in the Islamabad High Court (IHC), alleging manipulation of the results.

On Wednesday, the IHC suspended poll result notifications issued by the Election Commission of Pakistan (ECP) from NA-46, NA-47 and NA-48, putting on hold the success of three candidates of former prime minister Nawaz Sharif's Pakistan Muslim League-Nawaz (PML-N) party, who had won respectively on the three seats.

While Anjum Aqeel Khan and Chaudhry won on the PML-N tickets, Raja Khurram Nawaz won as an independent candidate and joined the party after his victory. After hearing the parties on Friday, the elec-

toral watchdog restored the order suspended by the IHC and issued the notification announcing the victory of the three candidates, Geo News reported.

"Now the Commission, after hearing the parties, has finally disposed of the petitions filed by Mr Aamer Masood, contesting candidate NA-46 ICT-I, Mr Shoaib Shaheen, contesting candidate NA-47 ICT-II, and Syed Muhammad Ali Bokhari, Mustafa Nawaz Khokhar, Ch. Azhar Mehmood contesting candidates NA-48 ICT-III, in light of the order passed by the Hon'ble Islamabad High Court," the ECP said.

Earlier, the three PTI-backed losing candidates had challenged the election results before the ECP on February 10, and the commission issued a status quo order. However, on February 11, the ECP also issued the notification that declared Khan, Chaudhry, and Nawaz as returned candidates.

Speaking to media outside the ECP, PML-N-backed Chaudhry slammed his rivals for creating controversy over the election results. "We are ready for a political battle," he was quoted as saying. Chaudhry accused the PTI of

fraudulent activities and misguiding the high court and advised the party not to fight against the state.

Independent candidates backed by the PTI won more than 90 seats in the National Assembly in the February 8 general election. The PML-N won 75 seats while the PPP came third with 54 seats. The Muttahida Qaumi Movement Pakistan (MQM-P) has 17 seats. To form a government, a party must win 133 out of 265 contested seats in the 266-member National Assembly.

However, the PML-N and the Pakistan Peoples Party (PPP) have agreed on a power-sharing deal to form a new coalition government, which may effectively end former prime minister Khan's chances of returning to power. PML-N's Shehbaz Sharif has been nominated as the prime minister candidate, while PPP's Asif Ali Zardari is for the president's office.

On Wednesday, the PTI rejected the attempts by two of its arch-rivals to form a coalition government, warning that robbing its public endorsement by the "mandate thieves" will result in the worst political instability.

# IMF ready to work with new govt; mum on Imran's demand

**Washington/Islamabad:** The IMF is looking forward to working with the new government in Pakistan, a top official has said while keeping mum on jailed former prime minister Imran Khan's demand that the global lender should conduct an "audit" of the election results before approving any new loan for the cash-strapped country. Pakistan Tehreek-e-Insaf (PTI) founder Khan on Thursday said he will write to the International Monetary Fund, demanding the Washington-based institution stop its support to Pakistan where his political rivals, the Pakistan Muslim League-Nawaz and the Pakistan Peoples Party, were on the verge of forming a coalition government with a "stolen mandate."

The 71-year-old former prime minister's message from jail was conveyed through Barrister Ali Zafar, who met him in the Adiala Jail Rawalpindi where he has been incarcerated since last year after being convicted in corruption and other cases.

The IMF is looking for-

ward to engaging with Pakistan's new government on policies to ensure "macroeconomic stability and prosperity" for the country, Julie Kozack, the head of the Communications Department of the IMF said, while maintaining silence on any communication to the organisation from jailed former premier Khan on the outcome of the February 8 polls in the country. During the press conference in Washington on Thursday, Kozack was asked about whether Pakistan was on track to secure the third tranche of the stand-by agreement reached in June 2023 and also if the IMF would entertain any letter by Khan calling for investigations into election irregularities.

"We look forward to work-

ing with the new government on policies to ensure macroeconomic stability and prosperity for all of Pakistan's citizens. And I am going to leave it at that," Kozack said.

She said that on January 11, the IMF Executive Board approved the first review of the Stand-By Arrangement, with Pakistan that brought total disbursements under the Stand-By Arrangement to USD 1.9 billion. "The Stand-By Arrangement is supporting the authority's efforts to stabilise the economy and to, of course, with a strong focus on protecting the most vulnerable," she said. Talking of the fiscal conditions of Pakistan, she said that during the tenure of the interim government, the authorities had "maintained economic stability".

# Return Navalny's body to family, authorities urged

AP ■ MOSCOW

Russians including Nobel Prize-winning journalist Dmitry Muratov and ballet star Mikhail Baryshnikov have released videos calling on Russian authorities to return the body of opposition leader Alexei Navalny to his family, a week after his death in an Arctic penal colony.

Navalny's mother said on Thursday that she has seen her son's body and that she is resisting heavy pressure to agree to a secret burial away from the public eye. Lyudmila Navalnaya said investigators allowed her to see her son's body in the city morgue. She said she repeated her demand to have Navalny's body returned to her and protested what she described as authorities trying to force her to agree to a secret burial.

"They are blackmailing me. They are setting conditions where, when and how my son should be buried," she said Thursday in a video statement from the Arctic city of Salekhard. "They want it to do

it secretly without a mourning ceremony." Navalny's spokesman, Kira Yarmysh said on X, formerly Twitter, that his mother was also shown a medical certificate stating that the released videos calling on Russian authorities to return the body of opposition leader Alexei Navalny to his family, a week after his death in an Arctic penal colony.

Nadya Tolokonnikova, who became widely known after spending nearly two years in prison for taking part in a 2012 protest with the band Pussy Riot inside Moscow's Christ the Savior Cathedral, also released a video. "We were imprisoned for allegedly trampling on traditional values. But no one tramples on traditional Russian values more than you, Putin, your officials and your priests who pray for all the

murder that you do, year after year, day after day," Tolokonnikova said.

"Putin, have a conscience, give his mother the body of her son," she added. Navalny, Russia's most well-known opposition politician, suddenly died in an Arctic prison last week, prompting hundreds of Russians across the country to stream to impromptu memorials with flowers and candles. The Russian authorities have detained scores of people as they seek to suppress any major outpouring of sympathy for President Vladimir Putin's fiercest foe before the presidential election he is almost certain to win. Across the ocean in San Francisco Thursday, US President Joe Biden met with Navalny's widow Yulia Navalnaya and 20-year-old daughter Dasha, expressing "condolences for their devastating loss."

"To state the obvious, he was a man of incredible courage," Biden said after his meeting. "It's amazing how his wife and daughter are emulating that."

# Imran, wife move lower court against 'un-Islamic marriage' case verdict

**Islamabad (PTI):** Jailed former Pakistan prime minister Imran Khan and his wife Bushra Bibi on Friday separately moved a lower court challenging the verdict in the "un-Islamic" marriage case in which they were jailed for seven years and their marriage in 2018 declared illegal. Earlier this month, a trial court sentenced Khan, 71, and his wife Bushra Bibi, 49, to seven years in jail and imposed a Rs 5,00,000 fine on each for "contracting marriage during the 'iddat' (period of waiting)" in a case filed by Bibi's former husband Khawar Maneka in November last year.

The district and sessions court will mark the former first couple's appeals on Friday, Geo News reported. Bushra Bibi filed her appeal at the court through her lawyers seeking annulment of the trial court's decision, the report said.

The third spouse of the Pakistan Tehreek-e-Insaf (PTI) party founder petitioned that the judgment delivered by civil judge Quadrattullah on February

3 was against the facts, while the indictment issued against her in the case on January 16 was also illegal. The petition said that the plea of jurisdiction was rejected without assigning any reason and that the civil court did not conduct the trial properly.

# Buddhist monks among 100 held in Sichuan over dam protests

**Beijing (PTI):** Chinese security officials have arrested more than 100 Tibetan Buddhist monks and local people in the southwestern Sichuan province to quell protests against the construction of a massive dam that would submerge six Buddhist monasteries and force the relocation of two villages, a media report said.

In a rare act of defiance, residents have taken to the streets of Wangbuding township of Dege County in the Garze Tibetan Autonomous Prefecture since February 14 to oppose the plan to build the 2,240-megawatt Gangtuo hydropower station on the Drichu River (Jinsha in Chinese). The dam is located on the upper reaches of the Yangtze River, one of China's most important waterways, Radio Free Asia reported on Thursday.

The protests started on February 14, when at least 300 Tibetans gathered outside the Dege county town hall to oppose the dam's construction, defying strict controls on public gatherings and extensive surveillance by authorities in Sichuan and Tibet regions. The detentions reportedly occurred in the Kardze Tibetan Autonomous Prefecture in Sichuan, an area with a large population of ethnic Tibetans.

Some of the arrested protesters required hospitalisation due to rough treatment, the report said. Police used water cannons, pepper spray and tasers to subdue the protesters.

Videos of protests showed monks prostrating before the officials, pleading with them not to resort to demolition when they inspected Yena and Wonto monasteries in prepara-

tion for their destruction.

The USD 4.6 billion Yebatan hydropower station, the largest hydropower project in the upper reaches of the Jinsha River, exceeded 100 metres in December last year, achieving a major milestone, state-run Global Times reported earlier. The total installed capacity of the power station is expected to reach 2,240 megawatts after completion, with a maximum dam height of 217 metres. It is the tallest hyperbolic arch dam project under construction in China, according to the report.

The protesting locals were particularly distraught over the construction of the hydroelectric dam, as it would destroy six monasteries, including the Wonto Monastery, which includes ancient murals that date to the 13th century, the RFA report said.

## State needs Gender-Inclusive Electric Auto Policy Approval: Clean Air Punjab to MoHUA

**Chandigarh:** Clean Air Punjab, a consortium committed to addressing air quality challenges in Punjab, has in a letter appealed to Hardeep Singh Puri, Minister of Housing and Urban Affairs, for the expeditious approval of the pink electric auto policy for women under the Rejuvenation of Auto-Rickshaw in Amritsar through Holistic Intervention (RAAH) Project instituted by the Ministry of Housing and Urban Affairs (MoHUA). Recognising the pivotal role of Electric Vehicles (EVs) in achieving net-zero emissions by 2070, Clean Air Punjab underscores the imperative of integrating women into the transportation workforce. In a landscape where only a few states actively address gender disparity, Punjab's pioneering extension of the RAAHI scheme to women auto drivers exemplifies progressive policy-making.

# Shareholders vote to oust Byju

PTI ■ NEW DELHI

More than 60 per cent of shareholders of edutech Byju's on Friday voted for removal of founder CEO Byju Raveendran and his family over alleged "mismanagement

and failures" at what was once India's hottest tech startup, but the company dug in its heels, calling the voting done in the absence of founders as "invalid". Prosus - one of the six investors who had called the extraordinary general meeting

(EGM) - in a statement said "shareholders unanimously passed all resolutions put forward for vote. "These included a request for the resolution of the outstanding governance, financial mismanagement and compliance issues at Byju's; the

reconstitution of the board of directors, so that it is no longer controlled by the founder of T&L; and a change of leadership of the company." Raveendran and his family stayed away from the EGM, calling it "procedurally invalid."

However, the outcome of the vote at the EGM will not be applicable until March 13, when the Karnataka High Court will next hear Raveendran's plea challenging the move by certain investors to call the EGM. The High Court on Wednesday had refused to stay the EGM, called by shareholders collectively holding more than 32 per cent stake in Think & Learn (T&L) - the firm that operates Byju's, but any resolution

passed shall not be given effect till the next date of hearing. Raveendran and family own 26.3 per cent in the company. Byju's in a statement, issued even before the EGM results were declared, said it "rmly declares that the resolutions passed during the recently concluded EGM -- attended by a small cohort of select shareholders - are invalid and ineffective. The passing of the unenforceable resolutions challenges the rule of law at worst."

# NPCI to help Paytm UPI users migrate to banks

PTI ■ MUMBAI

The Reserve Bank has asked the National Payments Corporation of India (NPCI) to examine the possibility of migrating Paytm Payments Bank customers using the UPI handle '@paytm' to 4-5 other banks, in a bid to prevent any disruptions in the payment ecosystem. On Friday, the central bank came out with additional steps for the benefit of customers, wallet holders and merchants who are availing banking services from Paytm Payments Bank, which has been barred from accepting deposits and credits after March 15, 2024. As per the website of Paytm Payments Bank (PPBL), it has 30 crore wallets and 3 crore bank customers. NPCI, an umbrella organisation for operating retail payments and settlement systems in India, is an initiative of RBI and Indian Banks' Association (IBA) for creating a payment and settlement infrastructure in India. As the PPBL cannot accept further credits into its customer accounts and wallets after March 15, 2024, certain additional steps have become necessary to ensure seamless digital payments by UPI customers using '@paytm' handle operated by the bank, and minimise concentration risk in the UPI system by having multiple payment app providers, the RBI said in a statement. "NPCI has been advised by the RBI to examine the request of One97 Communication Ltd (OCL) to become a Third-Party Application Provider (TPAP)

for UPI channel for continued UPI operation of the Paytm app, as per the norms," it said. One97 Communications Ltd (OCL), which owns the Paytm brand, holds a 49 per cent stake in PPBL. RBI further said that in the event of NPCI granting TPAP status to OCL, it may be stipulated that '@paytm' handles are to be migrated in a seamless manner from PPBL to a set of newly identified banks to avoid any disruption. "No new users are to be added by the said TPAP until all the existing users are migrated satisfactorily to a new handle," it added. "For seamless migration of '@paytm' handle to other banks, NPCI may facilitate certification of 4-5 banks as Payment Service Provider (PSP) Banks with demonstrated capabilities to process high volume UPI transactions. This is in line with NPCI norms for minimising concentration risk," RBI said. Also, for the merchants using PayTM QR Codes, OCL may open the settlement accounts with one or more PSP Banks (other than Paytm Payments Bank), the Reserve Bank said. It further said the migration of UPI handles is applicable only to such customers and merchants who have a UPI handle '@Paytm'. For others who have a UPI address or handle other than '@Paytm', no action is required to be taken by them. RBI again asked the customers, whose underlying account/wallet is currently with Paytm Payments Bank, to make an alternative arrangement with other banks well before March 15, 2024.

# Rupee falls 8 paise to close at 82.93 a dollar

PTI ■ MUMBAI

The rupee consolidated in a narrow range and depreciated by 8 paise to close at 82.93 (provisional) against the US dollar on Friday, tracking a strong American currency and muted trend in domestic equities. Forex traders said the Indian currency depreciated as foreign fund outflows weighed on the rupee. At the interbank foreign exchange market, the local unit opened at 82.87 and finally settled at 82.93 (provisional) against the dollar, down by 8 paise from its previous close. During the day, the rupee witnessed a range-bound movement. It saw an intra-day high of 82.84 and a low of 82.96 against the American currency. On Thursday, the rupee had settled at 82.85 against the US dollar. The Indian rupee depreciated on Friday on dollar demand from importers. Elevated crude oil prices also weighed on the rupee, said Anuj Choudhary, Research Analyst, Sharekhan by BNP Paribas. "We expect the rupee to trade with a slight positive bias on positive global equities and soft US dollar. However, any bounce back in crude oil prices may cap sharp upside. Geopolitical

tension in the Middle East may put pressure on rupee at higher levels," Choudhary said, adding that USD-INR spot price is expected to trade in a range of Rs 82.60 to Rs 83.10. The dollar index, which gauges the greenback's strength against a basket of six currencies, was 0.05 per cent up at 104.00. Brent crude futures, the global oil benchmark, was trading 1.33 per cent lower to USD 82.56 per barrel. On the domestic equity market front, Sensex declined 15.44 points, or 0.02 per cent, to settle at 73,142.80 points. The Nifty fell 4.75 points, or 0.02 per cent, to 22,212.70 points. Foreign Institutional Investors (FIIs) were net sellers in the capital markets on Thursday as they sold shares worth Rs 1,410.05 crore, according to exchange data.

# INDIA DISCOVERS NEW PACE OPTION IN AKASH

PTI ■ RANCHI

India unearthed a fresh pace talent in debutant Akash Deep but veteran Joe Root single-handedly kept England afloat with a tenacious hundred that shunned 'Bazball' for a more conservative approach as the visitors hobbled to 302 for 7 on the opening day of the fourth Test here on Friday.

At stumps, the 33-year-old Root was unbeaten on 106 and had used up 226 deliveries during his classical Test knock. Giving him company at the other end was Ollie Robinson (26) as England staged a decent recovery from the early jolts given by Akash Deep.

The 27-year-old Bengal pacer, who hails from Bihar, picked up three wickets in his 17 overs, marking yet another confident debut for the home side in the ongoing series.

He made life miserable for England's top-order with the new ball, grabbing the top-three in 10 balls as the visitors lost half of their side in the first session. But Root decided to drop anchor after that, reverting to his natural style of playing the waiting game. The move got him and England the desired results as he struck his first century in 15 innings.

With the sun playing hide and seek during the fog end of the day, the Yorkshire man hit the

three-figure mark for the 31st time in his Test career, striking a classy cover-drive off Akashdeep. It took him 219 balls to get there and the former opener skipper did not show much emotion, fully aware that his job was not yet done. A record of 10 of his 31 Test centuries are against India and the latest one came at just the right juncture. England are reeling from back-to-back losses in the Visakhapatnam and Rajkot to trail the five-match series 1-2. He hit nine fours in his innings and was a picture of determination, noticeably

avoiding the sweep shot due to the variable bounce of the pitch.

The absence of rested pace spearhead Jasprit Bumrah, who had dismissed Root thrice in this series, also gave the Englishman some breathing space. He was happy to play the spinners on the back-foot and slice the field.

His biggest ally in England's splendid recovery was wicketkeeper-batter Ben Foakes (47 off 126 balls). The visiting side went through the second session without losing a wicket for the first time in the

The duo took their time and frustrated India by adding 86 runs in the post-lunch session when the wicket flattened out. Post tea, Mohammed Siraj (2/60) gave the much-needed breakthrough dismissing Foakes three runs short of his half-century, caught by Ravindra Jadeja at short mid-wicket. The dismissal ended a 113-run sixth wicket partnership. Siraj also dismissed Tom Hartley (13 off 26 balls) with a brilliant delivery that exhibited late movement off the pitch,

crashing into the off stump. Hartley had earlier narrowly avoided a catch by the second slip following an edge that didn't carry. Instead, it went past Yashasvi Jaiswal and reached the boundary rope. He departed after scoring 13, which included a powerful six off Ravichandran Ashwin over long-on. Ashwin got the scalp of Jonny Bairstow, who made a quick-fire 38 off 35 balls.

**STUNNING DEBUT FOR AKASH DEEP:** Earlier, India's good run with debutants continued as pacer Akash Deep, the fourth newcomer for the hosts in this series, showed promise for this level.

Bowling one of the finest maiden spells in a Test debut — 7-0-24-3 — Akash Deep dismissed Ben Duckett (11), Ollie Pope (0) and Zak Crawley (42) in 10 deliveries while bowling from the dressing room end.

The pacer, who came through the ranks playing domestic cricket in Bengal, hit the deck hard in a sensational display during the first hour's play after Ben Stokes opted to bat. He, however, had to wait a bit for his maiden Test wicket.

In his second over of the day, he uprooted Crawley's off-stump that cartwheeled a couple of metres but the celebration was short-lived as he was found guilty of overstepping.

# Root century was due: Crawley

PTI ■ RANCHI

England opener Zak Crawley on Friday said that a century from Joe Root was long due and the veteran batter's unbeaten 106 on Day 1 of the fourth Test against India was a "phenomenal" knock under the circumstances. After losing half of the side at lunch for 112, England rode on Root's determined 106 not out to end day one on 302 for 7 in the fourth Test against India here.

"He (Root) is unbelievable. We fully expected him to get a good score at some point in this series; he was due, he's the best player we've ever had and he played phenomenally today," said Crawley after the day's play.

"He deserves everything he gets, he works so hard at his game and he always comes good," Root was in the middle of a lean patch and his highest score before Friday's knock in this series was 37.

"He's probably the only bloke in our team who could have done that knock; he's that good, he's our best player and he's stepped up when we needed him to.

"We needed him to get a score and he got a score like he's done for so many years now, he's a phenomenal player," said Crawley who made run-a-ball 42 at the top of the order.

Root first got a fine ally in

wicketkeeper-batter Ben Foakes who contributed a valuable 47 runs in a century-plus stand.

"It was tricky with the fields they were setting but we just always talk about the present, and the situation required a bit more caution with that kind of pitch and the variable bounce and that's what they delivered.

"At other times, we counter-punched but they played it perfectly and read it well," he said.

Regarding the pitch, Crawley said, "It was nipping a lot and nipping quickly. It felt like you

had to throw a counter-punch, you couldn't really sit there like those boys did later on in the day. "I expected variable bounce from the look of those cracks. It certainly did less and less as that opening spell went on. I got out still fairly early but it looked like it wasn't bouncing anywhere near as much or as quickly as earlier on against seam.

"It got harder against the spin, it will continue to break up. It might be a new-ball wicket, hopefully it is when we bowl but the I think the spin's only going to get harder," he added.

# AC Milan, Roma, Marseille, Benfica advance to Europa League round of 16

AP ■ MILAN

AC Milan advanced to the Round of 16 in the Europa League despite a 3-2 loss at Rennes in the second leg of their playoff.

Milan, which won 3-0 at the San Siro last week, eliminated its French opponent on a 5-3 aggregate score on Thursday.

The Italian powerhouse, a seven-time European champion, has never won the second-tier Europa League or its predecessor, the UEFA Cup.

Midfielder Benjamin Bourigeaud's hat trick put the hosts up three times with Milan quickly answering twice.

Bourigeaud netted the opener in the 11th minute with a fierce right-footed shot from over 20 meters to beat goalkeeper Mike Maignan.

Forward Luka Jovic canceled it out 10 minutes later with a header off a cross by captain Theo Hernández.

Bourigeaud made it 2-1 early in the second from the penalty spot but Rafael Leão equalised after four minutes on a fine solo effort.

Bourigeaud sent Maignan the wrong way with another spot kick to make it 3-2.

The eight runners-up in the Europa League group stage played the eight third-place teams from the Champions

League group stage in the playoffs. The eight winners will take on the Europa League's group winners, who qualified directly for the round of 16. They are Liverpool, West Ham and Brighton from the Premier League, as well

Leverkusen, Atalanta, Villarreal, Rangers and Slavia Prague. The draw is scheduled for Friday.

Nicola Zalewski converted the decisive spot kick for Roma to prevail 4-2 in a penalty shootout over Feyenoord to qualify for the next round.

Early in the game, captain Lorenzo Pellegrini found the net from the edge of the area to tie it a 1-1 after Santiago Giménez's fifth-minute header gave the Dutch team a 1-0 lead and silenced more than 67,000 fans at Stadio Olimpico. The teams also drew 1-1 in the

opening leg in Rotterdam. Marseille's new coach Jean-Louis Gasset made a victorious debut after he was appointed Tuesday to replace Gennaro Gattuso. Geoffrey Kondogbia and substitute Ismaila Sarr sealed a 3-1 win for Marseille over

Shakhtar Donetsk with a goal each in the second half. Marseille advanced on a 5-3 aggregate score. Earlier, Marseille striker Pierre-Emerick Aubameyang netted his 31st career goal in the Europa League to break the competition record and level the tie after Georgiy Sudakov converted from the spot. Sporting was held 1-1 at home by Young Boys but advanced 4-2 overall. Two-time European champions Benfica held host Toulouse 0-0 to progress 2-1 on aggregate. Michael Gregoritsch completed a 3-2 comeback victory for Freiburg over Lens nine minutes into extra time to send the Bundesliga team to the next round. Indrit Tuci and forwards Lukáš Haraslin and Jan Kuchta scored in the second half as Sparta upset 10-man Galatasaray 4-1 in Prague and qualified for the next phase 6-4 on aggregate. Their goals came after Kaan Ayhan received a straight red card in the 68th minute. At Baku, Nariman Akhunnzade scored in stoppage time of the three-goal extra time to give 10-man Qarabag a spot in the round of 16 in a European competition for the first time at the expense of Braga with a 6-5 aggregate victory.

the four-team round-robin tournament. This will be India's fifth encounter against Hong Kong, ranked 79th in the FIFA rankings, and India would be buoyed by the fact that they have won all four previous games, netting 11 goals, while the opponents have managed just two. In their most recent clash, a friendly in 2019, India won by a solitary goal courtesy Pyari Xaxa, who also found the net in India's victory against Estonia in the ongoing tournament.
