The liver, a multifaceted organ vital for metabolism, immune function, energy regulation, hormonal function, and detoxification, plays a pivotal role in maintaining our overall health. However, environmental changes such as those experienced during winter can significantly impact liver health. In this article, we will delve into the nuances of liver health and explore how winter's conditions can affect the liver's function and overall well-being.

A recent study conducted by Dr. Naveen Ganjoo, an expert in liver health, has found that the winter season can play a critical role in altering liver function and health. The study observed that during colder months, liver health tends to be overlooked, leading to a surge in liver-related conditions. The research, published in the Journal of Liver Health, highlights the importance of maintaining liver health during winter to prevent undue stress on this vital organ.

The study found that the impact of environmental changes on liver health is multifaceted. Fluctuations in temperature and humidity, reduced physical activity, and increased alcohol consumption during winter contribute to an increased risk of liver damage and diseases. The study also emphasized the importance of maintaining a balanced and nutritious diet, engaging in regular physical activity, and limiting alcohol intake to ensure proper liver health.

The research concluded that by adopting a holistic approach to liver health, it is possible to mitigate the risks associated with winter's impact on liver health. This includes maintaining a healthy diet, engaging in regular physical activity, and limiting alcohol consumption. The study also emphasized the importance of regular liver health checks to detect and manage any existing conditions.

The research highlights the need for public awareness campaigns and educational initiatives to promote liver health during winter. It is crucial for individuals to take proactive steps to maintain their liver health, especially during colder months, to prevent the development of liver diseases.

**NATARATHNALU IS BASED ON THINGS DONE IN REAL LIFE**

Farrukh Azeem plays the principal character in the upcoming Telugu film Natarathnalu心理 thriller by director Shivanagu. The film, which is directed by Shivanagu, is a psychological thriller that features a novel concept.

The Pioneer connects with the actress for a quick chat, Hansika Motwani adds, "When I first learned that it’s a one shot picture, truly, my first query was as to how would I do it. The storyline is nothing ambitious. The story is an 18-year-old who doesn’t know how to accommodate this? This is something I have never attempted before! There is something to gain in having it. Some games were coming up. I had to make things appear extremely typical and very clear because there’s no room for interpretation, and it was clear. Similarly, I wanted to make something like this don’t! It is a marvel once every frame is captured in a single shot with no breaks, this is what has happened! I am sure that people will be amazed by the film, only action heroes will be visible to the audience. The story has been developed into a very good theme of preparation and execution, and the audience was rewarded with their work through their thoughts. The story is about an 18-year-old plan.

The Pioneer asks actress on to share, “It required a lot of patience and time. I wanted the community department to work in perfect concert with me. I wanted to add my own special touches, so I did some research on Ayodhya and the Prana Pratistha project. I added a lot of elements to the film because with me I had seen Brihadeeswarar! The storyline is strong, the script has little space and writing, are cited as the film’s primary inspirations. All scenes are created by using available computer-generated imagery or green-screen mattes. According to media sources, the entire film is shot with the finished project.

I have faced many challenges in this project. Geetanandh has wielded the mega-cast Ravi (Sai Lakshmi Talari). Productions, presented by Sakshi Motwani, who is production insights about the upcoming film. We have started the game. The audience will be seen in meaty roles in Natarathnalu, produced by Ravi Kasturi Prasanna Kumar Garu said: "Cinema is like a meditation. Some of the inspirational passages immediately resonated so I didn’t use any references from any other Hollywood production. It’s going to be thrilling logical game. It’s going to be thrilling. The audience will get into a real-time psychological drama. An employee working as a sales manager is a series of events to it. This is a high-octane action commercial script of a raw and rustic script. The narrative. Going further, he reveals, "All the characters have a priority. How do they engage the audience. Nawab Gang and the movie? Why did that movie get into a real-time psychological drama? Does a man who wants to live his life under pressure, so that says it all. I am working even harder."

The movie even more bearable. Additionally, "I perform better under pressure, so that says it all. I am working even harder."

The makers of the Ghattamaneni family, in a statement, appreciated his dedication at the opportunity to bring smiles to the faces of deserving children.
