# Crucial Security Meet on Jammu and Kashmir

An Inter-State Coordination Conference between BSF, J&K Police, Central Agencies and the Punjab Police being held to focus on enhancing border security and synergy between the two State Police Forces and the Border Guarding Force, in Kathua, Jammu and Kashmir on Thursday

MOHIT KANDHARI ■ JAMMU

The top brass of the Border Security Force (BSF), Jammu and Kashmir and Punjab police, along with representatives of the Central agencies, on Thursday attended the Inter-State Coordination Conference in Kathua to further strengthen the security grid and prevent infiltration from across the border.

After the Kathua ambush, in which five soldiers of the Indian Army sacrificed their lives in the line of duty on

July 8, it is believed that the suspected group of foreign terrorists may have infiltrated inside the Indian territory from across the International border.

When terrorism was at its peak, the Kathua-Billawar-Badnora-Basantgarh-Bhaderwah-Kishtwar axis was considered a traditional route of infiltration taken by the terrorists to enter the Kashmir valley. Former Union Minister hailing from the region, Dr Karan Singh, said the spate of terrorist attacks in the Jammu region are a matter of

great concern. "I trust the civilian and military authorities are making every effort to track down the militants as soon as possible. I do have one suggestion for Defence Minister Rajnath Singh. For many years, the Jammu Division was under the Nagrota Corps whose headquarters are hardly thirty miles from Jammu. Some years ago, for some obscure reason, the Jammu Division was removed from Nagrota and placed under Western Command in Chandigarh, over 200 miles away," he said.

# Canal breach in National Capital

SAUMYA SHUKLA ■ NEW DELHI

Amid a rupture in the Munak Canal, which supplies around 36.7 per cent of water (719 cusecs) from Haryana to Delhi, residential colonies in Bawana in the national Capital turned into a river on Thursday, wreaking havoc in the daily lives of the people and stranding residents in their houses. A breach in the Carrier Lined Channel (CLC) of the canal, part of the Western Yamuna Canal, led to water entering the J, K, and L blocks of the colony in northwest Delhi early Thursday, causing significant inconvenience and concern for the locals.

Videos on social media reflect the gravity of the situation with the residents trying to wade through knee-deep flooding and even waist deep water in parts of the area. Residents of the area expressed frustrations over the sudden flooding bringing their lives to halt. Shailesh Kumar, a resident of JJ block, said he was unable to go to his work and blamed the Delhi Government for not doing enough for them. "We have informed all the concerned departments, including the National Disaster Response Force (NDRF), Flood Control Department, Public Welfare Department, and the Municipal Corporation of Delhi (MCD), at midnight after the canal overflowed," a police official said. Taking serious note of the situation, Delhi Lieutenant Governor Vinai Kumar Saxena expressed concerns over the breach of a branch of Munak Canal and instructed the Chief Secretary Naresh Kumar to take

People wade through floodwater after a breach in one of the sub-branches of Munak Canal in New Delhi on Thursday

the matter up with State Water Minister Atishi and Flood Control Department Minister Saurabh Bharadwaj. "The breach in the Munak Canal underlines the absence of adequate maintenance of the Canal, which should have been undertaken by Delhi Jal Board (DJB) through Haryana Irrigation Department from time to time," a letter by the Principal Secretary to the LG read. An official of the Delhi Development Authority (DDA) said, "A report was received regarding the damage in the lining of Western Yamuna Canal being maintained by Haryana Irrigation Department (HID) near Bawana in the early morning of June 11. This has resulted in flooding in the adjoining areas of Bawana JJ Colony."

Informing that the field staff have been rushed to the site for taking immediate remedial measures, he said, "Water is being drained by temporarily puncturing the

existing storm water drain, coordinated with NDRF, MCD, SDM Narela, DJB, public representatives and local residents for providing relief from this situation." Resources such as JCB, Dewatering pump, drinking water tanker and mobile toilet have also been deployed at the location by DDA. Flow of water from Sonipat has reduced and authorities have requested Haryana to close gates on the canal to control the flow, officials said. The canal originates from the Yamuna river in Munak in Haryana's Karnal district. Delhi Minister Atishi visited the site and said, "We are at the entry point at the Munak Canal in Bawana. Last night between 12 am and 2 am, there was a breach in the embankment, the water entered the adjacent areas. This canal is maintained by Haryana Irrigation Dept, their team is here, the DJB team is here, the repair work is being done."

Prime Minister Narendra Modi, Union Finance Minister Nirmala Sitharaman and others during a meeting with economists at NITI Aayog, in New Delhi on Thursday

# Modi and leading Economists meet to design Budget

PIONEER NEWS SERVICE ■ NEW DELHI

Prime Minister Narendra Modi on Thursday met eminent economists to elicit their views and suggestions for the upcoming Budget, a senior Government official said. Union Finance Minister Nirmala Sitharaman is scheduled to present the Budget for 2024-25 in the Lok Sabha on July 23.

Besides economists and sectoral experts, Niti Aayog Vice Chairman Suman Bery and other members also attended the meeting. Sitharaman, Planning Minister Rao Inderjit Singh, Chief Economic Advisor V Anantha Nageswaran and economists Surjit Bhalla and Ashok Gulati and veteran banker K V Kamath among others were present in the meeting. The Budget will be the first major economic document of the Modi 3.0 Government, which, among other things, is expected to lay the roadmap for making India a developed nation by 2047. President Droupadi Murmu, in her address to the joint sitting of Parliament last month, had indicated that the Government would come out with historic steps to accelerate the pace of reforms.

# INLD, BSP join hands for Haryana election battle

PNS ■ NEW DELHI/CHANDIGARH

The Indian National Lok Dal (INLD) has decided to again join hands with its former ally Bahujan Samaj Party (BSP) for the Haryana Assembly polls due later this year, the leaders of the two parties announced on Thursday. Alliance leaders have also decided to project INLD leader Abhay Chautala as its chief ministerial face.

Under the arrangement, out of 90 Assembly seats in Haryana, the BSP will contest 37 seats leaving the rest for its senior partner in Haryana, where the ruling BJP is eyeing to come to power for third time in a row.

Addressing a joint Press conference with the BSP at Nayagaon on the outskirts of Chandigarh, Chautala asserted that the alliance is not based on any selfish interests, but has been formed keeping in mind people's feelings.

"In Haryana, we have decided to jointly fight the upcoming Assembly elections. Today, the feeling of common people is to oust from power the BJP, which is looting the state, and keep the Congress party at bay, which looted the state for 10 years earlier," Chautala said.

BSP national coordinator Akash Anand said recently BSP supremo Mayawati and Chautala held a detailed meeting regarding firming up of the alliance. "In that meeting, it had been decided that out of 90 assembly seats in Haryana, the BSP will contest on 37 seats while the rest will be fought by the INLD," he said. Anand said if alliance comes to power in the State, Chautala will be made the Chief Minister.

# PUC certificate charges for vehicles increased

STAFF REPORTER ■ NEW DELHI

The Delhi Government has increased the pollution under control (PUC) certificate charges for petrol, CNG and diesel vehicles after a gap of about 13 years, Transport Minister Kailash Gahlot said on Thursday. The charges for petrol, CNG or LPG (including bio fuel) two and three wheelers has been increased from ₹60 to ₹80 and for four wheelers from ₹80 to ₹110, he said in a statement. Gahlot said the charges of PUC certificates for diesel vehicles has been revised from ₹100 to ₹140. The new rates will be effective as soon as it is notified by the Government, he said. The Delhi Government is committed to maintaining the city's air quality and ensuring that all vehicles meet the required pollution standards,

he said. It was a long-pending demand of the Delhi Petrol Dealers Association to keep up with the rising costs of pollution checking services, the Minister said. "Considering the request from the Delhi Petrol Dealers Association and the fact that pollution checking rates have not been revised since 2011, the Delhi Government has announced increasing the rates for pollution checking of vehicles in Delhi," he said. This revision is necessary to ensure that pollution checking stations can continue to operate efficiently and provide quality services to the public, he added. The association was advocating for an increase in pollution checking fees. Its representatives had last month met Gahlot with the demand to revise the rates.

# Chemicals used for WMD seized in Tamil Nadu

KUMAR CHELLAPPAN ■ CHENNAI

Security agencies in Chennai made a major breakthrough by seizing chemical consignment used in the production of Weapons of Mass Destruction and Delivery System which has been banned in India under the provisions of Customs Act 1962 and (Prohibition of Unlawful Activities) Act 2005. The chemical Ortho-Chloro Benzylidene Malononitrile weighed 2,560 kgs and stored in 103 drums of 2.5 kgs each was seized from Kattupalli Port near Chennai from a Karachi-bound ship sailing from Shanghai Port. Interestingly, the ship spotted a Cyprus flag. The banned chemical was from Chengdu Shichen Trading Company Ltd and was meant for Rohail Enterprises in Rawalpindi.

# Education Minister's NEET assurance

PIONEER NEWS SERVICE ■ NEW DELHI

Amid a raging row over alleged irregularities in the conduct of the medical entrance exam this year, Education Minister Dharmendra Pradhan on Thursday met some NEET aspirants at his residence in the national Capital.

According to sources, the students raised issues like the uncertainty prevailing over the fate of the exam which was conducted in May, the delay in the counselling process and ultimately the academic calendar.

While there have been demand for a retest from several quarters, the Education Ministry has maintained the incidents of paper leak were localised, and by cancelling the exam it can jeopardise the careers of lakhs of candidates who cleared the test fairly. The matter has also reached the Supreme Court, which on Thursday adjourned till July 18 the hearing on the clutch of petitions seeking that exam be cancelled and the test be reconducted. The petitioners have also sought a probe into the alleged malpractices.

Besides, the CBI on Thursday arrested one of the alleged kingpins in the NEET-UG paper leak case who was on the run ever since the crackdown on irregularities in the entrance exam began, officials said. Rockey alias Rakesh Ranjan, who hails from Nalanda, and is said to be a relative of mastermind Sanjeev

Education Minister Dharmendra Pradhan

File Photo PTI

Mukhia, was nabbed by the agency from outskirts of Patna, they said. The Ministry has informed the Supreme Court that a data analytics of the results of NEET-UG 2024 was conducted by IIT Madras which found there was neither any indication of "mass malpractice" nor a localised set of candidates benefiting from it and scoring abnormally high marks. The Government's assertion assumes significance in view of the observations made by the top court on July 8 that it may order a re-test if there were large-scale malpractices in holding the exam. The matter is being investigated by the CBI. Over 23.33 lakh students had taken the test on May 5 at 4,750 centres in 571 cities, including in 14 cities overseas. The Centre and the NTA, in their earlier affidavits filed in the apex court, had said that scrapping the

exam would be "counterproductive" and "seriously jeopardise" lakhs of honest candidates in the absence of any proof of large-scale breach of confidentiality. The National Eligibility-cum-Entrance Test-Undergraduate (NEET-UG) is conducted by the NTA for admissions to MBBS, BDS, AYUSH and other related courses in Government and private institutions across the country. The CBI had been trailing Rockey since the case came to the agency. His run came to an end on Thursday morning when he was arrested by the agency, they said. The agency produced him before a Special Court in Patna which has remanded him to 10 days of CBI custody, they said. Earlier this week, the CBI had conducted searches at 15 locations in Bihar and Jharkhand gathering incriminating evidence in the case, they said.

# Supreme Court summons State Chief Secretaries

PTI ■ NEW DELHI

The Supreme Court on Thursday summoned the Chief and Finance Secretaries of 16 States for non-compliance of the Second National Judicial Pay Commission recommendations on the payment of arrears of pension and other retirement benefits to the judicial officers.

Expressing strong displeasure over non-compliance of the SNJPC's recommendations, a bench of Chief Justice DY Chandrachud and justices JB Pardiwala and Manoj Misra said, "We know how to extract compliance now. If we just say that the Chief Secretary will be present if the affidavit is not filed then it will not be filed.

"We are not sending them to jail but let them be here and then an affidavit will be submitted. Let they be personally present now," the bench said. Though seven opportunities have been granted to the states, it appears that full compliance has not been affected and several states are in default, it said.

# Temples welcome women entrepreneurs

ARCHANA JYOTI ■ NEW DELHI

Temples across India are blooming green with innovative waste management initiatives focusing on recycling of floral offerings into eco-friendly products such as compost, natural dyes, incense sticks, and more, thus protecting Mother Nature and creating job opportunities, particularly for women. For instance, at much-revered Ujjain's Mahalakaleshwar Temple, 5-6 tonnes of daily flower waste are transformed into eco-friendly products while at Mumbai's famous Siddhivinayak Temple, floral waste is being turned into natural dyes. Similarly, the Tirupati Municipal Corporation upcycles over 6 tonnes of waste daily from the Tirupati temple, employing 150

women in these green endeavours. Far in the Eastern part of India in West Bengal, known for its 13th-century Ma Tara temple, Tarapith which attracts around 12,000 devotees daily, a joint initiative between the Mallarpur Naisuva Trust and the temple

committee is transforming piles of flowers offered to the deity into recycling. The used flowers from temple offerings are turned into vermicompost for local farmers. Following the consecration of the sacred Ram Mandir in Ayodhya

early this year, the Ayodhya Municipal Corporation too has embarked on a similar plan to recycle flowers offered in the temples of Ayodhya Dham. The move aims not only to maintain the cleanliness of the temple premises but also to create job opportunities for women through the production of incense sticks and gulaal. Vishal Singh, vice-chairperson of Ayodhya Development Authority (ADA) said, "The idea is to check floral waste from being dumped into rivers and other bodies of water that has been the cause for choking and polluting, leading to environmental degradation." As disposal of flowers in rivers, oceans, etc. leads to water pollution as well as affects the living organisms present in the waters, there has been increasing

demand for the concept of "Green Temples" to be integrated into national policies, transforming these religious spaces into eco-friendly hubs, said an official from the Union Environment Ministry. He said encouraging the use of digital offerings or biodegradable materials instead of traditional flowers can effectively reduce floral waste. Lauding such initiatives that have encouraged women entrepreneurs in green businesses, such as organic farming, eco-friendly product manufacturing, and sustainable fashion, Heera Lal, Special Secretary, Irrigation Department, Uttar Pradesh, said, "This not only promotes economic empowerment but also contributes to environmental sustainability."

# Hry CM distributes property certificates to 5,000 eligible beneficiaries

PNS ■ CHANDIGARH

Haryana Chief Minister Nayab Singh Saini on Thursday distributed property certificates under the Mukhyamantri Shahri Swamitva Yojana to 5,000 people who had been deprived of ownership rights for years. Under this scheme, traders who have been renting for more than 20 years have been granted ownership rights to their property at the collector rate, he added.

At the state-level registry distribution and Urban Lal Dora Property Certificate distribution programme in Manesar, Saini said that people had been suffering from this Lal Dora problem for a long time. "Many individuals had property in urban areas but lacked ownership rights. Numerous disputes were ongoing in court, creating an atmosphere of fear among people that they might lose their property. If someone wanted to sell their property, they could not do so, nor could they secure a loan against it. The present State Government has resolved this issue, alleviating the public's fears," he said.

The Chief Minister said, "During the 2019 elections, we had promised in the election manifesto to give ownership rights to all such people; and today, 5000 people have benefited, they have got the ownership rights."

He said that out of the properties located inside Lal Dora, about two lakh citizens across the state have got the benefit of property. "After today, no one can remove them from their property...From today, you have become the owner of your properties.

These are the properties whose revenue officials did not have the record of rights," he said.

Criticizing the opposition, he said that the previous government had promised to provide 100-square-yard plots to the poor but had deceived the innocent people. In contrast, the current government has started delivering papers and possession of 100-square-yard plots to eligible people in a planned manner, he said.

Additionally, for areas where the Panchayat does not have available land to give plots, the government has decided to provide Rs one lakh each for purchasing a plot. Furthermore, Rs 80 crore has been transferred to workers' accounts in a systematic manner.

**Lays foundation stone of development projects worth Rs 273 crore under GMDA**

On the occasion, the Chief Minister inaugurated and laid the foundation stone for development works under the Gurugram Metropolitan

Development Authority at a cost of Rs 273 crore, including the inauguration of 12 projects worth Rs 14 crore and the foundation stone laying for 25 projects costing Rs 259 crore.

**Sets target to install solar panels on roofs of 1L houses**

Saini said that on January 22, 2024, during the Prana Pratishtha ceremony at the holy temple of Lord Rama in Ayodhya, Prime Minister Narendra Modi resolved to install solar rooftop systems on the roofs of every home. For this, he launched the PM Surya Ghar-Muft Bijli Yojana.

"Building on this initiative, we have decided to install solar systems on the roofs of one lakh homes of the poor, providing an additional grant from the Haryana Government. Under this scheme, Rs 60,000 will be provided by the Central Government, and Rs 50,000 by the Haryana Government," he said.

"Additionally, the Haryana

Government has abolished the monthly minimum electricity charge, offering relief to domestic electricity consumers. Now, bills will be charged based on the actual units of electricity consumed," Saini added.

He also provided information about the 'HAPPY Scheme', which offers free roadways travel of up to 1,000 kilometers for poor families.

**Urges for increased public engagement with State's Heritage Sites and Museums**

In another event, Saini called for enhanced efforts by the Archaeology and Museum Department to raise public awareness about the state's heritage sites, structures, museums, and artefacts. The Department should work more rapidly in this direction to encourage greater participation from residents and tourists in experiencing Haryana's rich cultural heritage, he said.

He also released a customized 'My Stamp' featuring 12 state protected monuments and unveiled 38 newly-adopted monuments and sites. In addition, he also unveiled five new publications of the department designed to promote the state's heritage and cultural richness.

**Saini meets Chahal**

In another event, Saini met Yuzyendra Chahal, a member

of the T-20 Cricket World Cup winning team in Gurugram. On this occasion, the Chief Minister congratulated the cricketer on winning the T-20 World Cup and wished him success in his future endeavours. Saini honoured Chahal at the PWD Rest House in Gurugram by presenting him with an idol of Lord Krishna and a shawl.

## nja o t re nstates rananga a ter yrs

MONIKA MALIK ■ CHANDIGARH

After a prolonged legal battle spanning nearly five years, Punjab Police's Inspector General (IGP) Paramraj Singh Umranangal has been reinstated by Punjab Government on Thursday. The decision comes in compliance with a direct order from the Punjab and Haryana High Court, which mandated his return to duty within a strict 15-day timeframe, marking a pivotal moment in the ongoing judicial saga.

Despite his reinstatement, IGP Umranangal has not yet been assigned a posting and will report directly to the Director General of Police (DGP). The development follows extensive litigation and persistent efforts by Umranangal to challenge his suspension, reflecting a significant legal victory that underscoring the judiciary's commitment to procedural justice and due process.

The High Court had initially ordered his reinstatement five months ago in February, but the directive was not implemented, prompting Umranangal to seek legal recourse again, by filing contempt petition.

The High Court, during a recent hearing, criticized the State Government and the police for their non-compliance and mandated the reinstatement within 15 days, while fixing July 15 as the next date of hearing in the matter.

Going into background of the matter, IGP Umranangal was suspended in 2019 following his arrest by a Special Investigation Team (SIT) probing the Behl Kalan and Kotkapura police firing incidents. These incidents

occurred during protests against sacrilege incidents in 2015, during the SAD-BJP Government. His suspension was enacted by the Punjab Home Department after his arrest and subsequent judicial custody.

Additionally, Umranangal was implicated in a 29-year-old fake encounter case from Kala Afghana village in Gurdaspur district. In October 2023, a case was registered against him and two other police officers under multiple sections of the Indian Penal Code (IPC), including charges of conspiracy, forgery, and tampering with evidence. This case is also under investigation by an SIT and is being heard in the Punjab and Haryana High Court.

On July 6, the Punjab and Haryana High Court reiterated that the Punjab Government had no grounds for preventing IGP Umranangal from resuming his duties. The court had ordered the state to take action by July 15. These directives came in response to a contempt petition filed by Umranangal, highlighting the non-compliance of the February order that revoked his suspension.

"The record of the case shows that the arguments of the State have not found favour even with the Supreme Court. Therefore, there is absolutely no ground for not permitting the petitioner to join his duties anymore," the High Court had noted. The court had warned of coercive measures against the Punjab Government for its default but granted a short extension to fulfill the necessary actions, making it clear that no further adjournments would be entertained.

## o oost green co er nja C rges ar ers to pant trees aro n t e e s

PNS ■ CHANDIGARH

In a significant initiative to enhance the green cover across Punjab, Chief Minister Bhagwant Mann on Thursday called upon the farmers to plant at least four trees around their tube wells.

Making the appeal during a meeting to review the state's afforestation drive, Mann emphasized the urgent need to increase the forest cover in Punjab. He announced that the State Government has set an ambitious target of planting three crore saplings this year, launching a massive plantation drive in the coming days.

Mann, highlighting the pivotal role of farmers, encouraged them to transform this campaign into a public movement. He compared their potential con-

tribution to this environmental cause with their success in making India self-reliant in food production.

"Last year, we planted 1.2 crore saplings. This year, our goal is three crore," said the Chief Minister, while calling on the Deputy Commissioners (DCs) to play an active role in this plantation drive, ensuring a significant enhancement of green cover across the State. Mann instructed the DCs to identify vacant government land in their districts for extensive plantation efforts.

Chief Minister Mann underscored the importance of monitoring the plantation drive at the grassroots level. He revealed that Punjab has 14.01 lakh tube wells, and if every farmer plants four saplings around each well, the state's forest cover will increase

## Una to Generate 47 MW Solar Power in Near Future: HP CM

PNS ■ UNA

In a move towards enhancing renewable energy capacity in Himachal Pradesh, Chief Minister Sukhvinder Singh Sukhu on Thursday laid the foundation stone of a five MW solar power project in Bhanjal. The project, estimated to cost Rs 31 crore, will be developed by the HP Power Corporation Limited on nine hectares of land and is expected to be completed within eight months.

Sukhu, addressing a public gathering at the event, highlighted the environmental and economic benefits of the Bhanjal solar power project. "This project will generate 10.54 million units of power annually, resulting in an annual revenue of Rs 3.82 crore for the State Government," he said.

The project will include the installation of 30,000 solar modules and will help reduce carbon emissions by 396 tonnes per year.

The Chief Minister also announced plans to significantly boost Una district's solar power generation capacity, projecting a total of 47 MW in the near future. He cited the recent dedication of the 32 MW Pekhubela solar power project, completed in a record time of eight months at a cost of Rs 220 crore. Additionally, work has commenced on a 10 MW solar power project in Kutlehar, with an investment of Rs 67.82 crore. "With these initiatives, we are making significant strides towards our goal of making Himachal Pradesh a green state by March 31, 2026," said Sukhu. He emphasized that solar power projects are crucial for achieving this vision and will contribute substantially to the state's revenue.

The Chief Minister also laid the foundation stone for a state-of-the-art fisheries training center at Deoli, which will be constructed at a cost of Rs 5.17 crore. This center aims to provide modern training facilities for fishermen, enhancing their skills and knowledge in sustainable fisheries practices.

In his address, Sukhu underscored the State Government's commitment to make Himachal self-reliant. "We have allocated Rs 300 crore to the Himachal Road Transport Corporation (HRTC) for purchasing electric buses, and efforts are underway to convert the entire fleet to e-buses," he announced. The state government is also providing an annual grant of Rs 800 crore to the HRTC to support its operations.

Reflecting on recent challenges, the Chief Minister acknowledged the impact of the five-month model code of conduct on developmental works. However, he assured the public that the government would take effective measures to accelerate development in the near future.

## Haryana Speaker Rejects Cong's

s a cat on aga nst ran C o ry

**Chandigarh:** Haryana Speaker Gian Chand Gupta on Thursday dismissed the Congress' petition seeking MLA

Kiran Choudhry's disqualification from the State Assembly, citing technical grounds. According to an official statement, the petition did not meet the criteria under the 'Disqualification of Members on the Ground of Defection Rules, 1986' of the Legislative Assembly, leading to its rejection.

The Legislative Assembly Secretariat notified Congress leaders of the decision, following their request to disqualify Tosham MLA Kiran Choudhry after her defection to the BJP. In a letter to the Speaker on June 19, Congress leaders — Aftab Ahmed, the Deputy Leader of the Opposition in the Vidhan Sabha; and Bharat Bhushan, Congress' Chief Whip — cited Choudhry's resignation from the Indian National Congress and subsequent joining of the Bharatiya Janata Party (BJP) as grounds for disqualification.

They referenced her resignation letter, dated June 18 addressed to Congress president Mallikarjun Kharge, asserting that she voluntarily gave up her party membership, thus violating the Tenth Schedule of the Constitution of India.

## SC c a r an re tes paper eak a egat ons or e a

PNS ■ PATIALA/CHANDIGARH

Punjab Public Service Commission (PPSC) chairperson Jatinder Singh Aulakh on Thursday firmly refuted allegations of a paper leak in the recent examination for Agriculture Development Officers, held on June 30, 2024. An internal fact-finding investigation has found the accusations to be baseless and unsubstantiated, he said.

The controversy began when an educational coach from AGRIMENTORS, Chandigarh, posted a video on YouTube on the day of the exam, alleging, "without any proof", that the examination paper had been leaked. Furthermore, allegations were circulated in electronic and print media, claiming a bribe of Rs 32 lakhs was accepted by a senior officer of the State's Agriculture Department.

PPSC chief Jatinder Singh Aulakh clarified that no officer from the State Agriculture Department was involved in the examination process conducted by the PPSC. He emphasized that the Commission, under his leadership, has conducted all examinations with the highest standards of fairness and transparency. The internal investigation, backed by videographic and written records, confirmed that the examination process was secure and just.

"Contrary to the allegations, no candidate had access to the question paper before the exam," said Aulakh. "Moreover, no candidate was allowed to enter any examination center after the start of the examination at 11 am," he said, highlighting that the PPSC diligently followed all guidelines and norms, employing biometric machines, 5G jammers at every center, and deploying DFMD

and HHMD devices for thorough frisking by security personnel, ensuring a foolproof process.

Aulakh further asserted that the baseless allegations appear to be an attempt to tarnish the reputation of the PPSC, a constitutional body known for its efficiency and meticulousness. He assured the public with utmost certainty and full responsibility that the paper was not leaked by the PPSC. Additionally, he recommended a strict inquiry to investigate the allegations of bribery. Should these allegations prove false, strict legal action will be taken against those attempting to create distrust among the public.

"The PPSC remains committed to the fair and impartial conduct of all recruitment examinations, ensuring candidates are not disheartened. These candidates represent the

future of Punjab, and their trust in the system is paramount," Aulakh added.

PPSC chief's response came a day after the Shiromani Akali Dal (SAD) had demanded an independent probe into the alleged leak of the question paper for selection of ADOs in Punjab. Former Minister and senior SAD leader Daljit Singh Cheema had stated that the students have clearly mentioned that a senior officer of the Agriculture Department accepted a bribe of Rs 32 lakh to leak the paper. "They have e-mailed chief minister Bhagwant Mann in this context and even submitted a memorandum to the chief minister's wife - Dr Gurpreet Kaur but the government is refusing to take any action in the matter," Cheema had stated, while demanding that the paper be re-conducted and a case be registered in the matter immediately.

# Punjab farmers to get over 22k 'subsidized' CRM machines to manage paddy straw

PNS ■ CHANDIGARH

In a significant move to manage paddy straw scientifically and reduce farm fires, Punjab Government on Thursday announced the provision of over 22,000 Crop Residue Management (CRM) machines on subsidy.

Punjab Agriculture and Farmers' Welfare Minister Gurmeet Singh Khudian, announcing this during a review meeting of departmental schemes and projects, emphasized the urgency of the initiative, instructing officials to ensure that the draw of lots for the subsidized CRM machines is conducted within this month. He also direct-

ed that the subsidy be released to beneficiary farmers by the end of August 2024, well before the start of the paddy harvesting season. This timeline is critical for achieving the government's ambitious goal of reducing farm fires to zero.

"Chief Minister Bhagwant Mann's government has laid out an action plan of Rs 500 crore to make CRM machinery available to farmers on subsidy during the paddy harvest season 2024-25," stated Minister Khudian. "Individual farmers can avail 50 percent subsidy on the cost of CRM equipment, while cooperative societies, FPOs, and panchayats are eligible for an 80 percent subsidy."

The Minister appreciated

the positive response from state farmers towards the Direct Sowing of Rice (DSR) technique. He highlighted that there has been a 28 percent increase in the area under DSR this year compared to last year, with 2.20 lakh acres already sown directly, up from 1.72 lakh acres in 2023.

"The target for this season is to achieve five lakh acres under DSR. To further encourage this water-conserving technique, the Punjab Government is providing Rs 1,500 as financial assistance to farmers opting for DSR," he said.

Reviewing the status of maize kharif sowing, the Minister noted that the state is offering a subsidy of Rs 100 per kilogram on the purchase of hybrid maize seeds.

Agriculture Director Jaswant Singh informed the Minister that kharif maize has already been sown in one lakh acres, with the target being two lakh acres. This initiative aims to diversify crop patterns and promote sustainable agricultural practices.

Stressing the importance of quality control in agriculture inputs, the Minister directed the department officials to continue stringent actions against the sale of spurious or substandard seeds, fertilizers, and pesticides. "No one indulged in these malpractices will be spared," said the Minister, reinforcing the Punjab Government's commitment to ensuring that state farmers have access to high-quality agricultural inputs.

## INLD, BSP form alliance for Hry assembly polls; BSP to contest 37 out of 90 seats

PNS ■ CHANDIGARH

The Indian National Lok Dal (INLD) has decided to again join hands with its former ally, Bahujan Samaj Party (BSP), for the Haryana Assembly elections scheduled later this year. Under the arrangement, out of total 90 assembly seats in Haryana, BSP will contest 37 seats leaving the rest for its senior partner in Haryana, where the ruling BJP is eyeing to come to power for third time in a row.

Addressing the joint press conference, INLD secretary-gen-

eral Abhay Chautala and BSP national coordinator Akash Anand on Thursday said that the alliance would explore options to join hands with other like-minded social and political outfits.

Anand said that recently, BSP chief Mayawati and Chautala had held a detailed meeting regarding firming up of the alliance. The alliance's Chief Minister face would be Abhay Chautala, the grandson of former Deputy Prime Minister and state's tallest Jat leader, Chaudhary Devi Lal.

"In that meeting, it had been decided that the INLD would

contest on 53 out of 90 seats and the BSP would fight on the remaining 37 seats," he added.

As per the manifesto, both parties promised to do away with contractual employment by offering permanent jobs, setting up solar plants to minimize the electricity bill of each household to Rs 500, besides free water, old-age pension of Rs 7,500 per month, Rs 21,000 unemployment allowance and one employed person in every house.

For the Scheduled Castes, there would be a 100-yard plot for each family, free coaching for competitive exams, free educa-

tion up to Class 10, etc.

In February 2019, the BSP had called off its nearly nine-month-old alliance with the INLD, which was then Haryana's main opposition outfit. The development at that time had come amid a feud in the Chautala family. After the feud within the INLD, five-time Chief Minister OP Chautala's grandson Dushyant split the party vertically in 2018 and formed the Jannayak Janta Party (JJP). In 2019, the JJP extended support to the BJP to form the government in the state. In March, it withdrew its support.

FIRST COLUMN

PM MODI'S STRATEGIC VISIT

PM Modi's visit to Russia underscores the importance of Russia in India's foreign policy

This week marked several high-profile meetings amongst senior leaders around the globe, discussing primarily various conflicts and possible outcomes. PM Narendra Modi, in his first state visit during his third stint, visited Russia and Austria. The State visit by the India PM was the first since the Ukraine war and underscores the primacy of Russia in India's state of affairs. Meanwhile, all North Atlantic Treaty Organisation (NATO) leaders assembled in Washington DC to discuss global geopolitics. Ukraine and the Middel East featured prominently in all the discussions, even though the flavours were significantly different.

The India-Russia joint statement following President Putin and PM Modis' bilateral meetings read "The Sides highlighted the imperative of peaceful resolution of the conflict around Ukraine through dialogue and diplomacy including engagement between both parties. They noted with appreciation relevant proposals of mediation and good offices aimed at peaceful resolution of the conflict by international law and based on the UN Charter in its entirety and totality. "Earlier, PM Modi during one of the televised speeches of the two leaders told his Russian counterpart "peace is of utmost importance" and solution to Ukraine could not be found on the battlefield. He expressed serious concern regarding the bombing of a children's hospital in Kyiv and said "When innocent children are murdered, one sees them die, the heart pains and that pain is unbearable." Ukrainian President Volodymyr Zelenskyy, with whom PM Modi has had several telephone calls in the past, called the Russia state visit by India "a blow to peace efforts."

NATO Secretary General, Mr Stoltenberg in the run-up to the NATO summit said "Allies will agree a financial pledge for Ukraine", and that he also expects more immediate military support to Ukraine." Ukraine is moving closer to NATO ". The close relationship with NATO was one of the reasons Russia came marching into Ukraine. It was a tightrope walk for PM Modi, in Russia, given the relatively new strategic relationships, he has developed in his last decade of being at the helm, crucial among them being the India-US partnership. It would be worth mentioning that

In the wake of the war in Ukraine, India has not yet verbally criticised Russia, for its aggression and has also stayed away from multilateral resolutions against Moscow. In the first few months, of Russia's attack on Ukraine, several US top leaders had criticised India's stance regarding the war, and even a threat of sanctions was discussed.

However, with deft diplomatic efforts made by both long-term partners, the high-decibel criticism was restricted to closed-door meetings. PM Modi's state visit to Russia opened some of the past heartburn regarding Ukraine in Washington. US State Department spokesperson Matthew Miller said "US has raised concerns with India regarding its relationship with Russia". He added "We would urge India, as we do any country when it engages with Russia, to make clear that any resolution to the conflict in Ukraine needs to be one that respects the UN charter, that respects Ukraine's territorial integrity." This comes at a time when the US has been seen to be one of the most important allies of India in the recent past.

Interestingly President Putin upon re-election chose to visit Beijing in one of his first official trips and followed it with a bilateral last week, on the sidelines of the SCO summit in Kazakhstan. China and Russia have mutually agreed to be friends without any limitations, and are widely seen as challengers to what they allege as the US-led democratic order. India and China are on an extremely rough patch due to the military aggression on India's borders. India managed to walk the tight rope for now, but at some point of time it will have to balance it out with more action-able statements on world conflicts.

# A call for civility and integrity in democracy

The elected representatives must adhere to constitutional principles and the high standards set by the framers of the Constitution

The Constitution and its makers Deserve Respect.J.S. RajputIn a functional democracy, election times could indeed become a celebration time, not only the competing candidates and their partiers, but also for the for entire country, which may involve votes, and future voters. Imagine a situation in which every candidate remains respectful to all others, and is ever conscious of his words and their usage in every interaction, interview and interpretation of the views of his competitors. Everyone who enters the election fray is duty-bound to remember that there is a generation of younger people watching closely how they conduct themselves in competitive conditions, and the extent to which they are conscious of their conduct and behaviour, both in public and private. Though it is a major responsibility of the family and school to shape the growing up of the children, the significance of the role of society and particularly those keen to lead the society could never be ignored.

It is not only the 'Acharya' whose conduct is under watch and is emulated, children in their sensitive years learn from numerous sources, and no one is out of their ambit of keen observation. Having seen, observed and participated in the elections that were just over, one may find all these 'expectations' just 'utopian, to be aspired for, but with full understanding that these would never be fulfilled! After the election results, the parliament meets, and there is only a superficial bonhomie of a few minutes, followed by the same old routine of distrust, and a sense of shyness, the creation of hurdles and ensuring that the nation must once again get ready to suffer continuous shouting in both the Houses of parliament and regular walk-outs! Is it amazing – and sadly enough, amusing – that the elected representatives of the great Indian democracy just cannot sit together and find out ways and means to sit together, express themselves, and arrive at inferences that are for the good of their voters? How could they ignore that they are the legatees of Gandhi, Ambedkar, Rajendra Prasad, Rajagolachari, and that illustrious lot that prepared the Constitution, and had created

IF THE PEOPLE WHO ARE ELECTED ARE CAPABLE, MEN OF CHARACTER AND INTEGRITY, THEY WILL BE ABLE TO MAKE THE BEST EVEN OF A DEFECTIVE CONSTITUTION. IF THEY ARE LACKING IN THESE, THE CONSTITUTION CANNOT HELP THE COUNTRY

ated conditions to enable them to get elected, enjoy all the perks and privileges that have been acquiring bulging proportions? A veteran of the freedom struggle once told me he finds it repulsive when people go to Raj Ghat before beginning their so-called fasts, political dramas and whatever you may call it. I share his anguish. Many others would also be doing so. Those who indulge in such frivolities could remember what Dr Ambedkar had mentioned in his concluding speech in the Constituent Assembly on November 25, 1949: "If we wish to maintain democracy not merely in form, but also a fact, what must we do? The first thing in my judgment we must do is hold fast to constitutional methods of achieving our social and economic objectives. It means we must abandon the bloody methods of revolution. It means that we must abandon the method of civil disobedience, non-cooperation and satyagraha." He goes on to point out that even with the Constitution in place, the nation, its people in general and those occupying constitutional positions in particular must never forget: "...however good a constitution may be, it is sure to turn out bad because those who are called to work it, happen to be a bad lot. However bad a constitution may be, it may turn out to be good if those who are called to work it, happen to be a good lot.... The Constitution can provide only the organs of the State such as the Legislature, the Executive and the Judiciary.

The factors on which the working of those organs of the State depends are the people and the political parties they will set up as their instruments to carry out their wishes and their politics." Not only Dr. Ambedkar, but other stalwarts were also equally concerned oabouthow things may take shape in future.

Speaking on November 26 of 1949, the final remarks of the President of the Constituent Assembly could be the guiding light for every member of parliament, irrespective of his party affiliations: "Whatever the Constitution may or may not provide, the welfare of the country will depend on how the country is administered. That will depend upon the men who administer it. It is a trite saying that a country can have only the Government it deserves.

If the people who are elected are capable, and men of character and integrity, they will be able to make the best even of a defective Constitution. If they are lacking in these, the Constitution cannot help the country. After all, a constitution like a machine is a lifeless thing. It acquires life because of the men who control it and operate it, and India needs today nothing more than a set of honest men who will have the interest of the country before them".

There can be no better articulation of the anxiety and anguish that every concerned Indian citizen experiences at this juncture of history. India needs awakeners not only in every section of Indian society." The newly elected MPs could rally move towards an illustrious political career if they just internalize the thoughts, ideas and ideals of three of the illustrious Indians: Gandhi, Rajendra Prasad and Ambedkar; the ARG" This could become their tribute and salutations to the three of them, and that would equip them to plunge into the service of the people and India. Scholars and institutions must launch serious analysis of certain aspects of how the democratic process has fared in its actual practice, in sustaining its credibility amongst the voters.

They could also find out with academic fidelity – and inform the

people what has eroded Gandhian values that were supposed to become the cornerstone of the Indian Democracy after the Constitution of India was prepared with un-heard of dexterity and socio-economic and cultural comprehension by its framers, all of whom were distinguished freedom fighters, known for their sacrifice, non-accumulation, and commitment to a cause.

Not only in India, the greatness of the contributions of Baba Saheb Bhim Rao Ambedkar is acknowledged globally. It is indeed intriguing for numerous people how those who swore by his name all the time to give a zing to their political ambitions, blatantly ignore some of his basic premises which were an outcome not only of his intellectual prowess but also a precise and incisive comprehension of life he had led!

Take the example of reservations for the SC/SC communities. It is the responsibility of the members of the Parliament and State assemblies to fact-check the extent to which reservations have helped the target groups. How long shall the unscrupulous among the politicians shall be allowed to play the games of caste, creed, religion, region and even language? If all this is permitted to continue, it would be impossible to create an India that projects social cohesion and religious amity.

Revert back to the sixties of the last century, Gandhi had gone but had not vanished from the psyche of the people, young persons were convinced that the caste system would be eliminated during the next two to three decades. Yes, that was the spirit of the Constitution of India, that was the India of Baba Saheb's Dreams! *(Professor Rajput works in education, social cohesion and religious amity; views are personal)*

## India and US support for the Dalai Lama and Tibetans upsets China

### India and America's identical and unequivocal stance on Tibet has rattled China, highlighting the evolving geopolitical dynamics in Asia

In a significant diplomatic move, both India and the United States have extended their support to the Dalai Lama and the Tibetan cause, provoking a strong reaction from China. The adoption of the Resolve Tibet Act by the US Congress and a recent high-profile meeting between a bipartisan American Congressional delegation and the Dalai Lama in Dharamshala have amplified the tensions between the US, India, and China. This article explores the strategic and ideological implications of these developments.

**A Diplomatic Convergence:** The backdrop of this development is the increasingly strained relationship between the United States and China.

The US Congress's passage of the Resolve Tibet Act, which promises comprehensive support for the Tibetan cause, marks a clear stance against China's policies in Tibet. The meeting between the American delegation and the Dalai Lama further underscores this commitment.

In a related move, Indian Prime Minister Narendra Modi met with the US delegation, who congratulated him on his historic third-term

election victory and praised the fairness and transparency of the recent Indian general elections. Modi's subsequent Twitter post highlighted the strong bipartisan support for advancing the India-US strategic partnership. Notably, the post did not mention the Dalai Lama, though it was clear the topic was a significant aspect of the discussions.

India's hosting of the Tibetan government-in-exile in Dharamshala places it in a unique position concerning the Tibetan cause. The Indian government has historically balanced its support for Tibet with its broader strategic and economic relations with China. The timing of the meetings suggests a coordinated diplomatic effort to highlight shared values and mutual

interests in countering China's assertive policies.

**Strategic Ramifications:** The convergence of American and Indian interests reflects the evolving geopolitical landscape in Asia. Both nations share concerns about China's growing influence and assertive behavior, particularly in the Indo-Pacific region. By reinforcing their strategic partnership, the United States and India signal their commitment to a rules-based international order, countering China's ambitions.

In response, China is likely to intensify its efforts to strengthen alliances and expand its influence in the region. This could involve deepening ties with Pakistan, increasing engagement with other South Asian nations, and accelerating

ing Belt and Road Initiative projects to secure strategic footholds. Additionally, China might enhance its military posture along disputed borders with India, particularly in Ladakh and Arunachal Pradesh, to assert territorial claims.

Beyond immediate strategic calculations, these meetings highlight the broader ideological contest between democratic values and authoritarian governance. The Dalai Lama, a symbol of non-violent resistance and spiritual leadership, embodies values resonating with global advocates of democracy and human rights. Engaging with him reinforces the US and India's commitment to these principles.

China, facing scrutiny over its

human rights record in Tibet, Xinjiang, and Hong Kong, is placed in a defensive position. In the global influence battle, soft power and moral authority are becoming increasingly important.

The Dharamshala and Delhi meetings enhance the soft power of the United States and India, positioning them as champions of human rights and democratic values.

**The Path Forward:** As the geopolitical chessboard in Asia becomes more complex, the interplay between diplomacy and deterrence will be crucial. The United States and India, through coordinated diplomatic actions, are setting the stage for a more assertive and collaborative approach to countering China's influence. This involves not only

strengthening bilateral ties but also fostering broader coalitions with like-minded countries in the Indo-Pacific region.

The high-level US delegation, led by Republican Rep. Michael McCaul and including prominent figures like Democratic former House Speaker Nancy Pelosi, discussed the relevance and significance of the Resolve Tibet Act. President Joe Biden, a strong advocate for Tibetan rights, is expected to approve the Act.

China's reaction has been predictably strong, warning the United States against sending the "wrong signal." The Chinese embassy in India emphasized China's stance on Tibet as an internal matter, condemning any perceived

interference in its domestic affairs.

**Conclusion**

India and America's identical and unequivocal stance on Tibet has rattled China, highlighting the evolving geopolitical dynamics in Asia. The historical breach of trust by China in 1962, replicated in 2020 during the Ladakh confrontation, underscores the challenges in Sino-Indian relations. Prime Minister Modi's efforts to normalize ties with Beijing have not yielded desired results, reflecting the ongoing tension.

Adopting a more nuanced approach to diplomacy may help mitigate tensions while advancing China's strategic goals.

# S Korea to deploy laser weapons to intercept North Korean drones

AP ■ SEOUL

South Korea said Thursday it will begin deploying laser weapons systems designed to intercept North Korean drones, which have caused security concerns in the South in recent years.

South Korea's Defense Acquisition Program Administration said that it will deploy at least one anti-air laser weapons system called "Block-I" by the end of this year and more in coming years. An agency statement said the "Block-I" system is capable of launching precision attacks on small incoming drones and multi-copters. It said the system, developed by local company Hanwha Aerospace, costs just 2,000 won (about \$1.50) per shot. "We face North Korea on our doorstep and its drones

pose present threats to us, so that's why we've been aiming to build and deploy laser weapons soon to cope with them," an agency official said, requesting anonymity because he wasn't authorized to speak to media on the issue.

He said that other countries like the United States and Israel are ahead of South Korea in laser weapons technology, but their primary focus has been on higher-powered laser guns that can shoot down incoming ballistic missiles. South Korea also hopes to develop such anti-missile laser weapons, which its defense procurement agency called "a game changer" in future combat environments. The "Block-I" system is meant to hit circuit boards and other equipment in enemy drones to make them malfunction and crash on the ground. Tests of

the weapons system in 2022-2023 were successful and proved its credibility, the official said. Some experts questioned the technology. Lee Illwoo, an expert with the Korea Defense Network in South Korea, doubts how effectively South Korea can use its laser weapons since its anti-air radar systems aren't advanced enough to detect North Korean drones well. He said the range of a laser weapon is relatively short, so high-power microwave weapons would be better when enemy drones are flown in large numbers simultaneously. Jung Chang Wook, head of the Korea Defense Study Forum think tank in Seoul, said South Korea is likely about five years away from acquiring a functioning laser weapon that can shoot down the drones used by

North Korea. North Korea has periodically flown drones across its heavily fortified border with South Korea for several years, in what observers have called tests of South Korean readiness. In December 2022, South Korea accused the North of sending drones across the border for the first time in five years. South Korea fired warning shots and launched fighter jets and helicopters but failed to shoot down any of the drones. In a key political meeting in December 2023, North Korean leader Kim Jong Un vowed to introduce various types of unmanned combat equipment such as attack drones for 2024. Foreign experts say Kim likely regards drones as a cheap yet effective method to trigger security jitters and an internal divide in South Korea.

# Yemen Houthi rebels fire Iranian missile at Norwegian-flagged ship

AP ■ DUBAI

Yemen's Houthi rebels likely fired an Iranian-made anti-ship cruise missile at a Norwegian-flagged tanker in the Red Sea in December, an assault that now provides a public, evidence-based link between the ongoing rebel campaign against shipping and Tehran, the US military says. A report by the US Defence Intelligence Agency released Wednesday linked the attack on the Strinda, which set the vessel ablaze, to Tehran, the Houthi's main backer in Yemen's nearly decadelong war. The findings correspond with those of a Norway-based insurers group that also examined debris found on the Strinda. It comes as the Houthis continue their monthslong campaign of attacks over the Israel-Hamas war, targeting ships in the Red Sea corridor, disrupting the USD 1 trillion flow of goods passing through it annually while also sparking the most intense combat the US Navy has seen since World War II. Iran's mission to the United Nations, responding to questions from The

Associated Press, again denied arming the Houthis despite the reports. "We are aware that (the Houthis) have significantly developed their military capabilities relying on their very own sources," the mission said. "The prolonged war against them is the primary factor behind the expansion of their military prowess." The Strinda was coming from Malaysia and was bound for the Suez Canal and then on to Italy with a cargo of palm oil when it was struck by a missile December 11. The attack sparked a major fire on board that the crew later extinguished without anyone being hurt. Debris found on board later was analysed by the US military. The DIA compared the pieces of the engine from the missile found on board to the Iranian Noor anti-ship ballistic cruise missile. "The Iranian Tolu-4 turbojet engine, used in the Noor (missile), has unique features — including the compressor stage and stator — that are consistent with engine debris recovered from the ... Houthi attack on the M/T Strinda," the DIA

report said. A stator is the stationary portion of an engine. Those pieces match images of a Tolu-4 engine that Iran displayed at the International Air and Space Show in Russia in 2017, the DIA said. Visually, the engines bore similarities in the photographs. The Noor was reverse engineered by Iran from the Chinese C-802 anti-ship missile, which Iran purchased from Beijing and began testing in 1996 before transfers stopped over a US pressure campaign. The Iranian version is believed to have a range of up to 170 kilometres, with an upgraded version called the Qader having a range up to 300 kilometres. The Houthis have a look-alike missile to the Qader called the Al-Mandeb 2 with a similar range. The Norwegian Shipowners' Mutual War Risks Insurance Association, known by the acronym DNK, also examined the debris following the Strinda attack. The association assessed it was "highly likely" the vessel had been hit by a C-802 or Noor anti-ship cruise missile.

# 'Trump will win if election is free and fair'

PTI ■ WASHINGTON

Observing that the June 27 presidential debate did have some impact on the popularity of Donald Trump, the head of "Sikh Americans for Trump" has said the former president's victory will depend on whether the election is free, fair and legal. "I think our community is very much in support. I have seen a lot of support in favour of President Trump. We are raising funds for President Trump. We are going to the convention soon," Maryland-based community leader Jasdip Singh Jassee, head of "Sikh Americans for Trump," told PTI ahead of the Republican National Convention (RNC) in Milwaukee next week.

Republican delegates from across the country, during the four-day RNC convention in Milwaukee, would formally nominate Trump as their presidential candidate for the November 5 general election. Incumbent President Joe Biden is the presumptive nominee of the Democratic party.

"We will be mobilising our team nationwide this time, even on the West Coast, in New York, Texas, in support of President Trump," said Jassee, who has been appointed on the finance committee for President Trump, the Trump 47.

"We all knew about President Biden's issues that he had for the last four years, but it was very interesting to see... for the American public and media, to see it during the debate how much President Biden has declined his mental capacity and his thought processes, which was very evident throughout. But somehow, the American media was kind of controlling it and not letting the people know about it," he said in response to a question.

"So right now, we see that the debate did have some impact on President Trump's popularity, but the country's overall situation, such as inflation, illegal immigration, a disorderly border at this time, the infrastructure, the violence and the crime that is happening in America, and also zero foreign

## Top Biden fundraiser, says Democrats not going to win presidency with him

**Washington (PTI):** A top Hollywood fundraiser for US President Joe Biden called for a new Democratic presidential candidate on Wednesday, arguing that the party cannot win the White House in November with him as the nominee. "We are not going to win in November with this president. On top of that, we will not win the House, and we are going to lose the Senate. This is not only my opinion, this is the opinion of every senator and Congress member and governor who I have spoken with in private. Every single one, irrespective of what he or she is saying publicly," George Clooney, an actor, director and film producer, said in an op-ed in "The New York Times". Clooney, who

hosted a very successful fundraiser for Biden in June, said he observed a different Joe Biden at that event.

"The one battle he cannot win is the fight against time. None of us can. It is devastating to say it, but the Joe Biden I was with three weeks ago in the fund-raiser was not the Joe 'big F-ing deal' Biden of 2010. He was not even the Joe Biden of 2020. He was the same man we all witnessed at the debate," he wrote. "Was he tired? Yes. A cold? Maybe. But our party leaders need to stop telling us that 51 million people did not see what we just saw. We are all so terrified by the prospect of a second Trump term that we have opted to ignore every warning sign," Clooney said.

policy where America is not a leader anymore," he observed.

"All of this has had an impact on Biden's campaign in addition to his debate performance and his physical and mental capacity. But again, the key issue is what President Trump said in the debate when he was asked a question, will you accept the verdict? He said if it is a fair, legal, and honest election, yes, I will. So again, the key is, if this election is going to be fair, honest or legal," Jassee said.

"If that happens, then yes, President Trump will win, because that is what the American public wants. But if there is a swamp involved, or deep state involved, or vested interest involved, then we do not know what the result is going to be," Jassee said. According to him, this year, the support of the Indian community, South Asian community, Sikh community for Trump has gotten like four times more than what it was in 2020. "Now, people come up to me and say, hey, we want to be in your support.

# British Indian MPs swear oath on 'Bhagavad Gita, Gutka & Bible

PTI ■ LONDON

Newly elected Indian-origin MPs to the House of Commons have been pledging their allegiance to the British Crown as a symbol of loyalty to the country, choosing to swear on holy texts or to affirm their oath during the first week of a new Parliament. A new copy of the 'Bhagavad Gita' presented to Speaker Lindsay Hoyle by Shailesh Vara, former Conservative Party member of Parliament who lost his Cambridgeshire seat in last week's general election, featured early on as Rishi Sunak was among the first British Indian MPs to take his oath as Leader of the Opposition on Tuesday. Holding the text in his right hand, the former prime minister read out the customary text: "I swear by Almighty God that I will be faithful and bear true allegiance to His Majesty King

Charles, his heirs and successors, according to law. So help me God." First-time MP Kanishka Narayan, who is the first Indian-origin member of Parliament to represent Wales in the Westminster Parliament after winning the Vale of Glamorgan seat for Labour, also chose the 'Gita' for his oath, as did new Tory MP from Leicester Shivani Raja. Bob Blackman, a Tory veteran who represents Harrow East in London and has chaired the All Party Parliamentary Group (APPG) for British Hindus, chose to hold both the 'Gita' and the 'King James Bible' for his oath-taking ceremony. "This 'Bhagavad Gita' has been specially blessed in a temple in India and will be used by Hindu MPs entering Parliament following this General Election and those who will enter in the generations to come," said Shailesh Vara, when he recent-

ly presented the holy text blessed at the Mayapur temple headquarters of the International Society for Krishna Consciousness (ISKCON). Some of the British Sikh MPs such as Tan Dhesi and first-timers Gurinder Singh Josan, Harpreet Uppal, Satvir Kaur and Warinder Singh Juss chose to swear their oath to the Sikh scriptures but without holding any text in their hands. Preet Kaur Gill, with her head covered with a red scarf, chose to hold the cloth-wrapped 'Sundar Gutka' prayer book during her swearing-in. Sojan Joseph, the mental health nurse from Kerala who has been elected Labour MP from Ashford in Kent, chose the 'New Testament' biblical text to swear his oath. Meanwhile, the 'King James Bible' was chosen by re-elected Conservatives Priti Patel and Claire Coutinho, as well as Liberal Democrat Munira

Wilson. MPs can opt for a non-religious affirmation, as did the two new Independent MPs with their roots in India, Shockat Adam and Iqbal Mahmood, along with many others including Tory MP Gagan Mohindra and Labour's Lisa Nandy and Seema Malhotra. First-timers like Tory MP Dr Neil Shastri-Hunt and Labour's Jeevun Sandher and Sonia Kumar also chose to affirm their pledge of allegiance. The affirmation reads: "I do solemnly, sincerely, and truly declare and affirm, that I will be faithful and bear true allegiance to His Majesty King Charles, his heirs and successors, according to law." All elected MPs, including 29 of Indian heritage, have been queuing up in the Commons chamber since Tuesday to complete this protocol before they can officially take their seats in Parliament.

# US Coast Guard patrol spots Chinese naval ships off Alaska island

**Anchorage (AP):** A US Coast Guard cutter on routine patrol in the Bering Sea came across several Chinese military ships in international waters but within the US exclusive economic zone, officials said Wednesday.

The crew detected three vessels approximately 124 miles (200 kilometers) north of the Amchitka Pass in the Aleutian Islands, the Coast Guard said in a statement. A short time later, a helicopter aircrew from Coast Guard Air Station Kodiak spotted a fourth ship approximately 84 miles (135 kilometers) north of the Amukta Pass. All four of the People's Republic of China vessels were "transiting in international waters but still inside the US Exclusive Economic Zone," which extends 200 nautical miles (370 kilometers) from the U.S. shoreline, the statement said. "The Chinese naval presence operated in accordance with international rules and norms," said Rear

Adm. Megan Dean, Seventeenth Coast Guard District commander. "We met presence with presence to ensure there were no disruptions to US interests in the maritime environment around Alaska." U.S. Coast Guard Cutter Kimball is a 418-foot (127-meter) ship based in Honolulu. This wasn't the first time Chinese naval ships have sailed near Alaska waters. In September 2022, the Kimball spotted guided missile cruiser from China in the Bering Sea. And in Sept. 2021, Coast Guard cutters in the Bering Sea and North Pacific Ocean encountered Chinese ships, about 50 miles (80 kilometers) off the Aleutian Islands. The US military routinely conducts what it calls freedom of navigation operations in disputed waters in Asia that China claims as its own, deploying Navy ships to sail through waterways such as the South China Sea.

# UK mulls tighter crossbow laws after three women were slain in an attack

AP ■ LONDON

A man suspected of killing the wife and daughters of a BBC radio sports commentator with a crossbow was being treated in a hospital Thursday after being found injured in a cemetery some 15 miles (22 kilometers) from the scene of the crimes. Police had spent almost a day hunting for Kyle Clifford after the attack on Carol Hunt, 61, and her daughters Hannah, 28 and Louise, 25 at their home in Bushey, northwest of London. Police and ambulance crews called to the suburban cul-de-sac on Tuesday evening tried to save them, but they were pronounced dead at the scene.

After a frantic search across a swath of London's northern fringe, Clifford, 26, was found Wednesday in the Enfield area of north London, near his home. Footage from Sky News showed the suspect being carried on a stretcher out of Lavender Hill Cemetery. Armed police offi-

cers, forensic personnel and ambulance staff had massed around the cemetery through the day.

Police did not say how he was injured, but stressed that they had not fired any shots. They said Clifford had not yet been arrested.

"Following extensive inquiries, the suspect has been located and nobody else is being sought in connection with the investigation at this time," said Detective Inspector Justine Jenkins from the Bedfordshire, Cambridgeshire and Hertfordshire Major Crime Unit. Police did not say how or whether Clifford was connected to the women, but said they believed the attack was targeted. British media reported that Clifford was an ex-boyfriend of one of the victims. Jenkins said the investigation was moving "at pace" and that formal identification of the victims had yet to take place. The BBC confirmed the victims

were the family of its sports commentator John Hunt. Hunt is the main racing commentator for BBC 5 Live, the corporation's main news and sports radio channel.

His voice is known to millions through his coverage of the world famous Grand National and The Derby. Shocked neighbors came late Wednesday to lay flowers near the scene of the attack.

"They were the loveliest, gentlest family," said Su Kehinde, who lives nearby. "They were the meekest human beings. They did not deserve this. They were beautiful souls." People in Britain do not need a license to own a crossbow, but it is illegal to carry one in public without a reasonable excuse. The new Labour Party government, which took office last week, said it would "swiftly consider" findings of a recently launched review into whether controls on owning crossbows should be tightened.

# Sizzling heatwave in parts of southern & central Europe prompts alerts

AP ■ BELGRADE

Weather alerts, forest fires, melting pavement in cities: A sizzling heat wave has sent temperatures in parts of central and southern Europe soaring toward 40 degrees Celsius (104 Fahrenheit) in some places. From Italy to Romania, authorities warned people to be cautious, drive carefully if going on holiday, drink plenty of water and avoid going out during the hottest hours of the day. Italian authorities declared a red weather alert in seven cities on Thursday, mostly in the central parts of the country but also the capital Rome and Trieste in the northeast. The heat conditions are aggravated by humidity and could affect healthy people as well as those with health conditions, authorities warned. Similar warnings were issued in neighboring Croatia and further east and south.

Croatia's main tourism resort, the southern Adriatic Sea town of Dubrovnik, recorded 28 degrees Celsius (82.4 Fahrenheit) at dawn, signalling there won't be relief when the sun goes down. Forest fires have been reported this week in Albania, near the border with Greece, as well as in Bosnia and Italy. Meteorologists said temperatures were even higher than officially reported in big cities where sizzling concrete radiates the heat above the ground and the asphalt softens under one's feet. "It was impossible to breathe yesterday," said Antonela Spicanovic, from the Montenegrin capital of Podgorica, where temperatures reached 39C (102F) on Wednesday. The city seemed deserted with many of its residents staying indoors or heading for the Adriatic Sea coast or the mountains. "I spend my days in the apartment, under

the air conditioning," said Dorde Stanišić, an electrical engineer also from Podgorica. "It's hell outside." Mendim Rugova, a meteorologist from neighboring Kosovo, said temperatures in the country have risen on average by 2.5 degrees since the 1980s. He said the current heat wave could last until the end of July. "In the region we could see temperatures above 40C, in parts of Albania, Northern Macedonia, in Greece and also in parts of Serbia," he predicted. In Czechia's capital of Prague, where temperatures reached 34C Wednesday before dropping slightly Thursday, the city zoo delivered ten tons of ice to provide much-needed relief for the animals. The ice was strategically placed around the zoo Wednesday creating cool spots where animals could find refuge from unusually high temperatures.

In the Romanian capital Bucharest, street thermometers showed 42C (107F) on Tuesday and Wednesday though the official measurements were a few degrees lower. Neighboring Serbia reported record temperatures so far this summer, with thermostats at 35C (95F) Thursday morning in the north of the country. In the capital Belgrade, doctors reported treating people who collapsed, felt dizzy or complained of headaches due to the heat. Serbian authorities have said that the use of air conditioning led to huge power consumption similar to levels normally seen in winter, when electricity in the Balkan country use mainly for heating. During a previous heat wave last month, Montenegro, Bosnia, Croatia and Albania faced a major power outage amid the overload and a collapse of a regional distribution line.

# Woman who swept to sea while swimming at beach rescued

**Tokyo (AP):** A Chinese woman who was swept out to sea while swimming at a Japanese beach was rescued 37 hours later after drifting in a swimming ring more than 80 kilometers (50 miles) in the Pacific Ocean, officials said Thursday. Japan's coast guard launched a search for the woman, identified only as a Chinese national in her 20s, after receiving a call Monday night from her friend saying she had disappeared while swimming at Shimoda, about 200 kilometers (125 miles) southwest of Tokyo. The woman was spotted by a cargo ship early Wednesday, about 36 hours after she disappeared, off the southern tip of Boso Peninsula, the coast guard said. The cargo ship asked a passing LPG tanker, the Kakuwa Maru No. 8, to help.

# Deepening Russia-China ties concern NATO

PTI ■ WASHINGTON

NATO has voiced profound concern over China's deepening relationship with Russia and accused Beijing of becoming a "decisive enabler" of Russia's war against Ukraine through its so-called "no limits" partnership with the country. Leaders of the 32-member North Atlantic Treaty Organisation said this in a statement following their meeting in Washington to celebrate the 75th anniversary of the North Atlantic Council. "The People's Republic of China's (PRC) stated ambitions and coercive policies continue to challenge our interests, security and values. The deepening strategic partnership between Russia and the PRC and their mutually reinforcing attempts to undercut and reshape the rules-based international order are a cause for profound concern," said the Washington Summit Declaration. "We are confronted by hybrid, cyber, space and other threats and malicious activities from state and non-state actors," it said. "The PRC has become a decisive enabler of Russia's war against Ukraine through its so-called "no limits" partnership and its large-scale support for Russia's defence industrial base. This increases the threat Russia poses to its neighbours and to Euro-Atlantic security," it said. NATO leaders called on China, as a permanent member of the United Nations Security Council with a particular responsibility to uphold the purposes and principles of the UN Charter, to cease all material and political support to Russia's war effort. "This includes the transfer of dual-use materials, such as weapons components, equipment, and raw materials that serve as inputs for Russia's defence sector. The PRC cannot enable the largest war in Europe in recent history without this negatively impacting its interests and reputation," said the declaration issued by the heads of state and government participating in the meeting during which it welcomed Sweden as its 32nd member country. The historic accession of Finland and Sweden makes them safer and the alliance stronger, including in the High North and the Baltic Sea, it said.

## Don't bring chaos to Asia: China to NATO

PTI ■ BEIJING

China on Thursday hit out at NATO for terming it as a "decisive enabler" of Russia's war against Ukraine, lodging a diplomatic protest to the Western alliance for the "provocative" remarks and asking it not to bring the same "chaos" to Asia. The China-related paragraphs in the North Atlantic Treaty Organisation's Washington summit declaration are "biased, provocative and aimed at vilifying" Beijing, Chinese Foreign Ministry spokesman Lin Jian told a media briefing here. "We strongly deplore it and firmly oppose it and lodged a serious representation, (diplomatic protest) to NATO," Lin said. He also lashed out at the NATO Asia-Pacific push, saying the organisation is strengthening ties with China's neighbours and US allies trying to seek security at the expense of others and asked it not to bring the same "chaos" to Asia. NATO's Asia Pacific strategy has damaged China's interests, he said and urged it to stop interfering in its internal affairs. China will firmly safeguard its sovereignty, security and development interests, he said. The NATO Washington summit has made scathing criticism of Beijing, saying China has "become a decisive enabler of Russia's war against Ukraine" through its so-called

"no limits" partnership and its large-scale support for Russia's defence industrial base. Also, China's military exercises with Belarus, a close ally of Russia, were sharply criticised by NATO especially since they are being held close to the border of Poland, a NATO member. Next to Russia, China appears to have become a centerpiece of NATO's criticism which comes at a time when Beijing is trying to scale down trade tariffs and sanctions, especially for its electric vehicles which it is trying to market in the EU to reduce its overcapacity. The NATO alliance comprised 32 member states, 30 European and two North American countries including the US

and UK. Chinese analysts have also been airing concerns over China getting involved in the Ukraine war risking its political and trade ties with the EU and confrontation with the powerful NATO alliance. China is also trying to deflect criticism for supplying materials related to weapons production to Russia. The NATO declaration said, "We call on the PRC, as a permanent member of the United Nations Security Council with a particular responsibility to uphold the purposes and principles of the UN Charter, to cease all material and political support to Russia's war effort." "This includes the transfer of dual-use materials, such as weapons components, equip-

ment, and raw materials that serve as inputs for Russia's defence sector. The PRC cannot enable the largest war in Europe in recent history without this negatively impacting its interests and reputation," the NATO declaration said. Lin also tried to play down strong EU and NATO criticism of Chinese troops taking part in joint military exercises with Belarus near the Polish border, saying that it is normal military cooperation, and does not target any specific country. Poland reportedly expressed its concern to China as the exercises are close to comfort and the Polish border is also formally referred to as the borders of NATO as Poland is a member of the organisation.

# US says Chinese overcapacity has significant spillovers around world

PTI ■ WASHINGTON

China's industrial manufacturing overcapacity has significant spillovers around the world, the Joe Biden administration said on Wednesday, noting that addressing these challenges may warrant taking defensive action to protect firms and workers — and the traditional toolkit of trade actions may not be sufficient. "We are growing concerned that China's enduring macro-economic imbalances and non-market policies and practices pose a significant risk to workers and businesses in the United States and the rest of the world. We are worried that these features of China's economy can lead to industrial overcapacity that has significant spillovers around the world and can compromise our collective supply chain resilience, given the resulting

over-concentration in some manufacturing sectors," Under Secretary for International Affairs Jay Shambaugh said. The United States, along with its allies and partners in developing economies and advanced economies alike, share mutual objectives to address China's policies that have negative economic spillovers to its firms, workers and economic resilience, he added. "Addressing these challenges may warrant our taking defensive action to protect our firms and workers — and the traditional toolkit of trade actions may not be sufficient. More creative approaches may be necessary to mitigate the impacts of China's overcapacity. We should be clear — defence against overcapacity or dumping is not protectionist or anti-trade, it is an attempt to safeguard firms and workers from distortions

in another economy," Shambaugh said. "The best outcome, though, would be for China to acknowledge the growing concerns among its major trading partners and work with us to address them. We will take defensive action if needed, but we would prefer for China to take action itself to address the macroeconomic and structural forces that are generating the potential for a second 'China shock' for its major trading partners," he said. "China could boost consumption by strengthening its safety net, increasing household incomes and reforming its internal migration rules. It could better support services, not just manufacturing. It could reduce harmful and wasteful subsidies. These would all be in China's interest and reduce tensions," the Treasury official said.

People make their way through the rain as the remnants of Hurricane Beryl hit Ottawa, Ontario

## Russia declares newspaper 'undesirable'

Moscow (AP): The Russian prosecutor general's office on Wednesday declared The Moscow Times, an online newspaper popular among Russia's expatriate community, as an "undesirable organisation". The designation comes amid a crackdown on critical news media and the opposition. It means the newspaper must stop any work in Russia and it subjects any Russian who cooperates with the paper to up to five years in prison. It is a more severe measure than the "foreign agent" designation applied to the news outlet in November, which subjects individuals and organisations to increased financial scrutiny and requires any of their public material to prominently include notice of being declared a foreign agent. The Moscow Times already moved its editorial operations out of Russia in 2022 after the passage of a law imposing stiff penalties for material regarded as discrediting the Russian military and its war in Ukraine. It publishes in English and in Russian, but its Russian-language site was blocked in Russia several months after the Ukraine war began. In an editors' note on the decision, the newspaper said "the labelling of The Moscow Times as undesirable is the latest of many efforts to suppress our reporting on the truth in Russia and its war in Ukraine.... This designation will make it even more difficult for us to do our jobs, putting reporters and fixers inside Russia at risk of criminal prosecution and making sources even more hesitant to speak to us. "We refuse to give in to this pressure. We refuse to be silenced," the newspaper said. The publication began in 1992 as a daily print paper distributed for free in restaurants, hotels and other locations popular with expatriates, whose presence in Moscow was soaring after the collapse of the Soviet Union. It later reduced its print edition to weekly, then became online only in 2017.

## NC, CPN-UML ask lawmakers to vote against Prachanda's trust motion

PTI ■ KATHMANDU

A head of a floor test for Nepal's Pushpa Kamal Dahal 'Prachanda' on Friday, the Nepali Congress and CPN-UML have issued whips requiring their lawmakers to vote against the confidence motion tabled by the former guerrilla leader. KP Sharma Oli-led CPN-UML, the largest party in the ruling coalition, withdrew support from the Prachanda-led government last week after inking a power-sharing deal with the largest party in the House - Nepali Congress - to replace the former Maoist leader, who is expected to lose the confidence vote. The Nepali Congress, the largest party in the 275-member House of Representatives, has 89 seats at present, while CPN-UML has 78 seats. Their combined strength of 167 is much more than the 138 seats required for a majority in the lower house. Prachanda's Communist Party of Nepal (Maoist Centre) has 32 seats.

Prachanda, who requires 138 votes for the government to win

the vote of confidence in the House, is likely to secure around 63 votes, and the government is almost sure to lose the floor test on Friday. The Nepali Congress (NC) has instructed its lawmakers to be present in the House and vote against Prachanda's confidence motion. Similarly, the CPN-UML has also issued a whip requiring its lawmakers to vote against the motion, My Republica newspaper reported. This coordinated effort between the NC and the UML aims to oust the Prachanda-led government and establish new administrations at both federal and provincial levels. Oli, the CPN-UML chairperson, met Nepali Congress president Sher Bahadur Deuba on Wednesday. The meeting between the two leaders was aimed at formulating a future strategy on how to move forward after the Nepali Congress and the Communist Party of Nepal-Unified Marxist Leninist (CPN-UML) agreed to form a new coalition government. During the two-hour-long meeting held at Deuba's residence at Budhanilkantha, on the

outskirts of Kathmandu, the two leaders discussed matters such as collecting signatures in favour of the new coalition to be led by Oli and its submission to the president. They also discussed the formation of the new government and inviting other smaller parties to join the national consensus government being formed under the leadership of Oli, according to sources close to CPN-UML. The two parties have inked a deal to lead the government turn by turn for the remaining three-year period of the Parliament. According to the agreement, Oli will become the Prime Minister for one and a half years in the first stage. Last week, the CPN-UML demanded Prachanda's immediate resignation after the prime minister said that he is preparing to face a vote of confidence in the Parliament on Friday, given the withdrawal of support by some allies. Prachanda, 69, has announced that he would not quit after the resignation of eight Cabinet ministers belonging to the CPN-UML and instead face a vote of confidence in Parliament.

# Pakistan court says actions of Imran Khan similar to that of a 'terrorist'

PTI ■ LAHORE

An anti-terrorism court in Pakistan on Thursday said the actions of jailed former prime minister Imran Khan were similar to that of a "terrorist" in a case linked to the May 9 violence and ruled that he had delegated the task of attacking military installations, government properties, and police officials to party leaders to exert pressure for his release. The 71-year-old PTI founder and hundreds of his party colleagues are being tried under multiple cases, including one under the Official Secrets Act in connection with the May 9, 2023, violent protests by his supporters that damaged key military installations across Pakistan. The unprecedented protests erupted across Pakistan on May 9 last year after Khan was arrested in an alleged corruption case. Khan's party workers allegedly vandalised a dozen military installations, including the Jinnah House (Lahore Corps Commander House), Mianwali

Airbase and the ISI building in Faisalabad. The Army headquarters (GHQ) in Rawalpindi too was attacked by the mob for the first time. Khan's Pakistan Tehreek-e-Insaf (PTI) party termed the anti-terrorism court's ruling an "absurd order" and declared that it would launch a protest. The anti-terrorism court (ATC) at Lahore had earlier this week dismissed pre-arrest bail to Khan in three cases related to the May 9 riots and allowed police his continued custody for interrogation. In a detailed order issued here on Thursday, ATC Judge Khalid Arshad said: "An extraordinary concession of pre-arrest bail is meant for an innocent person and not the petitioner, Imran Khan Niazi, who hatched, materialised alleged criminal conspiracy along with the senior PTI leadership and protesters/accused having a common object to wage a war against the state to topple over the government." The order said that Khan not

only incited people but also instructed leaders to create chaos, disturb law and order, and commit arson to pressure the military and government for his release. This was disclosed in statements from two prosecution witnesses, The Express Tribune newspaper reported. "The pre-arrest bail of the petitioner has no merits and is hereby dismissed while withdrawing his already granted interim bail," the judge said. The judge further observed: A peaceful demonstrator becomes a "terrorist" when he hatches a criminal conspiracy, disseminates it and shares a common object with other accused, who, being armed, attack and attempt to damage state properties like Lahore Corps Commander House known as Jinnah House at Lahore, targeting government machinery... He loses his normal right to be a law-abiding citizen." The order, quoting the special public prosecutor, said that a criminal conspiracy was hatched at Khan's Lahore Zaman Park

residence on May 7 and 8 in which Khan himself told the top PTI leadership regarding his apprehension of arrest and the reaction of launching protests and damage of military installations. Reacting to the detailed ACT order, the PTI said, "The judgment contains no evidence of Imran Khan ordering May 9 violence. The judge while dismissing pre-arrest bails of Khan is drawing inferences and assumptions." The PTI pointed out in its statement, how previously the Supreme Court of Pakistan had termed the arrest of Imran Khan, illegal and added: "We will challenge the verdict of the Anti-Terrorism Court." The anti-terrorist courts in other parts of the country, including Rawalpindi, Sargodha etc have dismissed the case accusing Imran Khan of being the main accused of instigating the May 9 violent incidents, based on the fact that there is no evidence provided establishing the prosecution's point," the PTI said.

# Indonesia ex-minister sentenced to 10 years

AP ■ JAKARTA

Indonesia's anti-graft court sentenced a former agriculture minister to 10 years in prison Thursday after finding him guilty of corruption-related extortion, abuse of power and bribery involving ministry contracts with private vendors. The case has tarnished President Joko Widodo's credibility in fighting corruption. Five other members of Widodo's Cabinet have been sentenced to prison terms in corruption cases, casting a shadow over his efforts to clean up government while his term will end in October. The court in the capital, Jakarta, ruled that the former Cabinet minister, Syahrul Yasin Limpo, was guilty of abusing his power by enriching himself and other officials. It also

ordered him to pay a 300 million rupiah (\$18,500) fine, and said he would be subject to another four months' imprisonment if he fails to pay. "The defendant has legally and convincingly been proven guilty of corruption," presiding Judge Rianto Adam Pontoh said. "He wasn't a good example as a public official, what he has done is counter the government's efforts to fight corruption and enriched himself by corruption." Limpo had been arrested last October by the Corruption Eradication Commission, known as the KPK. He has denied wrongdoing. Several ministry officials testified during the trial that secretariats, directorates general and agencies within the ministry was required to give up 20% of their budgets to Limpo, as though they were indebted to

him, and he threatened their jobs if they rejected his demands. Vendors and suppliers were also asked to set aside money to fulfill the then-minister's demands, the trial revealed. Limpo used the money on luxurious cars, gifts and apart-

ments, charter private jets, family parties and gatherings, and for religious observances and pilgrimages. Limpo also used the bribes to disburse humanitarian aid for disaster victims and to his Nasdem political party.

Prosecutors, who sought 12 years imprisonment for Limpo, said the politician accepted a total of 44.7 billion rupiah (\$2.7 million) between January 2020 and October 2023. In their indictment, prosecutors accused Limpo of ordering his two subordinates, Kasdi Subagyono and Muhammad Hatta, to collect the illicit money. They were each sentenced to four years in prison in separate cases. During the trial, Limpo said he was the victim of political persecution and felt that he had been slandered by his subordinates in his ministry who fears of being replaced or removed from their position. "I never received any information about their objection to any of my orders," Limpo said. "If they think it's wrong, they should consult and discuss with me first."

## In historic first, Lahore High Court swears in woman Chief Justice

PTI ■ LAHORE

Justice Aalia Neelum on Thursday took oath as the Chief Justice of the Lahore High Court (LHC) of Pakistan, making her the first woman to be ele-

vated as the court's top judge. Punjab Governor Sardar Saleem Haider Khan administered the oath of office to her. Punjab province's first woman Chief Minister Maryam Nawaz was also present in the oath-taking ceremony.

# PARIS IS MY FOURTH AND PROBABLY LAST OLYMPICS: MANPREET

**PTI ■ BENGALURU**

He has no plans to retire anytime soon but former Indian men's hockey team captain Manpreet Singh very well knows that the Paris Games will be his fourth and last Olympics, and wants to give his best one last time at the world's biggest sporting extravaganza.

Manpreet, 32, was the captain of the Indian team that broke a 41-year-old Olympic medal drought in Tokyo by bagging the bronze.

Besides, he has been a member of the team that won 2014 and 2022 Asian Games gold medals.

"I never thought that I would be able to play four Olympics. It is every player's dream to play in the Olympics and win medals. I consider myself very lucky that this is my fourth Olympics," Manpreet told PTI Bhasha.

"I am going to Paris thinking as if it is my last Olympics and I have to give my best. I haven't thought about quitting the game yet and my complete focus is on the Paris Games," the experienced midfielder, who made his debut for India in 2011 at the age of just 19, said.

But the journey from Mithapur village in Jalandhar to Paris has not been a smooth sailing for Manpreet. He had to fight poverty, false allegations and witness mother's struggles to make a mark in his career.

After the Tokyo Olympics, Manpreet had to endure the worst phase of his career when

former coach Sjoerd Marijne levelled serious allegations against him.

Marijne accused that Manpreet asked a player to underperform so that his friends could get in the team during 2018 Commonwealth Games, an allegation which both the men and women's teams jointly denied, stating that the Dutchman did so to publicise his book.

"That was the most difficult phase for me. I could never even think of such things. I was broken and lost faith in everyone. I told (PR) Sreejesh with whom I share everything. My mother also encouraged me to keep playing to fulfil my father's dream and my whole team supported me," said Manpreet.

"In bad times, the support of the family and team is very important because at that time the player finds himself very lonely. When the team stands together, it gives a lot of encouragement and also helps in making a comeback. We have also seen Hardik Pandya making a great comeback recently."

"When I look back now, it seems like a dream. I come from a humble background where we have seen struggles for the basic needs.

"Father used to work as a carpenter in Dubai but had returned from there due to medical reasons. My mother struggled a lot and both my brothers also played hockey but they left due to financial problems," said Manpreet, who was the flag-bearer of the Indian contingent at Tokyo

Olympics along with boxing legend MC Mary Kom.

Manpreet is no longer captain of the side with Harmanpreet Singh taking over the responsibility, but the star midfielder knows his role in the team as one of the senior-most member.

"Even if I am not the captain now, it does not make any difference. Every player has his own role in hockey. The effort is to take everyone along. Being a senior, we have to inspire the youngsters," he said.

Manpreet, who idolises Pargat Singh, who too hails from Mithapur, said they followed the same process which they did during Tokyo in terms of preparation for Paris Games.

"Before the Tokyo Olympics, we spent maximum time together due to COVID that resulted in excellent team bonding. We will continue the same because 11 players are the same who were in Tokyo. We are sharing our experiences with the five debutants," he said.

India have been placed in tough pool in the Paris Olympics along side Australia, Belgium, Argentina, New Zealand and Ireland.

"Our pool is tough and we cannot take any team lightly. New Zealand has defeated us in the World Cup and Ireland has recently defeated Belgium. Our focus is on ourselves as to how we can execute our strategy," he said.

"We get less chances against good teams but converting 50-50 chances is the mark of a champion. We are well prepared to do that in Paris."

## Sindhu's smash speed, Jena's throw celebrated in Mumbai ahead of Olympics

**PTI ■ MUMBAI**

Ace badminton player PV Sindhu, javelin thrower Kishore Jena and hockey goalkeeper PR Sreejesh are some of the athletes whose feats are being celebrated in the city in leadup to the Paris Olympics, starting July 26.

An outdoor campaign was launched here on Thursday to celebrate the 'champions of the game' by sports goods manufacturing company Puma, which has partnered with the Indian Olympic Association (IOA) as their official footwear partner for the Olympics.

A total of 45 Indian athletes bound for the Olympics will represent the German company, whose 'See the Game Like We Do' campaign aims to

celebrate the feats of the sportspersons here.

"(The) double Olympic medalist PV Sindhu's powerful smash, Olympic bronze medallist and hockey goalkeeper PR Sreejesh's ability to stop the fastest balls with ease with a series of larger-than-life outdoor spectacles across Mumbai, as it shows Asian Games medalist Kishore Jena's throw, equivalent to the height of a skyscraper," Puma said in a release.

"Sindhu's speed of a smash at 349 kmph is 3x the speed of Mumbai's iconic Central Line route. Her exemplary achievement is visualised across the coaches with imagery splashed across coaches of the local train on this route," it added.

Jena's best throw at 87.54m will

be commemorated with his image on the facade of a similar sized structure in Prabhadevi.

Sreejesh been illustrated on a digital billboard on the Eastern Express Highway (EEH) serving the cities of Mumbai and Thane.

Over 100 Indian athletes will receive podium and travel footwear, trolleys, backpacks, sippers, yoga mats, headbands, wristbands, socks and towels, designed to maximise their training and comfort during the Paris Olympics.

"The IOA is deeply committed to enhancing India's medal prospects at the Paris Olympics, and such collaborations are a crucial step towards achieving that goal," IOA president PT Usha said.

## With a late goal fit for a king, England reaches another Euro final by beating Netherlands 2-1

**AP ■ DORTMUND**

England is into another European Championship final after its latest dramatic, come-from-behind win that even took King Charles III on a roller coaster ride.

Ollie Watkins, who came on for captain Harry Kane in a bold call by England coach Gareth Southgate, scored in the first minute of stoppage time to earn England a 2-1 win over the Netherlands on Wednesday and a shot at Spain in the title match.

In the knockout stage at Euro 2024, England has scored a stoppage-time equalizer through Jude Bellingham before edging past Slovakia in the last 16 and needed a penalty-shootout to see off Switzerland in the quarterfinals.

The English are keeping their supporters back home on the edge of their seats as the men's team moves closer to a first title since the 1966 World Cup - and that includes its monarch.

"If I may encourage you to secure victory before the need for any last minute wonder-goals or another penalties drama, I am sure the stresses on the nation's collective heart rate and blood pressure would be greatly alleviated!" the king said in a congratulatory message soon after the game in Dortmund.

Watkins' goal was fit for a king. He had only made one previous appearance at Euro 2024 - as a substitute in the

group game against Denmark - so it was a surprise when he was introduced by Southgate in the 80th minute in England's biggest match so far. The gamble paid off.

Fed by another substitute in Cole Palmer, Watkins took a touch with his back to goal just inside the area and, from a tight angle, smashed a fierce shot into the bottom corner.

"Unbelievable - I've been waiting for that moment for weeks," said Watkins, the Aston Villa striker who was the fourth-equal top scorer in the Premier League last season.

"It's taken a lot of hard work to

get to where I am today. I got the opportunity and took it with both hands."

It was painful for Netherlands coach Ronald Koeman.

"I had a feeling toward the end of the match that maybe we could score," Koeman said, "and for sure in extra time I'd have put money on us."

England will play Lamine Yamal and Spain in Sunday's final in Berlin. It will be the nation's first title match on foreign soil, having won the World Cup in 1966 and lost to Italy in the Euro 2020 final - both times at Wembley Stadium.

"It's going to be unbelievably tough - a really difficult game," Kane said of the title match, with Spain widely regarded as the best team at the tournament.

"One more game to make history."

The sea of orange in the giant South Stand at Dortmund's Westfalenstadion fell silent for the first time after Watkins' late goal. It housed the most vocal of the Dutch supporters who dominated the city center before marching in their thousands to the stadium ahead of the game. Police reported three separate clashes between fans from both

countries in the city.

It gave the occasion the feeling of a home match for the Dutch and England was up against it even more after the 21-year-old Xavi Simons became the second youngest scorer for the Netherlands at a Euros.

The Paris Saint-Germain midfielder dispossessed Declan Rice about 40 meters (yards) out, drove forward and unleashed a shot into the far corner from outside the area.

Compared to the 16-year-old Yamal, Spain's new superstar, Simons is a soccer veteran but this was another case of a young player shining on the big stage at the Euros.

Kane has had plenty of big moments at major tournaments and he had another when he slotted home a penalty after Denzel Dumfries' outstretched leg made contact with Kane's foot as the England striker attempted a shot.

Kane became the sixth player to be on three goals for the tournament.

An open first half, which saw Dumfries and England's Phil Foden hit the goal frame, made way for a tight and tense second half that had a huge two-minute spell when Bukayo Saka had a goal disallowed before Kane and Foden were taken off.

It might rank as Southgate's best call in his eight-year England tenure. And that the goal was set up by Palmer, who entered as a substitute the same time as Watkins, will have made it even sweeter.

## Colombia beats Uruguay 1-0 and will face Messi and Argentina in Copa America final

**AP ■ CHARLOTTE (NORTH CAROLINA)**

Jefferson Lerma scored in the 39th minute, and Colombia played a man short the entire second half in a 1-0 win over Uruguay on Wednesday night to reach the Copa America final against Lionel Messi and Argentina.

Daniel Muñoz was ejected in first-half stoppage time for his second yellow card, but Colombia held on to reach the championship for the first time since winning its only Copa title as host in 2001.

Colombia extended its unbeaten streak to a team record 28 games, one more than from 1992-94 and the longest current streak in men's international soccer.

In a contentious match that included seven yellow cards and one red, players from both teams pushed and shoved in a scrum on the field at the final whistle. Darwin Núñez and about a dozen Uruguay teammates went into the stands as fans brawled. A

video showed Núñez hitting a fan in Colombian team colors. Defending champion Argentina and Colombia meet Sunday night at Miami Gardens, Florida.

The Albiceleste are seeking a record 16th Copa title and are looking to join Spain from 2008-12 as the only countries to win three straight major championships.

Uruguay stays in Charlotte to meet Canada in Saturday night's third-place match.

Before an overwhelmingly pro-Colombia crowd of 70,644 that filled Bank of America Stadium with yellow jerseys and flags, Uruguay fell behind for the first time in the tournament.

James Rodríguez's corner kick was headed in from short range by Lerma, who outjumped José María Giménez for his third international goal and second of the tournament. Rodríguez has six assists in the tournament -- triple the total of any other player.

Muñoz received his first

yellow card from Mexican referee César Ramos in the 31st minute for a reckless slide tackle on Maximiliano Araújo and his second for elbowing Manuel Ugarte in the stomach.

Rodríguez was given a yellow card in the 55th minute for

arguing with Ramos when the referee failed to stop play after Richard Ríos was kicked on a shin by Darwin Núñez.

Ríos was removed on a stretcher, re-entered the match, then went down in another challenge and was substituted in the 62nd

minute.

Rodríguez was removed at the same time to keep him eligible for the final.

Colombia goalkeeper Camilo Vargas didn't have to make his first save until he stopped Nicolás de la Cruz in the 68th minute.

Luis Suárez, Uruguay's career

leader with 68 goals, entered in the 66th minute and hit the outside of a post with a shot in the 71st. He grasped his head in his hands in disgust.

Colombia's Mateus Uribe, another second-half sub, put an open shot wide in the 88th, and Uribe's open shot in the fourth minute of stoppage time ricocheted off the body of sliding goalkeeper Sergio Rochet and then the crossbar.

Uruguay moved Rochet up the field in the final minute,

desperate for a goal.

The match was played in 90-degree heat on a surface that was converted from artificial turf to grass in the weeks leading up the game.

Players on the NFL's Carolina Panthers have been outspoken about soccer teams having the luxury of playing on grass on their home field.

NFL games at venue are played on artificial turf, which players say leaves them more susce.
