Government pulls up Google over apps issue

PTI ■ NEW DELHI

Taking a strong view of Google pulling out some apps from its Play Store, the Government on Saturday said delisting of Indian apps cannot be permitted and that the tech company and the startups concerned have been called for a meeting next week. In an interview to PTI, IT and Telecom Minister Ashwini Vaishnaw said the startup ecosystem is key to the Indian economy and their fate cannot be left to any big tech to decide.

The Minister's comments assume significance as Google on Friday began removing some apps, including popular matrimony apps, from its Play Store in India over a dispute on service fee payments, even as

CALLS TECH FIRMS MEET

apps and well-known startup founders cried foul. Taking a serious view of the issue, Vaishnaw said: "India is very clear, our policy is very clear...Our startups will get the protection that they need." The Minister said the Government will be meeting Google and app developers

who have been delisted, next week, to resolve the dispute. "I have already called Google...I have already called the app developers who have been delisted, we will be meeting them next week. This cannot be permitted..This kind of delisting cannot be

permitted," he asserted. Stating that India has built a strong startup ecosystem of over one lakh startups, and more than 100 unicorns from scratch in a matter of 10 years, the Minister said the energy of youth and entrepreneurs must be channelised fully and "cannot be left to the policies of any big tech." "I will be telling Google...Our entrepreneurial energy..Startups, look at the whole startup India programme, 10 years back we had practically nothing and today we have more than 1,00,000 startups, more than 100 unicorns..This is something..The energy of our youth, the energy of our entrepreneurs, energy of our talented people that has to be channelised fully well, it cannot be left to the policies of any big tech," Vaishnaw said.

RISE OF CUSTOMER CARE FRAUD A SIGNIFICANT CONCERN: HARYANA POLICE

Chandigarh: Asserting that it is committed to combating cybercrimes, Haryana Police on Saturday said the rise of 'customer care frauds' was an area of concern. In a statement, the state police urged people to verify the authenticity of any communication that sought personal or financial information. Police said many individuals, in search of customer support numbers via search engines, end up contacting fraudulent numbers. These imposters, posing as customer care representatives, exploit the situation to extract personal and financial information, culminating in financial losses for the victims, they said. "In an era where digital convenience has become integral to our daily lives, it has also opened up avenues for cybercriminals to exploit unsuspecting citizens," the police said in a statement.

Dal and BJP, the Chief Minister said that both the parties had never parted from each other and were already hand in glove. He dared Akalis to explain that with which face they are joining hands with BJP, whose hands are drenched with blood of innocent farmers. Mann said that farmers issues are still unresolved and so are the issues related to state.

In his address, the Delhi Chief Minister Arvind Kejriwal

lauded the state government for taking this historic initiative, terming it "unprecedented" as Punjabis have never witnessed such revolution in health sector. He said that it was first implemented in Delhi and now successfully replicated in Punjab after people gave chance to them.

Kejriwal said that people don't want politics of mud-slinging but they want a government that works. He said

that in last two years unprecedented work has been done in the state to give push to development of the state. He hailed the state government for taking several pro-people and development oriented initiatives in the state.

AAP to announce candidates for LS seats in Punjab in 2-4 days

The Aam Aadmi Party will announce candidates for all 13

Lok Sabha seats in Punjab in next two to four days, Kejriwal, also the party's national Convenor said. He said that discussion on the candidates for the Lok Sabha polls was going on, and urged the people of the state to make the party victorious in all seats. "In next two to four days, the announcement will be made," said Kejriwal while speaking to reporters in Jalandhar after virtually launching 165 'Aam

Aadmi Clinics' to be set up across Punjab.

"If you ensure (the party's) victory in all 13 seats, you will strengthen Bhagwant Mann's hands. It is Mann alone who is fighting the Centre. It is Mann who is only fighting the governor and the BJP," said Kejriwal. The Delhi chief minister also slammed the Centre for allegedly withholding Rs 8,000 crore worth of funds from Punjab.

Classical dancer from India shot dead in US

PTI ■ NEW YORK

In yet another deadly attack on Indians and Indian-Americans in the US in recent months, a 34-year-old trained classical dancer from India and a student of Washington University, was shot dead in St Louis, Missouri.

Kuchipudi and Bharatanatyam dancer Amarnath Ghosh, who migrated to the US from West Bengal last year “to follow his dancing dreams,” was shot several times near the border of St Louis’ Academy and Central West End neighbourhoods. He died on the spot. According to the St Louis Metropolitan Police Department, the shooting happened at 7:15 pm on Tuesday at Delmar Boulevard and Clarendon Avenue, news por-

tal ‘5 On Your Side’ reported on Friday. Ghosh was pursuing his master’s in the Performing Arts Department of Washington University.

Hailing from Suri town in West Bengal’s Birbhum district, Ghosh was an alumni of Kalakshetra, a prestigious Chennai institution that is a vital centre for the study and performance of fine arts, from 2007 to 2011.

His uncle Shyamal Ghosh said in Suri on Saturday, he is still in the dark about the details of his nephew’s death in the USA even after four days. “We had informed the district police and administration about what we had heard from various sources. But till today, we don’t have any details about his death,” he said.

Calling him “very friendly

and very talented,” Ghosh’s friends Hima Kuppa and Ravi Kuppa in the US said, “He was always travelling a lot for his performances. A lot of organisations called him for performances, but he always wanted to come back to St Louis.”

Ghosh was learning ballet and dance. “I think it was a full scholarship at Wash U. His ultimate dream was to get his PhD in dance and work full-time with us at our Kuchipudi Art Academy,” Hima was quoted as saying by ‘5 On Your Side’.

He enjoyed volunteering as a dance instructor at a local studio and also taught children between the ages 5 and 18. His friends told the news outlet that Ghosh was the only child of his parents; his mother died three years ago and his father died when he was a child.

Gosh’s killing has prompted India’s consulate in Chicago to take up the issue with local police and the university.

Asserting that the mission is “extending all help to the relatives of deceased Amarnath Ghosh,” India’s Consulate in Chicago posted on X that it has “taken up the case strongly with St Louis police and the University for investigation of the reprehensible gun attack.”

Offering deep condolences to family and friends of the deceased in St Louis, Missouri, it said, “We are following up forensic, investigation with police and providing support.”

Washington University, where Gosh was a student, has condemned his killing as “senseless violence beyond comprehension.”

“There are no words to

express the pain and anguish Amarnath’s family and friends are experiencing. His death is a terrible shock to us all. This type of senseless violence is beyond comprehension and we are devastated by this loss. To have this happen in our own St. Louis community is especially heartbreaking,” Anna “Dr G” Gonzalez, Vice Chancellor for Student Affairs said in a statement released to all Washington University students, faculty and staff. It was actor Devoleena Bhattacharjee, who first alerted the authorities on social media about her friend Ghosh’s death. Taking to X, she posted, “The reason, accused details everything are not revealed yet or perhaps no one left in his family to fight for it except his few

friends. He was from Kolkata. Excellent dancer, was pursuing PhD, was taking an evening walk and suddenly he was shot multiple times by an unknown.” She tagged the X handles of the Indian Embassy in the US, Prime Minister Narendra Modi among others and said, “Some friends in US are trying to claim the body but still no update about it” and requested the Embassy to look into it.

“At least we should know the reason of his murder,” she said in the post on Friday. On Saturday, Bhattacharjee said in another post on X: “Hope we get the update of this heinous crime as early as possible. If I am not wrong, this is 5th or 6th murder of Indian Students in 2 months. We all are worried here & grieving.”

Sunak pleads to protect democracy

PTI ■ LONDON

Prime Minister Rishi Sunak has issued an impassioned plea for Britain to protect its democracy as he warned that extremist forces were out to tear the country apart and undermine its multi-faith identity.

Referencing his own Hindu beliefs, the British Indian leader on Friday stressed that the enduring values of the UK are about embracing migrants of all faiths and ethnicities and urged protesters to ensure peaceful demonstrations are not hijacked by extremist forces.

“Immigrants who have come here have integrated and contributed. They have helped write the latest chapter in our island story. They have done this without being required to give up their identity,” said Sunak in a speech outside 10 Downing Street.

established, Christian church,” he said.

“But I fear that our great achievement in building the world’s most successful multi-ethnic, multi faith democracy is being deliberately undermined. There are forces here at home trying to tear us apart,” he added.

He was speaking soon after what he characterised as the “beyond alarming” win in a byelection on Thursday of a controversial politician, George Galloway, in Greater Manchester following a campaign dominated by the divisions of the Israel-Hamas conflict.

He said on too many occasions recently, the streets of Britain had been hijacked by small groups who are hostile to British values and have no respect for its democratic traditions.

“Islamist extremists and the far right feed off and embolden each other. They are equally desperate to pretend that their violence is somehow justified when actually these groups are two sides of the same extremist coin... both loathe the pluralist, modern country we are,” he said.

Zardari, Achakzai file papers for Pak presidential poll

PTI ■ ISLAMABAD

Pakistan’s former president Asif Ali Zardari and his rival ethnic Pashtun politician Mahmood Khan Achakzai on Saturday filed their nominations for the presidential election to be held on March 9.

Zardari, from Sindh province, is the co-chairman of the Pakistan Peoples Party and has the support of the Pakistan Muslim League-Nawaz as the two leading parties joined hands to form a coalition government after the February 8 elections produced a split mandate.

Zardari, 68, is set to become the president for the second time as he is being supported by the parties that enjoy a majority in the electoral college. He also served as president from 2008 to 2013. Achakzai, 75, from Balochistan, is the chief of the Pashtunkhwa Milli Awami Party and was nominated by Imran

Khan, the jailed leader of the Pakistan Tehreek-e-Insaf party. In Parliament, Achakzai was supported by the Sunni Ittehad Council, the new home of the PTI-backed independent lawmakers. Their nomination papers were filed for the presidential elections and the scrutiny of the nomination papers will be held on Monday. The elections will be held on March 9.

The new president will replace Dr Arif Alvi, who completed a five-year term last year.

However, in the absence of the electoral college required to elect the president, Alvi is still in office. The president is elected by an electoral college comprising members of the Senate, the National Assembly, and the four provincial assemblies. Voting is held through a secret ballot in Parliament and four provincial assemblies.

The president is the ceremonial head of the state and enjoys limited powers as he acts on the advice of the prime minister.

Ship attacked earlier by Houthi rebels sinks in Red Sea

AP ■ DUBAI

A ship attacked by Yemen’s Houthi rebels has sunk in the Red Sea after days of taking on water, officials said Saturday, the first vessel to be fully destroyed as part of their campaign over Israel’s war against Hamas in the Gaza Strip. The sinking of the Rubymar comes as shipping through the crucial waterway for cargo and energy shipments moving from Asia and the Middle East to Europe has been affected by the Houthi attacks.

Already, many ships have turned away from the route. The sinking could see further detours and higher insurance

rates put on vessels plying the waterway — potentially driving up global inflation and affecting aid shipments to the region.

The Belize-flagged Rubymar had been drifting northward after being attacked on Feb 18 in the Bab el-Mandeb Strait, a crucial waterway linking the Red Sea and the Gulf of Aden.

Yemen’s internationally recognized government, as well as a regional military official, confirmed the ship sank. The official spoke on condition of anonymity as no authorisation was given to speak to journalists about the incident.

The Rubymar’s Beirut-based manager could not be immediately reached for comment.

Yemen’s exiled government, which has been backed by a Saudi-led coalition since 2015, said the Rubymar sank late Friday as stormy weather took hold over the Red Sea. The vessel had been abandoned for 12 days after the attack, though plans had been made to try and tow the ship to a safe port. The Iran-backed Houthis, who had claimed the ship sank almost instantly after the attack, did not immediately acknowledge the ship’s sinking. The US military’s Central Command previously warned the vessel’s cargo of fertiliser, as well as fuel leaking from the ship, could cause ecological damage to the Red Sea.

3 held for Dhaka mall fire

AP ■ DHAKA

Bangladesh police have arrested three persons, including two owners of a restaurant, in connection with the massive fire that broke out at a shopping mall in the capital Dhaka that killed at least 46 people.

The fire broke out around 9:50 pm on Thursday at the restaurant named “Kacchi Bhai” on the first floor of the building, Green Cozy Cottage, and quickly spread to the upper floors that had more restaurants and a garment shop, according to fire service officials.

Two owners of an eatery called Chumuk and the manager of Kacchi Bhai restaurant were arrested on Friday, Dhaka Metropolitan Police Additional Commissioner Kh Mahid Uddin said.

He said, “The fire started from the food shop on the ground floor of the building. The police will file a case over negligence in connection with the deaths in the fire incident.”

Besides, anyone from the victim’s family can file a case if they want, said the police official.

At least 46 people were killed, and over 20 others sustained severe injuries by a devastating fire on Thursday night. Firefighters rescued 70 people, including 42 in unconscious

state, from the rooftop and different floors of the seven-storey Green Cozy Cottage.

Legal action will be taken against whoever is found responsible in this incident, he added.

He said that three people arrested in this incident are being interrogated.

The building did not have permission to house restaurants.

The building had permission for office use, not restaurants and eateries, according to Rajdhani Unnayan Kartripakkha (Rajuk). But the building housed eight restaurants, a juice bar and a tea and coffee shop, the report said.

‘Mt Everest crowded and dirty now’

AP ■ KATHMANDU

The only surviving member of the mountaineering expedition that first conquered Mount Everest said Saturday that the world’s highest peak is too crowded and dirty, and the mountain is a god that needs to be respected.

Kanchha Sherpa, 91, was among the 35 members in the team that put New Zealander Edmund Hillary and his Sherpa guide Tenzing Norgay atop the 8,849-meter (29,032-foot) peak on May 29, 1953.

“It would be better for the mountain to reduce the number of climbers,” Kanchha said in an interview in Kathmandu on Saturday. “Right now there is always a big crowd of people at the summit.”

Since the first conquest, the

peak has been climbed thousands of times, and it gets more crowded every year. During the spring climbing season in 2023, 667 climbers scaled the peak, but that brought in thousands of support staff to the base camp between the months of March and May.

There have been concerns about the number of people living on the mountain for months on end, generating trash and waste, but authorities have no plans to cut down on the number of permits they issue to climbers.

There are rules that require climbers to bring down their own trash, equipment and everything they carry to the mountain or risk losing their deposit, but monitoring has not been very effective.

“It is very dirty now. People throw tins and wrappings after eating food. Who is going to pick them up now?” Kanchha said. “Some climbers just dump their trash in the crevasse, which would be hidden at that time but eventually it will flow down to base camp as the snow melts and carries them downward.”

For the Sherpas, Everest is Qomolangma or goddess mother of the world, and is revered by their community. They generally perform religious rituals before climbing the peak.

“They should not be dirtying the mountain. It is our biggest god and they should not be dirtying the gods,” he said “Qomolangma is the biggest god for the Sherpas but people smoke and eat meat and throw them on the mountain.”

NEW ZEALAND BOWL OUT AUSTRALIA, CHASES 369

AP ■ WELLINGTON (NEW ZEALAND)

Part-time off-spinner Glenn Phillips took 5-45 as New Zealand bowled out Australia for 164 in its second innings Saturday on the third day of the first cricket test. Phillips' maiden five-wicket total comprised the wickets of Usman Khawaja (28), first-innings century-maker Cameron Green (34), Travis Head (29), Mitch Marsh for a first-ball duck and Alex Carey (3). Matt Henry took 3-36 as Australia was bowled in less than four hours.

Australia still increased its overall lead to 368 after leading by 204 on the first innings. At stumps New Zealand was 111-3 and 257 runs behind.

Rachin Ravindra reached a half century from 77 balls just before stumps and was 56 not out at the close of play and Daryl Mitchell was 12.

Australia struck a major blow when it dismissed Kane Williamson for 9 in the last session. Williamson fell to Nathan Lyon, the off-spinner who likely holds the key to the match.

After being run out for 0 in the first innings, Williamson was caught by Steve Smith at leg slip from a ball that bounced more than he expected. Smith moved to first slip and caught Will Young (15) off Head as New Zealand's hopes of winning began to melt away.

Ravindra revived those hopes a little before stumps with his first half century in his first match against Australia. The only previous time he passed 50 in his test career, he made 240.

A New Zealand win remained unlikely and of the three possible results still in play an Australia win is most probable. A draw also looms as a possibility as rain is forecast for most of the fourth

day.

New Zealand's highest successful fourth-innings run chase in New Zealand is 324 and the current target would represent the 10th-highest successful chase in the history of test cricket. Still, Phillips' incredible contribution in the middle session when four of his five wickets fell helped save some face for New Zealand after it was bowled out for 179 in reply to Australia's 383.

New Zealand captain Tim Southee threw the ball to Phillips as his first spin option of the second innings. New Zealand didn't take a specialist spinner into the match but relied on Ravindra who took 1-24 in the first innings. Southee then backed Phillips who bowled his 16 overs without a break.

"It's a dream come true absolutely," Phillips said. "Tim (Southee) is an incredible captain and he really gives me the confidence to go out there

and stick to my plan and also gives you the chance to be able to miss every now and then. As a spinner you really need that.

"The bowling unit today really stuck to the things we wanted to stick to. Partnership bowling all the way."

Phillips has a reputation in the New Zealand team as a player who can make things happen in all three formats: a hard-hitting middle-order batsman, an athletic fielder and now as a serious bowling option. He had taken only 11 wickets in his five previous tests with a best of 4-53.

When Green became his fifth victim, brilliantly caught by Will Young under the helmet at short leg, Phillips set off on a long, jubilant run around the Basin Reserve, finally ending the Henry's arms.

"I've got a six-year-old daughter and any celebration a six-year-old girl would do, that's probably me," Phillips

said. "I've never really thought what to do if I got a five-for but the emotion, the way the crowd went up. It was just an unbelievable moment."

Phillips acknowledged New Zealand's chance of winning the test is slight but happy to be able to give his team a chance. "I understand we've got to combat the situations that are out there," he said. "Obviously there's a bit of turn so it's a matter of how we go about combating (Nathan) Lyon. The way their big fast bowlers bowl as well is going to be a challenge."

"I definitely think we've got the time on our hands to be able to pull this off."

Australia resumed Saturday at 13-2 after losing Steve Smith and Marnus Labuschagne late on the second day. Nathan Lyon was once again a useful nightwatchman and he made 41 before he fell in the first session and Khawaja also was out stumped before lunch.

CSK training camp ahead of IPL 2024 gets underway

PTI ■ CHENNAI

Chennai Super Kings' pre-season camp got underway here on Saturday in the presence of pacer Deepak Chahar, who will be eyeing a national comeback through a consistent run for his franchise in the IPL beginning March 22.

"The first batch of local (Indian) players arrived on Friday and more are expected to arrive in the coming days," a Tamil Nadu Cricket Association (TNCA) official told PTI.

On Friday, CSK confirmed the arrival of the first batch of players in the city and they included Simarjeet Singh (pacer), Rajvardhan Hangargekar (all-rounder), Mukesh Choudhary (pacer), Prashant Solanki (spinner), Ajay Mandal (all-rounder) and Deepak Chahar (seamer). Notably, Chahar has not played any form of cricket since last

December when he pulled out of the T20 series against Australia midway before skipping the tour of South Africa due to his father's illness.

However, he declared himself fully fit last month while training at the National Cricket Academy (NCA) in Bengaluru. The injury-prone pacer is eyeing a comeback to the national side for the T20 World Cup scheduled in the Caribbean and the USA in June.

Fan-favourite and team skipper MS Dhoni's arrival is yet to be confirmed. He was spotted with his wife Sakshi in Jannagar on Friday when he attended the pre-wedding function of Anant Ambani, the youngest son of Indian business tycoon Mukesh Ambani. CSK open their IPL 2024 campaign versus Royal Challengers Bangalore (RCB) here on March 22.

CA chief Hockley denies reports Big Three ignored study to save Test cricket

PTI ■ SYDNEY

Cricket Australia CEO Nick Hockley on Saturday rebutted reports that India, England and his organisation had not paid attention to a draft presented to the International Cricket Council to save Test cricket.

A report in the Sydney Morning Herald said that the three powerful boards were dismissive of a document compiled by New Zealand Cricket chair Martin Snedden, who proposed an overhaul of the future tours program (FTP) to save the longest version of the game.

"Categorically, I think there was some misreporting around that. Certainly, the discussions I'm in at the moment are very much thinking about how we can optimise the calendar and how we can continue to grow cricket around the world," Hockley told SEN Cricket.

The changes proposed in the blueprint document include additional windows for T20 leagues other than the Indian Premier League, alteration in the World Test Championship points system, 40-over ODIs, apprehensions about T20Is and an effort towards pooling of broadcast rights revenue for bilateral series.

Hockley, when asked about the report, denied suggestions that the powerful nations were turning a blind eye to Test cricket, saying he had met Snedden

during the New Zealand-Australia first Test in Wellington and conveyed to him that Australia was very much committed to help ICC ensure all the three formats flourish.

"We had a great catch-up with Martin (Snedden) here yesterday (Friday in Wellington)," Hockley said.

"We're very much involved with that piece of work. I think at Cricket Australia we've got good influence and I think we've got a really important role to play around the ICC in terms of driving strategy."

"I think that Cricket Australia has been behind many of the developments. Whether that's the introduction of the World Test Championship. I'm on the FTP working group with the ICC, and making sure that we're keeping all three formats healthy and strong, that we're growing the game in all territories," he added.

Pointing out the growth of cricket across the world, Hockley

said countries like the United States too had embraced the game and would be co-hosting the T20 World Cup with the West Indies later this year.

"It's just brilliant to see the way that the T20 World Cup in the US has been embraced. I understand that ticket sales were 20 times oversubscribed when they were when they were released."

"So, I think cricket has a great opportunity to have a format strategy where all the formats play a role and all fit together. That is really the essence of the work that Martin has started. It's incumbent on all of us as members working together to make sure that we continue to take it forward," he added.

Hockley added that Australia had great respect for the World Test Championship and that its men's Test cricket was its prized property.

"Practically, it is making sure that the World Test Championship is given greater prominence so each Test series has context."

"I think it's looking at the economic viability in different territories and how we make sure that it is economically viable for those countries where it isn't (currently). Still for Australia... Men's Test cricket is the most valuable property. So, it's really working together."

"Then on the calendar, it's trying to configure the calendar in a way that there's space for all three formats," he concluded.

Bayern Munich drops points against Freiburg

AP ■ BERLIN

Bayern Munich's title hopes have suffered another blow.

Lucas Höler scored late for Freiburg to frustrate Bayern with a 2-2 draw in the Bavarian powerhouse's 2,000th Bundesliga game on Friday.

Bayern, the 11-time defending champion, was on the verge of cutting the gap to league leader Bayer Leverkusen to five points until the 87th minute, when Höler struck a fine volley with his left boot inside the far post after the visitors failed to clear the ball. Leverkusen can move 10 points clear at the top with a win at Cologne in their derby on Sunday. Ten rounds remain after this weekend.

"It's really annoying how things are going right now. For me personally, for

everyone," said Jamal Musiala, who put Bayern in front. "We all want to win and be champions. We want to get titles and we just have to stay as positive as possible and push through, and play as well as possible to maybe (win) something still."

Bayern next hosts Lazio on Tuesday for the second leg of their Champions League round of 16 tie, needing to overcome a 1-0 loss from the first leg in Rome. All four goals on Friday were spectacular. Freiburg made a better start and Bayern goalkeeper Manuel Neuer made a fine save to stop Roland Sallai's header, then Sallai hit the crossbar with an overhead kick, and Christian Günter struck the ball perfectly to send it inside the far post in the 12th.

Tel equalized in the 35th with a strike as sweet as Günter's inside the right post.

The 18-year-old French forward, making a rare start because of Leroy Sané's injury, flicked the ball inside with his first touch and dispatched it past Freiburg 'keeper Noah Atubolu with his next.

Bayern was better after the break, when Atubolu saved from Musiala and Höler needed to clear Harry Kane's header off

the line.

Musiala scored in the 75th when he weaved through three Freiburg defenders and curled his shot inside the far post. "It's just instinct," Musiala said. "You look to see what possibilities arise, with dribbling, with head, a change of movement, and see what you can create. Everything is seeing in the moment, what can I do."

But Höler had the final say to cost Bayern potentially decisive points in the league title race.

"Mindlessly played first half hour and punished for it. Came back with an individual action. Nothing else was possible at the time and the second half was OK then. But sure, in the end, one half is not enough," Bayern coach Thomas Tuchel said after his second game since his end-of-season departure was announced.

Messi, Inter Miami to skip US Open Cup

AP ■ CHICAGO

Lionel Messi and Inter Miami won't compete in this year's U.S. Open Cup and just eight of Major League Soccer's 26 American teams will enter the competition. Atlanta, Dallas, Houston, Kansas City, Los Angeles FC, Salt Lake, San Jose and Seattle will enter the 96-team competition, the U.S. Soccer Federation said Friday.

Houston is the defending tournament champion and the others were among the top seven teams from last year's regular-season Supporters' Shield standings who are not in this year's CONCACAF Champions Cup. MLS teams will enter in the fourth round and face only lower tier squads until a head-to-head MLS matchup is unavoidable. Last year, 18 MLS teams entered in the third round and eight in the fourth.

Houston beat Miami 2-1 in last year's final. Messi missed the game because of an injury.

Since the start of MLS in 1996, the only team not from the first tier to win the competition was the 1999 Rochester Raging Rhinos of the USL's second-tier A-League, which beat the Colorado

Rapids 2-0 in the final.

MLS announced Dec. 15 it was pulling all its teams from the nation's oldest soccer competition, which started in 1914, and was replacing them with third-tier developmental sides from MLS Next Pro.

The USSF said five days later it was treating MLS's decision as a request that it was turning down.

In its announcement, the USSF said it improved financial incentives, increased travel reimbursement and added new commercial partners.

MLS said it will enter 11 teams from its third tier: Austin, Carolina, Chattanooga, Chicago, Colorado, Crown Legacy, Minnesota, LA Galaxy, New York City, New York Red Bulls and Portland.

The second tier United Soccer League Championship is entering all 24 teams.

First-round matches will be scheduled for March 19-21, followed by the second round on April 2 and 3, the third round on April 16 and 17, the fourth round on May 7 and 8 and the fifth round on May 21 and 22. Quarterfinals will be July 9 and 10, semifinals on Aug.

Defending champion Alex de Minaur in Mexican Open final

AP ■ ACAPULCO (MEXICO)

Defending champion Alex de Minaur advanced to the final of the Mexican Open when Jack Draper retired in the third set Friday. The third-seeded Australian won the first set 6-3, dropped the second 6-2 and was leading 4-0 in the third when Draper, who was visibly diminished physically, called it quits.

De Minaur will face Casper Ruud, who pulled off an upset by beating second-seeded Holger Rune 3-6, 6-3, 6-4 in the late match. "I'm happy to be in the final, but I'm hoping that Jack is doing fine. He has a tremendous talent and hopefully he can recover for the upcoming tournaments," de Minaur said. "It's hard to play when your opponent is not OK physically, but you need to remain focused."

The 25-year-old de Minaur won his ninth straight match in Mexico and became the first

defending champion to reach the Acapulco final since David Ferrer in 2013.

De Minaur has seven career ATP titles, with last year at Acapulco his most recent.

Draper, from England, was playing in his first semifinal of an ATP 500 tournament.

Later, in the other semifinals, Ruud lost the first set and then was down 3-1 in the third with Rune serving, but he managed a couple of breaks and hold his serve to take the win.

"I did not get the best start, and the third set looked really bad, I just tried to stay in there and it seemed like Holger was struggling and at the end it worked for me," said Ruud.

The 25-year-old Norwegian will try to win his 10th career title, the first one on a ATP 500.

Rune, who is the seventh player on the ATP rankings, lost in the Acapulco semifinals for the second year in a row.

RANJI TROPHY SEMIFINAL

Deshpande, Thakur shine as Mumbai thrash Tamil Nadu

PTI ■ MUMBAI

Tushar Deshpande (3/24) and T Shardul Thakur (2/48) starred with the ball to put Mumbai on top following a meek display from Tamil Nadu on the opening day of their Ranji Trophy semifinal here on Saturday.

Tamil Nadu skipper B Sai Kishore's decision to bat first backfired as the visitors were shot out for a mere 146 in the first innings with Deshpande and Thakur making life miserable for the visiting batters at the BKC Ground.

If it was any consolation, Tamil Nadu struck twice with the ball but Mumbai shaved off a significant chunk of first-innings deficit, reaching 45/2 at stumps to trail by another 101 runs.

Musheer Khan (24 not out) and nightwatchman Mohit Avasthi (1) were at the crease with Mumbai losing openers Prithvi Shaw (5) and Bhupen Lalwani (15).

Shaw fell early against Kuldeep Sen while Sai Kishore trapped Lalwani for the second wicket, but Mumbai remained on top.

On a track which had movement off the surface as well as turn for spinners, Mumbai proved to be the superior side given their bowlers extracted more support and their batters did not find getting runs as tough as the visitors.

Tamil Nadu, shellshocked by a disastrous start to their first semifinal in seven years, could not muster the courage to stage a fightback and folded shortly after tea despite Vijay Shankar (44) and Washington Sundar's

(43) rearguard act.

The horror began when B Sai Sudharsan was trapped leg-before on the fourth ball of the match by Shardul Thakur and it did not take long for the Mumbai bowlers to get all over the Tamil Nadu side in the first hour.

Mumbai bowlers exploited the early moisture with the new ball to perfection as Mohit Avasthi had TN's leading run-maker N Jagadeesan (4) caught at short leg by Musheer Khan. Coming in as first change, Deshpande remained unplayable throughout the innings for the Tamil Nadu batters.

Pradosh Ranjan Paul's bat curled in his hands as he hit one straight to Deshpande, who took a fine return catch for the third wicket.

It was a brave call for skipper R Sai Kishore to promote himself ahead of the dependable Baba Indrajith but one that did not work.

Sai Kishore's footwork was all over the place when Deshpande pitched one in line of the stumps to move the ball back in, pegging back the middle-stump as Tamil Nadu slumped to 17/4.

Tamil Nadu's hopes of a revival

took a body blow when Indrajith (11) was caught at short midwicket with Tanush Kotian (2/10) taking a sharp diving catch in front of him to leave the visitors reeling.

Shankar and Sundar fought well on either side of the lunch break but the pitch did not relent in giving support to the Mumbai bowlers.

Shankar, who began well with a flurry of fours, was tested consistently outside the off-stump by Deshpande, who kept moving the ball away from the right-hander.

Deshpande's hard work resulted in a breakthrough for Thakur who had Shankar caught at the second slip by Shams Mulani for a 109-ball 44 which featured eight fours.

Having shown a little interest in getting runs, Shankar's departure forced Sundar to get a move on.

While he was mostly resolute in defence, Sundar also had luck favouring him twice. An outside edge off Shardul had Shreyas Iyer spilling a tough chance on 11 and when he reached 37, Musheer spilled a catch at cover.

Mohammed Mohammed smacked three fours in a row of Thakur towards the end to make it 22 runs from one over, which gave a big push to the visitor's total.

BRIEF SCORES:

Tamil Nadu 146 in 64.1 overs (Vijay Shankar 44, Washington Sundar 43; Shardul Thakur 2/48, Tushar Deshpande 3/24, Tanush Kotian 2/10) lead **Mumbai** 45/2 in 17 overs (Bhupen Lalwani 15, Musheer Khan 24*; Kuldeep Sen 1/25, SaiK Kishore 1/3) by 101 runs.

MP bowl out Vidarbha for 170 on Day 1

PTI ■ NAGPUR

Avesh Khan-led Madhya Pradesh pace bowling unit hit right lengths on a pitch that offered enough carry to bowl out Vidarbha for a meagre 170 on day one to gain control of their Ranji Trophy semifinal match here on Saturday. Avesh (4/49) was the pick of MP bowlers, while receiving good support from Kulwant Khejroliya (2/38) and Venkatesh Iyer (2/28).

Madhya Pradesh reached 47 for one in their first innings at close, and trail by 123 runs.

The VCA Stadium deck wore such fine green tinge as MP employed spin for just 2.4 overs in a total of 56.4 overs they bowled on the day. Left-arm spinner Kumar Kartikeya, who dismissed last man Umesh Yadav, did the spinner's duty for a brief period.

Other spinners in their ranks like offie Saransh Jain remained spectators of the proceedings. Vidarbha's feeble fight came through Karun Nair, who made 63 (105 balls, 9x4). India pacer Avesh gave MP a fine start to the match when he uprooted the stumps of opener Dhruv Shorey (13).

Vidarbha lost wickets at regular intervals from that point and their biggest partnership was a 36 between Atharva Taide (39, 63b, 8x4) and Aman Mokhade (13, 75 balls) for the second wicket. It came in almost 16 overs but the home side failed to capitalise on all the hard work.

Taide, who made a gritty hundred against Karnataka in the quarterfinals, snicked Iyer to stumper Himanshu Mantri who took a lovely tumbling catch behind the first slip.

It brought Karun, Vidarbha's highest run-getter so far this season, to the middle and he played a fine innings filled with those typical drives and cuts.

But the right-hander did not find support from the other end as Avesh dismissed a stubborn Mokhade.

The hosts soon lost Yash Rathod, bowled by Iyer, and skipper Akshay Wadkar in the space of five runs to slip to 106 for five.

The catch Yash Dubey took at gully off pacer Khejroliya to oust Wadkar was a stunning one. He made a low-dive to his left to pouch a screamer as Wadkar tried to steer the ball from outside the off-stump.

Vidarbha's hopes of reaching at least 200 was dashed when Karun dragged a Khejroliya delivery to his stumps while attempting a pull.

However, the Vidarbha bowlers were not as accurate as their MP counterparts as the visiting batters saw off the day without any alarm.

The lone jarring note was the

dismissal of Dubey who feathered an edge off Umesh to Wadkar behind the stumps.

BRIEF SCORES:

Vidarbha (1st Innings): 170 all out in 56.4 overs (Karun Nair 63, Atharva Taide 39; Avesh Khan 4/49, Kulwant Khejroliya 2/38, Venkatesh Iyer 2/28) vs **Madhya Pradesh**: 47/1 in 20 overs (Himanshu Mantri 26 batting, Harsh Gawli 10 batting).

BRIDAL BLING

KNOWN for its stunning bridal pieces and intricate sets, the House of MBJ is famous for designing statement necklaces, traditional mangalsutras, chandbalis, jhumkas and chandelier earrings, and beautifully crafted maang tikkas. Speaking about the latest trends for brides, Gunjan informs, “We understand the importance of making every bride’s special day even more magical. We offer a curated selection of bridal jewellery that captures the essence of timeless elegance and contemporary flair. In terms of specific styles, we specialize in traditional, antique, and modern designs, ensuring that there’s something for every bride’s taste and preference. Whether

Each piece is meticulously crafted to complement the bride’s attire and enhance her natural beauty on her wedding day.”

As for the latest trends in bridal jewellery, the market is currently witnessing a surge in demand for contemporary yet traditional designs. Brides are gravitating towards statement pieces that blend cultural aesthetics with a modern twist. Adding further, Gunjan says, “Personalized and customizable jewellery is gaining popularity, allowing brides to add a personal touch to their bridal ensembles. For brides who

appreciate versatility, convertible jewellery is a trend to watch. Pieces that can be worn in multiple ways, such as detachable necklace pendants or convertible earrings, provide brides with the flexibility to create different looks throughout their wedding festivities. This year, we have launched the AZRA bridal collection, which aims to transport wearers to a world of timeless charm and magical allure. Each piece in this collection is meticulously crafted to capture the essence of elegance, sophistication, and grace. The collection showcases an array of exquisite gemstones, including radiant diamonds, lustrous pearls, and vibrant colored gemstones, each carefully selected for its exceptional brilliance and symbolic significance.”

EVERYDAY ELEGANCE

APART from traditional bridal sets, contemporary jewellery with modern aesthetics is also a huge hit among young buyers, who love sporting layered necklaces for both festive and daily occasions. For festive styling, Gunjan recommends, “Consider mixing various lengths and styles of layered neckpieces with Indian wear, while delicate and dainty options work seamlessly for daily wear. Statement earrings with intricate details and vibrant gemstones are perfect for adding glamour to festive attire, while smaller, more subtle statement earrings can elevate daily outfits. Stackable rings and bracelet stacks remain en vogue, allowing for creative expression in both festive and daily ensembles. Choker necklaces, especially those with unique detailing, effortlessly enhance traditional outfits for celebrations, while simpler versions make for stylish daily accessories. Personalized jewellery, such as pieces with initials or significant dates, adds a sentimental touch suitable for both special occasions and everyday wear.”

A BLEND OF TRADITION AND MODERNITY

Currently, young jewellery buyers in India reveal a strong affinity for contemporary designs that seamlessly merge tradition with modernity. Brands have noticed a particular fondness for minimalist pieces that effortlessly complement everyday wear. Versatility is paramount, as youngsters look for designs that effortlessly transition from casual to formal settings, meeting diverse lifestyle needs. Gunjan reveals, “Our customization options allow for personalization with initials or birthstones and resonate deeply with this dynamic demographic seeking self-expression. We prioritize ethical and sustainable practices in jewellery production, aligning with the heightened environmental consciousness among young consumers. Collaborations with influencers and celebrities, along with our commitment to affordability and technology integration such as virtual try-ons, enrich the shopping experience for our patrons. While embracing contemporary trends, we also honour the cultural significance of jewelry, offering pieces that celebrate India’s rich heritage.”

“I really believe that what I do as an actress is my God-given talent. This is my calling, not my career”
— Angela Bassett

HUMA QURESHI, the acclaimed Indian actress, has carved her niche in the film industry with her remarkable talent and versatile performances. Her breakthrough role in Anurag Kashyap’s crime thriller Gangs of Wasseypur garnered widespread acclaim, establishing her as a force to reckon with in Bollywood. Known for her ability to portray complex characters with nuance and authenticity, Qureshi has since delivered captivating performances in web series like Laila Maharani. Beyond her acting prowess, she advocates for social causes and gender equality, using her platform to address important issues. Huma Qureshi continues to captivate audiences with her talent, proving herself as one of the most compelling actresses of her generation. She spoke to the **PIONEER** about her craft and career

ACTRESS OF DEPTH AND VERSATILITY

I WAS INTO THEATRE IN COLLEGE AND THAT’S WHERE I DISCOVERED MY LOVE FOR ACTING. I MOVED TO MUMBAI WITH THE INTENTION OF BECOMING AN ACTOR. IN MY INITIAL DAYS IN THE INDUSTRY, I DID A COMMERCIAL WHICH WAS DIRECTED BY ANURAG KASHYAP AND HE OFFERED ME GANGS OF WASSEYPUR. THAT’S HOW MY JOURNEY IN CINEMA WAS KICKSTARTED

CAN YOU share a bit about your journey into the film industry and how you got your start as an actress?

I was into theatre in college and that’s where I discovered my love for acting. I moved to Mumbai with the intention of becoming an actor. In my initial days in the industry, I did a commercial which was directed by Anurag Kashyap and he offered me Gangs of Wasseypur. That’s how my journey in cinema was kickstarted.

What motivated you to pursue a career in acting?

In school I used to keenly participate in extra-curricular activities. Whether it was elocution, debates or plays. When I went to college, I was deeply attracted to theatre and was bitten by the acting bug. I moved to Mumbai with the dream of becoming an actor.

Of all the roles you’ve played so far, which one has been the most challenging, and why? I have played roles which have challenged me as an actor and made me push myself out of my comfort zone. It’s difficult to choose any one role. I thoroughly enjoyed playing both Mohsina and Jhilmil even though they belong to completely different worlds. In the recent past, whether it was Tarla, Monica, Shalini or Rani Bharti - they are all strong women who will not be deterred by society or it’s norms and will rise above their circumstances with sheer will power and be unapologetic about their ambitions.

Can you tell us about any upcoming projects that you are excited about?

The third season of Maharani will be streaming soon. I think this is one of the only shows which has a female protagonist and has been commissioned for the third season. I am really looking forward to how people receive it.

How do you think the film industry has evolved during your career, especially in terms of roles for women and what changes would you like to see in the entertainment industry, particularly in Bollywood?

It’s important for every actor to figure out their own path. There always will be a plethora of roles to play and actors must

choose roles that work for them. The parameters for choosing roles are one’s own. The sets have more women in all departments of filmmaking. Even though it’s still not a level playing field, for example, the pay gap between male and female actors is still an issue, the industry has space for everyone and is constantly evolving

How do you approach preparing for a new role? Are there any specific methods you follow?

Not really. For me, reading the script multiple times helps. I just follow the script and the director’s vision. Of course as an actor I improvise where it makes sense. But, essentially, I rely on the script for shaping my role.

Balancing personal and professional life can be challenging. How do you manage to maintain that balance? What are your favorite ways to unwind and relax when you’re not working? I love sleeping. On days when I am not shooting, I am usually catching up on my sleep or hang out with my friends and family.

In recent years, many actors have become advocates for social issues. Are there any causes that you are particularly passionate about? How do you see your platform as an actress contributing to social change or awareness? I made a film which addressed body shaming called Double XL. As an actor one is expected to fit a mould but I have never adhered to that. My film was about how the skills a person has is far superior and what matters more than the looks or the how much they weigh. There has always been a lot of pressure on women to look a certain way and I have always advocated against that thought process.

What advice would you give to aspiring actors who are looking to enter the film industry?

Every individual’s journey is different and they have to write their own story. What worked for me might not work for someone else. Focus, determination and resilience are key qualities.

Are there any lessons you’ve learned in your career that you wish someone had told you earlier?

I am glad that I got the opportunity to be on the journey and experience it for myself.

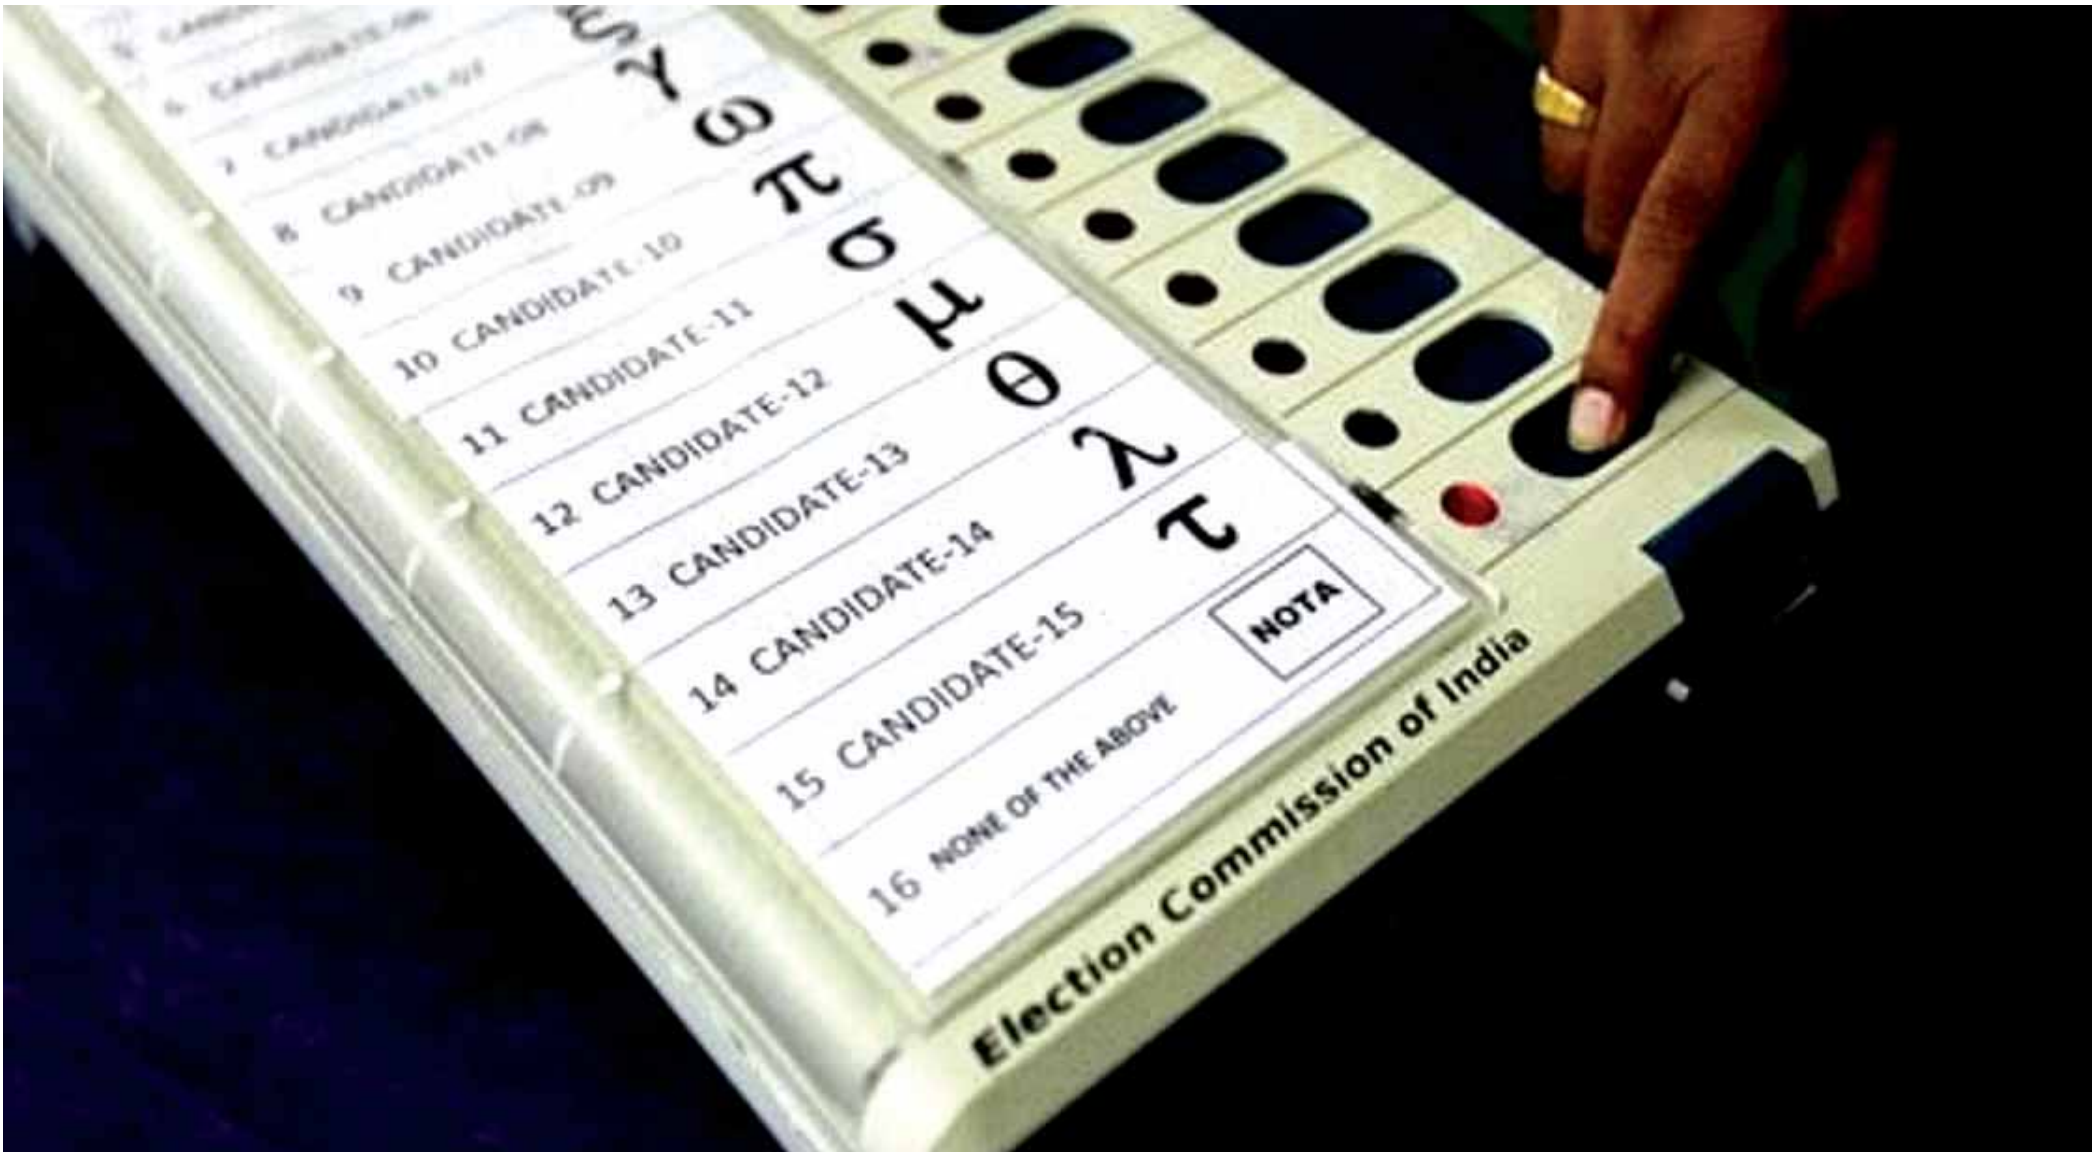

I LOVE SLEEPING. ON DAYS WHEN I AM NOT SHOOTING, I AM USUALLY CATCHING UP ON MY SLEEP OR HANG OUT WITH MY FRIENDS AND FAMILY

NOTA: THE SILENT REVOLUTION OR THE ILLUSION OF CHOICE?

NOTA CONTINUES TO BE A TOOL OF DISSENT IN THE ELECTORAL DEMOCRACY. IT EMPOWERS THE ELECTORS TO REGISTER THEIR DISCONTENT WITH THE POOL OF CANDIDATES WHILE MAINTAINING SECRECY, THUS PERSUADING PARTIES TO FIELD BETTER CANDIDATES

It's impeccable to christen NOTA in the truest sense of the word as the 'Sankat Mochan' of democracy in political Lanka, as each vote deserves a political Ayodhya, not a chaotic Lanka. With the 2013 judgment of the Hon'ble Supreme Court of India (PUCL v. Union of India), a firm position was set that in an exceedingly legal system, electors must be given the right to reject, which owes its genesis to freedom of speech and expression (Art. 19(1)(a)). However, this was substantially necessitated on account that secrecy of casting a vote was duly recognised under the provisions of the Representation of People's Act, 1951, and the Conduct of Election Rules, 1961, as being fundamental to free and fair elections. The 170th Report of the Law Commission, 1999, while laying down the chassis of NOTA,

recommended a method to ensure the purity of elections, keep out criminals and other undesirable elements, and minimise the role and importance of caste and religion. Pursuant to this, no candidate could be declared returned unless he obtains at least 50% of the votes cast, and to determine such a percentage, even the negative vote would be treated as votes cast. The report also recommends a 'run-off' and fresh election if candidates fail to secure the requisite percentage. This was endorsed by the Background Paper on Electoral Reforms, 2010. Even in Columbia, blank votes are considered to be valid ones and there stands similar provision to this effect. However, in its press release dated October 28th, 2013, the Election Commission of India clarified while referring to provisions of the Conduct of

Elections Rules, 1961 (clause (a) of Rule 64) read with the Representation of the People's Act, 1951 (Section 65), that even if the number of electors opting for NOTA option is more than the number of votes polled by any of the candidates, the candidate who secures the largest number of votes has to be declared elected. This implies that even if 99% of the electors rejected the candidature of all the candidates, conversely, in defiance of their mandate, the candidate who managed to secure just 1% of the votes could be declared to be returned. This serves as a testimony of NOTA having no electoral value in India, ergo, there's no wrong in deeming it nothing more than a protest vote. Be that as it may, to justify the forthcoming quote "Not all battles are fought for victory. Some are fought simply to tell the world that someone was there on the battlefield"

(Ravish Kumar) in an electoral democracy could set the stage for catalysing NOTA as just a token of gesture which is bound to be unjust. Nevertheless, NOTA continues to be a tool of dissent in the electoral democracy. It empowers the electors to register their discontent with the pool of candidates while maintaining secrecy, thus persuading parties to field better candidates. In the 2018 Assembly election of Madhya Pradesh, NOTA bagged fifth largest tally of votes polled (1.42%) which was more than SP (1.3%) and AAP (0.66%). Similarly, in Karnataka, NOTA secured more votes than BSP and CPI (M) which are national parties. The figures are indicative of the significant usage of NOTA in numeric sense, however, its impact still remains insignificant. The State Election Commission of Haryana deviated from the

practice of Election Commission of India during the Municipal Elections. A notification dated November 22nd, 2018 by the SEC, Haryana deemed NOTA to be a 'Fictional Electoral Candidate'. It further went on to state that if a situation arises where NOTA receives the highest number of votes, then a fresh election would be conducted. All candidates who received lesser vote than NOTA would become ineligible from contesting the re-election. Similar notification was also published by the SEC, Maharashtra in the same year. In yet another development from the past, the Supreme Court issued a notice to the Centre and the ECI on March 15th, 2021 on a PIL which sought a direction to the poll panel to nullify an election result and conduct a fresh poll if the maximum votes in a particular constituency were for NOTA.

For a democracy to survive in its true form it is essential that the best available men should be chosen as people's representative and if electors find none from the roster to be suitable enough, negative voting is necessitated. However, the rationale behind the 2013 judgement of the Apex Court has failed to bear fruits. In a vibrant democracy, voter's choice must be of paramount and if they palpably reject all the contesting candidates, their choice should be empowered by way of a fresh election. In the existing scenario, if we picture the electoral stage as a grand theatre; NOTA plays the role of a silent spectator, leaving no tangible mark on the political drama. Thus, even with the popularity of NOTA among the electors experiencing a significant rise over the years, the question of whether it is 'revolutionary' or mere 'illusionary' lingers.

Adaptability is key in today's ever-changing business landscape, and many businesses struggle to keep up with rapid changes. That's where composable architecture steps in as the game-changer. Composable architecture is like the Lego bricks of digital transformation. Brands can create independent, reusable, and scalable building blocks, mixing and matching them to fit their needs. The best part? It's fast. Brands can try new solutions, make changes, fail fast, and learn from failures quickly, making their business more agile. Take the Netflix vs Blockbuster case. Netflix embraced change early on, initially delivering DVDs by mail and then swiftly transitioning to a streaming platform. On the contrary, Blockbuster failed to adapt promptly. Even though they understood that Netflix's approach was the future, they didn't evolve quickly enough. As a result, Blockbuster couldn't keep pace and eventually faced failure. It's a lesson that being late to adjust can lead to significant consequences. The result? Blockbuster went bankrupt, while Netflix became a leader in online entertainment. The lesson? Digital transformation is no longer a choice; it's a necessity. To stay ahead, brands need a flexible and agile architecture, making composable architecture the future of digital transformation. And it comes with benefits:

The Role of Composable Architecture in Your Digital Transformation Journey

VELOCITY

One big plus of composable systems is how quickly you can get things done. Gartner predicts that by 2024, 70% of big and medium-sized companies will focus on composability to make their apps easy to put together. Teams using composable web setups show real business benefits, like faster go-to-market time.

AGILITY:

Composable architecture involves assembling systems through loosely coupled components, creating a modular structure with easily combinable, detachable, and reusable parts. Furthermore, composable architecture minimizes vendor lock-in to a great extent, allowing brands to build piece by piece. If one vendor doesn't have the required technology, a brand can get it from another, creating a customized structure using best-of-breed technologies.

structures affects the entire system. However, composable architectures allow alteration in each component independently, making the process far less cumbersome and risky to deploy.

REUSABILITY

The key benefit of composable architecture is the ability to reuse components. The modular

system reuses and connects standards and patterns through APIs. With reusability as a central focus, any existing modules can be reused or serve as the foundation for a new application or service. Furthermore, reusability of components lowers the development costs to a great extent.

QUICKER INNOVATION

Legacy systems are complex to handle and need lots of time and resources to change, keep up, and improve. Besides, multiple teams have to be involved in the entire process.

Composable architecture offers a more manageable IT upgrade setup, allowing seamless integration and feature launches. With composable architecture, IT can focus on developing new ideas and giving customers a better experience instead of dealing with routine tasks like marketing and maintenance.

OMNICHANNEL CAPABILITIES

A flexible digital experience platform (DXP) combined with a headless content management system (CMS) makes creating and sharing content smooth. This allows marketers to keep a consistent presence on various digital platforms and devices, all from one central place. They can quickly and easily improve and send out campaigns to reach their target audience wherever they are.

While the many benefits of composability make it desirable

for significant brands, they must first check if they have the proper framework to adopt a composable architecture. This can be done using MACH.

MACH

- M — Microservices: Independent services connected via APIs.
- A — API-First: APIs linking applications or services.
- C — Cloud-Native: Applications designed for the cloud, ensuring scalability.
- H — Headless: Decoupling front-end and back-end for flexibility.

As the business ecosystem changes, companies are figuring out that composable architecture is not only the future for business continuation but also a smart move as it makes everything work better.

Companies like Walmart, Asics, Mantel, and Shell have adopted composable architecture for efficient operations. It's not just a trend; it's the usual way of doing things now.

Digital transformation is not a one-time destination; it's an ongoing journey. The process is similar to building a stack of blocks- each piece added on-demand as your business grows. Composable architecture is the foundation of your digital transformation journey. So adopt it now and make the transformation agile and enjoyable.
