Terror strikes IAF convoy in J&K, one soldier dead

MOHIT KANDHARI JAMMU

n a stark reminder to the Pulwama terror attack on security personnel February 2019 ahead of the Lok Sabha polls, an Indian Air Force (IAF) vehicle convoy was attacked in the similar fashion by terrorists in the Poonch district of Jammu and Kashmir late Saturday evening in which one soldier was killed and four seriously injured.

The attack occurred near Shashidhar when the convoy vehicles were moving towards Sanai Top in the district's Surankote area. The local military units

launched cordon and search operations to capture the terrorists behind the strike, the IAF statement read. This is the ninth major attack on

security personnel since October 2021 in the region including this which comes right in the midst of 2024 General Elections.

A similar terrorist strike took place in the Poonch district on December 21, 2023. Four Army personnel sacrificed their lives and three others received critical injuries after their vehicles were ambushed by the hiding foreign terrorists in the general area of Dera ki Gali in the Poonch district.

Five Indian Army personnel including two officers were "killed in action" in the Kalakote forest area of Rajouri on November 22. Meanwhile, the audacious strike

has once again raised question marks as none of the terrorists

Security personnel stand guard after a militant attack on army vehicles, in Poonch district on Saturday. A search operation is going on in the woods amid inputs about the presence of the militants

were neutralised.

The attack comes three weeks ahead of polling in Anantnag-Rajouri Lok Sabha constituency. Poonch is part of Anantnag-Rajouri parliamentary constituency which is going to polls in the sixth phase on May

The border district of Poonch along with adjoining Rajouri has witnessed some of the major terrorist attacks over the past two years, signalling return of terror activities to the region, which was once cleared of terrorism and remained peaceful between 2003 and 2021. The officials said five security

personnel were injured, two of them critically, when terrorists opened fire on two vehicles,

including one belonging to the IAF, near Shashidhar in the evening.

The vehicles were moving towards nearby Sanai Top in the district's Surankote area, they said, suspecting the involvement of the same group of terrorists who carried out an ambush on the troops in adjoining Bufliaz on December 21 last year, that left four soldiers dead and three others injured. The Army truck bore the major

brunt of the firing by the terrorists who were armed with AK assault rifles and are believed to have fled into the nearby forests, the officials said. Sources said reinforcements

massive search and cordon operation was launched to track down and neutralise the terrorists.

Police assisted by paramilitary forces carried out searches in Poonch town since Friday following inputs about movement of suspected persons. However, no one was arrested during the operation, said officials.

The latest incident in the Pir Panjal region followed the killing of a Government employee Mohd Razaq, brother of an Army personnel, by terrorists at village Kunda Top in Rajouri's Shahdra area on April 22 and a village defence guard from the Army and police have been rushed to the area and a Mohd Sharief in Basantgarh area of Udhampur on April 28. Police have released pictures of two Lashkar-e-Taiba (LeT) terrorists, including suspected Pakistani national Abu Hamza, involved in the murder of Razaq and announced a cash reward of Rs 10 lakh on his head. The Bufliaz ambush in

December last year came weeks after a major gunfight in the Dharmsal belt of Bajimaal forest in Rajouri that left five Army personnel, including two captains, dead a month earlier.

Two terrorists, including a top commander of LeT identified as Quari, were also killed in the two-day long gunfight. Quari was said to be the mastermind behind several attacks, including the killing of 10 civilians and five Army personnel in the district.

The stretch between Dhera Ki Gali and Bufliaz on the boundary of Rajouri and Poonch is densely forested and leads to Chamrer forest and then Bhata Dhurian forest, where five soldiers were killed in an ambush on an Army vehicle on April 20 last year.

In May last year, five more Army personnel were killed and a major-rank officer was injured in Chamrer forest during an foreign terrorist was also killed in the operation in the operation.

In 2022, five Army personnel were killed when terrorists carried out a suicide attack on their camp at Pargal in Darhal area of Rajouri district. Both the terrorists involved in the attack were eliminated.

durmoil within the INDIA bloc continued in the ongoing Lok Sabha polls as former Delhi Congress president and senior leader Arvinder Singh Lovely along with former Delhi Minister Raj Kumar Chauhan, former MLAs Neeraj Basoya, Naseeb Singh and Delhi youth Congress chief Amit Malik joined the BJP on Saturday. This will be the second innings of Lovely and Chauhan in the BJP while Basoya and Naseeb join the BJP first time. The development will boost the BJP prospects as these leaders will help to consolidate votes in Sikh, Dalit and Gurjar communities in the seven seats in Delhi which go to polls on May 25.  $T^{

At the LokS Sabha poll rallies in Bihar and Jharkhand, Modi also used the term shehzada along with Rahul for the RJD leader and former Deputy Chief Minister Tejashwi Yadav.

"There is a shehzada in Delhi (Rahul) and one in Patna (Tejashwi), both of whom think of the country as their fiefdom (jaagir).' While addressing a rally in

Gujarat, Priyanka called Modi a "Shahanshaah" who lives in a palace but is cut off from the public. It was her first response to the PM's 'shehzada' jibe for her brother Rahul. Asserting that India wants a

strong leader at the helm to ensure security, Modi said his Government's surgical and air strikes had shaken Pakistan, and neighbouring country's

leaders are now praying that the Congress "shehzada" India's becomes Prime Minister. "The new India knows how to

enter enemy territory and strike... Shaken by the surgical and air strikes, leaders in Pakistan are now praying that the Congress 'shehzada' becomes Prime Minister of India... But, our strong nation wants a strong Government

and leader," Modi said at the rally to campaign for BJP candidate from Palamu, V D Ram. While addressing a rally at

Lakhani in Gujarat's Banaskantha Lok Sabha constituency to canvass for her party candidate Geniben Thakor, Priyanka accused Modi of using the people of Gujarat for power and then forgetting them.

"He calls my brother 'shehzada'. I would like to tell him that shehzada walked for 4,000 kilometres from Kanyakumari to Kashmir to listen to (people's) problems, met my brothers and sisters, farmers and labourers and asked how we can resolve their problems,'

Several millionaires in fray for Lok Sabha Elections in Haryana

BJP's Naveen Jindal's assets over Rs 1200 crore; Two other candidates have assets over Rs 100 Crores MANOJ KUMAR CHANDIGARH

The property details of candidates of political parties in Harvana, who have declared their assets and liabilities in the election affidavits submitted along with their nomination forms before their respective returning officers, revealed that several of them are multi-millionaires. The filing of nominations of the candidates for the Parliamentary elections, which began on April 29, will

continue till May 6. Bharatiya Janata Party (BJP) candidate from Kurukshetra and industrialist Naveen Jindal is the richest candidate of Haryana with assets of Rs 1241.3 crore followed by AAP's candidate from the same constituency Sushil Kumar Gupta with assets worth Rs 169 crore. BJP candidate from Gurugram Lok Sabha Constituency Rao Inderjit Singh has declared assets of over Rs 120 crore. They are clearly the three richest candidates in fray in the state.

As per the affidavit, Jindal, who has recently joined BJP from Congress, ranked first among politicians in terms of assets worth Rs 897.7 crore including movable assets of

assets worth Rs 11 crore. Jindal and his wife have grand total assets worth Rs 1241.3 crore. AAP candidate Sushil Kumar Gupta has declared his assets worth Rs 72

crore including **Ballot Battle** movable assets Rs 49.73 crore and immovable assets worth Rs 22.3 crore. Gupta and his wife have grand total assets worth Rs 169 crore.

In the affidavit filed along with his nomination papers, the senior BJP functionary Rao Inderjit Singh, who is eyeing a sixth term as Gurugram MP in the Lok Sabha elections has declared joint assets of over Rs 121.7 crore with his wife, a three-fold rise from Rs 42.1 crore in 2019. The assets of BJP candidate Rao Inderjit Singh have seen an almost 189% increase over the past five

In the affidavit, Congress candidate Varun Chaudhry from Ambala Lok Sabha election has declared his assets worth Rs 24.2 crore including movable assets of Rs 3.6 crore and immovable assets of Rs

INLD candidate from Kurukshetra Abhay Chautala and his wife have grand total assets of Rs 60.7 crore. Abhay has movable assets worth Rs 32.6 crore while his wife has Rs 4.4 crore. Abhay has immovable assets worth Rs 12.7 crore while his wife has immovable

name. His assets in 2019 were

Rs 66.6 crore. According to the filed election affidavit, Congress candidate Kumari Sejla from Sirsa has declared her assets worth Rs

42 crore including movable assets of Rs 10.4 crore and immovable assets of Rs 31.7 crore. Her assets have raised Rs 17 crore in five years. She had declared her movable and immovable assets worth Rs 24 crore in 2019.

In the affidavit, BJP candidate Ranjit Singh Chautala from Hisar has declared his gross total value of his movable and immovable assets worth Rs 73 lakh and Rs 15 crore respectively while movable and immovable assets in the name of his wife were worth Rs 5.6 crore and Rs 4 crore respectively. The couple together have a grand total asset worth Rs 25.2 crore. In 2019, he had declared his assets worth Rs 27

The affidavit filed by Ranjit Chautala further revealed that his income has gone up more than six times after he became the minister in the Haryana government five years ago. In 2018-19, his annual income was Rs 6.25 lakh which has gone up to Rs 38.86 lakh last financial year. His wife had disclosed an annual income of Rs 17.2 lakh in 2018-19 and her income too has increased

Indira Sihag earns more than him. Ranjit Chautala's annual income is Rs 38. 86 lakh in 2023, his wife has shown an income of Rs 49.63 lakh during the same financial year. However, Raniit Chautala's gross movable and immovable assets have gone down as compared to 2019.

His assets according to the 2019 affidavit when he contested the Assembly election from Rania in Sirsa district was Rs 16.81 crore. His wife's movable and immovable properties too have gone down from Rs 10.27 crore in 2019 to Rs 9.71 crore in 2024. Though, his wife has more gold, silver and land than Ranjit Chautala. Ranjit Chautala has land in his ancestral village Chautala, Tejakheda, Ganganagar.

BJP Candidate from Lok Ambala Constituency Banto Kataria has declared her grand total asset worth Rs 8.9 crore. Jannayak Janata Party (JJP) candidate from Gurugram Rahul Yadav Fazilpuria has declared his assets worth Rs 2.8 crore including movable assets worth Rs 16.31 crore and immovable assets worth Rs 2.6 crore. The Polling for the 10 Lok Sabha constituencies in Haryana will be held on May 25. The scrutiny of nominations will be done on May 7 and candidates can withdraw their nominations until May 9.

Congress' Deepender Hooda, BJP's Ashok Tanwar file nomination papers

PNS CHANDIGARH

Congress candidate Deepender Singh Hooda and Bharatiya Janata Party (BJP) nominee Ashok Tanwar on Saturday filed their nomination papers from the Rohtak and Sirsa seats respectively for the Lok Sabha elections.

Hooda was accompanied by his father and former Haryana chief minister Bhupinder Singh Hooda, Haryana Congress chief Udai Bhan and party MLA, BB Batra while filing the nomination papers at Rohtak Deputy Commissioner office.

Before filing his nomination, Deepender performed puja and havan with full rituals along with his family and prayed for development and prosperity in the area.

Addressing a public rally at Ambedkar Chowk in Rohtak, Bhupinder Singh Hooda, said the sweat that the workers have shed in this scorching heat will not go in vain and will turn the colour of politics in Haryana. "This is not just the Lok Sabha elections, but a fight to save the Constitution of the

PNS CHANDIGARH

the seizure of cash, liquor,

drugs, precious metals, and

country. Democracy will survive only if the Constitution survives. That is why the opposition parties have united and formed the INDIA Alliance. In Haryana, this alliance is contesting the elections with full strength, and all fraternities have decided to bless the India alliance against BJP," Hooda said.

Addressing the gathering Deepender said the BJP candidate from Rohtak demanded a Sainik School from Defence Minister Rajnath Singh, before filing his nomination. "How can the BJP government, which has abolished permanent recruitment in the Army, be expected to set up Sainik Schools," he questioned.

He said generally the candidate of the ruling party tells what work he has done in the last 5 years and the candidate of the Opposition party tells what work he will do for the development of the area in the coming 5 years. "The sad thing is that the current BJP MP has not done any work in the last 5 years, but we are going among the people by telling about our work," he said.

"I am telling both what work I did in the last tenure and what I will do in the coming time. Both my work and my conduct are before the people. The public's blessings given on the basis of my work and conduct will not go in vain," he

Deepender said this election is to save the future of Haryana, to put Rohtak Lok Sabha constituency on the development map of the country, and to save the Constitution of Baba Saheb. 'The result here will lay the foundation for the next government of Haryana," he stat-

The Congress has fielded Deepender Hooda, a Rajya Sabha MP, from the Rohtak parliamentary constituency, which is currently represented by BJP's Arvind Sharma. He had unsuccessfully contested from the Rohtak seat in the 2019 Lok Sabha polls.

BJP nominee from Sirsa, Tanwar, was accompanied by Haryana chief minister Nayab Singh Saini, Rajya Sabha MP Subhash Barala, BJP candidate from Hisar, Ranjit Singh

Haryana Lokhit Party chief Gopal Kanda when he filed his nomination papers.

'I express my gratitude to the people for their unprecedented love and support. Sirsa's faith in Prime Minister Shri @narendramodi ji was firm and will remain so, said Tanwar

in a post on X. Tanwar, a former MP from Sirsa, had quit the AAP and joined the BJP earlier this year. Before that, he had quit the Congress in 2019 and joined AAP in 2022. In between, he had floated his party and even joined the Trinamool Congress for a brief period. The seat is presently represented by BJP's Sunita Duggal.

From Sirsa, the Congress has fielded party general sec-retary and former Union minister Kumari Selja.

Indian National Lok Dal (INLD) candidate from Sirsa parliamentary constituency Sandeep Lot has also filed his nomination on Saturday afternoon in Sirsa, Senior INLD leader Abhay Singh Chautala was also present on

19,812 polling stations set up at 10,363 locations in Hry: CEO Agarwal

PNS CHANDIGARH

Haryana Chief Electoral Officer Anurag Agarwal on Saturday said that every vote is important in a democracy, so every voter must dedicate one day to the country, appealing to the people of the state to ensure maximum participation in the Lok Sabha 2024 general elections, scheduled to be held on May 25.

He informed that 19,812 polling stations have been set up at 10,363 locations across the state, including 13,588 in rural areas and 6,224 in urban areas. There are polling booths at 2,400 locations in cities and 7,963 locations in villages. Agarwal said that for the

convenience of visually impaired voters in the state, EPIC cards and photo voter slips will be printed in Braille script, and facilities such as Braille ballot papers and slips on EVMs will also be available. In addition to this, various facilities are being provided to PwD for wheelchairs, ramps at polling stations, and transportation.

He said arrangements will be

made to bring PwD voters to the polling station. Wheelchairs will also be made available to those voters who are unable to walk. Arrangements for ramps will be made at every polling station. Additionally, arrangements for volunteers from NGOs, NSS, and Red Cross will also be made for their assistance, Agarwal said.

The Chief Electoral Officer said that visually impaired voters and PwD voters who are unable to cast their vote by pressing the machine button can bring a helper with them to cast their vote. The age of the helper should be 18 years or older. He said that PwD voters who are capable of casting their vote by pressing the EVM button can bring a helper along with them to the voting booth, but the helper cannot enter the voting booth.

POLL BUZZ BSP fields its Punjab unit

chief, from Anandpur Sahib for Lok Sabha polls

Chandigarh: The BSP on Saturday fielded its Punjab unit chief Jasvir Singh Garhi as its candidate from the Anandpur Sahib parliamentary constituency. The announcement in this regard was made by BSP's in-charge of Punjab, Haryana and Chandigarh Randhir Singh Beniwal. With this, the BSP has now announced its candidates for all the 13 Lok Sabha seats in Punjab, said Beniwal. The Anandpur Sahib seat is currently represented by Congress MP Manish Tewari, who has now been fielded from the Chandigarh Lok Sabha seat. Garhi will face AAP's Malvinder Kang, Congress' Vijay Inder Singla and Shiromani Akali Dal's Prem Singh Chandumajra. The BJP is yet to name its nominee. Polling for the 13 Lok Sabha seats in Punjab will be held on June 1.

Under BJP regime 70 crore unemployed in India: Tewari

CHANDIGARH: Senior Congress leader and candidate from Chandigarh parliamentary constituency Manish Tewari on Saturday said that under the Bharatiya Janata Party government during the last ten years, the country had seen humongous rise in unemployment with 70 crore people, half of the total population of the country, remaining unemployed. Interacting with residents of Chandigarh during his 'padyatras' and public meetings here today, Tewari said, unemployment in the country today was the highest in last 45 years. He reminded people how Narendra Modi before becoming the Prime Minister had promised to generate two crore jobs every year, which means, by now there

should have been 20 crore jobs. Rather it has been the reverse of it as unemployment is at an alltime high. Tewari said the Modi government did not seem to be inclined to provide jobs. The simplest thing they could have done was to fill up 30 lakh vacancies pending in different govern-ment departments. "Only someone who is callous and oblivious of the problems of our unemployed youth can be so indifferent by keeping the vacancies pending while people are crying for jobs", he observed. The former union minister said that the first thing the INDIA government will do is to fill all the 30 lakh vacancies on top priority. Besides, he added, the INDIA government will bring in the Right to Apprenticeship Act under the 'pehli naukri pakki'

Sanjay Tandon assures to

resolve Industries problems Chandigarh: In a conversation with the city's industrialists, Sanjay Tandon, the Chandigarh BJP candidate for Lok Sabha, discussed the challenges and emphasized the need to revisit older industrial policies to address the long-pending issues of the industry. Tandon made these remarks during an event organized by Anuj Aggarwal in Phase 1 Industrial Area. During the event, industrialists raised concerns with Tandon about issues such as FAR ratio, conversion of plots from leasehold to freehold, and need-based changes. They also apprised him of the violation notices received from the administration, highlighting that such notices incurred financial losses and hampered daily operations. Tandon stated, "To resolve the pending issues of the industry, we need to revisit the older policies

and reform them according to the current demands of the industries, while respecting the city's heritage. The pending issues are already under the notice of the administration and the Ministry of Home Affairs, which require a final solution for the betterment of the industry." "I assure to resolve these issues with the concerned authorities on a priority basis if elected to power, as they are hampering the growth of our industry," added Tandon. **Sukhbir Badal condemns**

BJP-AAP anti farmer alliance

Banga/ Nawanshahr: Shiromani Akali Dal (SAD) president Sukhbir Singh Badal on Saturday condemned what he called the Bharatiya Janata Party (BJP) - Aam Aadmi Party (AAP) anti-farmer alliance which was continuously denying justice to farmers and had resulted in the death of a farmer during a protest in Patiala. Expressing his deep condolences at the death of Surinderpal Singh who succumbed during a protest against BJP candidate Preneet Kaur at Patiala, the SAD president said "the BJP and AAP have formed an alliance against the farmers and are denying justice to them.

This has prolonged the farmer agitation in Punjab and is causing misery to the entire farming community". Telling the BJP and the AAP to stop safeguarding the interests of corporates, Badal said "this is not the first time that the BJP and AAP are playing as a team. Earlier during the farmer agitation two months back, the AAP government refused to take action against the Haryana Police who tear gassed our farmers and even attacked them with rubber bullets and live ammunition to stop them from proceeding to Delhi". Asking Punjabis to see through

this conspiracy, Badal appealed to them to seal the borders of Punjab to all outside parties with their votes to counter the BIP-AAP combine which had sealed the borders by force to stop the farmers from proceeding to

BJP lodges complaint against Himachal speaker for MCC violation Shimla: The BJP on

Saturday filed a complaint with

the chief election commissioner against Himachal Pradesh Speaker Kuldeep Singh Pathania for allegedly violating the model code of conduct by campaigning in favour of Congress candidate. State BJP vice president Hans Raj in his complaint to CEC, alleged that Pathania is violating the model code of conduct (MCC) and "misusing the constitutional post and the official machinery in support of Congress candidate". He requested the CEC to initiate appropriate legal action against the speaker. "The speaker has hurt the dignity and status of his post by illegally influencing electors of Mandi Parliamentary Constituency and actions are completely opposite of what is expected from him and it is the only example of its own in India where the speaker is found openly sharing the stage and campaigning in favour of Congress candidate by violating MCC," Raj said in the complaint. Recently, Pathania was seen addressing, attending and holding public meetings in various places in Himachal Pradesh, the complaint said. He was found to be sharing a stage with Vikramaditya Singh, Congress candidate from Mandi Lok Sabha constituency, along with Chief Minister Sukhvinder Singh Sukhu and other party leaders at Bharmour, Raj alleged.

Online radicalisation poses significant challenge to global security: CBI director

Underlining that there can be no distinction between "good terrorism and bad terrorism", India has said online radicalisation continues to pose a significant challenge to glob-

al security.
Heading the Indian delegation at the recently-concluded 19th Interpol Conference of Heads of National Central Bureaux at France's Lyon, Central Bureau of Investigation (CBI) Director Praveen Sood highlighted the challenges posed by the nexus between organised crime, terrorism and extremist ideologies.

Sood said online radicalisation poses a significant challenge to global security. He unequivocally condemned all forms of terrorism and conveyed that there can be no distinction between "good terrorism, bad

India also supported key conclusions, such as strengthening the network of the NCBs to combat the threat of transnational organised crime, enhance global collaborative efforts in the fight against cyber-enabled financial fraud, promote the use of the Interpol network and global police databases, in the fight against child sexual exploitation and to improve data protection measures within Interpol, it said. "It may be recalled that in 2023, as many as 29 wanted criminals and fugitives were returned to India through close cooperation via INTERPOL channels and 100 Red Notices were published by INTERPOL on the request of Indian lawenforcement agencies," the statement said.

Canada releases pictures of three Indians charged with Nijjar killing

PIONEER NEWS SERVICE

anada has released the pic-Ctures of three Indians who allegedly killed Khalistani separatist Hardeep Singh Nijjar last year. The three were arrested by the police there late Friday. Nijjar's killing had become the epicentre of a diplomatic row between India and Canada last year after Prime Minister Justin Trudeau alleged the role of "Indian agents" in the murder. India had rejected the charge as "absurd" and "motivated." Canadian Police on Friday said

they have arrested three Indians they suspect were part of the alleged hit squad that had killed Nijjar. The three arrested Indians - Karan Brar, 22, Kamalpreet Singh, 22, Karanpreet Singh, 28 - were living as non-permanent residents in Alberta for three to five years, said Superintendent Mandeep Mooker, who leads the Integrated Homicide Investigation Team.

The police also released their

They have been charged with first-degree murder and conshowed court documents.

Police said that none of the suspects were known to them earlier and they were investigating their possible ties to the Indian government.

The murder remains "very much under active investigation," Royal Canadian Mounted Police (RCMP) Assistant Commissioner David Teboul told a press conference on Friday. "There are separate and distinct

these matters, certainly not limited to the involvement of the people arrested today, and these efforts include investigating connections to the government of India," CTV News

quoted him as saying.

Nijjar, a Canadiań citizen who was wanted in India on various terror charges, was shot dead outside a gurdwara in Surrey on June 18, 2023. Trudeau's charge against India sparked a massive row later that year with both countries expelling diplomats of the other country. A fresh row erupted earlier this week after separatist slogans on 'Khalistan' were raised at an Trudeau, prompting New Delhi to summon their Deputy High Commissioner and lodge a strong protest.On the sidelines of the event, Trudeau told reporters that Nijjar's killing had created a "problem" that he could not have ignored.

India rejected his comment and said it once again showed Canada provides political space given to separatism, extremism, and violence. "This not only impacts India-Canada rela-

mate of violence and criminality in Canada to the detriment of its own citizens, Ministry of External Affairs(MEA) spokesperson Randhir Jaiswal said.

Meanwhile, Canadian politician Jagmeet Singh has alleged that the Indian government was behind Nijjar's killing. However, Canadian police have not given any evidence linking the three accused to the Indian government.

Jagmeet Singh of Canada's New Democratic Party claimed the Indian government hired assassins to kill Nijjar in Surrey in 2023, an incident that set off "The Indian government hired assassins to murder a Canadian citizen on Canadian soil - at a place of worship. Today 3 arrests were made," he said.

Army Summit on May 8 to highlight role of veterans in nation's progress

PIONEER NEWS SERVICE

The Indian Army will host a summit next week with an aim to highlight the capabilities, potential and skills of military veterans as a driving force in the nation's progress, officials said on Saturday. The summit, which is being organised by the Army Welfare Placement Organisation (AWPO), will be held on May

The event promises to provide a comprehensive understanding of how ex-servicemen can serve as an engine of growth for the nation, a senior official said. It will highlight the capabilities, potential and skills of military veterans as a driving force in the nation's progress.

With the participation of corporate leaders, military veterans, leading industry figures and veteran entrepreneurs, the summit aims to bridge gaps in training, orientation and preparation, paving the way for veterans to make significant contributions across diverse sectors of the economy, the army said. SC stays High Court order to remove protesters from Chandigarh, Mohali road

PTI ■ NEW DELHI

 $T^{\text{he Supreme Court has}}_{\text{stayed an order of the}}$ Punjab and Haryana High Court asking authorities to clear the Chandigarh-Mohali road blocked by a group of protesters.

A bench of justices BR Gavai, Satish Chandra Sharma and Sandeep Mehta issued notice on a plea of the Punjab government and sought the response of an NGO, which has filed the plea, the Centre and the Chandigarh administration among others.

During the hearing, Solicitor General Tushar Mehta, appearing for the Centre, said it is supporting the stand of the Punjab government. Mehta said, "Federalism is

always protected except when it comes to corruption. In Covid times, every state and the Centre worked together.' Punjab advocate general Gurminder Singh said the high court order be stayed. In its orders dated April 9, passed in a batch of PILs, the high court said despite repeated opportunities given, neither the state of Punjab nor the Union territory of Chandigarh has been able to

commuters of Chandigarh and SAS Nagar Mohali.

"On account of a handful of people sitting and blocking the road, inconvenience is being caused to the commuters and residents of the Tri-city and the misery is continuing," it had said.

It had noted that the Centre was also impleaded as party on October 9 last year in the matter. It is also to be noticed that the Director General of Police, Punjab, had also been summoned in the matter almost one year ago.

that some of the protestors have been hiding behind a shield of religious legitimacy by placing the Guru Granth Sahib would not as such give the State reason not to act against the persons concerned, who are misusing the religious sentiments," it had

The high court said it is also apparent from the photographs which have been placed on record that there is

no large gathering. "In spite of the fact that it is well known that all the agita-

tors from the rural background are busy in harvesting and it is most opportune time to remove the blockage of the road, the State of Punjab and Union Territory, Chandigarh, are dragging their feet for the reasons best known to them," it had said in its interim order.

The high court, while deferring the proceedings, further said it is hoping the Punjab and Chandigarh administration will wake up from their slumber and keep in mind the observations of the apex court given in various verdicts related to protests on roads.

The high court had passed the order on a plea of NGO Arrive Safe Society which contended that local residents and commuters are facing unnecessary harassment because of the protest/morcha on the Chandigarh-Mohali road that have been ongoing since January 2023.

The protesters have been seeking the release of Sikh prisoners, including Balwant Singh Rajoana, a convict in the former Punjab chief minister Beant Singh's assassination, and Devinderpal Singh Bhullar, a 1993 Delhi bomb

Afghan diplomat resigns after report of smuggling 25 kg gold

Zakia Wardak, the senior-most Afghan diplomat in India, has resigned from her position after reports emerged that she was caught at Mumbai airport last month for allegedly trying to smuggle 25 kg of gold worth Rs 18.6 crore from Dubai.

Wardak had taken charge as the acting ambassador of Afghanistan to New Delhi since late last year after working as the Áfghan Consul General in Mumbai for over two years.

In a statement posted on 'X', the Afghan diplomat said she decided to resign in view of numerous personal attacks on her that severely impacted her ability to effectively operate. She, however, did not men-

tion the reports of the Directorate of Revenue Intelligence (DRI) seizing 25 kg of gold from her at the Mumbai airport on April 25. It is learnt that the DRI did not arrest Wardak as enjoyed diplomatic immunity.

"It is with great regret that I announce my decision to step away from my role at the consulate and embassy of

Afghanistan in India, effective May 5," she said.

'Over the past year, I have encountered numerous personal attacks and defamation not only directed towards me but also towards my close family and extended relatives," she said.

Wardak took charge of the Afghan embassy in New Delhi last November after the mission helmed by then ambassador Farid Mamundzay announced its closure.

Mamundzay had moved to the UK.There was no comment by Indian officials on Wardak's resignation.

"These attacks, which appear to be organised, have severely impacted my ability to effectively operate in my role and have demonstrated the challenges faced by women in Afghan society who strive to modernise and bring positive change amidst ongoing propaganda campaigns," Wardak said in her statement.

She said the "persistent and coordinated" attacks have surpassed a "tolerable threshold". While attacks on me and my character were not altogether surprising, as being in public life is something I had prepared myself for, I was unprepared for the toll it took

on those close to me. It is not fair to subject them to such unwarranted and horribly unfair experiences," she said. "The persistent and coordinated nature of these attacks, aimed at defaming my character and undermining my efforts, have surpassed a tolerable threshold," Wardak added.

"It has become increasingly clear that the public narrative is unfairly targeting the only female representative within this system, rather than focusing on constructive assistance and support," she said.

"While it is my passion to serve my country and contribute to positive change, I find it necessary to prioritize my well-being and ability to function in a normal capacity. Therefore, I have made the difficult decision to resign from my current role.'

The Afghan diplomat also thanked India for its "unwavering support" during her tenure in the country.

"It has been a great privilege working alongside the people of India for the past three years. I am grateful for the collaborative efforts and shared vision for progress between nations," she said.

Government lifts ban on onion exports

dhe government on Saturday lifted the ban on onion exports subject to a minimum export price of USD 550 per tonne, a decision that can help boost income of a large section of farmers and comes ahead of the Lok Sabha polls in key producing regions including Maharashtra.

The government has imposed a minimum export price (MEP) of USD 550 per tonne (around Rs 46 per kg) as well as 40 per cent export duty. Taking duty into account, the shipments will not be allowed below USD 770 per tonne (around Rs 64 per kg). On December 8 last year, the

Centre had banned onion exports in early December to control retail prices amid concerns over likely fall in production. During the last 4-5 years, the country annually exported between 17 lakh and 25 lakh tonnes of onions.

Consumer Affairs Secretary Nidhi Khare said the lifting of the ban would not lead to any price rise in retail markets.

Prices will remain stable. If at all there is any increase, it should be very marginal," she said, while asserting that the government is committed to protect the interests of both consumers and farmers.

directorate general of foreign trade (DGFT) said in a notification that "the export policy of onions is amended from prohibited to free subject to MEP of USD 550 per metric tonne with immediate effect and until further orders."

Last night, the finance ministry imposed a 40 per cent export duty.

decision assumes importance as it comes before the crucial Lok Sabha polls in key onion belts like Nashik, Ahmednagar and Solapur in Maharashtra. Farmers of this region have been demanding a lifting of the ban so that they can get a better price for their

Explaining the rationale behind the decision, Khare said the "ban on onion exports has been removed from today (Saturday) because the supply situation is comfortable and prices are stable in both mandies as well as retail markets." The modal price at Lasalgaon mandi in Nashik was Rs 15 per kg in

She said the decision has been taken after considering the latest estimates of onion production in rabi season at 191 lakh tonnes, which is comfortable. Availability and

prices of onion in global markets were also factored in while taking this decision. The secretary said the monthly domestic demand of onion is around 17 lakh tonnes.

"Lifting of the ban would also encourage the farmers to put more area under onions. The monsoon forecast is above normal," Khare said.

The secretary noted that the decision has been taken after discussions with stakeholders. A high-level team also visited key onion

ground situation. Khare also pointed out that the shelf life of onions is less and therefore a need was felt to export onions.

The secretary said that the government is procuring 5 lakh tonnes of onions as buffer stock, so that it can intervene in the market in case of price rise.

In March, the Union Agriculture Ministry released Agriculture Ministry released the data for onion production. As per the data, onion production in 2023-24 (First Advance Estimates) is expected to be around 254.73 lakh tonnes compared to around 302.08 lakh tonnes last year. This is due to a decrease of 34.31 lakh tonnes output in Maharashtra, 9.95 lakh tonnes in Karnataka, 3.54 lakh tonnes in Andhra Pradesh and 3.12 lakh tonnes in Rajasthan, the data in Rajasthan, the data showed.

Last month, in an official statement, the Ministry of Consumer Affairs, Food and Public Distribution said the government has allowed export of 99,150 tonnes of onion to six neighbouring countries of Bangladesh, Bhutan, Bahrain, UAE, Mauritius and Sri Lanka.

The Congress last month accused the Narendra Modi government of "callously Maharashtra's neglecting" onion farmers affected due to the ban on onion exports and said that its manifesto predictable promises a import-export policy to prevent such catastrophic last-minute policies being

NATIONAL COMPANY LAW TRIBUNAL

Amid several bottlenecks, the Insolvency Bankruptcy Board of India (IBBI) declared 2023-24 as a landmark year, with the National Company Law Tribunal achieving a significant 43 per cent increase in resolutions, jumping from 189 cases last year to 270 this year. The IBBI is expected to submit a report to the government over the next 2-3 months for including "mediation" in the Insolvency including and Bankruptcy Code (IBC), which is currently under discussion and scrutiny.

The regulator is also working on prepackaged insolvency for large corporate cases, which is only allowed in

MSME cases as of now. For the first time in a year, the number of outputs has increased from the number of inputs, reducing the pendency across India, said Sudhaker Shukla, an IBBI whole-time member, while addressing the CII organised Insolvency

Bankruptcy Code conclave. He said that despite bottlenecks in the last seven years, resolution of 3.5 lakh crore was achieved, and 27,000 applications worth Rs
10 lakh crore were 10 lakh crore were withdrawn, making the IBC a powerful tool for debt resolution in the country.

Shukla stated that the law has evolved over time and that the interventions to improve it have been remarkable. "In 2023-24, around 12

amendments and interventions have been made in the IBBI within a single year. This portrays that we are responding to market requirements to bridge the gaps," he said. He further added that a sectoral approach has been

adopted to address unique problems for a speedy resolution, like in real estate. "We are trying to follow the sandbox approach. The recent amendments were made on real estate where project-wise resolution was made, keeping the allotted houses from liquidation was a big step forward in a sectoral approach," Shukla said.

Speaking about the demand for mediation and prepacks for insolvency for large accounts, Shukla said it was currently under scrutiny and in the next 2-3 months, it will submitted to the government.

He further said prepacks for large accounts were also under consideration as they aim for speedy resolution. Prepackaged insolvency involves negotiating and agreeing on a resolution plan between the debtor and its

between the debtor and its creditors before going into formal bankruptcy.

P Santhosh, Managing Director of NARCL, the government-backed bad bank, asserted that a delay in resolution will deteriorate the quality of the asset, making ravival difficult

revival difficult. "There are multiple factors contributing to this delay, and to avoid it, coordination with financial creditors is crucial. The concept of Prepack insolvency is yet to be adopted. However, many practitioners have discussed that this is one of the tools that can be extended to larger corporate disputes. Initially, there could be a promoter-led

Air India reduces cabin baggage allowance to 15 kg for lowest fare segment

PTI ■ NEW DELHI

oss-making Air India has gage allowance to 15 kilogram from 20 kilogram for the lowest economy fare segment on domestic flights. The changes have been made

in the menu-based pricing model fare families that were introduced by the Tata Group-owned Air India last August, with the airline saying that a one-size-fits-all approach is no longer ideal. There are three fare families -

Flex -- that offer different levels of benefits and fare restrictions at various price spokesperson said on Saturday

With effect from May 2, the free cabin baggage allowance for the 'Comfort' and 'Comfort Plus' categories has been reduced to 15 kg from 20 kg and 25 kg, respectively. Prior to the introduction of the fare families concept, passengers on Air India's domestic flights were allowed to carry 25 kilograms of cabin baggage free of any additional

charge.
"On domestic routes in Economy Class, both 'Comfort' and 'Comfort Plus' fare families now provide 15 kg baggage allowance, while 'Flex' provides 25 kg allowance.

"The Business Class baggage allowance on domestic routes ranges from 25 kg to 35 kg. The free baggage allowance on international flights varies from market to market," the spokesperson said.

In other domestic airlines also, passengers are allowed to carry 15 kg of cabin baggage without additional charge. The Air India spokesperson said the fare families are designed to let passengers choose the kind of fare and services that best suit their requirements, given that travellers today have varied preferences, and a one-sizefits-all approach is no longer

Elaborating on proposition, the spokesperson said that for example, the price difference between 'Comfort Plus' and 'Flex' fares would typically be around Rs 1,000 in a domestic sector like Delhi-Mumbai, with the 'Flex' fare providing the value of nearly Rs 9,000, including 10 kilograms extra baggage and zero change or cancellation

The introduction of fare families is in response to customer feedback and Air India's own comprehensive study. It is also benchmarked against the offerings of relevant competition in each of the markets we have introduced it in, the spokesperson added.

Tata Group has embarked on an ambitious plan to revive the fortunes of the lossmaking Air India, which it had acquired from the government in 2022.

IOC imposes 15 years ban on former Olympic power broker Sheikh Ahmad of Kuwait

AP GENEVA

The International Olympic Committee has suspended former Olympic power broker Sheikh Ahmad of Kuwait for 15 years after his conviction for forgery was upheld on appeal this year at a Swiss criminal appeals court.

Sheikh Ahmad al-Fahad al-Sabah's sanction for "a betrayal of his IOC Member's oath, as well as the seriousness of the damage to the IOC's reputation" was approved by the Olympic body's executive board in a decision seen by The Associated

The 15-year suspension starts from the date of his previous ban for a separate issue of unethical conduct, in an Olympic Council of Asia election. That was a threeyear sanction imposed on July 27 last year. The sheikh, who turns 61 on the day after the Paris Games close in August, will be 74 when the latest punishment expires. Under IOC rules his membership ends at age 80. However, the Olympic Charter allows the annual meeting of IOC members to expel a colleague for betraying their oath. Sheikh Ahmad led the Olympic Council of Asia, created by his father in Kuwait, before joining the IOC in 1992. He was a longtime close ally of current IOC president Thomas Bach, whose election in 2013 he campaigned for. The appeal court judges in Geneva changed the sheikh's prison sentence to a suspended sentence of two years deferred for a probationary period of three years. tened, under pressure and Mumbai Indians looks like a confused unit under him, reckons former cricketers Aaron Finch and Greame Smith as fivetime champions continue to struggle in the IPL. Pandya once again walked out

to loud boos around the Wankhede Stadium here on during Mumbai Indians' yet another disappointing outing, which they lost by 24 runs to Kolkata Knight Riders.

Mumbai Indians had begun the contest on a positive note by snaffling five quick wickets to leave KKR reeling at 57 for five, but the visitors fought back to post 169 on the board. In reply, Mumbai crashed out for 145 in 18.5 overs despite Suryakumar Yadav's 56. Pandya lasted only two

deliveries as Mumbai's batters once again cut a sorry figure on a two-paced track to succumb to their eighth defeat in 11 matches this season.

"He just looks really flattened at the moment, he looks really drained and someone who is feeling the pressure. I feel for him; I have been in that situation myself everything that you're trying personally doesn't seem to be working," Finch was quoted as saying by Star Sports. "When the team

performing as well, that is a very difficult place to be. It one thing where you're not performing and the team is winning — that is something you'd take as a captain. You bear all responsibility as captain for the team's performance and that is an incondible band place to be incredibly hard place to be, particularly in this competition where it's so brutal," Finch

The former Australia opener conceded Mumbai Indians should have got over the line chasing 170 at a ground considered a haven for batters. You would expect them to chase 170 with the dew falling at the Wankhede stadium. It's a beautiful place to bat, generally. Yes, it was a bit uncharacteristic in the way it turned a bit more two-paced than what we have seen in the past," Finch said.

legendary South Africa's captain Graeme Smith said MI have been a 'confused team' under Pandya with plenty of changes being made with the personnel.

Hardik has really struggled, he's looked like a man under pressure. That has created a little turmoil in the air, who

knows how that has affected the people. But even the batting lineup, they look like they're confused," he said.

'Tilak Varma and Naman Dhir were fighting in the middle order, Dhir was batting at No 3, and Hardik moving all over the place. They should have had Tilak at (No) 3, Sky at (No) 4, and Hardik batting at (No) 5 and Hardik batting at (No) 5 throughout the season, with David at (No) 6. Then, figure out your bowling units," he

said.
"All over and all around, they've been a very confused team this season and it's been hugely disappointing from one of the mega franchises of the IPL. A lot of people in the MI fanbase and camp will be very sore," Smith added.

Former Australia vice-captain Shane Watson was also critical of Pandya's captaincy calls, saying MI allowed KKR back into the game by not deploying their best bowler when they were 57 for five.

"To keep bowling Naman Dhir when it was so critical (KKR were at 57-5), it was a big mistake from the leadership of the Mumbai Indians, whether it was Hardik Pandya making the decisions or information coming from the sideline," Watson told Jio Cinema.

"(Jasprit) Bumrah had bowled only one over at that stage, so (they needed to) get him in the game again to try and break the partnership of Venkatesh Iyer and Manish Pandey, but they didn't. They just let them cruise and build momentum in the partnership."

"Before you know it, they hadn't played a shot in anger and that built the partnership to a point where it was too late when he came in. There were a lot of baffling decisions from Mumbai Indians' leadership, which is going to be hard to explain,"

Size of stadiums not relevant in modern day cricket: Ashwin

PTI NEW DELHI

The evolution of batting in modern day is such that incredible power-hitting is slowly rendering the size of cricket stadiums irrelevant, world's premier off-spinner Ravichandran Ashwin said on Saturday, fearing that the trend could make the game pretty one-sided.

Ashwin's comment have come in the context of unreal totals being put up by teams in this vear's ÎPL.

Sunrisers Hyderabad posted totals of 277 and 287 while scores of 250 have been surpassed by teams this season with liberal help from the extra batter in the form of Impact Substitutions. 'The stadiums built back in the

With LED boards of the sponsors being used, the boundary has come in by 10 yards," Ashwin, one of the leading voices in global cricket, said during a promotional event for his IPL he marvels at the ball striking abilities of the batters over time. "If you look at the Industrial rate (average runs conceded by teams in IPL), we have gone for less. We defended 180 in Jaipur in one game which was huge," he said "But you are certainly marvelled at ball-striking. At

coming times. "It is tilting too far on other side, which will make someone's misery your great time. Bowlers will need mental boost," the straight-talker said. However Ashwin also firmly

believes that a good bowler will find his footing and stand out among the pack with his innovations. "Game shifts balance and you have to find answers. There's clear window to differentiate

For someone with a very sharp sense of humour, Ashwin had a hilarious take on size of boundaries this season.

The ground in Jaipur, the boundary is huge. When I saw that, Dhruv Jurel said: Bhaiyya this is so big" and I told him "Dhruv, atleast let it be somewhere". Watching that, I felt at this stage of my career, I would need a bicycle to reach the (Sawai Man Singh) boundary.

Then in the next stadium, felt I could walk and the next I could run and then in one I felt if I spit my Chewing gum, it will cross the boundary rope for a six," said Ashwin.

The Royals' bowling coach Shane Bond summed it up aptly.
"For bowlers now, if you can bowl well, you can make a lot of money. Batting has evolved and bowling is catching up," the former New Zealand

speedster said.

India captain and Mumbai Indians opener Rohit Sharma was forced to play as an impact sub in the IPL clash against Kolkata Knight Riders due to a "mild back stiffness", said leg-spinner Pivush Chawla.

Playing as an impact sub, Rohit managed just 11 runs in 12 balls in the second innings during their 24-run loss against KKR, which has nearly put the five-time champions out of the IPL this

"He just had a mild back stiffness so it was just a precautionary thing," Chawla told the media after the match here at the Wankhede Stadium. Mumbai's defeat was their eighth in 11 matches, essentially shutting the doors on the Hardik Pandya-led side and Chawla too conceded that it is only "pride" that they are left with to play for. "For the pride and the reputation, because sometimes when you enter on the field, you don't think whether you are going to qualify or you are not going to qualify," he said.

"You have to play for your name and that's what we are playing for," he added.
Chawla pointed MI's inability to attain momentum at any stage in this IPL as the reason

behind their poor performance.
"You must have often heard about that T20 is all about momentum and just that we didn't get that momentum going this season and it can

happen to any team," he said.
"It's not like it's happening to us for the first time or any other team for the second time. It can happen to anyone and it's just that that momentum was not our way." The 35-year-old Chawla became IPL's second leading wickettaker when he went past Dwayne Bravo on Friday to take 184 wickets.

"It has been a beautiful journey because IPL started 17 years back and at that time nobody gave that much preference to the spinners, but now if you see that in top few wicket takers in India, especially all the spinners, Ashwin, Yuzhi, myself (are there), so it's a good feeling," he said. Chawla also praised Manish Pandey for delivering in a pressure situation while playing his first game this season. Pandey (42) added 83 runs for the sixth wicket with Venkatesh Iyer (70) as KKR posted 169 allout in 19.5 overs.

'It was a good partnership and credit has to go to them because they batted beautifully. Well, T20 is something in which experience plays a big role, (which is) what we saw today.

"When Manish walked in, maybe if somebody walks in who must have played few games, he would have panicked that runs are not coming. "But he read the situation and the way he handled the situation because if you see in starting, he was hardly going at run a ball. But later on, he knew that he has to stand there with

fter watching Kangana Ranaut's film, Queen which includes a scene where she stays in a hostel, I was intrigued and mentally noted to experience it at least once. This opportunity arose when I was traveling alone for work in Milan for a few days. Since my wife is not keen on such experiences, I could only do it while traveling solo. I myself was a bit hesitant and booked the hostel room for only one night post which I booked a luxury hotel room.

Staying in a hostel room with

bunk beds shared by eight tourists from different countries and continents was an eye-opening experience. As someone accustomed to the privacy of hotels, the idea of sharing a room with strangers was initially daunting. However, the warmth and friendliness of my fellow travelers quickly put me at ease. Additionally, in India, we would never think of sharing a room with both guys and girls. Here, we were six guys and two girls sharing the dormitory

One of the most memorable aspects of my stay was the interactions with my roommates. Despite our diverse backgrounds, we found common ground in our love for travel and adventure. Each person had a unique story to share, from their reasons for travelling to their favourite destinations. I learned about different

the phone charging, individual reading lights provided convenience without disturbing others. The common bathroom, although shared, was always clean and well-maintained, a testament to the hostel staff's commitment to guest comfort and roommates ensuring to leave the washroom with the same hygiene level they expected from others.

The common kitchen was a hub of activity, with guests preparing meals and sharing recipes from their home countries. It was a delightful experience to taste dishes from around the world, each one infused with the flavours and spices of a different culture. The complimentary

fruits and groceries added a thoughtful touch, making us feel at home in this foreign environment.

Beyond the practical amenities, the hostel's vibrant atmosphere made it a memorable stay. It served as a meeting point for young travellers, where friendships were formed over shared meals and late-night conversations. The hostel also organised social events, such as pub crawls and city tours, allowing guests to explore the city together and create lasting memories.

EXPERIENCING CULTURE ONE COURSE AT A TIME

The industry's evolving nature is fostering a culture of shared knowledge, with chefs and restaurants collaborating more than ever. While the permanence of specific formats, like pop-ups, remains uncertain, the spirit of collaboration is undoubtedly a mainstay. It's a dynamic era where working together isn't just a trend; it's a fundamental shift shaping the future of the culinary landscape.

Pop-up restaurants are like culinary jazz performances, where chefs create impromptu meals in unconventional settings, such as dining rooms or even courtvards. These temporary dining courtyards. These temporary dining experiences allow chefs to experiment freely with their cooking skills within a confined timeframe and for a select Mukhin recently hosted famous Chef Joan Roca from El Celler De Can Roca at Krasota restaurant in Dubai. THE WORLD IS GETTING SMALLER AND MORE INCLUSIVE Engaging in pop-up events presents chefs with a valuable chance to acquire new skills and engage in the exchange of culinary knowledge amongst peers in the industry. "Popups are a great platform of exchanging ideas and sharing our cooking philosophies and techniques. It's a true example of how the world is getting smaller and more inclusive. COVISHELD'S SHIELD IN QUESTION

y CT scan result showed that they (doctors) had never seen anything like this before. Numerous blood clots were removed through surgery from my legs and lower abdomen, Alex Mitchell, a key litigant in the legal proceedings in the UK against British pharma giant AstraZeneca told a news channel in India about the side effects that he suffered after receiving the COVID vaccine

Mitchell is not the only one who has been reeling under the side effects due to the COVID jab and taken up a legal battle against AstraZeneca over allegations linking its vaccine to fatalities and severe adverse effects.

The firm is facing at least 51 such cases and has recently conceded that its vaccine could, albeit exceedingly rarely, induce Thrombosis with Thrombocytopenia Syndrome (TTS), a medical condition characterized by abnormally low levels of platelets and the formation of blood clots.

With this admission by the UK pharma giant, in India, the Serum Institute of India (SII), headquartered in Pune, which was a licensee to AstraZeneca's vaccine formula may too find itself mired in potential legal ramifications with the parents of a young woman who died purportedly due to complications arising ten days post her inoculation with the vaccine in 2021 said that they are contemplating legal action against both SII and AstraZeneca.

SII may get clean chit in the case given it was a mere manufacturer of the jab, Venugopalan Govindan, bereaved father of the deceased Karunya has expressed profound dissatisfaction with AstraZeneca's belated admission, lamenting its timing visà-vis the lives already lost. He also castigated SII for its failure to suspend vaccine distribution following the restriction imposed by 15 European nations due to reported incidents of blood clot-related fatalities in March 2021.

Govindan has also implicated governmental agencies, regulatory bodies, and other stakeholders in the unfortunate demise of his daughter and numerous others post-vaccination. His sentiments have reverberated across social media platforms following AstraZeneca's acknowledgment of its COVID jab's potential to precipitate

blood clotting.
Govindan spearheaded a petition titled 'Post-vaccination side effects - Blood clots, MIS-A, etc. Awareness was required' shortly after his daughter's tragic demise in 2021. As the petition gained traction, it served as a platform for individuals to share their own experiences, concerns, and opinions

Another netizen Parikshit Suri has emphasized on the rigorous testing and transparency in vaccine development and echoed widespread calls for accountability and scrutiny in the approval process.

Dr. A Rajkumar Sreenivasan's plea for informed consent highlighted the ethical dimensions of healthcare decision-making, emphasizing the need for individuals to have agency and autonomy in vaccination choices. Michelle Zeh's skepticism about vaccine necessity and safety shed light on broader concerns surrounding pharmaceutical influence and the importance of evidence-based decision-

Manish Kumar's observation of increased heart attacks post-vaccination prompted calls for comprehensive investigation and surveillance to ensure the ongoing safety and efficacy of vaccination programs. Amidst these concerns and controversy over the safety aspects of the Covishield vaccine, the matter has now reached the Supreme Court on May 1, 2024, with a petition led by advocate Vishal Tiwari adding a layer of complexity and urgency to the discourse. Tiwari has sought the constitution of an expert medical panel to study the risk factors.

"More than 175 crore doses of Covishield have been administered in India. After Covid 19 there has been an increase in deaths due to heart attacks and sudden collapse of persons. There have been several cases of heart attack even in youngsters. Now after the document filed in UK court by the developer of Covishield, we are compelled to think on the risk and hazardous consequences of Covishield vaccine which have been administered to the citizens at a large number," the petition filed by advocate Tiwari says.

The plea points out that AstraZeneca, the company that developed the vaccine, has said that its AZD1222 vaccine against Covid-19, which was made under license in India as Covishield, could cause low platelet counts and the formation of blood clots in rare cases.

The petition says the medical panel should

be headed by an expert from AIIMS and supervised by a retired Supreme Court judge. Tiwari has further sought directions to the Centre to establish a 'Vaccine Damage

Centre to establish a 'Vaccine Damage Payment System' for citizens or families who have suffered debilitating health setbacks or even deaths after taking the vaccine.

The plea has also called for strict action

The plea has also called for strict action against the circulation of spurious Covishield, an offshoot of the AstraZeneca COVID-19 vaccine, which underwent extensive administration across India. However, SII, conspicuously headquartered in Pune, has remained reticent in response to the looming specter of legal action. Equally intriguing is the silence maintained by the Union Health Ministry, notwithstanding mounting apprehensions and criticisms voiced by recipients of Covishield on various social media

Delhi Health Minister Saurabh Bharadwaj has already raised the Centre's attention to these links, saying that it should work to urgently address the alleged side-effects of the Covidshield vaccine as millions of people in India were administered the shit during the Covid pandemic. Bharadwaj expressed concern over the alleged link between the vaccine's side effects and a series of sudden deaths in India, claiming that Covidshield was banned in several European countries, including Germany, France, Spain, Finland, Norway, and

Despite the government's formation of a national committee to probe such occurrences, the determination of insufficient evidence linking her demise to the vaccine underscores the intricate challenge of establishing causality in rare adverse events. However, the narrative shared by individuals such as Govindan underscores the exigency for robust surveillance, reporting mechanisms, and support infrastructure to address post-vaccination complications

comprehensively. Against the backdrop of Covishield's legal conundrum, SII's competitor Hyderabadbased Bharat Biotech, has underscored the efficacy of its jab, Covaxin, saying that it was meticulously evaluated and efficacyefficacy.rials were held within

Safety Project conducted an extensive analysis of adverse events associated with COVID-19 vaccines across multiple regions, including Argentina, Australia (New South Wales and Victoria), Canada (British Columbia and Ontario), Denmark, Finland, France, New Zealand, and Scotland. They employed a method called observed versus expected (OE) ratios to compare the number of adverse events reported with the expected baseline rates. In simple words, this means first healthcare providers have a baseline 'expectation' of how many adverse events are likely given a certain number of vaccinated people, and compare it with the number of events reported to health systems. Expectations are formed based on experience with the rates of vaccination, and reactions observed historically. However, COVID-19 vaccination was an outlier event that saw billions of vaccines administered over a relatively short span. OE ratios greater than 1.5, indicating 50% more adverse reactions than expected, were identified as potential safety signals requiring thorough investigation. Notable findings included elevated OE ratios for Guillain-Barré syndrome and cerebral venous sinus thrombosis following the first dose of the ChAdOx1 vaccine. Additionally, acute disseminated encephalomyelitis showed a high OE ratio following the first dose of the mRNA-1273 vaccine. Increased OE ratios for myocarditis and pericarditis were also observed following vaccination with BNT162b2 (Pfizer/BioNTech), mRNA-1273 (Moderna), and ChAdOx1 (AstraZeneca/Serum Institute of India) vaccines.

The study also highlighted differences in adverse event reporting rates between regions. For example, the affidavit submitted by the Indian government to the Supreme Court cited higher AEFI rates in the United States (0.2%) and the United Kingdom (0.7%) compared to India. These variations may be influenced by reporting system robustness and physiological factors. Despite confirming previously identified rare safety signals associated with COVID-19 vaccination, the study emphasized the need for further investigation to confirm associations and evaluate clinical significance. > his week I had the great fortune to partake of the Hanami festival at one of Delhi's finest Japanese restaurants Guppy (part of the Olive Chain). This is cherry blossom season of spring in Japan, a time to mark the Hanami festival — a unique cultural tradition of viewing flowers in full bloom, an ancient ritual which serves as a Japanese reminder of the transcience of nature, the blossoms a metaphor for life, draped in the immortal philosophy of hope and And no festival in the world is complete without its attendant share of feasts and festivities. Skipping the Sushi selection, which we Indians are now quite familiar with, we opted for the translucent Tobanjan-spiced Chicken Steamed Dumplings, the filling a burst of minced chicken in a Japanese spicy tobanjan chili paste served with a ponzú dip. Perhaps it is me and my changed taste

From their Small Plates offering we went past the vegetarian Stuffed Tofu Katsu to the Crisp Chicken Parcel, an oven-baked phyllo parcel with ginger flavoured chicken accompanied by soy apple salsa and a vuzu miso sauce.

For the Mains, while my friend settled for the undoubtedly healthy and delicious Grilled Yuzu Khoso Fish, marinated in Jaanese yuzu khoso and herb salsa, grilled and served with lemon butter soy, I ventured into the now universally forbidden territory of red meat. The Grilled Marinated Lamb Chop came with seasonal vegetables and was served with red wine miso. I must admit that while the flavours of the grill settled rather smoothly on my palate, the meat itself was on the rare side and a tad stringy. Red meat requires adequate time to be rested in its marination for it to step delicately away from the bone. In my opinion, the Lamb Chop needed some more attention.

That said, the experience was a rather cheerful one, given that the Japanese dedicate as much time to the aesthetics of the inanimate as to the animate. Guppy is that cheerful, pretty, comfortable Japanese place one would like to hang around at, with friends or family. Here's wishing everyone a happy Hanami, the Japanese spring festival so similar to our own spring festival of Basant Panchami.

Not being served a hard copy of the menu and asking diner to scan a barcode for the digital menu at a finedine restaurant with an excuse that they are new doesn't go well with me. May be I am an old timer who doesn't like reading the menu on mobile's small screen. The manager quickly impro-

For a classy looking restaurant they can easily do with few Ipads if even after a month of their opening they are finding it difficult to get the printed menu.

I am here with my wife and like most men opt for 'The Second Date'. Don't get me wrong. It is a tequila and sake based cocktail with a bit of lychee and Jasmine tea. Its delightful aroma and soothing taste set a pleasant tone for the evening. As I perused the drinks menu, I noticed a variety of tequila and mezcal cocktails, signaling an interesting trend. Just as gin has surpassed vodka in popularity for cocktails, it seems tequila-based cocktails might be the next big trend.

While the food initially took some time to arrive, once it did, the dishes came out in quick succession. Most of the dishes we ordered were impressive. The Mushroom and Cream Cheese (Rs495), encased in crispy kataifi on a cauliflower sauce base, was particularly exciting. Similarly, the Habanero Butter Shrimp (Rs750), served with airy sourdough bread, was noteworthy, although I expected a bit more heat from the

LEO July 23-Aug 22

This week presents a challenging phase marked by a strong drive and assertive demeanor. Your focus is solely on your professional commitments, often at the expense of your emotional well-being. The overwhelming workload might lead to frustration as you struggle to see tangible outcomes in the distance. Midweek, expect a significant change in your social or professional circle, either through an unexpected arrival or a departure. This may cause a temporary spike in your temper, urging you to make impulsive decisions amidst confusion. While travel might be forthcoming, it's crucial to take moments for reflection to maintain your composure and gain clarity. Despite these testing times, your ability to remain objective during tough decisions shines through, though caution is advised to avoid rushed judgments.

arrying over from the previous issue, it is important to note that ✓ negative memory implants in our minds and the preconditioning thereof, can act a great devil for the self and those around. So, they will also come under the category of demonic forces. Such negative tendencies often foray into uncontrolled and fanciful inconsequential thoughts. They overtake our mind and distract our attention from priority preferences. We, thus, often misdirect our energies towards unproductive ends. In the process, our creative potential gets restricted from blooming out in full. Trapped into such unproductive voluminous thoughts, we are hardly left with mind-space necessary to invoke our faculty of discrimination. We, thus, loose our sense of reasons and direction, and thereby objectivity. Therefore, it becomes imperative upon us to consciously strike upon such unbecoming tendencies, for which we are very much capable. Otherwise, they will keep chasing us from within to our detriment.

The question now is: how to figure out

true intent and character of varied demonic presences in disguise, well in time? And then, identify the most appropriate weapon to checkmate their assault? Evidently, it calls for being on full mental alert all the time. That alone can facilitate identifying right weapon for the right occasion. Mother's 10 arms also correspond to the positive and negative implications of man's sensory organs - 5 of perception and 5 of action. Experience suggests that in our usual flow of life, more often our sensory perceptions get stuck to the illusionary glare and glitter of the seeming world. Ego, further driving one's mind, makes one believe that what is apparent is to be taken as absolute truth. In the process, one forgets the necessity of invoking the indwelling faculty of discrimination necessary to figure out the underlying truths. True picture thus missing, one may inadvertently respond unintelligently on instinctive judgment. By the time one realises, the danger would have caught us unaware. It, therefore, becomes incumbent upon us to be on full

But then the lion does not go for its next kill till it has become hungry once again after exhausting its feed. The killing too is, therefore, need based and not out of greed. In fact, in nature's scheme of things, there exists a food chain. It is so made out as that there exists a predator to check the outgrowth of any creature. Bacteria in a drain treats the night soil. But its excessive presence will make living inhabitable. So, to keep their outgrowth in check, there exist other creatures. This way nature's biodiversity is kept in equitable balance.

Here again, the animals, unlike human beings, invariably live in their present moment. They do not dwell on their past nor do they care for future. They are not tempted to encroach upon other's share to secure their future concerns either. Human beings, on the contrary, recalling their unpleasant memories of the past invite sense of fear. They also keep dreaming about

making a better future. In the process they dissipate their energies and mind space towards unproductive ends. Consequently, they are hardly left with enough to do justice to the callings of the present. What we forget that the seed planted today will turn into a fruit bearing tree tomorrow. Accordingly, we need to shed the past that has become history and forget about future that is uncertain. Following which we can put in our whole into present, which alone will prepare the ground for a better tomorrow.

If the above inputs are made to sink in deep in one's mind through continued reflection, it will induce a person to act accordingly, which one could carry on effortlessly. Following which, one may be able to successfully steer life with ease and comfort, despite all oddities and hazards coming in the way. Life will then turn into a beautiful experience.
