## Power hungry but feeling the poll heat

Delhiites use scarves to shield themselves from the hot summer Ranjan Dimri/Pioneer

SAUMYA SHUKLA ■ NEW DELHI

The prevailing heatwave conditions and high humidity levels in the national Capital, giving a feel of temperatures hovering over 50 degrees Celsius, have not only pushed the peak power demand to an all-time high of 7,717 MW on Tuesday afternoon, but have also forced political parties to hold rallies in the evening to avoid the heat. Most of the candidates have taken to indoor meetings during the morning and afternoon hours. However, the buzz around the elections on May 25 has been negligible during the day. Political parties are worried of low turnout of voters due to extreme heat and summer vacations in the national Capital. With only two days remaining before the end of campaigning in Delhi, all parties are trying to woo voters with mega roadshows. The weather conditions, however, are leaving the candidates high and dry with a very limited period of time for campaigning only during the evening hours. The intense heatwave is playing a spoiler for the rallies and roadshows of top political leaders cutting across party lines. The BJP and its star campaigners

are holding rallies and roadshows in the evening. The AAP convener Arvind Kejriwal, who is the star campaigner of his party, has also preferred to hold rallies and public gatherings in the evening. On Tuesday, Kejriwal held a roadshow in support of Congress candidate Kanhaiya Kumar for North East Delhi in Bhajanpura at 8:00 pm. BJP president JP Nadda also held two roadshows in support of his party candidates -South Delhi's Ramvir Singh Bidhuri and Chandni Chowk's Praveen Khandelwal in between 6:00 pm and 9:30 pm. Defence Minister Rajnath Singh also held roadshows during the same time for BJP candidates — Yogendra Chandolia for reserved North West seat and Harshdeep Malhotra for East Delhi, to avoid the scorching heat. Road Minister Nitin Gadkari also addressed three public meetings for BJP candidates which include West Delhi's Kamaljeet Sehrawat, New Delhi's Bansuri Swaraj and North east Delhi's Manoj Tiwari in the evening.

## BJP notice to sulking Jayant Sinha for not voting, campaigning

PIONEER NEWS SERVICE ■ NEW DELHI/ RANCHI

Jharkhand BJP has issued a show-cause notice to sitting Hazaribagh Lok Sabha MP Jayant Sinha for not casting his vote in the election. The notice was issued by the party's State general secretary Aaditya Sahu who said the party's image had been maligned as Sinha did not exercise his right to franchise.

Sinha, who has served as the Union Minister in Narendra Modi's first tenure, has been given two days time to reply to the show-cause notice. Hazaribagh, along with two other parliamentary seats, namely Chatra and Koderma, went to polls in the fifth phase of polling across the country and the second phase in Jharkhand.

Jayant's father and former Union Minister Yashwant Sinha exercised his right to franchise along with his wife. Meanwhile, sitting MLA from Dhanbad and five block presidents have also been served show-cause notices for not showing any interest in the election activities of the party and for not cooperating with the party candidate.

## Ancient patterns in military culture to live again

PIONEER NEWS SERVICE ■ NEW DELHI

In an effort to highlight India's rich heritage in statecraft, the Army has explored the epic battles of the Mahabharata, heroic exploits of eminent military figures as part of a project that aims to enrich the nation's outlook in the defence domain, Army Chief General Manoj Pandey said on Tuesday.

General Pandey said, "The project 'Udbhav', launched last year, delved deep into ancient texts such as Vedas, Puranas, Upanishads and Arthashastra, and it has

revealed substantial intellectual convergences between eminent Indian and Western scholars." The Army chief made these remarks at a conference titled "Historical Patterns in Indian Strategic Culture". The project "Udbhav" aims to promote indigenous discourse in the Army by integrating India's ancient strategic acumen into contemporary military domain with a focus on making the force "future-ready".

"The project has delved deep into ancient texts such as Vedas, Puranas, Upanishads and Arthashastra, which are rooted in interconnectedness, righteousness and ethical values," the Army chief said. "Furthermore, it has explored the epic battles of the Mahabharata and the strategic brilliance during the reigns of Mauryas, Guptas and Marathas, which has shaped India's rich military heritage," he said.

## US says can't help Iran in crash probe

PTI ■ WASHINGTON

The Iranian Government has requested the US to assist in probing the deadly helicopter crash that killed President Ebrahim Raisi, country's Foreign Minister, and six others but Washington won't assist Tehran largely due to "logistical reasons", according to a senior American diplomat. Raisi, 63, a possible successor for Iran's supreme leader, the 85-year-old Ayatollah Ali Khamenei, his Foreign Minister Hossein Amir-Abdollahian, and six others were found dead on Monday hours after their helicopter crashed in fog, leaving the

Islamic Republic without two key leaders as extraordinary tensions grip the wider Middle East. US State Department Spokesperson Matthew Miller at a Press briefing on Monday said the US when asked for assistance by the Iranian Government made it clear that it was ready to offer assistance, as it would do in response to any request by a foreign Government in this sort of situation, but was not able to provide any help. "I'm not going to get into the details, but we were asked by the Iranian Government for assistance," said Miller.

## Maliwal shared trauma, distress with L-G

STAFF REPORTER ■ NEW DELHI

Delhi Lieutenant Governor Vinai Kumar Saxena has for the first time reacted to the alleged assault on AAP leader and Rajya Sabha MP Swati Maliwal on Tuesday, sharing that Maliwal called him a day earlier on Monday out of "sheer anguish".

Saxena on Tuesday said he

was "deeply distressed" over the alleged assault on Maliwal and said "deafening silence" of Chief Minister Arvind Kejriwal "speaks volumes on his stance on safety of women". It wasn't a long time ago when Maliwal and Saxena were in the cross hairs for the removal of 223 Delhi Commission for Women (DCW), appointed by the former Chairperson of DCW. In a public statement, the LG said he has been deeply distressed over the unfolding media narrative over the last few days on the issue and shared that Maliwal called him.

## CAPSULE Aircraft hits flock, 39 flamingos die

TN RAGHUNATHA ■ MUMBAI

As many as 39 flamingos died after an incoming aircraft hit a huge flock of birds over the Ghatkopar area, while it was on its final approach for landing at the Chhatrapati Shivaji Maharaj International Airport (CSMIA) in Mumbai on Monday night. The bird strike, involving EK 508 Dubai-Mumbai Emirates flight carrying 310 passengers, took place minutes before the aircraft landed at the airport. The Boeing 777 aircraft hit a flock of flamingos while it was approaching the runway for landing at the airport. The pilots reported the bird strike immediately after the flight landed at the CSMIA.

## India leads campaign to control penguin tourism

ARCHANA JYOTI ■ NEW DELHI

As Antarctica evolves from a scientific haven to a sought-after tourist hotspot, intensifying concerns about its ecological fragility all eyes are now on India which is leading discussions at the ongoing ten days 46th Antarctic Treaty Consultative Meeting (ATCM) in Kerala, on regulating tourism

to safeguard the icy continent's pristine wilderness. Similar deliberations are being held at the 26th meeting of the Committee for Environmental Protection (CEP). Discussions around regulating tourism have been ongoing in the ATCMs since 1966, but so far these have been just centered around agenda items, sessions, papers, or resolutions. This is for the first time a dedicated working group for regulating tourism in the region has been formulated at the 46th ATCM, hosted by India in Kochi from May 20. The gathering has over 350 participants from nearly 40 nations, deliberating on the climate change threats exacerbated by the increased tourists' footfalls at the continent's fragile ecosystem. This is leaving the continent's wildlife like Penguins at the receiving end.

# EC debars BJP candidate from campaigning for 24 hours for remarks on Mamata

**PIONEER NEWS SERVICE ■ KOLKATA**

The Election Commission of India on Tuesday censured former Calcutta High Court Judge and BJP's Lok Sabha candidate from Tamluk Justice Abhijit Gangopadhyay for making alleged misogynistic remarks against Chief Minister Mamata Banerjee debarbing him from campaigning for 24 hours.

"This Commission hereby strongly censures Abhijit Gangopadhyay for the above-said misconduct and debars him from campaigning for 24 hours starting from 17.00 hrs of 21st May, 2024. The Commission also strictly warns Abhijit Gangopadhyay to remain careful in his public utterances during the currency of Model Code of Conduct," an official statement by the Election Commission read. However the BJP candidate later told the media he had

requested the Commission to reconsider its decision and withdraw the ban on him and if the Commission would not do that he would then move the court. "I have written to the EC to reconsider its decision. If the order is not reconsidered, I will move the court at a suitable time to quash the order," he said. Earlier the ECI had directed Justice Gangopadhyay to explain his conduct and after receiving his reply it said, "the

Commission has carefully gone through the contents and averments made in the aforesaid reply of Abhijit Gangopadhyay and has again gone through the statement made and is convinced that he has made a low-level personal attack and thus violated the provisions of MCC." The ECI directive comes days after the Trinamool Congress lodged a complaint with it against Justice Gangopadhyay during an election campaign where he in reference to Sandeshkhali incident asked the Chief Minister as to what her price was. "You fix other people's price but what is your price... what price do you fix while selling jobs" Justice Gangopadhyay had said. Though the BJP leaders said that Justice Gangopadhyay had not meant any sexist remark and that his reference to price stood for the price for selling government jobs etc --- a scam that has already sent a number of TMC stalwarts including Ministers and MLAs to jail in a letter to the Bengal Chief Electoral Officer TMC leader Derek O'Brien said, "In the said speech, Gangopadhyay has made certain highly offensive utterances, being Mamata Banerjee, how much are you being sold for? Your rate is 10 lakhs, why? Because you are getting your make-up done by Keya Seth?" In the letter O'Brien also said that the retired Judges remarks cleared showed the "misogynist conduct of the BJP candidate. It is unfortunate that having being held a prominent position in the judiciary, he has chosen to attack on the dignity of women, especially one who is holding a position of power."

# Pune car mishap: Father of teenager, three others held; CM orders probe

**TN RAGHUNATHA ■ MUMBAI**

The Pune police on Tuesday arrested four more persons, including a prominent builder in the sensational mishap involving in a Porsche car driven by 17 year-old drunken boy, in which two IT professionals were killed, even as chief minister Eknath Shinde ordered a detailed probe into the shoddy manner in which the police allegedly handled the case in the initial stages. The police arrested Pune's prominent city builder Vishal Agarwal - the father of an inebriated 17-year-old boy who killed 2 IT professionals -- as Ashwini Koshta and Aneesh Awadhya (both 24) who were returning on a motorcycle after attending a friend's get-together. Sr Agrawal has been arrested under sections 75 (wilful neglect of a child, or exposing a child to mental or physical illnesses) and 77 of the Juvenile Justice Act (supplying a child with intoxicating liquor or drugs).

Also arrested were the owner, manager and bartender of Cosie Bar and Restaurant for allegedly serving alcohol to the minor boy and his friends. The Porsche car mishap has caused a public uproar in Mumbai, with the people from various walks of life questioning the manner in which Pune's Yerwada tried to protect the inebriated accused minor boy (name has been withheld because of his age) who was at the wheels when the mishap took place. The citizens staged a dharna in front of the Yerwada police on Tuesday to protest against "special treatment" meted to the accused boy involved in the incident and demand justice to the families of the two IT professionals killed in the mishap. "We have learnt that an MLA belonging to the ruling NCP (Ajit Pawar faction) intervened and spoke to the Yerwada police. That's why the police gave special treatment to the accused minor boy. It is unfortunate that

the police have tried to trivialise such a serious incident in which a minor boy under the influence of alcohol was driving the car at a speed of 24 km per hour when he knocked down the couple on Sunday. We have come to demand justice for harshest punishment to the accused and justice to the accused families," senior Journalist and RTI activist Vinita Deshmukh who was among the citizens gathered in front of the police station said. The chief minister ordered an inquiry into the incident, after the Congress leader and Leader of Opposition in the State Assembly Vijay Wadettiwar and Shiv Sena spokesperson Sanjay Raut alleged that the police were trying to protect the accused minor boy who comes from a wealthy family. While Wadettiwar demanded a judicial probe into the incident, Raut rooted for the removal of Pune Police Commissioner Amitesh Kumar for his questionable conduct. What has surprised Punekaris is the fact that the Pune Juvenile

Justice Board (JJB) on Monday granted bail to the accused minor boy involved in the mishap within 15 hours of his arrest. While granting bail, the JJB showed leniency to the boy, by asking him write a 300-word essay on road mishaps, work with the local traffic police for 15 days and undergo counselling for his drinking habit. Meanwhile, deputy chief minister Devendra Fadnavis has promised stern action against the accused teenager and condemned the "lenient" punishment meted out by the Pune JJB to the accused minor boy. How can the Juvenile Justice (JJ) Board pass such an order", Fadnavis asked. On his part, Pune Police Commissioner Amitesh Kumar has denied that the police was under pressure to play down the incident. "We are under no pressure. We have booked the accused boy under section Section 304(2) of IPC (culpable homicide not amounting to murder," Kumar said.

# Cornered over Ramakrishna monks remarks, Mamata slams BJP

**SAUGAR SENGUPTA ■ BASIRHAT/BARASAT**

Facing barbs from all corners for foul-mouthed Hindu monks of Ramakrishna Mission and Bharat Sevashram Sangha Bengal Chief Minister on Tuesday lapped up the opportunity of a counterattack on the BJP even as she slammed the saffron party for placing Prime Minister Narendra Modi above Lord Jagannath. The Chief Minister who was earlier targeted by Narendra Modi for maligning the monks

of various Hindu religious organisations — for covertly siding with the BJP and even planning riots at places like Rejinagar in Murshidabad district — on Tuesday hit back at the saffron party for counting the Prime Minister above the God. "The arrogance of this party has gone to such levels that they don't even spare Gods ... so much so that they have now started claiming that he (Prime Minister) is even above Lord Jagannath ... just imagine their height of conceit where a mortal is placed before the God,"

Banerjee said adding "if you really want to become a God then we have no problem ... but for that you will have to reside in temples so that we will go there and worship you with flowers and incense sticks ... but why this arrogance." The Chief Minister was apparently referring to a faux pas by BJP leader Sambit Patra who allegedly said that the Lord was the Bhakta or a devotee of the Prime Minister. Subsequently however, Patra proffered an apology claiming his statement to be a slip of tongue.

# Aircraft hits flock, 39 flamingos die

**From Page 1**

The incident has come as a big jolt to the the Bombay Natural History Society (BNHS) and environmentalists involved in the conservation of flamingos in the Mumbai Metropolitan Region (MMR). The Maharashtra Forest Department (MFD) has confirmed the death of 39 flamingos. The CSMA officials have not commented on the incident so far. On its part, the Emirates that was operating the Dubai-Mumbai flight, said there was no injury to crew members or passengers.

The MFD — which carried out a search of the dead flamingos flung all over the place along the Andheri-Ghatkopar Link road - took custody of carcasses of 29 flamingos on Tuesday. The carcasses of flamingos were taken to the Coastal and Marine Biodiversity Centre at Airoli in Navi Mumbai where their post-mortem was carried out. "We are conducting an investigation into the circumstances leading to the bird strike," SV Ramarao, Additional Principal Chief Conservator of Forest, Mangrove Cell, said. Commenting on the incident, BNHS director Kishor Rithe said, "From the scene it was felt that the cause of deaths was a hit by an airplane...It could have been very dangerous for the passengers too. We will help the agencies in investigating and fixing the issue."

The BNHS has clearly mentioned the importance of protecting high tide roosting places in and around Mumbai, along the coast from any kind of disturbance. Hope the concerned authorities will identify all the causes and address them before something happens again," Rithe said. An Emirates spokesperson said, "Emirates can confirm that EK508 from Dubai to Mumbai on May 20 was involved in a bird strike incident upon landing. The aircraft landed safely and all passengers and crew disembarked without injury, however sadly a number of

flamingos were lost." "Emirates is cooperating with the authorities on the matter. The aircraft was also damaged in the incident and, as a result, the return flight EK509 scheduled to depart to Dubai on May 20 was cancelled," the Emirates spokesperson said. "All passengers and crew were accommodated overnight and a replacement aircraft is being arranged for all passengers, and is scheduled to depart Mumbai on May 21 at 21:00 local time. We apologise for any inconvenience caused. The safety of our passengers and crew is of the utmost importance and will not be compromised," the airline spokesperson said. Environmentalists are surprised about the presence of a huge flock of flamingos in the Ghatkopar area. "We have reason to believe that the flamingos were flying towards the north but had to change their path because of the high rises all over. It is the poor urban planning that has claimed these lives," B N Kumar, director of NatConnect Foundation, said. "According to our study, given the height of their flight, this flock of flamingos was returning to Kutch in Gujarat after their migration to Mumbai," Mrugank Prabhu, a researcher at BNHS, said. Thousands of flamingos descend on the wetland areas of Navi Mumbai and are a common sight between November and May every year. More than a lakh of pink-winged birds are sighted every year.

# Maliwal shares...

**From Page 1**

Yesterday, she called me out of sheer anguish, describing at length her traumatic experience and the subsequent intimidation and shaming that she is being subjected to by her own colleagues. She also expressed concerns over reported tampering of evidence and coercion against her," he said. The alleged incident, which reportedly took place when Maliwal visited the Chief Minister's residence alone, has sparked media frenzy and raised serious concerns about the safety and treatment of women in positions of power. Making this assertion in a statement, Saxena also said, "I would have expected that at least for the sake of propriety, my Chief Minister would have come clean, rather than being evasive and dodgy. His deafening silence speaks volumes of his stance on safety of women." Aam Aadmi Party (AAP) said LG's letter has proved that Maliwal is "working for the BJP". Hitting back, the AAP said LG's letter proves "Maliwal is working at the behest of BJP". Responding to LG's statement, the AAP said the BJP is hatching a "new conspiracy" every day in the lead up to the polls. "Sometimes they rake up the excise policy case,

sometimes the Swati Maliwal incident and sometimes the allegation of party receiving foreign funding. BJP will use new tactics against us till polls. BJP is losing the polls badly and they are trying to lift their status using Maliwal issue," he said. "Had such an incident happened in any other Chief Minister's residence in the country, external forces with vested interests, inimical to India, would have unleashed a scathing global narrative around women safety in India. The absence of any outrage in this case leaves several questions unanswered," he said in the statement. Saxena rooted for Maliwal even, as he said, she has been "vociferous," "hostile" and "blatantly partisan towards me and my office, often criticizing me unjustifiably." Saxena said it was "most disturbing" that the alleged scene of crime was the drawing room of the Chief Minister, even while he was allegedly present in the house, and that it was carried out by his "closest aide" on a woman who was alone. "Her fellow member of Rajya Sabha confirmed her narrative in full media glare, and assured that the CM would take firm action against the culprit — his aide. "Subsequently, a total U turn was done in the matter, apparently at the behest of the highest functionary. This too is inexplicable and baffling," he said.

community from around the world and "such shameful incidents and the insensitive and conspiratorial contemptuous government response, on an issue of women safety, tarnishes India's image worldwide," he said. "The collaborative efforts of nations within the Antarctic Treaty System are crucial in preserving the pristine environment and advancing scientific research in Antarctica. Through its leadership and commitment, India continues to play a key role in shaping the future of Antarctic governance," said Ambassador Pankaj Saran, chairperson of the 46th ATCM and 26th CEP. The ATCM and CEP are high-level global annual meetings conducted in accordance with the provisions of the Antarctic Treaty, a multilateral agreement of 56 Contracting Parties signed in 1959. An official from the Ministry said during these meetings, member countries of the

# India leads campaign...

**From Page 1**

ecological integrity for future generations." Dr Ravichandran said, "India being a committed member of the Antarctic Treaty System recognises the pressing need to address the growing tourism activities in Antarctica and their potential impact on the continent's fragile environment." He reiterated that India has always advocated for a comprehensive, proactive, and effective tourism policy anchored in precautionary principles. "The collaborative efforts of nations within the Antarctic Treaty System are crucial in preserving the pristine environment and advancing scientific research in Antarctica. Through its leadership and commitment, India continues to play a key role in shaping the future of Antarctic governance," said Ambassador Pankaj Saran, chairperson of the 46th ATCM and 26th CEP. The ATCM and CEP are high-level global annual meetings conducted in accordance with the provisions of the Antarctic Treaty, a multilateral agreement of 56 Contracting Parties signed in 1959. An official from the Ministry said during these meetings, member countries of the

Antarctic Treaty discuss issues pertaining to the science, policy, governance, management, preservation and protection of Antarctica. The CEP was established under the Protocol on Environmental Protection to the Antarctic Treaty (the Madrid Protocol) in 1991. The CEP advises the ATCM on environmental protection and conservation in Antarctica. National Centre for Polar and Ocean Research (NCPOR), Goa under MoES Ministry, and the Antarctic Treaty Secretariat is jointly organising these meetings. Dr Thamban Meloth, director of NCPOR, said India has a legal framework to regulate India's activities in Antarctica, including tourism, through the Indian Antarctic Act enacted in 2022 but this is for the first time that regulations will be framed. He said, "The Indian Antarctic Act aligns India's tourism regulations with international standards and collaborates with other Antarctic Treaty nations to achieve common conservation goals." There has been a 40 per cent increase in travel from the pre-pandemic season of 2019-20, spiked by the urge partly to "last-chance tourism," to witness

Antarctica's wonders before they vanish due to climate change. Ironically, the very phenomenon threatening Antarctica is facilitating easier access for tourists, as melting sea ice extends the cruising season, prompting travel companies to expand capacity and introduce new, luxurious options such as Silversea's Silver Endeavour for expedited trips. Yu-Fai Leung, a professor at North Carolina State University specialising in Antarctic travel research, aptly highlights the significant environmental impact of traveling to Antarctica. He emphasised that the long flights and cruises across vast distances in harsh conditions contribute substantially to carbon emissions, exacerbating climate change and posing a threat to the continent's delicate ecosystem. Leung points out that the carbon footprint of an Antarctic cruise can rival the annual emissions of an average European, primarily due to the heavy pollution generated by cruise ships and the extensive air travel involved. This underscores the unique environmental challenges posed by Antarctic tourism compared to other forms of travel.

# US says can't help Iran...

"From Page 1  
"We said we would be willing to assist. It's something that we would do with respect to any government in this situation. Ultimately, largely for logistical reasons, we weren't able to provide that assistance," Miller told reporters. In response to a question on the United States extending official condolences and participating in a moment of silence for Raisi at the UN Security Council, Miller said the US had been quite clear that Raisi was a "brutal participant" in the repression of the Iranian people for nearly four decades but Washington regretted any loss of life in a helicopter crash like incident. "We regret any loss of life. We don't want to see anyone die in a helicopter crash. But that doesn't change the reality of his record both as a judge and as the President of Iran and the fact that he has blood on his hands," Miller said. "Our fundamental approach to Iran has not changed and will not change. We will continue to support the people of Iran, to defend their human rights, their aspirations to an open, free society and democratic participation," he said. Miller also responded to a remark by former Iranian minister Mohammad Javad Zarif who blamed US sanctions for the incident. Iran has offered no reasons for the crash that brought down the helicopter, which fell into mountainous terrain in a sudden, intense fog. The crash on Sunday killed all eight people aboard a Bell 212 helicopter that Iran purchased in the early 2000s, according to the state-run IRNA news agency. "The Iranian Government has used its aircraft to transport equipment to support terrorism. So, we will continue to fully enforce our sanctions regime, including our sanctions regimes on aircraft for use by the Iranian government. Ultimately, it's the Iranian government that is responsible for the decision to fly a 45-year-old helicopter in what was described as poor weather."

# Power hungry...

**From Page 1**

Likewise, former Madhya Pradesh Chief Minister Shivraj Singh Chouhan and Rajasthan Chief Minister Bhajan Lal Sharma have also held roadshows and addressed public gatherings in the national Capital. In the past week, top leaders like Prime Minister Narendra Modi, Home Minister Amit Shah, Congress leader Rahul Gandhi, Uttar Pradesh Chief Minister Yogi Adityanath, and his Delhi counterpart Arvind Kejriwal have organised rallies and roadshows in the national Capital in the evening hours to escape extreme heat. According to the India Meteorological Department (IMD), the national Capital on Tuesday recorded the maximum temperature of 42.4 degrees Celsius, which is 2.2 degrees Celsius above the

normal. The maximum temperature recorded in Najafgarh stood at 43.9 degrees Celsius, Lodi road at 41.4 degrees Celsius, Mungeshpur and Palam at 41 degrees Celsius, Narela and Pitampura at 41.9 degrees Celsius and New Delhi at 41.2 degrees Celsius. The IMD has also issued a red alert for the next four days. The maximum humidity stood at 62 in the national Capital. According to the seven-day forecast, the maximum temperature will be in the range of 44 to 47 degrees Celsius when Delhi goes to polls on May 25. A spell of intense heatwave, which has gripped the Capital, could impact voter turnout. In the last Lok Sabha elections, the voting percentage was 60.6 per cent. The mercury on May 12, 2019, was at 39 degrees Celsius. In the 2014 polls, the city saw a higher voting percentage of 65.1 per cent on April 10, 2014, when the day

temperature was just 33 degrees Celsius. According to the State Load Dispatch Centre (SLDC) Delhi real-time data, the peak demand of the city broke all previous records at 3:33 pm on Tuesday which was the highest ever in the history of the national Capital. This marks the fourth day in a row when the peak power demand crossed the 7,000 MW mark and broke the previous all time May high of 7,070 MW, recorded on May 19, 2022. The highest peak power demand recorded in May last year was 6,916 MW, recorded on May 23. This pattern was also witnessed in April where the peak power demand was higher on 83 per cent of the corresponding days compared to April last year, with a difference of up to 32 per cent. This disparity highlights the profound impact that weather can have on a city's power consumption patterns. In fact, air conditioning can contribute to

# Ancient patterns in military culture to live again

**"From Pge 1**

The Defence Ministry last year said project "Udbhav" is designed to weave a strategic vocabulary and conceptual framework that is deeply embedded in India's philosophical and cultural heritage. "It is worth mentioning that project 'Udbhav' has revealed substantial intellectual convergences between eminent Indian and Western scholars, highlighting the resonance between their thoughts, philosophies and perspectives," the Army Chief said. He said it has catalysed exploration into new areas, by unveiling

India's tribal traditions, the Maratha naval legacy, and the individual heroic exploits of military figures, particularly women. "The project strengthens the whole-of-nation approach, by fostering civil-military collaboration among academia, scholars, practitioners and military experts," General Pande said. Such collective efforts broaden the scope of study of ancient India's defence and governance, and enrich the nation's strategic outlook, he said. "As we explore more into our military heritage, we understand that undertaking such projects remains a continuous endeavour. The vast experiences, sacrifices and triumphs of battle-hardened Indian armed forces, will continue to shape our strategic culture," the Army Chief said. "I am confident that the project's findings in the form of 'Udbhav Compendium'

shall benefit the Indian Armed Forces to remain progressive and future-ready, by drawing insights from the nation's historical military wisdom," he said. The Army Chief also hailed the celebration of the history and heritage of the Indian Armed forces. "It is heartening to see that the history and heritage of the Armed forces is being celebrated as an integral part of our national culture and identity," he said. The Army also put up an exhibition, "Evolution of Indian Military Systems, War fighting, and Strategic Thought - from Antiquity to Independence". It showcased the evolution of India's military systems and strategy under various themes. "I am sure this will help create a deeper understanding of our past, as also the Indian Army's position in the global arena," the Army Chief said at the exhibition.

# BJP star campaigners throng Capital to win voters' hearts and minds

STAFF REPORTER ■ NEW DELHI

As the election campaigning in the national Capital is coming to an end in just two days, BJP's star campaigners including Defence Minister Rajnath Singh, BJP President JP Nadda, Road and Transport Minister Nitin Gadkari, former Madhya Pradesh Chief Minister Shivraj Singh Chouhan, Rajasthan Chief Minister Bhajan Lal Sharma and Goa Chief Minister Pramod Sawant on Tuesday held non-stop rallies and roadshows to support their party candidates in the city. Union Minister Nitin Gadkari along with other senior leaders addressed three election rallies in Vikas Puri Vidhan Sabha in West Delhi, Moti Nagar in New Delhi and Karawal Nagar in North East. Extending his support to West Delhi's candidate Kamaljeet Sehrawat, New Delhi's Bansuri Swaraj, and North East's Manoj Tiwari, he appealed to the people of Delhi to choose BJP if they want the pace of development to continue as it was going on for the last five years. He said, "Since the Central Government has dedicated the 16-lane Dwarka Expressway to the people, the journey of an hour can be completed in minutes. Similarly, UER-2 Expressway connecting Bawana, Rohini, Mundka, Najafgarh, Dwarka and IGI Airport and Gurugram is under construction in the final stage at a cost of 7.7 thousand crores," adding that BJP seeks votes on the basis of development and on the basis of the report card of the last 10 years. "Choose BJP to make the

country a 5 trillion economy, to become the third largest economy of the world and especially to free Delhi from water pollution, air pollution and noise pollution," he said. Rajnath Singh held roadshows in support of BJP candidate for the reserved seat of North West Delhi Yogendra Chandolia and East Delhi's Harsh Malhotra. His campaigning witnessed scores of party supporters cheering for him while fluttering party flags. During his roadshow in North West Delhi's Budh Vihar, Singh said, "Yogendra Chandolia is a popular person in his constituency. He has been working as a BJP worker for a long time. With the crowd that you can see here, it is certain that he will win with a huge margin." Further attacking Delhi Chief Minister Arvind Kejriwal and the INDIA alliance, he said, "INDI Alliance's strength is weakening day after day. Delhi CM-AAP leader Arvind Kejriwal is out of jail only until 1st June. He has shamed the people of Delhi with the kind of things he has done." Nadda also held a roadshow in Palam area of South Delhi to support party's candidate Ramvir Singh Bidhuri from South Delhi. During his roadshow, the BJP chief attacked Kejriwal and said, "Aam Aadmi Party has deep relations with anti-national forces. In Punjab elections also there was an allegation that they got funding from terrorists. Arvind Kejriwal has not given any answer on this till now. They are examples of urban naxalism. We will get 400 plus seats in the favour of Modi."

The BJP leader also held a roadshow to support his party's candidate Harsh Malhotra from East Delhi. Chouhan also held back to back three roadshows in the evening to support South Delhi's candidate Ramvir Singh Bidhuri, North West Delhi's Yogendra Chandolia, and North East Delhi's Manoj Tiwari and claimed that the BJP is sweeping all seven seats in Delhi. While the one in the favour of Bidhuri was held at 5:00 pm in the evening, the next one in support of Chandolia was conducted at 7:00 pm followed by one in support of Tiwari at 9:00 pm. The Rajasthan Chief Minister also held a roadshow in support of Sehrawat in West Delhi at 5:00 pm in the evening while he addressed a public gathering in South Delhi to seek votes in favour of Bidhuri at 8:30 pm. His counterpart from Goa took part in Purvanchal Morcha Maha Sammelan to appeal to the public to vote for his party's candidates. He asked the people to look at the development work carried out by the BJP and seeked blessings for Chandolia and Tiwari. Meanwhile, AAP Chief and Delhi Chief Minister Arvind Kejriwal held a 1 km long roadshow in support of joint INDIA and Congress candidate Kanhaiya Kumar for North East Delhi in Bhajanpura. Scores of supporters of both AAP and Congress gathered to witness the campaign of the INDIA alliance. AAP and Congress are in a seat sharing arrangement of four and three seats respectively.

# RWAs in Capital call for arrangements at booths to beat heat on poll day

STAFF REPORTER ■ NEW DELHI

As the national Capital is reeling under severe heat wave, Residents Welfare Associations here are calling for basic arrangements to beat the heat at polling booths on election day. Polling for the seven Lok Sabha seats in Delhi will be held on May 25. East Delhi RWAs president, B S Vohra said, "The capital is on red alert and stepping out to vote in this heat poses significant risks to our health. The temperature has already reached 45 degrees Celsius. That's why we are demanding basic arrangements like coolers, fans, cold drinking water, and doctors for any emergency cases to prevent any mishaps." Another RWA president, Sanjay Gupta of Model Town, said, "In our area, most residents are senior citizens. For them, stepping out to vote in this heat will be a tough job. We are encouraging people to cast their vote in the morning. However, basic arrangements must be in place." He also said they have scheduled a meeting on May 23 to discuss further actions, ensure that necessary measures are in place for the polling day and determine what they can do for the residents. Earlier, this month Delhi Chief Electoral Officer (CEO) P Krishnamurthy assured the public that adequate arrangements, including drinking water and properly shaded waiting areas with coolers, would be made at polling sta-

tions. The Delhi CEO has also directed officials to provide essential medical kits and other supplies at every polling station. "IMD has predicted that heat wave is likely to be more intense. We held a meeting with all stakeholders and certain initiatives were taken. We have to try to strengthen these arrangements at the polling stations. We have asked our field officers to set up coolers, fans, and cold drinking water facilities at the polling station," he said. With a total of 8,000 volunteers, arrangements have been made for pick-up and drop-off facilities for persons with disability and senior citizens. There will be 3,500 wheelchairs at the polling stations to facilitate their participation in the electoral process. Delhi has seen a steady rise in temperature in recent days. The India Meteorological Department (IMD) predicted heat wave conditions in many parts of Delhi. According to the seven-day forecast, the maximum temperature will be in the range of 44 to 47 degrees Celsius.

# Modi to hold rally to drum up support for BJP picks

STAFF REPORTER ■ NEW DELHI

Prime Minister Narendra Modi will hold his second rally in the national Capital on Wednesday at Dwarka in southwest Delhi in support of BJP candidates. With just two days left for Delhi polls on May 25, PM Modi will be campaigning for his party's four candidates. He will address a public gathering at DDA Park at Dwarka sector-14, opposite Vegas Mall, at 6:00 pm to support his party's West Delhi's candidate Kamaljeet Sehrawat, New Delhi candidate Bansuri Swaraj, North West reserved seat's candidate Yogendra Chandolia and South Delhi candidate Ramvir Singh Bidhuri. Earlier, on Saturday, he addressed a public gathering

for the first time in North East Delhi's Kartar Nagar for three BJP candidates, which includes Chandni Chowk's Praveen Khandelwal, North East Delhi's Manoj Tiwari and East Delhi's Manoj Tiwari.

people are expected to attend this rally which may affect the traffic on surrounding roads. It further stated that the traffic will be diverted from ISKON Chowk, Om Apartment Chowk, DXR T-point on Golf Course Road, Dwarka Mor, Kargil Chowk, Rajpuri crossing, etc. The police asked people to avoid Dwarka road number 201, NSUT T-point to Vegas Mall up to Peepal Chowk, Road number 205 and road number 210. People going to bus stand, railway stations and airports are advised to carefully plan their travel. Motorists are advised to keep patience, observe traffic rules and road discipline and follow directions of traffic personnel deployed at all intersections, the advisory said.

# Kejriwal raps Shah over Pakistan remark

STAFF REPORTER ■ NEW DELHI

AAP convener and Chief Minister Arvind Kejriwal on Tuesday accused Union Home Minister Amit Shah of referring to the people of Delhi as "Pakistanis" and asserted that they are his family and should not be abused. Addressing a virtual press conference, Kejriwal said with the completion of each phase of the Lok Sabha polls, it is becoming clearer that the Narendra Modi government is on its way out and the INDIA bloc is coming to power on June 4. He said the INDIA bloc will give a stable government to the country. On Monday, Union Home Minister Amit Shah and Uttar Pradesh Yogi Adityanath addressed public meetings in

South Delhi and East Delhi parliamentary constituencies respectively. Kejriwal alleged the number of people who attended Amit Shah rally was less than 500. He said the supporters of the Aam Aadmi Party (AAP) are Pakistanis. I want to ask him that the people of Delhi have formed the government by giving us 62 seats (and) 56 per cent vote share. Are the people of Delhi Pakistanis? The people of Punjab have formed the government by giving us 92 out of 117 seats. Are the people of Punjab Pakistanis? The people of Gujarat gave us 14 per cent votes. Are the people of Gujarat also Pakistanis? The people of Goa gave us love (and) trust. Are the people of Goa also Pakistanis. Kejriwal questioned. He also said the AAP panch,

sarpanch, municipal mayors and councillors were elected in many parts of the country in the panchayat and municipal elections. Are all the people of this country Pakistanis? What are you saying, said the Delhi chief minister. Kejriwal's reaction came in response to a statement made by Shah during his rally a day earlier while seeking votes for his party candidate in the South Delhi constituency, Ramvir Singh Bidhuri, Kejriwal and Rahul (Gandhi) have no sup-

port in India. Their supporters are in Pakistan; the home minister had said. Addressing the media, he said, "Today I want to tell you three things. Firstly, as the fifth phase of the elections got completed and the elections are progressing, it is becoming clear that on June 4 Modi government is losing and the INDIA Bloc government is going to be formed." He further added that he is saying this based on the various surveys done and the findings of the surveys.

# Kejriwal master of lies: BJP

STAFF REPORTER ■ NEW DELHI

The BJP on Tuesday rejected Chief Minister Arvind Kejriwal's statement that only 500 people attended Home Minister Amit Shah's rally here on Monday and said Kejriwal is a master of lies. Lambasting the AAP convener, BJP's South Delhi candidate Ramvir Singh Bidhuri said Kejriwal is as usual spreading lies. Bidhuri said that there were more than 50,000 people present at Amit Shah's rally in Sangam Vihar, South Delhi, but Kejriwal, as usual, is trying to mislead the public by lying. "Actually Kejriwal was shocked to see the people at Shah's rally. AAP convener had never expected such crowds in the extreme heat temperature. His own protest went flopped at ITO," he said.

Claiming that Kejriwal's statement is completely baseless and false, Delhi BJP chief Virendra Sachdeva said "I challenge Arvind Kejriwal to come and watch the recording of yesterday's rally of Mr. Amit Shah to find out whether there were 500 people or 25,000. Showing photographs of the rally, state BJP chief said Kejriwal is claiming that only 500 people attended the event when in fact thousands were present. He needs to change his

political spectacles because there was indecent behavior with Swati Maliwal, a woman MP, in his house, but he neither showed her nor has he said anything about it so far. The Delhi BJP President said the Aam Aadmi Party receives funding from abroad, and those who talk about breaking the countryside and stand with separatist elements of the country take political donations from them. Should we call those who join hands with the enemies of the country and take money from them patriots? Sachdeva said Prime Minister Narendra Modi has called the 140 crore people of the country his heirs, while on the other hand, there is Kejriwal, who has already chosen the path of jail in the scams done for himself.

# Mayoral polls in limbo despite CM out on bail

STAFF REPORTER ■ NEW DELHI

The mayoral polls in Delhi continue to remain in limbo even as Chief Minister Arvind Kejriwal, whose signature was awaited for holding the elections, has been out on an interim bail for nearly 11 days. The sources at the Municipal Corporation of Delhi (MCD) said the file to seek Lt Governor V K Saxena's approval for the appointment of the presiding officer is yet to move from the municipal secretary's office. A fresh request will have to be sent to the Raj Niwas, which will pass through the Delhi

chief secretary and the urban development department before reaching Chief Minister Kejriwal for appointing the presiding officer to hold the mayoral polls. "So far no new request from the existing mayor's office has been received to seek the LG's approval for conducting the Delhi mayoral elections. A fresh file for appointing the presiding officer will have to be moved from the MCD to the LG office," the sources said. The MCD postponed the mayoral polls in April citing non-appointment of presiding officer by the LG.

# HC denies bail to Sisodia

STAFF REPORTER ■ NEW DELHI

The Delhi High Court on Tuesday denied bail to Aam Aadmi Party (AAP) leader Manish Sisodia in the cases registered by the Central Bureau of Investigation (CBI) and the Enforcement Directorate (ED) in relation to the Delhi excise policy case. Justice Swarana Kanta Sharma rejected the bail plea after noting that the view prosecution had made prima facie case of money laundering under Section 3 of the Prevention of Money Laundering Act (PMLA). Sisodia's conduct amounts to "great betrayal of democratic principles", the Court said while rejecting his plea for bail.

# Nation's strength resides in its ability to leverage its heritage: MoS Defence

**PIONEER NEWS SERVICE ■ NEW DELHI**  
Union Minister of State for Defence Ajay Bhatt on Tuesday said here the strength of a country resides not only in its military might but also in its ability to adapt to changing circumstances and leverage its cultural heritage as a source of power. He made this assertion while addressing an event at the National Museum to mark the culmination of Project Udbhav, which aims to promote indigenous discourse

in the Army by integrating India's ancient strategic acumen into a contemporary military domain with a focus on making the force "future-ready". The project is a collaboration of the Indian Army and Delhi-based think-tank United Service Institution of India (USI). Praising the Army and USI, Bhatt said, "The aim of this project envisioned by USI is to find invaluable insights into our strategic culture by finding ancient texts and oral traditions... The geopolitical landscape is continuously

evolving and it is necessary for our armed forces to be adaptive and innovative in their thinking." In his address, the minister also praised the ancient Indian philosophy of 'Vasudhaiva Kutumbakam', which was part of the tagline used by India during its year-long presidency of the G20. "The ancient principle of 'Vasudhaiva Kutumbakam'... Has transcended cultural boundaries and become a guiding light in international diplomacy," Bhatt said. Bhatt said in the last decade,

the government of India has started a significant journey towards promoting indigenisation initiatives in various areas. "Today, we are nearly atmanirbhar, we are progressing to become fully self-reliant in future. And, Project Udbhav is going to play an important role in this," the minister said. "There is a need to honestly make efforts to imbibe Indian thoughts and values even in our works and decisions. The dream of 'Viksit Bharat' can only be realised when we

fully understand the priceless wisdom of our ancient past and implement it contextually in shaping modern ambitions and policies," he said. The event was also attended by Army Chief General Manoj Pande and other senior officials of the force. Bhatt further said that by delving into India's ancient texts and traditions, Project Udbhav "not only enriches our understanding of strategic culture but also lends a valuable discerning thinking on unconventional war strategies, diplomatic tradi-

tions, and moral thoughts in a war". Bhatt also said India's history is an amalgamation of different thoughts and accomplishments which is a source of inspiration not only for Indians but also for people around the world. Bhatt also inaugurated an exhibition themed on the 'Evolution of Indian Military Systems, Warfighting, and Strategic Thought -- from Antiquity to Independence', which showcases the evolution of India's military systems and strategy.

## VP Dhankhar to represent India at Raisi's funeral

**PIONEER NEWS SERVICE ■ NEW DELHI**  
Vice President Jagdeep Dhankhar is likely to represent India at the funeral of Iranian President Ebrahim Raisi, who died in a helicopter crash, sources said on Tuesday. They said Dhankhar is likely to leave for Iran on Wednesday. A one-day state mourning is being observed across India on Tuesday as a mark of respect for Raisi. The Iranian president, the country's foreign minister and several other officials were found dead on Monday, hours after their helicopter crashed in a foggy, mountainous region in the northwestern part of the country, Iran state media reported. Raisi, 63, and his entourage were heading to the city of Tabriz after returning from a visit to a locality on the Azerbaijan-Iran border on Sunday. Prime Minister Narendra Modi, External Affairs Minister S Jaishankar and Congress president Malliarjun Kharge on Monday expressed shock and sadness at the demise of Iranian President Raisi. Modi said "India stands

with Iran in this time of sorrow." Prime Minister Modi said "Deeply saddened and shocked by the tragic demise of Dr. Seyed Ebrahim Raisi, President of the Islamic Republic of Iran," Modi said on X. "His contribution to strengthening India-Iran bilateral relationship will always be remembered. My heartfelt condolences to his family and the people of Iran. India stands with Iran in this time of sorrow," the prime minister said. India stands with the people of Iran at this time of tragedy, External Affairs Minister Jaishankar said while expressing shock over the death of Iranian President Raisi and Foreign Minister Hossein Amir-Abdollahian. "Deeply shocked to hear of the passing away of Iran's President Dr Ebrahim Raisi and Foreign Minister H. Amir-Abdollahian in the helicopter crash," Jaishankar said on X. "Recall my many meetings with them, most recently in January 2024. Our condolences to their families. We stand with the people of Iran at time of this tragedy," he said.

## Surge in new COVID 19 variants: No reason to panic, says Health Ministry

**PIONEER NEWS SERVICE ■ NEW DELHI**  
Amidst surge in sub-lineages of COVID-19 — 290 cases of KP.2 and 34 cases of KP.1 in India—the Union Health Ministry here has clarified that they are all sub-variants of JN.1, with no associated increase in hospitalisation or severe cases. It also stressed that mutations are expected in viruses like SARS-CoV-2. "So there is no reason for concern or panic. The mutations will keep happening at a rapid pace and this is the natural behaviour of viruses like SARS-CoV2," said a senior official from the Ministry. Singapore is seeing a new COVID-19 wave as the authorities recorded more than 25,900 cases from May 5 to 11 with KP.1 and KP.2 accounting for over two-thirds of cases in that country. However, the officials here said that there was nothing to worry as the Indian SARS-CoV-2 Genomics Consortium (INSACOG) surveillance is sensitive and is able to pick up the emergence of any new variant and samples are also picked from hospitals in a structured manner to detect any change in the severity of disease due to virus.

Data compiled by the INSACOG showed that 34 cases of KP.1 have been found across seven states and UTs with 23 cases registered from West Bengal. The other states are Goa (1), Gujarat (2), Haryana (1), Maharashtra (4) Rajasthan (2) and Uttarakhand (1). As many as 290 cases of KP.2 have been registered with Maharashtra reporting the highest number at 148, according to the data. The other states and Union territories are Delhi (1), Goa (12), Gujarat (23), Haryana (3), Karnataka (4), Madhya Pradesh (1), Odisha (17), Rajasthan (21), Uttar Pradesh (8), Uttarakhand (16) and West Bengal (36). Globally, the predominant COVID-19 variants are still JN.1 and its sub-lineages, including KP.1 and KP.2. KP.1 and KP.2 belong to a group of COVID-19 variants scientists have nicknamed 'FLiRT', after the technical names of their mutations. The strains in FLiRT are all descendants of the JN.1 variant, an offshoot of the Omicron variant. KP.2 was classified by the World Health Organization as a Variant Under Monitoring.

## Rajnath slams Rahul at rally

**PIONEER NEWS SERVICE ■ BOKARO (JHARKHAND)/NEW DELHI**  
Defence Minister Rajnath Singh on Tuesday attacked Rahul Gandhi, questioning whether a leader who has been "praised by the enemy" be allowed to form the Government. Singh, while addressing an election rally in Jharkhand's Bokaro, was referring to former Pakistan Minister Fawad Hussain Chaudhry's praise for the Congress leader. "Former Pakistan minister Fawad Hussain Chaudhry, who had claimed that Pakistani terrorists were behind Pulwama and Uri attacks, had not praised Prime Minister Narendra Modi but had praised Rahul Gandhi with comments such as 'Rahul on fire'." "I want to ask you (people) whether such a leader who has been praised by the enemy be respected or allowed to form the government? Which direction do they want to take the country? I appeal to everyone to save the country," Singh said. Chaudhry, who was a minister in the Imran Khan government in Pakistan, had shared a video featuring Rahul Gandhi on X, with a caption 'Rahul on fire'. Singh asserted that "no force on earth" can prevent the estab-

lishment of 'Ram Rajya' in India. Singh said that under the Congress rule, banks ran into losses but under the BJP government, all banks recorded huge profits. He also attacked the Congress, stating that the grand old party was promising reservations on the basis of religion, which is not permissible under the Constitution. Singh said all prime ministers of the Congress had promised to eradicate poverty and failed but under Modi rule, 25 crore people have been brought out of poverty. Attacking the JMM-led alliance and jailed former chief minister Hemant Soren for "plunder of wealth", he said corruption peaked in Jharkhand under the present regime and without the CM's patronage it was not possible. He appealed to the people to show the "exit door" to the ruling coalition in the state. "The CM who mysteriously went missing for 24 hours, which is unprecedented in India's history, is languishing in jail," he said, while referring to Hemant Soren. Singh said although INDIA bloc accuses BJP of misusing ED and CBI against opposition but these agencies could seize only Rs 32 lakh under the previous Congress regime, whereas under Modi government, they seized Rs 1 lakh crore besides property worth Rs 22,000 crore. "In our party, if any worker or leader is found indulged in corruption, he will be sent to jail. Nobody could raise an accusing finger at any of the CMs of BJP-ruled states," he added.

## Need to create joint culture of three services, says CDS Chauhan

**PIONEER NEWS SERVICE ■ NEW DELHI**  
Chief of Defence Staff (CDS) General Anil Chauhan on Tuesday called upon the three services to create a joint culture as they move towards forming Joint Operational Structures to fight modern day war. Speaking here on 'Jointmanship : The Way Ahead' as part of 22nd Major General Samir Sinha Memorial Lecture organised at United Service Institution (USI), the CDS termed developing Joint Culture in Armed Forces as Jointness 2.0, which is the way forward. General Chauhan said Jointness 1.0 was about better bonhomie and consensus among the services, and as there were no major differences, there is an impetus to move towards the next level of Jointness which is Jointness 2.0. Acknowledging the distinct culture of all the three Services,

the CDS underscored that there was a need to create a fourth culture in the services. "Joint Culture though different from Service specific Culture, needs to respect the uniqueness of each service. We must be able to distill the best of each service, and incorporate the Highest Common Factor, rather than settle for the Least Common Denominator," said the Chief of Defence Staff. He mentioned various initia-

tives of symbology that were being processed towards fostering the Joint Culture, including Tri-Services participation in national events. The CDS termed Jointness and Integration as pre-requisites to the creation of functional Integrated Theatre Commands, and explained the significance of such Commands. "The creation of such commands will separate the 'operational' functions from the Raise-Train-

Sustain (RTS) and other administrative functions, and will allow greater focus of the operational commander to matters of security," he said. The CDS said the Theatre Commands will not be an end state but the beginning of the next set of reforms. He said, Integrated Theatre Commands will lead to many reforms like Single to Multi Domain operations, fusing space and cyber space into traditional domains, digitisation of battlefield information and visualisation, net centric to data centric among others. Stressing that the reforms in Indian defence eco-system are necessary, the CDS said, nation states across the globe are facing a new set of challenges, and current flux in world order is forcing nations to review their security strategies. The rapid and unbridled march of technology is transforming the way future wars will be fought, he added.

## Modi, Congress pay tributes to Rajiv on death anniversary

Congress leaders Sonia Gandhi and Rahul Gandhi pay tributes to former Prime Minister Rajiv Gandhi on his death anniversary at Veer Bhumi, in New Delhi, on Tuesday

**PIONEER NEWS SERVICE ■ NEW DELHI**  
Prime Minister Narendra Modi on Tuesday paid tributes to former Prime Minister Rajiv Gandhi on his death anniversary. India's Prime Minister between 1984 and

1989, Rajiv was assassinated by LTTE cadres at Sriperumbudur in Tamil Nadu in 1991 during an election campaign. "On his death anniversary, my tributes to our former PM Shri Rajiv Gandhi ji," Modi said in a post on X. The Congress leaders also paid tributes to Rajiv.

## Baggage delivery time improves at major airports in last four months in India

**PIONEER NEWS SERVICE ■ NEW DELHI**  
The baggage delivery time at Delhi, Mumbai and four other major airports has improved significantly in the last four months, with more than 90 per cent of the passengers getting their baggage arriving within 30 minutes of an aircraft landing. The Ministry of Civil Aviation has also advised all domestic and international airlines operating at other airports to improve baggage delivery timings. "From 62.2 per cent of passengers getting on-time baggage delivery in January, the number increased to more than 90 per cent from March 2024 onwards...The percentages of bags arriving within 30 mins has reached a high of 92.5 per cent in May 2024," the Ministry said. In January, the Bureau of Civil Aviation Security (BCAS) started an exercise to boost the baggage delivery system of the domestic airlines at the country's six major airports -- Delhi, Mumbai, Kolkata, Chennai, Hyderabad and Bengaluru. The exercise under the aegis of the civil aviation ministry was started after it was noticed that baggage was getting delivered late after the landing of a plane. As per the global standards prescribed by IATA (International Air Transport Association) and the provision under the OMDA (Operation, Management and Development Agreement) with airports, baggage should be delivered to passengers within 30 minutes of the arrival of the aircraft. In a release on Tuesday, the Ministry of Civil Aviation (MoCA) said that when the exercise was started on January 14, only 62.2 per cent of the passengers were getting their baggage within IATA-prescribed timelines.

## Disturbed sleep, hallucinations warning signs of onset of lupus: Research

**PIONEER NEWS SERVICE ■ NEW DELHI**  
Mental health and neurological symptoms such as disturbed dream sleep, hallucinations or depression and loss of balance may act as a warning signal for the onset of autoimmune disease such as lupus, also known as Systemic lupus erythematosus (SLE), according to an international research team. Lupus is an autoimmune inflammatory disease known for its effect on many organs, including the brain. The team led by researchers at the University of Cambridge and King's College London in the UK, maintained that such symptoms can act as an early warning sign that an individual is approaching a "flare," where their disease worsens for a period. For the study, they surveyed 676 people living with lupus and 400 clinicians, as well as carried out detailed interviews with 69 people living

with systemic autoimmune rheumatic diseases (including lupus) and 50 clinicians. The results, published in the journal eClinicalMedicine, showed that disrupted dream sleep was the most common symptom experienced by three in five patients. Of these, a third went on to develop lupus disease a year

later. Less than one in four patients reported hallucinations, seen in 85 per cent of people with lupus. Further, three in five lupus patients and one in three with other rheumatology-related conditions also reported increasingly disrupted dreaming sleep - usually vivid and distressing nightmares -

just before their hallucinations. The patients reported that the nightmares were often vivid and distressing, involving being attacked, trapped, crushed, or falling. Melanie Sloan from Cambridge University called on doctors to speak to their patients about these types of symptoms and write down each patient's progression. "Patients often know which symptoms are a bad sign that their disease is about to flare, but both patients and doctors can be reluctant to discuss mental health and neurological symptoms, particularly if they don't realise that these can be a part of autoimmune diseases," said Melanie, the lead author from the varsity's Department of Public Health and Primary Care. Dr Rudrarpan Chatterjee and Dr Amita Aggarwal, both from Department of Clinical Immunology and Rheumatology, Sanjay Gandhi Postgraduate Institute of Medical Sciences, Lucknow in

a separate review published in ScienceDirectlate last year noted that while the lupus is treatable, most patients in India bear healthcare costs as out of pocket expenses. "While this has been recently addressed by a new policy (Ayushman Bharat scheme) that offers low-cost insurance at the national level to everyone within the social security scheme of the Indian Government, a lot of rheumatological conditions at present do not have coverage under this scheme." The review titled, 'Challenges in the diagnosis and management of SLE in India,' further attributed the lack of financial aid to the rare nature of these diseases and a lack of awareness even in policy making circles. "Though SLE has recently been included in this scheme, the benefits are available only once the diagnosis is made and only for inpatient care." Researchers estimate that over 1 million cases of Lupus are diagnosed in India every year.

## NIA files chargesheet against pro-Khalistani Arshdeep, three others

**PIONEER NEWS SERVICE ■ NEW DELHI**  
The National Investigation Agency (NIA) has filed charge sheet against Canada-based pro-Khalistani terrorist Arshdeep Singh and three of his aides for being part of a conspiracy to unleash terror attacks in various parts of Punjab and Delhi, the agency Tuesday said. The action marks a big leap in NIA's efforts to destroy sleeper cells operated by Singh alias Arsh Dala to unleash terrorist attacks in various parts of Punjab and Delhi, it said. "Canada-based Arshdeep Singh alias Arsh Dala and his Indian agents Harjeet Singh alias Harry Maur, Ravinder Singh alias Rajvinder Singh alias Harry Rajpura, and Rajeev Kumar alias Sheela have been charge sheeted before the NIA Special Court, New Delhi (on Monday)," said the statement issued by the anti-terror agency.

The three aides were running a major terror-gangster syndicate in India on the directions of Khalistan Tiger Force (KTF) terrorist Dala. Accused Maur and Rajpura were operating as sleeper cells and were being harboured by Rajeev Kumar, and the trio had planned to carry out a series of terror attacks on Dala's directions and with funds received from him, the NIA said. While Maur and Rajpura were the gang's shooters and had the mandate of executing targeted killings, Rajeev Kumar alias

Sheela was receiving funding from Arsh Dala for harbouring Harry Maur and Harry Rajpura, the statement said. NIA investigations have further revealed that Kumar was also providing logistics support and arranging weapons for the other two on the instructions of Dala. The probe agency had arrested Maur and Rajpura on November 23, 2023 and Kumar on January 12, 2024. "Investigations are continuing to destroy the entire terrorist-gangster syndicate," the NIA added.

# Nation cannot move forward with INDIA Bloc sins: Modi

**PTI ■ MOTIHARI (BIHAR)**

Prime Minister Narendra Modi on Tuesday alleged that the INDIA bloc stood for corruption, appeasement politics and a "perverted anti-Sanatana mindset", all of which would receive a "big blow" when the Lok Sabha poll results are announced on June 4.

Addressing an election rally in the East Champaran Lok Sabha constituency of Bihar, the PM also launched indirect attacks on leaders like Rahul Gandhi, Akhilesh Yadav and Tejashwi Yadav, who he said were "born with silver spoons".

"The nation cannot move forward with the sins of the INDIA bloc, which stands for corruption, appeasement politics, represents the 'tukde-tukde' gang and a perverted mindset that heaps scorn on Sanatan Dharma," he said.

"This is the reason why the INDIA bloc was exhausted in the very first phase of the elections. In the subsequent phases, it was battered. In the remaining two phases, the trend will continue and on June 4 when votes are counted, the results will come as a big blow to the intentions of the opposition alliance," he claimed.

Modi alleged that Congress wants to change the Constitution to "snatch" reservations from SCs, STs and OBCs, and hand it over to those who indulge in "vote jihad".

"If Ambedkar was not there, Nehru would not have allowed reservation for SCs and STs," he claimed.

Modi also bristled at the opposition parties' criticism of welfare schemes run by his government, claiming his opponents had "bundles of notes stashed away in Swiss banks" and could not understand the plight of the common people "the way I do, having been born in a poor family".

Referring to Tejashwi Yadav, whom he did not mention by name, Modi said, "I am told that the 'waaris of jungle raaj' has been saying I will be advised bed rest after the Lok Sabha elections. The 'shehzada' of Congress says he wants to see me in tears. His party openly chants slogans like 'Modi teri kabr khudegi' (your grave will be dug)".

"These people have a counterpart in Uttar Pradesh (an allusion to Akhilesh Yadav) who says I have reached the end of my life and hence contesting from Varanasi," said Modi, adding that the remarks betrayed a lack of sensitivity on the part of those "born with silver spoons, who have never known what is a life filled with struggles".

In his speech, Modi also made a reference to the much-talked-about feast Gandhi had enjoyed at Lalu Prasad's residence last year. "Those who refused the invitation to the consecration of Ram temple in Ayodhya had no problems in sharing a meal with the corrupt," he said. Modi also referred to East Champaran as Mahatma Gandhi's "karma bhoomi" and his own roots in Gujarat "the janmabhoomi (place of birth)".

"The Congress betrayed his ideals upon coming to power and devoted itself to promoting the interests of one family," he alleged.

"I have spent my first 10 years in power filling the potholes left by the Congress. I intend to speed up progress in the next term," said Modi as he spoke about his thrust on welfare measures like toilets for women "who had to suffer physical ailments because of the absence of this very basic of all amenities".

# Baramulla LS seat scripts history

**MOHIT KANDHARI ■ JAMMU**

Baramulla Parliamentary constituency purportedly scripted a change by recording an approximately 60 per cent voter turnout, the highest-ever poll percentage since 1996 on Monday.

Last time the highest polling percentage of 61.09 was recorded in the 1984 Lok Sabha polls in the same constituency. During the turmoil, the highest voter turnout of 46.65 percent was recorded during the 1996 Lok Sabha polls on the same seat.

This time the higher voter turnout has once again prompted the poll pundits to analyze the assembly segment-wise voter turnout before predicting the poll outcome.

After the polling process was completed the contesting candidates made tall claims and predicted huge victories for their parties.

The National Conference Vice President and former Chief

candidate Fayaz Mir is coming on number four in the race.

In response after the polling concluded Peoples Conference Chairman Sajad Gani Lone announced, "Voters in the Baramulla scripted a change by stepping out in large numbers".

In an informal chat with a visiting media person Lone said, "I am very confident. Hopefully, we will win".

Commenting on the higher voter turnout, Lone said, people have decided to come out. Staying in was always a disaster. Stepping out and scripting a change is better. Second, there was an anger vote as well.

Commenting on the tall claims made by the National Conference leader Aga Syed Ruhullah Mehdi that Omar is set to emerge victorious, Sajad Lone maintained, "I would not be surprised if NC would be taken back on June 4". "After a drought of a few decades, the voters are visibly seeing signs of change", he added.

to those who indulge in "vote jihad".

"If Ambedkar was not there, Nehru would not have allowed reservation for SCs and STs," he claimed.

Modi also bristled at the opposition parties' criticism of welfare schemes run by his government, claiming his opponents had "bundles of notes stashed away in Swiss banks" and could not understand the plight of the common people "the way I do, having been born in a poor family".

"They were opening accounts in Swiss banks, while the people of India were starving," he alleged.

## FIRST COLUMN

### SPIRITUALITY CAN HELP US AVOID DEAD ENDS

Through spiritual purity, we can rise above limitations and obstacles

AJIT KUMAR BISHNOI

We all end in death, i.e. our material bodies must die at some time in future, but we should avoid a dead end also, i.e. that leads to something not so good. We, souls, will go on in new bodies, but the problem is in what bodies and where. Are we going to a place where there is perpetual unrest? There are many areas in the world, which are in perpetual turmoil. Place of birth is one problem. Then, in what bodies are we born? Even in human bodies, there can be many handicaps like deformities, genetic defects and surely not-so-good looks, personality, level of intelligence, etc. There is a world of difference between ourselves and our material bodies. We, souls, are journeying eternally in various bodies, but our bodies have limited lifespans only. This thought should be uppermost in our minds. We should try to make sure that we make progress and avoid our end in a worse situation, condition, form or State.

Let us see how we can ensure it. We, souls, are parts of God. (The Bhagavad-Geeta 15.7) What does this mean? That we are very special, being parts of God. Imagine being the son of a very rich and cultured person. God is infinitely superior than any parent can be. God will always be favourable to us if we take His shelter because we have free will. In the case of parents, we receive shelter automatically, but in the case of God, it is a matter of choice. It shouldn't be too difficult to make this choice, but it is. Why? Taking shelter requires some basics. We must give up our egos; we need to do spiritual practices to qualify for God's attention. There is another big problem. Our lives are almost entirely controlled by our fate, which is what we have accumulated in our previous life/lives. One may question this premise. Yes, there is free will and liberty to do what we desire, feel or decide. But all these are controlled by our natures, which again are parts of our fate. What is the evidence? A person given to get angry readily continues to do so throughout his life, unless God intervenes on his or her behalf. And God wouldn't unless we take His shelter. Where does it leave us? In not a pleasant place. Life will go on almost automatically with not much improvement.

Are we doomed? We are not. God is very kind; He has left an opening for us; we just have to get started. We must have a desire. God has arranged to preach everywhere. If we bother to go and listen, we will be convinced. And the start is very simple. We just need to become better in whatever we do, not just in our work. In spiritual parlance, we must try to increase the mode of goodness in ourselves. Our whole being is made up of three modes, which are goodness, passion and darkness. They are in different percentages, with the mode of passion being predominant in most of us. It is no wonder that we are quite passionate about what we think, do, etc. Now we should try to be good in everything. For example, if we are habituated to eating foods, which are bitter, sour, salty, very hot, pungent, horse, etc. (17.9), we should choose tasty, not dry, not having too much liquid foods. (17.8) Similar improvements are required in what we speak, see, hear, etc. As purity increases, we will begin to get attracted to God and spiritual acts.

The next big decision is to control our egos. This is the biggest hindrance in taking shelter from God. Arjuna had a similar problem. His ego would not allow him to accept God's instructions. Lord Krishna had to warn him, "If you will not heed on account of the feeling of being the doer, you will perish." (18.58) Is this not the fate of almost all of us? Who can change fate? God can and only He can in a substantial way. There is no one to share one's tough times. The solution again suggests itself. Love God and you will be able to love others as well. You won't always look for faults in others. This attitude change will help in becoming friends with family members. The conclusion is: that God is the solution if we wish to avoid the dead ends of our lives. Will we take God's shelter?

# Raisi's tragic demise clouds Iran's future

SANTOSH MATHEW

The enigmatic President of Iran breathed his last in a helicopter crash, leaving behind a legacy as complex as the country he governed

In the heart of the Middle East, where history and geopolitics are deeply intertwined, a towering figure met a tragic end, sending shockwaves across the globe. Ibrahim Raisi, the enigmatic President of Iran, breathed his last in a helicopter crash, leaving behind a legacy as complex as the region he governed. Raisi's rise to power was nothing short of remarkable. Born in 1960, he emerged from humble beginnings to become one of Iran's most influential figures. His journey began in the hallowed halls of Tehran's judiciary, where he earned a reputation for his unwavering commitment to Islamic principles and his uncompromising stance against corruption. Raisi truly made his mark on the political stage. In June 2021, he ascended to the presidency, promising to usher in a new era of prosperity and stability for his beloved nation. His tenure was marked by bold foreign policies and ambitious domestic reforms, as he sought to solidify Iran's position as a regional powerhouse. At the heart of Raisi's vision was Iran's role as a champion of Shia Islam, a beacon of resistance against oppression and injustice. Under his leadership, Iran forged alliances with like-minded nations, offering support to movements and groups fighting for their rights across the Middle East.

However, amidst the triumphs and accolades, tragedy struck with devastating force. On a fateful day, as Raisi embarked on a routine journey to Azerbaijan, fate intervened. His helicopter plummeted from the sky, claiming his life and those of several others onboard. The crash sent shockwaves rippling through Iran and beyond, leaving a nation in mourning and the world reeling from the loss of a visionary leader. As the dust settled and the wreckage was cleared, the full extent of Raisi's legacy came into focus. His death left a void in Iran's political landscape, one that would be difficult to fill. But beyond the borders of his homeland, Raisi's impact was felt far and wide. In the halls of power in Moscow and Ankara, Raisi was revered

RAISI WIELDED IMMENSE INFLUENCE, SHAPING IRAN'S DOMESTIC AND FOREIGN POLICIES WITH A FIRM HAND. HIS PRESIDENCY WAS MARKED BY A SERIES OF INITIATIVES AIMED AT STRENGTHENING IRAN'S ECONOMIC INDEPENDENCE AND REDUCING RELIANCE ON FOREIGN POWERS

as a stalwart ally, a steadfast defender of Iran's interests on the global stage. Russia and Turkey had lent their support to the rescue efforts, a testament to the enduring bonds forged between nations in times of crisis. Meanwhile, in distant New Delhi, Raisi's passing was met with a mixture of sorrow and reflection. India had enjoyed a burgeoning partnership with Iran under his leadership, particularly through collaborative efforts at the Chabahar Port. His absence would be keenly felt in the corridors of diplomacy, where his influence had helped shape the course of history. But perhaps most intriguing were the whispers of conspiracy surrounding Raisi's untimely demise. Some speculated that external forces were at play, seeking to destabilise Iran and undermine its leadership. Mossad, Israel's intelligence agency, was mentioned in hushed tones, its shadowy hand suspected of orchestrating the tragedy. As the world mourned the loss of Ibrahim Raisi, it also grappled with the uncertainty of what lay ahead. His death cast a pall of uncertainty over Iran's future, raising questions about the country's leadership and its place on the global stage. But amidst the darkness, there remained a glimmer of hope, a testament to the resilience of the human spirit. For in the legacy of Ibrahim Raisi, there lay the seeds of inspiration, a reminder that even in the face of tragedy, the indomitable spirit of humanity endures, ready to rise again, stronger and more determined than ever before. Raisi's sudden demise not only revealed the depth of his ultra-conservative beliefs but also showcased his unwavering commitment to populism, positioning him as a champion of the people

and the right-hand man of Ayatollah Khamenei. As the Ayatollah's trusted confidant, Raisi wielded immense influence, shaping Iran's domestic and foreign policies with a firm hand. His presidency was marked by a series of initiatives aimed at strengthening Iran's economic independence and reducing reliance on foreign powers. He focused on bolstering the country's industrial base, improving infrastructure and promoting technological innovation. On the international front, Raisi pursued a policy of strategic partnerships, particularly with Russia and China. These alliances were seen as a counterbalance to Western influence and as a means of securing economic and military support. Raisi's administration also prioritised the expansion of Iran's influence in regional conflicts, providing support to allied groups in Lebanon, Syria and Yemen. His efforts to position Iran as a regional leader were often viewed through the lens of resistance against Western hegemony. Despite his achievements, Raisi's tenure was not without controversy. His hardline stance on social and political issues drew criticism from both domestic and international observers. Human rights organisations frequently condemned his administration for its treatment of political dissidents and minority groups. The suppression of protests and the enforcement of strict social codes were seen as hallmarks of his governance. Raisi's death left a nation at a crossroads. The mourning period was marked by both grief and reflection, as Iranians contemplated the future of their country without the man who had steered it through turbulent times. The

question of succession loomed large, with potential candidates vying for the position of leadership. The uncertainty surrounding Iran's political future was palpable, with analysts speculating on the potential shifts in policy and power dynamics. In the international arena, Raisi's passing was met with a range of reactions. Allies expressed their condolences and reaffirmed their commitment to maintaining strong ties with Iran. In contrast, adversaries viewed his death as an opportunity to reassess their strategies towards the country. The geopolitical landscape of the Middle East, already fraught with complexity, faced the prospect of further upheaval. Despite the challenges, there was a sense of resilience among the Iranian populace. The nation's history of overcoming adversity served as a reminder of its enduring strength. Raisi's legacy, with its blend of conservatism, populism and strategic acumen, would continue to influence the country's trajectory. His vision of an Iran that stands firm against external pressures and champions the cause of Shia Islam would remain a guiding principle for future leaders. As the world continued to navigate the aftermath of Raisi's death, one thing was clear: his impact on Iran and the broader Middle East would be felt for years to come. The region, shaped by his policies and leadership, would continue to evolve, reflecting the enduring legacy of a man whose life and career were as multifaceted as the history of the land he loved. In the end, Ibrahim Raisi's story was a testament to the complexities of leadership in a region where past and present are forever intertwined.

# Rajasthan healthcare challenges despite Government efforts

The Government's health programmes fail to sufficiently support rural women and girls affected by anaemia, a significant public health concern

In Rajasthan, the healthcare system is facing significant challenges, particularly in rural areas. Despite numerous Government initiatives aimed at improving healthcare access and quality, the benefits of these programmes are not reaching their intended targets.

This issue is especially pronounced among women and adolescent girls suffering from anaemia. While the State Government has enacted the Right to Health Act and conducts monthly campaigns to combat anaemia, these efforts have yet to bring about substantial improvements in the health sector across rural Rajasthan. An example of this can be seen in the village of Manoharpura located just four kilometres

NASEEM BANO

from the heritage city of Udaipur. This village falls under the Badgaon Panchayat and has a population of around one thousand. Predominantly inhabited by Scheduled Tribes, the village has a low level of education, which impacts the awareness of its residents. Despite its proximity to the district headquarters, Manoharpura lags significantly in the health sector. Many families in the village lack even basic identification documents, which prevents them from accessing healthcare services.

The reason for not having documents is that most children in the village were born at home rather than in hospitals, resulting in the absence of birth certificates and Aadhar cards. For young girls

and women, the State Government has launched the 'I Am Shakti Udaan Yojana'. This scheme aims to empower economically weaker women and girls and the goal is to include about 2.8

million women and adolescents in this benefit by 2024. As part of this scheme, menstruating girls and women aged 11 to 45 receive sanitary pads. However, most adolescent girls and women miss

out on this benefit. Due to both a lack of awareness and poverty, many girls still use dirty clothes during menstruation instead of buying pads. Additionally, about half of the adolescent girls and women in the village suffer from anaemia, despite the State Government's monthly Shakti Diwas events aimed at eradicating anaemia in Rajasthan. It is important to note that various activities are organised under this campaign to reduce anaemia rates among children, women and adolescents. 'Shakti Diwas' events are held at Anganwadi centres, Government schools, health and wellness centres, sub-health centres, primary health centres, CHCs, dispensaries and sub-district and district hospitals. These

events include anaemia screenings, haemoglobin tests and treatment, distribution of iron tablets and activities to raise awareness and promote behaviour change regarding anaemia. On 'Shakti Diwas', targeted activities are conducted for children aged 6 months to 59 months, out-of-school children aged 5 to 9 years, adolescents aged 10 to 19 years and married women aged 20 to 24 years. Efforts are also made to combat anaemia in pregnant women and breastfeeding mothers. However, this issue extends beyond Manoharpura village to the entire Udaipur district, where ineffective implementation has affected district rankings. During the health department's monthly review

meeting last November, the CEO Kirti Rathore expressed dissatisfaction with the situation. She emphasised the urgent need to ensure that benefits reach all children, adolescents and women and to strictly enforce measures to make the district anaemia-free. These shortcomings reveal that Manoharpura residents are still not receiving full healthcare benefits and the village has not met its health targets. Addressing this requires both administrative action and increased community awareness, involving as many families as possible.

# Mourners begin days of funerals for Iran's pres killed in chopper crash

AP ■ DUBAI

Mourners in black began gathering Tuesday for days of funerals and processions for Iran's late president, foreign minister and others killed in a helicopter crash, a government-led series of ceremonies aimed at both honoring the dead and projecting strength in an unsettled Middle East.

For Iran's Shiite theocracy, mass demonstrations have been crucial since millions thronged the streets of Tehran to welcome Grand Ayatollah Ruhollah Khomeini in 1979 during the Islamic Revolution, and also attended his funeral 10 years later. An estimated 1 million turned out in 2020 for processions for the late Revolutionary Guard Gen Qassem Soleimani, who was slain in a US drone strike in

Baghdad. Whether President Ebrahim Raisi, Foreign Minister Hossein Amirabdollahian and others draw the same crowd remains in question, particularly as Raisi died in a helicopter crash, won his office in the lowest-turnout presidential election in the country's history and presided over sweeping crack-downs on all dissent. Prosecutors already have warned people over showing any public signs of celebrating his death and a heavy security force presence has been seen on the streets of Tehran since the crash. But Raisi, 63, had been discussed as a possible successor for Iran's supreme leader, the 85-year-old Ayatollah Ali Khamenei. His death now throws that selection into question, particularly as there is no heir-apparent cleric for the presidency ahead

of planned June 28 elections. "Raisi's death comes at a moment when the Islamist regime is consolidated," wrote Alex Vatanka, an Iran expert at the Middle East Institute. "In short, there will be no power vacuum in Tehran; nonetheless, post-Khamenei Iran suddenly looks far less predictable than it did just a few days ago." A procession Tuesday morning led by a semitruck carrying the caskets of the dead slowly moved through the narrow streets of downtown Tabriz, the closest major city near the site of the crash Sunday. Thousands in black slowly walked beside the coffins, some throwing flowers up to them as an emcee wept through a loudspeaker for men he described as martyrs. On Wednesday, a funeral presided over by Khamenei will then turn into a procession

Ayatollah Mohammad Ali Mowahedi Kermani arrives to attend the first session of Assembly of Experts after an election that decided the new assembly, in Tehran, Iran, Tuesday. Under Iranian constitution the 86-member all-cleric assembly has the right to monitor the performance of supreme leader, and choosing or dismissing him. Mowahedi Kermani was picked Tuesday as head of the assembly.

as well. The caskets later arrived in Tehran to an honor guard at the airport. They will go on to the holy Shiite seminary city of Qom before returning to the Iranian capital.

It remains unclear what international presence that funeral will draw, as Raisi faced US sanctions for his part in mass executions in 1988 and for abuses targeting protesters and dissidents while leading the country's judiciary. Iran under Raisi also shipped bomb-carrying drones to Russia to be used in its war on Ukraine. "I don't feel comfortable sending condolences while Iran is sending drones that are used against civilians in Ukraine," wrote Lithuanian Foreign Minister Gabrielius Landsbergis on the social platform X. United Kingdom Security Minister Tom

Tugendhat echoed that in his own message on X: "President Raisi's regime has murdered thousands at home, and targeted people here in Britain and across Europe. I will not mourn him."

On Thursday, Raisi's hometown of Birjand will see a procession, followed by a funeral and burial at the Imam Reza shrine in the holy city of Mashhad, the only imam of the Shiite's faith buried in Iran. That shrine has long been a center for pilgrims and sees millions visit each year. Over the centuries, its grounds have served as the final burial site for heroes in Persian history. It's an incredibly high, rare honor in the faith. Iranian President Mohammad-Ali Rajai, the only other president to die in office when he was killed in a 1981 bombing, was buried in Tehran.

Iran's theocracy declared five days of mourning, encouraging people to attend the public mourning sessions. Typically, government employees and schoolchildren attend such events en masse, while others take part out of patriotism, curiosity or to witness historic events. Across Iran, its rural population often more closely embraces the Shiite faith and the government. However, Tehran has long held a far different view of Raisi and his government's policies as mass protests have roiled the capital for years. The most recent involved the 2022 death of Mahsa Amini, a woman detained over her allegedly loose headscarf, or hijab. The monthslong security crack-down that followed the demonstrations killed more than 500 people and saw over 22,000 detained.

# Israel faces fallout as allies back warrant requests

AP ■ JERUSALEM

Israel sought Tuesday to contain the fallout from a request by the chief prosecutor of the world's top war crimes court for arrest warrants for Israeli and Hamas leaders, a move supported by three European countries, including key ally France.

Belgium, Slovenia and France each said Monday they backed the decision by International Criminal Court prosecutor Karim Khan, who accused Israeli Prime Minister Benjamin Netanyahu, his Defence Minister Yoav Gallant, and three Hamas leaders — Yahya Sinwar, Mohammed Deif and Ismail Haniyeh — of war crimes and crimes against humanity in the Gaza Strip and Israel.

While no one faces imminent arrest, the announcement deepens Israel's global isolation at a time when it is facing

Police use water cannon to disperse demonstrators blocking a road during a protest against Israeli Prime Minister Benjamin Netanyahu's government, and calling for the release of hostages held in the Gaza Strip by the Hamas militant group, outside the Knesset, Israel's parliament in Jerusalem on Monday.

growing criticism from even its closest allies over the war in Gaza. Support for the warrants from three European Union

countries also exposes divisions in the West's approach to Israel. Israeli Foreign Minister Israel

Katz headed to France on Tuesday in response, and his meetings there could set the tone for how countries navigate the warrants — if they are eventually issued — and whether they could pose a threat to Israeli leaders.

Israel still has the support of its top ally, the United States, as well as other Western countries that spoke out against the decision. But if the warrants are issued, they could complicate international travel for Netanyahu and Gallant, even if they do not face any immediate risk of prosecution because Israel itself is not a member of the court.

As Israeli leaders came to grips with the prosecutor's decision, violence continued in the region, with an Israeli raid in the occupied West Bank killing at least seven Palestinians, including a local doctor, according to Palestinian health officials.

# Universities, student groups lobby PM Sunak to protect post-study visa offer

PTI ■ LONDON

Universities and student groups on Tuesday urgently lobbied British Prime Minister Rishi Sunak to safeguard the country's post-study visa offer, which has been dominated by Indians to gain work experience for around two years at the end of their university degree. Amid reports that Sunak is considering either restricting or ending the Graduate Route to curtail soaring migration statistics ahead of a general election, a group of nearly 30 university vice-chancellors and the National Indian Students and Alumni Association (NISAU) UK have issued detailed letters of appeal to 10 Downing Street. They list a series of factors in favour of keeping the Graduate visa scheme unchanged, including the benefits that international students bring to the UK economy in a competitive global higher education marketplace.

"Modelling by consultancy London Economics shows that

a single cohort has a net economic benefit of GBP 37 billion to the UK economy; as well as through the soft power that Britain's international graduates generate for the country over time, including through furthering ties of trade and diplomacy," reads the NISAU UK letter addressed to Sunak.

"Indeed, 70 per cent of Indian students have told us that the ability to gain meaningful work experience is a critical element in their decision to choose between competing international destinations, of which the UK is one... the Graduate Route allows the opportunity to gain this work experience for a temporary period. It is non-extendable and does not count towards permanent settlement. This means that neither students nor Graduate visa holders should be considered 'immigrants' in the context of the long-term picture of migration," it notes.

Their appeal comes a week after the influential Migration Advisory Committee (MAC) advised the government to let

the scheme continue as it found no abuse of this post-study work offer. It also confirmed that Indians topped its tally, accounting for 89,200 visas between 2021 and 2023, or 42 per cent of the overall grants, and were likely to be "most affected by any restriction on the Graduate Route". In their letter to Sunak, universities in the north of England — from Sunderland to Sheffield, Leeds to Lancaster, Liverpool to Teesside, Bradford to Huddersfield, and York to Newcastle — said they will all be harmed by the removal or reduction of this visa as it is an "intrinsic part of the educational offer that has made the UK so attractive to brilliant students from all around the world".

"The Graduate Visa Route is regarded by students in key markets like India as an integral part of their educational experience. The MAC review made clear that the removal of this route would make the UK less attractive and thus would cause considerable financial detriment to universities around the country," reads their joint letter.

"International student tuition fee income has long cross-subsidised underfunded research and has increasingly become critical to cross-subsidise the teaching of UK undergraduate students because of the frozen tuition fee. Universities cannot continue to absorb the costs of teaching UK undergraduates without some form of alternative funding source," they caution. On top of their visa fees, international students who find work and start businesses contribute billions of pounds in income tax, national insurance and VAT annually. The university chiefs point out that they are also usually net contributors to the National Health Service (NHS) through the NHS surcharge. The Russell Group of the UK's leading universities issued its appeal over the weekend, with CEO Tim Bradshaw warning that there has already been a 10 per cent decline in international applications for post-graduate courses starting this September in the wake of the clampdown on students being able to bring dependant family members.

# Israeli officials seize AP equipments

Jerusalem (AP): Israeli officials seized a camera and broadcasting equipment belonging to The Associated Press in southern Israel on Tuesday, accusing the news organisation of violating the country's new ban on Al Jazeera.

The Qatari satellite channel is among thousands of clients that receive live video feeds from the AP and other news organisations. The AP denounced the move. "The Associated Press decries in the strongest terms the actions of the Israeli government to shut down our long-standing live feed showing a view into Gaza and seize AP equipment," said Lauren Easton, vice president of corporate communications at the AP. "The shutdown was not based on the content of the feed but rather an abusive use by the Israeli government of the country's new foreign broadcaster law. We urge the Israeli authorities to return our equipment and enable us to reinstate our live feed immediately so we can continue to provide this important visual journalism to thousands of media outlets around the world."

Officials from the Communications Ministry arrived at the AP location in the southern town of Sderot on Tuesday afternoon and seized the equipment. They handed the AP a piece of paper, signed by Communications Minister Shlomo Karhi, alleging it was violating the country's new foreign broadcaster law. Shortly before the equipment was seized, it was broadcasting a general view of northern Gaza. The AP complies with Israel's military censorship rules, which prohibit broadcasts of details like troops movements that could endanger soldiers. The live shot has generally shown smoke rising over the territory. The seizure followed a verbal order Thursday to cease the live transmission — which the news organisation refused to do. Israeli officials used the new law to close down the offices of the Qatar-based broadcaster on May 5 and confiscated of its equipment, banned the channel's broadcasts, and blocked on its websites.

# US Police break up pro-Palestinian camp at Michigan University

Ann Arbor (US) (AP): Police broke up a pro-Palestinian encampment Tuesday at the University of Michigan, less than a week after demonstrators showed up at the home of a school official and placed fake body bags on her lawn.

Video posted online by Detroit-area TV stations showed police moving people away from the camp on the Diag, a common site for campus protests. The encampment had been set up in late April near the end of the school year. President Santa Ono said in a statement that the encampment had become a threat to safety, with overloaded power sources and open flames. Organisers had refused to comply with requests to make changes following an inspection by a fire marshal, he said. "The disregard for safety directives was only the latest in a series of troubling events," Ono said. Protesters have demanded that the school's endowment

stop investing in companies with ties to Israel. But the university insists it has no direct investments and less than \$15 million placed with funds that might include companies in Israel. That's less than 0.1% of the total endowment.

"There's nothing to talk about. That issue is settled," Sarah Hubbard, chair of the Board of Regents, said last week. A group of 30 protesters showed up at her house before dawn last week and placed stuffed, red-stained sheets on her lawn to resemble body bags. They banged a drum and chanted slogans over a bullhorn. Masked protesters also posted demands at the doors of other board members.

"This conduct is where our failure to address antisemitism leads literally — literally — to the front door of my home," board member Mark Bernstein, a Detroit-area lawyer, said at a board meeting

# Greek judge dismisses case against nine in shipwreck

AP ■ KAMALATA

A Greek judge dismissed charges against nine Egyptian men accused of causing a shipwreck that killed hundreds of migrants last year and sent shockwaves through the European Union's border protection and asylum operations, after a prosecutor told the court Greece lacked jurisdiction.

Shortly after the trial opened in the southern Greek city of Kalamata, public prosecutor Ekaterini Tsiironi recommended that the charges be dismissed, saying that Greek jurisdiction could be established because the overcrowded trawler sank outside Greek territorial waters. More than 500 people are believed to have gone down with the fishing trawler, which had been travelling from Libya to Italy. Following the sinking, 104 people were rescued — mostly migrants from Syria, Pakistan and Egypt — and 82

bodies were recovered. Supporters clapped and cheered as the judge announced the dismissal of a case that had faced criticism from international human rights groups, who argued that the accused's right to a fair trial was compromised because they faced judgment while an investigation into the Greek coast guard's rescue attempt is still under way.

Earlier, a small group of protesters clashed with riot police outside the courthouse. There were no reports of serious injuries but two people were detained. Officers from the special police forces maintained order in the courtroom. The defendants, most in their 20s, faced up to life in prison if convicted on multiple criminal charges over the sinking of the "Adriana" fishing trawler on June 14 last year off the southern coast of Greece. Defence lawyer Spyros Pantazis had earlier asked the court to declare itself incompetent to try

the case, arguing that the sinking occurred outside Greek territorial waters.

"The court should not be turned into an international punisher," Pantazis told the panel of three judges.

Kontaritou questioned all nine defendants through an interpreter. The accused said their intention was to travel to Italy, not Greece, and several declared their innocence. Kontaritou acknowledged that there "were no Greeks on board, it was not under a Greek flag and all the documents refer to the (vessel being) 47 nautical miles away."

United Nations Secretary General Antonio Guterres last year described the shipwreck as "horrific." The sinking renewed pressure on European governments to protect the lives of migrants and asylum seekers trying to reach the continent, as the number of people traveling illegally across the Mediterranean continues to rise every year.

# Macron makes surprise trip to New Caledonia

Paris (AP): French President Emmanuel Macron is making a surprise trip to riot-hit New Caledonia, the French Pacific territory that has been gripped by days of deadly unrest and where indigenous people have long sought independence. "He will go there tonight," government spokesperson Prisca Thevenot said after a Cabinet meeting on Tuesday where the president said he'd decided to make the more than 33,000-kilometre (20,000-mile) round trip himself to the archipelago east of Australia.

Six people have been killed, including two gendarmes, and hundreds of others injured in New Caledonia amid armed clashes, looting and arson, raising new questions about Macron's handling of France's colonial legacy. There have been decades of tensions between indigenous Kanaks who seek independence for the archipelago of 270,000 people, and descendants of colonisers who want to remain part of France. The unrest erupted May 13 as the French legislature in Paris

debated amending the French Constitution to make changes to New Caledonia voter lists. Opponents fear the measure will benefit pro-France politicians in New Caledonia and further marginalise Kanaks who once suffered from strict segregation policies and widespread discrimination.

The violence is the most severe to shake New Caledonia since the 1980s, when France also imposed emergency measures on the island that became French in 1853 under Emperor Napoleon III. Paris last Wednesday declared a 12-day minimum state of emergency on the island and rushed in 1,000 reinforcements to bolster security forces that lost control of parts of the capital, Nouméa. "Faced with the outbreak of violence, the priority is the return of order to allow dialogue to resume in New Caledonia," Thevenot, the government spokeswoman, said. "We are clear: Much remains to be done before the return to normal."

# Congo names third American in foiled coup plot

AP ■ KINSHASA

Congo's army spokesman on Tuesday released the name of the third American involved in a foiled coup plot in Kinshasa, while family members in Utah gathered to mourn Christian Malanga, the eccentric leader of the brazen and ill-fated attack targeting the presidential palace over the weekend. Brig Gen Sylvain Ekenge told The Associated Press the third American was Taylor Thomson. It wasn't immediately clear whether Thomson was among those arrested or killed on Sunday morning following the attack on the palace and another on the residence of a close ally of President Felix Tshisekedi. Malanga, described as a naturalized American by Ekenge, was killed in a shootout at the palace after resisting arrest. The State Department said it could not confirm Malanga was a US citizen. The other two

Americans involved were a convicted marijuana trafficker and Malanga's 21-year-old son, Marcel. Authorities were still trying to untangle how the young man went from playing high school football in Utah to allegedly trying to unseat the leader of one of Africa's largest countries.

"My son is innocent," his mother, Brittney Sawyer, wrote in an email to The Associated Press on Monday, declining to elaborate. Sawyer had regularly posted proud family photos on social media, including one in December showing Marcel, a young sister and a toddler hugging in matching Christmas pajamas. In 2020, she posted photos of Marcel lifting weights and dancing during COVID lockdown. In a Facebook post early Monday, Sawyer angrily wrote that her son had followed his father. "This was an innocent boy following his father. I'm so

tired of all the videos being posted all over and being sent to me. God will take care of you people!" One video that circulated on social media over the weekend showed her son alongside a bloodied white man, whose identity was unclear, both covered in dust and surrounded by Congolese soldiers. Marcel has his hands raised and a frightened look on his face.

On Monday, at the West Jordan home of Malanga's mother, Chantal Malanga, relatives gathered to mourn the deceased leader. A steady flow of friends dropped by with plates of food and to offer condolences. Sydney, a cousin of Christian Malanga's who answered the door, told AP the family was feeling "heartbroken" and "so raw" after learning of his death. They were discussing plans for a possible funeral in Utah, she said, without giving further details.

# Slovak Parl votes to condemn political violence

Bratislava (AP): Slovakia's Parliament voted unanimously on Tuesday to condemn politically motivated violence following an assassination attempt on Prime Minister Robert Fico, who is recovering from multiple wounds from last week's shooting, hospital officials said. Fico "remains conscious and communicative" and "further actions are being taken to improve his health condition," said the hospital treating him in the central city of Banská Bystrica. The hospital says that Fico, 59, is no longer in life-threatening condition after being shot in the abdomen as he greeted supporters last Wednesday in the town of Handlova, about 140 km (85 miles) northeast of the capital, Bratislava. Fico underwent five-hour surgery immediately after the shooting, followed by another two-hour operation last Friday.

# Haiti's main airport reopens

AP ■ PORT-AU-PRINCE

Haiti's main international airport reopened Monday for the first time in nearly three months after relentless gang violence forced authorities to close it. The reopening of the Toussaint-Louverture airport in the capital of Port-au-Prince is expected to help ease a critical shortage of medications and other basic supplies. The country's main seaport remains badly affected. Gangs control 80% of the capital.

U.S.-based airlines are not expected to start using the airport until late May or early June. The first commercial passenger flight since March left for Miami nearly two hours behind schedule, with sweating passengers complaining to local carrier Sunrise Airways about the lack of air conditioning until takeoff. Before Monday, the sole airport operating in Haiti was located in the north coastal city of Cap-Haitien. It was out of reach for many seeking to flee the country, with roads leading from

Port-au-Prince controlled by gangs that have opened fire on cars and buses passing through. The U.S. government had evacuated hundreds of citizens by helicopter out of a hilly neighborhood in Port-au-Prince, as did nonprofit organizations, as gangs laid siege to parts of the capital. The attacks began on Feb. 29, with gunmen seizing control of police stations, opening fire on the Port-au-Prince airport and storming Haiti's two biggest prisons, freeing more than 4,000 inmates. Gangs since then have directed their attacks on previously

peaceful communities, leaving thousands homeless. More than 2,500 people have been killed or injured in Haiti from January to March, a more than 50% increase compared to the same period last year, according to the United Nations. At the Couronne Bar near the sole airport gate operating on Monday, 43-year-old manager Klav-Dja Raphael welcomed her first clients. But her smile belied her fear. "We are scared because they can still attack us here," she said. "We must come in. It's our job, but we're afraid."

# British man dies, passengers hurt in Singapore airlines turbulence

**AP ■ BANGKOK**  
An elderly British man died and more than two dozen passengers were injured when a Singapore Airlines flight from London was struck by severe turbulence and plunged 6,000 feet in the span of some a few minutes Tuesday over the Indian Ocean.  
The flight was then diverted and landed in stormy weather in Bangkok. Authorities said the British man may have suffered a heart attack, though that has not been confirmed. His name was not immediately released.  
The Boeing 777-300ER flight from London's Heathrow airport to Singapore, with 211 passengers and 18 crew members aboard, landed at Bangkok's Suvarnabhumi Airport at 3:45 pm local time, the airline said in a Facebook post. Emergency medical crews rushed to help

the passengers. Videos posted on the LINE messaging platform by Suvarnabhumi Airport showed a line of ambulances streaming to the scene.  
In a statement posted on Facebook, Singapore Airlines said that as of four hours after the emergency landing, 18 people remained hospitalized while another 12 were treated on outpatient basis. "The remaining passengers and crew are being examined and given treatment, where necessary," at the airport, it said.  
Airports of Thailand group said the lightly injured and non-injured passengers are being assisted at a specially assigned location inside the terminal at the Suvarnabhumi Airport. Thailand's Transport Minister Suriya Jungrungkit said in a statement that Singapore would dispatch another plane later Tuesday night to trans-

port the lightly injured and non-injured passengers to the city-state's Changi airport. He said that plane was expected to arrive in Bangkok at 9:45 pm. Kittipong Kittikachorn, general manager of Suvarnabhumi Airport, told a news conference on Tuesday night that the British man was 73 years old and appeared to have suffered a heart attack.  
Tracking data captured by FlightRadar24 and analysed by The Associated Press show the Singapore Airlines flight SQ321 cruising at an altitude of 37,000 feet (11,300 metres). Just after 0800 GMT, the Boeing 777-300ER suddenly and sharply plummets to 31,000 feet (9,400 metres) over the span of some three minutes, the data shows. The aircraft then stayed at 31,000 feet (9,400 metres) for under 10 minutes before diverting and landing in Bangkok less than half an

hour later. The sharp descent in turbulence happened as the flight was over the Andaman Sea, near Myanmar. The aircraft sent a "squawk code" of 7700 at that time, an international emergency signal. "Singapore Airlines offers its deepest condolences to the family of the deceased," the airline said. "We are working with the local authorities in Thailand to provide the necessary medical assistance, and sending a team to Bangkok to provide any additional assistance needed."  
Singapore Transport Minister Chee Hong Tat also extended condolences on his Facebook page. He said his ministry and Singapore's Foreign Ministry, as well as the country's Civil Aviation Authority and Changi Airport officials, along with airline staff, "are providing support to the affected passengers and their families."

# Amnesty chief criticises military trial of civilians in Pakistan

**PTI ■ KARACHI**  
Military courts in Pakistan should not try more than 100 people for their alleged role in attacks on army installations during the riots that followed former premier Imran Khan's arrest on May 9 last year, Amnesty International chief has said, urging the government to uphold its international obligations.  
The Universal Declaration of Human Rights and the International Covenant on Civil and Political Rights clearly state that civilians should not be tried by military courts, Amnesty International's Secretary General Dr Agnes Callamard said.  
The Amnesty chief, who is on her first regional visit to South Asia, was on Tuesday quoted by Dawn News as saying that although military trials for civilians are a "no-no" under international law, "sadly it has happened throughout Pakistan's political history... [and] is not a novelty".

## Pak court rejects petition to disqualify Imran over election nomination allegations

**Islamabad (PTI):** A Pakistani court on Tuesday rejected a petition seeking jailed former prime minister Imran Khan's disqualification in a case in which he allegedly provided incorrect information while submitting his nomination papers for the general elections held in 2018.  
The petition filed by an individual, Mohammad Sajid, had alleged that the 71-year-old Pakistan Tehreek-e-Insaf (PTI) founder had not disclosed his alleged daughter —

Tyrian — in his nomination papers which were filed for contesting the 2018 general elections, the Geo News reported.  
Khan's PTI party won the 2018 general elections and the former cricketer-turned-politician served as the prime minister of Pakistan from August 2018 to April 2022.  
Sajid alleged that Khan provided incorrect information while submitting his nomination papers for the general elections held in 2018.  
Callamard, emphasising the principles of transparency, due process and judicial independence, urged Pakistan to uphold its international obligations and safeguard constitutional guarantees ensuring the right to a fair trial.  
"The use of military courts is threatening the constitutionality of what's happening right now," she said.  
Regarding the ban on X (formerly Twitter) in Pakistan,

Callamard said Amnesty was quite alarmed by the shrinking space for freedom of expression in the country.  
Calling the ban "disproportionate, unnecessary and against international law", Callamard said it was particularly bad for individuals unable to access Virtual Private Networks (VPNs). "Everything is being targeted, the means of expression and the people who are expressing themselves. This includes journalists."  
"The space for free speech in Pakistan is shrinking," Callamard said, noting that criticism of state institutions did not constitute a crime under international law.  
"Pakistan should do the opposite of what it is doing right now," she said. Her statement came amidst the decision by Pakistan to conduct the trial of more than 100 civilians for their alleged role in attacks on army installations during the riots that followed jailed former premier Imran Khan's arrest on May 9 last year.

# Germany's foreign minister visits Kyiv

**AP ■ KYIV**  
Germany's foreign minister arrived in Kyiv on Tuesday in the latest public display of support for Ukraine by its Western partners, although deliveries of promised weapons and ammunition from NATO countries like Germany have been slow and have left Ukraine vulnerable to a recent Russian push along parts of the front line.  
Annalena Baerbock renewed Berlin's calls for partners to send more air defense systems, as Russia pounds Ukraine with missiles, glide bombs and rockets. Germany is the second-biggest supplier of military aid to Ukraine after the United States. Ukraine's depleted troops are trying to hold off a fierce Russian offensive along the eastern border in one of the most critical phases of the war, which is stretching into its third year. Germany recently pledged a third US-made Patriot battery for Ukraine, but Kyiv officials say they are still facing an alarming shortfall of air defenses against the Russian onslaught. The Kremlin's forces have used their advantage in the skies to debilitate Ukraine's power grid, hoping to sap Ukrainian morale

Germany's Foreign Minister Annalena Baerbock speaks to Ukrainian Energy Minister Herman Halushchenko during official visit to a thermal power plant which was destroyed by a Russian rocket attack in Ukraine, Tuesday. AP

and disrupt its defense industry. Baerbock, accompanied by Ukrainian Energy Minister Herman Halushchenko, toured a thermal power plant in central Ukraine that was heavily damaged on April 11. In the plant's scorched interior, workers of Centnergo, a state company that operates the plant, were still

scoping up rubble several weeks after it was hit. Ukrainian President Volodymyr Zelenskyy said the Kremlin's forces are still focusing their efforts on the eastern Donetsk province and northeastern Kharkiv region, where explosive-laden Russian glide bombs are wreaking destruction on mil-

itary and civilian areas. "This brings us back again and again to the need for air defense — for additional defense systems that could significantly mitigate the difficulties for our warriors and the threat to our cities and communities," Zelenskyy said late Monday on social media. Zelenskyy claimed Ukraine's forces are still in control of the contested areas, though Russia says it has captured a series of border villages.  
It was not possible to independently verify either side's battlefield claims. Baerbock had planned to visit Kharkiv on Tuesday but the trip had to be called off for security reasons, German news agency dpa reported. Almost 11,000 people have been evacuated from Kharkiv border areas since Russia launched its offensive attacks there on May 10. A Russian overnight drone attack hit transport infrastructure in Kharkiv city, the regional capital, damaging over 25 trucks, buses, and other vehicles, regional Gov. Oleh Syniehubov said Tuesday. Seven people were injured, he said.  
Ukraine's general staff said the frequency of Russian attacks in

Kharkiv slowed on Monday, though fighting continued. Russian troops are also conducting reconnaissance and sabotage raids in Ukraine's northern Sumy and Chernihiv regions, shelling border settlements and laying more minefields, according to Dmytro Lykhovii, Ukraine's general staff spokesman. The front line is some 1,000 kilometers (620 miles) long. Baerbock was due to meet with Ukrainian Foreign Minister Dmytro Kuleba in Kyiv. German Chancellor Olaf Scholz has been resisting appeals from Ukrainian officials to provide Taurus missiles, which are equipped with stealth technology and have a range of up to 500 kilometers (300 miles). The German- and Swedish-made missiles would be able to reach targets deep in Russia from Ukrainian soil. But Berlin has balked at that prospect, saying that sending the missiles would bring a risk of it becoming directly involved in the war.  
The restriction on not allowing Ukraine to fire at Russia has denied Kyiv the ability to strike at Russian troops and equipment massing for attacks on the other side of the border, a Washington-based think tank said.

# 4.4 magnitude quake hits Italy, prisoners evacuated

**AP ■ MILAN**  
A women's prison near Naples was evacuated as a precaution Tuesday following a 4.4 magnitude quake with an epicentre at an active volcano west of the southern Italian port city that forced hundreds of residents to sleep in tents or cars. No injuries and only minor damage was reported following the Monday evening tremor. The quake was the strongest in recorded history around the Phlegraean Fields, a sprawling area of ancient volcanic centres near the Tyrrhenian Sea in a zone that encompasses western neighbourhoods of Naples and its suburbs, said Giuseppe De Natale, a volcanologist of Italy's INGV National Geophysics and Volcanology Centre.  
During the last major event in 1984, 40,000 residents were evacuated during a period of intense seismic activity as a precaution against a feared eruption that did not occur. Some 140 inmates at a women's prison in the Pozzuoli suburb were evacuated while officials

check the structure for damage. A dozen apartment buildings also were evacuated for structural checks, displacing about 40 families, RAI state TV reported.  
Some 150 smaller tremors overnight kept the population on edge. At least 500 people slept in tent cities erected by the civil protection agency, while others stayed in cars. Major traffic jams were reported as people tried to flee the area. The area around the Phlegraean Fields is both seismically and

volcanically active. The surface has been pushed up 1.3 metres since 2006, which is higher than prior to the last major event in 1984, but De Natale emphasised it was impossible to predict when an eruption or stronger quake might occur. At least 500,000 people live in the zone most at risk should the volcano erupt, and the INGV is calling for a governmental plan to ensure that structures can withstand a quake of at least a magnitude 5.0.

# Vatican makes fresh overture to China, reaffirms that Catholic Church is no threat to sovereignty

**AP ■ MOSCOW**  
The Vatican made another big overture to China on Tuesday, reaffirming it poses no threat to Beijing's sovereignty and admitting that Catholic Western missionaries had made "errors" in past centuries in their zeal to convert the Chinese faithful.  
The Vatican hosted the head of China's bishops conference to an unprecedented, high-level commemoration of a landmark 1924 meeting that affirmed the need for foreign missionaries in China to give way to local leaders of the Catholic Church. The presence of Shanghai Bishop Joseph Shen Bin alongside the Vatican secretary of state, Cardinal Pietro Parolin, at the Pontifical Urbaniana University was in itself noteworthy. It marked the first time in memory that a mainland bishop has been allowed by Beijing to participate in a public Vatican event

as the keynote speaker. It was also significant given the controversy over Shen's 2023 appointment. Pope Francis in July was forced to recognize China's unilateral appointment of Shen as bishop of Shanghai. The appointment seemingly violated the Holy See's 2018 accord with Beijing over bishop appointments. Francis opened the conference with a

video message in which he made no mention of recent troubles but instead pointed to the 1924 meeting in Shanghai as a turning point for Vatican-China relations. The first and only Chinese church council, he said, recognised that the church in China must "increasingly have a Chinese face."  
"But the Council of Shanghai did not only serve to

forget the erroneous approaches that had prevailed in previous times," Francis said. "The participants of the first Chinese Council looked to the future. And their future is our present."  
It was a reference to the French, Italian and other Western missionary religious orders that evangelised China over the centuries but refused to cede leadership authority to local Chinese clergy. Their attitudes helped fuel the anti-Western and anti-Christian sentiment behind the Boxer Rebellion, which aimed to rid China of foreign influences.  
The Vatican has been working for years to try to improve relations with China that were officially severed over seven decades ago when the Communists came to power. The aim is to unite the country's estimated 12 million Catholics, who were divided into an official, state-recognised church and an underground church that stayed loyal to Rome.

# Trump campaign calls 'The Apprentice' 'blatantly false,' director offers to screen it for him

**AP ■ CANNES**  
Donald Trump's reelection campaign called "The Apprentice," a film about the former US president in the 1980s, "pure fiction" and vowed legal action following its premiere at the Cannes Film Festival. But director Ali Abbasi is offering to privately screen the film for Trump.  
Following its premiere Monday in Cannes, Steven Cheung, Trump campaign spokesperson, said in a statement that the Trump team will be file a lawsuit "to address the blatantly false assertions from these pretend filmmakers."  
"This garbage is pure fiction which sensationalises lies that have been long debunked," Cheung said.  
"The Apprentice" stars Sebastian Stan as Trump. The central relationship of the movie is between Trump and Roy Cohn (Jeremy Strong), the

defence attorney who was chief counsel to Joseph McCarthy's 1950s Senate investigations of suspected communists. Asked about the Trump campaign's statement Tuesday in

also struck a less combative tone as he discussed the film at its festival press conference. He offered to screen "The Apprentice" for Trump and talk it over.  
"I don't necessarily think that this is a movie he would dislike," said Abbasi. "I don't necessarily think he would like it. I think he would be surprised, you know? And like I've said before, I would offer to go and meet him wherever he wants and talk about the context of the movie, have a screening and have a chat afterwards, if that's interesting to anyone at the Trump campaign."  
In the film, Cohn is depicted as a longtime mentor to Trump, coaching him in the ruthlessness of New York City politics and business. Early on, Cohn aided the Trump Organisation when it was being sued by the federal government for racial discrimination in housing.

# Seoul summit opens with Google, Meta pledging safe AI development

**AP ■ SEOUL**  
The world's leading artificial intelligence companies pledged at the start of a mini summit on AI to develop the technology safely, including pulling the plug if they can't rein in the most extreme risks.  
World leaders are expected to hammer out further agreements on artificial intelligence as they gathered virtually Tuesday to discuss AI's potential risks but also ways to promote its benefits and innovation.  
The AI Seoul Summit is a low-key follow-up to November's high-profile AI Safety Summit at Bletchley Park in the United Kingdom, where participating countries agreed to work together to contain the potentially "catastrophic" risks posed by breakthrough advances in AI.

The two-day meeting — co-hosted by the South Korean and UK governments — also comes as major tech companies like Meta, OpenAI and Google roll out the latest versions of their AI models.  
They're among 16 AI companies that made voluntary commitments to AI safety as the talks got underway, according to a British government announcement. The companies, which also include Amazon, Microsoft, France's Mistral AI, China's Zhipu.ai, and G42 of the United Arab Emirates, vowed to ensure safety of their most cutting edge AI models with promises of accountable governance and public transparency. The pledge includes publishing safety frameworks setting out how they will measure risks of these models. In extreme cases where risks are severe and "intol-

erable," AI companies will have to hit the kill switch and stop developing or deploying their models and systems if they can't mitigate the risks.  
Since the UK meeting last year, the AI industry has "increasingly focused on the most pressing concerns, including mis- and dis- information, data security, bias and keeping humans in the loop," said Aiden Gomez, CEO of Cohere, one of the AI companies that signed the pact. "It is essential that we continue to consider all possible risks, while prioritising our efforts on those most likely to create problems if not properly addressed."  
On Tuesday evening, South Korean President Yoon Suk Yeol and British Prime Minister Rishi Sunak are to meet other world leaders, industry bosses and heads of international organisations for

a virtual conference. The online summit will be followed by an in-person meeting of digital ministers, experts and others on Wednesday, according to organisers.  
"It is just six months since world leaders met at Bletchley, but even in this short space of time, the landscape of AI has changed dramatically," Yoon and Sunak said in a joint article published in South Korea's JoongAng Ilbo newspaper and the UK's online news site Monday. "The pace of change will only continue to accelerate, so our work must accelerate too."  
While the UK meeting centred on AI safety issues, the agenda for this week's gathering was expanded to include "innovation and inclusivity," Wang Yun-jong, a deputy director of national security in South Korea, told reporters

Monday. Wang said participants will subsequently "discuss not only the risks posed by AI but also its positive aspects and how it can contribute to humanity in a balanced manner." The AI agreement will include the outcomes of discussions on safety, innovation and inclusivity, according to Park Sang-wook, senior presidential adviser for science and technology for President Yoon. Last year's Bletchley meeting attracted world leaders and tech luminaries like Elon Musk and OpenAI CEO Sam Altman. The Seoul summit, serving as an interim meeting until another in-person event next year in France, drew less important representatives from government and tech companies.  
China, which attended the Bletchley gathering, isn't joining the virtual summit though it will

send a representative to Wednesday's in-person meeting, the South Korean presidential office said. Governments around the world have been scrambling to formulate regulations for AI even as the technology makes rapid advances and is poised to transform many aspects of daily life, from education and the workplace to copyrights and privacy. There are concerns that advances in AI could take away jobs, trick people and spread disinformation. This week's meeting is just one of a slew of efforts to draw up AI guardrails. The UN General Assembly has approved its first resolution on the safe use of AI systems, while the US and China recently held their first high-level talks on AI and the European Union's world-first AI Act is set to take effect later this year.

# No more cute snaps of Mount Fuji!

**Tokyo (AP):** Sorry, the screen is now up — no more snapping cute photos of Mount Fuji from a popular sidewalk spot in the Japanese town of Fujikawaguchiko.  
Known as a place that offers some of the best views of the iconic Japanese mountain, the town last month started erecting a large black screen on a stretch of a street to block the view and deter tourists from overcrowding the place.  
A particularly popular photo location was outside a Lawson convenience store, from where a photograph taken at a particular angle would make it seem as if Mt Fuji was sitting atop the store roof.  
The tourists, mostly foreigners, even dubbed the spot "Mt Fuji Lawson." But the townspeople

were unhappy — visitors would block the narrow sidewalk, take photos on the busy road or walk into neighbors' properties in pursuit of their shot, officials said.  
On Tuesday, construction of the 2.5 meter (8.2 feet) high black mesh net — stretching for 20 meters (66 feet) along the sidewalk — was completed.  
Still, there are other places tourists can find their sweet photo spot.  
The Yamanashi prefecture, also home to the Yoshida Trail — the most popular of the four routes to summit the 3,776-meter (12,300-foot-) high mountain — introduced a booking system ahead of this year's Fuji climbing season to ease overcrowding, littering and safety risks.

# Markets regulator Sebi changes rule to determine m-cap of listed firms

PTI ■ NEW DELHI

Markets regulator Sebi has revamped the method for calculating the market capitalisation of listed companies under the Listing Obligations and Disclosure Requirements (LODR) rules. Instead of using the market capitalisation of a single day (currently March 31), listed companies will now use the "average market capitalisation" for a six-month period. Market experts believe the market capitalisation of a listed entity keeps fluctuating on a daily basis based on market dynamics and, therefore, an average of market capitalisation figures over a reasonable period of time (six months) would more accurately reflect the market size of the listed entity and consequently the ranking, vis-a-vis its peers. The changes came after a recommendation of an expert committee chaired by Sebi's former whole-time member S K Mohanty in a bid to promote ease of doing business. The amendment aims to specify a defined

period for calculating average market capitalisation. The new amendment would come into force with effect from December 31, 2024, the Securities and Exchange Board of India (Sebi) said in a notification on May 17. The ranking of compliance would be based on average market capitalisation from July 1 to December 31, with December 31 as the cut-off date. After determining the market capitalisation on December 31, there would be a three-month transition period, or from the beginning of the immediate

next financial year, whichever is later, before the relevant provisions become applicable. Amending LODR norms, Sebi said, "Every recognised stock exchange shall, at the end of the calendar year i.e., December 31, prepare a list of entities that have listed their specified securities ranking such entities on the basis of their average market capitalisation from July 1 to December 31 of that calendar year". In case ranking of an entity changes for three consecutive years, the new provisions would cease to be applicable

for the listed entity, providing relief to entities experiencing fluctuations in market capitalisation. In addition, Sebi has given relaxation pertaining to filling up vacancies of key managerial personnel (KMP) with increasing the time limit to six months in certain cases from the current three months. In cases where the listed entity is required to obtain approval of regulatory, government or statutory authorities to fill up such vacancies, these should be filled up by the listed entity at the earliest and in any case not later than six months from the date of vacancy, Sebi said. In order to maintain uniformity, the timeline for prior intimation of board meetings has been harmonised to two working days for all types of events. Current LODR regulations require a listed company to intimate stock exchanges about board meetings for certain proposals such as financial results, share buyback, fundraising, etc, within 2-11 working days.

# India's global travel and tourism index rank rises to 39th: WEF

PTI ■ NEW DELHI

India's rank on the World Economic Forum's Travel & Tourism Development Index 2024 has risen to 39th place, with global tourism activities returning to pre-pandemic levels, the annual report showed on Tuesday. While the US topped the list, India is ranked highest in South Asia and among the lower-middle-income economies, the WEF said. India was ranked 54th in the previously published index in 2021, though changes made to the index parameters limit its comparability to earlier years. After the US, Spain, Japan, France and Australia figure among the top five in the 2024 list. The index, prepared in collaboration with the University of Surrey, showed India is highly price-competitive (18th) and boasts competitive Air Transport (26th) and Ground and Port (25th) infrastructure. In particular, India's strong Natural (6th), Cultural (9th) and Non-Leisure (9th) Resources help drive travel, and the country is only one of three to score in the top 10

for all the resource pillars, the WEF said. Moreover, despite a decline compared to 2019, the country still scores well for travel and tourism demand sustainability, especially thanks to more sustainable long stays among inbound visitors. It further said that as with many economies, travel and tourism enabling conditions in India have been impacted by global inflationary supply-

side trends for the sector, with price competitiveness declining, while air transport and tourist services infrastructure are yet to recover to the 2019 level. As a result, the country's overall TTDI (Travel and Tourism Development Index) score is 2.1 per cent below its 2019 level. High-income economies in Europe and Asia-Pacific continued to lead the index. "International tourist arrivals

and the travel and tourism sector's contribution to global GDP are expected to return to pre-pandemic levels this year, driven by the lifting of COVID-19-related travel restrictions and strong pent-up demand," the WEF said. The Middle East had the highest recovery rates in international tourist arrivals (20 per cent above the 2019 level), while Europe, Africa and the Americas all showed a strong recovery of around 90 per cent in 2023. The biennial index analysed the travel and tourism sectors of 119 countries around a range of factors and policies. Germany was ranked 6th, followed by the UK, China, Italy and Switzerland in the top ten. The results highlighted that high-income economies generally continue to have more favourable conditions for travel and tourism development. This was helped by conducive business environments, dynamic labour markets, open travel policies, strong transport and tourism infrastructure, and well-developed natural, cultural and non-leisure attractions.

# Sensex declines by nearly 53 points in volatile trade amid weak global trends

PTI ■ MUMBAI

Benchmark BSE Sensex declined by nearly 53 points in a volatile trade on Tuesday amid weak trends from Asian and European markets and fresh foreign fund outflows. The 30-share Sensex declined 52.63 points or 0.07 per cent to settle at 73,953.31. During the day, it hit a high of 74,189.19 and a low of 73,762.37. The broader Nifty of NSE, however, closed higher by 27.05 points or 0.12 per cent to 22,529.05. Among the Sensex components, Nestle, Maruti, IndusInd Bank, ICICI Bank, Hindustan Unilever, Larsen & Toubro, Tata Consultancy Services, Infosys, HDFC Bank and Axis Bank were the major laggards. Tata Steel, JSW Steel, Power Grid, Tech Mahindra and State Bank of India were among the gainers. In Asian markets, Seoul, Tokyo, Shanghai and Hong Kong settled lower. European markets were trading in the negative territory. Wall Street ended mostly higher on Monday. Institutional Foreign

Investors (FIIs) offloaded equities worth Rs 92.95 crore on Saturday, according to exchange data. Global oil benchmark Brent crude declined 0.55 per cent to USD 83.25 a barrel. The BSE benchmark climbed 88.91 points or 0.12 per cent to end at 74,005.94 in a special trading session on Saturday. The NSE Nifty advanced 35.90 points or

0.16 per cent to 22,502. The National Stock Exchange (NSE) and BSE conducted a special trading session in the equity and equity derivative segments on May 18 to check their preparedness for handling major disruptions or failures at the primary site. Markets were closed on Monday due to general elections in Mumbai.

# ONGC net profit jumps 19 times in Q4

PTI ■ NEW DELHI

State-owned Oil and Natural Gas Corporation's (ONGC) March quarter net profit soared 19 times as the year-ago period had a one-time exceptional provision, while it posted a record earning for the full fiscal. The company's standalone net profit of Rs 9,869 crore in January-March — the fourth quarter of fiscal year 2023-24 — compared with a profit of Rs 528 crore in the same period of the previous financial year, according to a company statement. India's top oil and gas producer had made a provision of Rs 9,235 crore in the January-March 2023

quarter towards disputed taxes for the period from April 1, 2016, to March 31, 2022. ONGC reported a 4.3 per cent rise in crude oil production in the fourth quarter this year to 4.71 million tonnes. The price realised for the same also was higher at USD 80.81 per barrel compared to USD 77.12 a barrel in January-March 2023. Gas price was, however, lower at USD 6.50 per million British thermal units as opposed to USD 8.57 in the previous year. Also, gas production fell 2.4 per cent to 4.95 billion cubic metres. Its revenue from operation was 4.6 per cent lower at Rs 34,637 crore. For the full 2023-24 fiscal (April 2023 to March 2024),

ONGC reported the highest-ever standalone net profit of Rs 40,526 crore on a revenue of Rs 1.38 lakh crore. This includes an interim dividend of 195 per cent (Rs 9.75 per share) already paid during the year and a final dividend of 50 per cent (Rs 2.50 per share) recommended by the Board. ONGC said it has invested around Rs 37,000 crore of capex in FY24 (2023-24 fiscal)

Corporation Ltd (HPCL) and MRPL, ONGC had a record consolidated net profit of Rs 57,101 crore for FY24. Oil production for the full year was 0.7 per cent lower at 18.4 million tonnes while gas output fell 3.2 per cent to 19.97 bcm. The company declared a total dividend of 245 per cent (Rs 12.25 per share of face value Rs 5 each) with a total payout of Rs 15,411 crore. This includes an interim dividend of 195 per cent (Rs 9.75 per share) already paid during the year and a final dividend of 50 per cent (Rs 2.50 per share) recommended by the Board. ONGC said it has invested around Rs 37,000 crore of capex in FY24 (2023-24 fiscal)

compared to Rs 30,208 crore in the previous fiscal. Its overseas arm, ONGC Videsh Ltd ended the year with 17.178 million tonnes of crude oil production and 3.34 bcm of gas output. This compared with 6.349 million tonnes of crude oil production in FY23 (2022-23) and 3.822 bcm of gas output. OVL posted a net profit of Rs 639 crore against Rs 1,660 crore in FY23, mainly due to higher impairment, the company statement said. Its turnover decreased 18.2 per cent to Rs 9,553 crore "mainly due to non-accounting of revenue from Sakhalin-1 (project in Russia) and lower crude price realisation", it added.

# Tata Power DDL, India Smart Grid Forum sign MoU for vehicle to grid technology demonstration project

PTI ■ NEW DELHI

Tata Power Delhi Distribution Limited (Tata Power-DDL), a leading power utility supplying electricity to a populace of 7 million in North Delhi, signed a Memorandum of Understanding (MoU) with the India Smart Grid Forum (ISGF) to collaborate on a ground-breaking Vehicle-to-Grid (V2G) Technology Demonstration Project on

15th May 2024 in Delhi. The MoU was signed by Gajanan S Kale, Chief Executive Officer, Tata Power-DDL and Reji Kumar Pillai, President — India

Smart Grid Forum in the presence of Praveen Agrawal, Chief HR & IR, Tata Power-DDL, Reena Suri, Executive Director — India Smart Grid Forum and Vivek Kumar, Manager, Technical Services, India Smart Grid Forum. The Vehicle-to-Grid (V2G) Technology Demonstration pilot project aims to showcase the basics of how electric vehicles (EVs) can interact with the grid.

# FSIB defers interview for SBI chairman's position

New Delhi: FSIB — the headhunter for directors of state-owned banks and financial institutions — in an unexpected move has deferred the scheduled interview to select a suitable candidate for the post of SBI chairman. The last-minute postponement comes hours before the scheduled interview, sources said. The exact reasons for postponement could not be ascertained immediately.

However, sources said, the new date for the interview will be decided after the formation of the new government after June 4. The Financial Services Institutions Bureau (FSIB) will schedule the interview well in advance to select a replacement for Dinesh Khara, who will be superannuating on August 28, when he turns 63, the upper age limit for the position of SBI Chairman. PTI

# Glenmark unit ties up with BeiGene to market cancer drugs in India

PTI ■ NEW DELHI

GlaxoSmithKline (GSK) on Tuesday said its unit has inked a marketing and distribution agreement with BeiGene to commercialise the latter's oncology medicines, Tislelizumab and Zanubrutinib in India. Glenmark Specialty SA, a unit of Mumbai-based drug maker, has inked exclusive marketing and distribution agreement with BeiGene. "The addition of Tislelizumab and Zanubrutinib to our oncology portfolio underscores our dedication to the cancer patients' community and our commitment to provide access to novel therapies across India," said Alok Malik, Glenmark Pharmaceuticals President and Business Head, India Formulations. As per the collaboration, Glenmark will be responsible for locally required development, registration and distribution providing access to the two medicines for cancer patients across India. BeiGene Vice President and Head of Asia-Pacific Adam

Roach said the collaboration is a testament to both companies' shared vision of enhancing healthcare access across Asia. "We take great pride in advancing mission-driven access, especially given the significant disease burden in India, where rising cancer rates require comprehensive healthcare solutions — a commitment we share with our partners at Glenmark," he added. Glenmark said recent statistics indicate that India has the third highest number of cancer cases worldwide, with predictions suggesting this could reach 2.08 million cases by 2040 — a 57.5 per cent increase from 2020. Currently, cancer claims around 9,00,000 lives annually in India.

# Global Vaishya Federation demands social security for high tax paying traders: Goyal

PNS ■ NEW DELHI

Jai Bhagwan Goyal, chairman of the Global Vaishya Federation, senior BJP leader, and International executive president of the United Hindu Front, strongly raised the long-standing demand for social security by traders and professionals at a seminar held today at Constitutional Club, Rafi Marg, New Delhi. He emphasised that those who fill the nation's coffers have

never received due attention from the government. Although the issue of their social security has been discussed, no concrete measures have been implemented by the Government. The Global Vaishya Federation organised this special seminar to bring this demand to the government's notice. Traders, Chartered Accountants (CAs), and other professionals attended the seminar.

# Revamping of BOT model tactical move to attract private capex: Ind-Ra

PTI ■ NEW DELHI

India Ratings and Research (Ind-Ra) on Tuesday said the revamping of the built-operate-transfer (BOT) model is a tactical move to attract private capex, which is estimated to surpass Rs 1 trillion by 2030, as per the government. According to the rating agency, during the past seven years, the government has successfully rolled out about 400 Hybrid Annuity Model (HAM) road projects in

India, worth over Rs 4 trillion. This approach has balanced risk appropriately between private and public partners, thereby boosting public-private partnership activity in the sector. Also, the government's enhanced focus on monetisation via the National Monetisation Pipeline (NMP) has attracted foreign investors, including various sovereign wealth funds and pension funds, it added.

Ind-Ra asserted that developers need to be mindful of aggressive bidding, taking projects beyond the appetite of their balance sheet, and overestimating toll revenue for greenfield projects to protect them from volatilities in the longer run. The road sector in India has been at the forefront of performance and innovation and has played a crucial role in shaping the country's economic growth trajectory, with a CAGR of about 14 per cent over the past decade, it said.

# Custom Manufactured Chemicals phase II expansion on track: Chemplast Sanmar

PTI ■ CHENNAI

Chemplast Sanmar Ltd, part of the SHEL Chemicals Group on Tuesday said the phase II expansion of the Custom Manufactured Chemicals division was on track for completion. The city-based company, engaged in the manufacturing of specialty chemicals declared revenues of Rs 1,051 crore for the January-March 2024 quarter as compared to Rs 1,147 crore registered during the same quarter of last year. Net loss for the quarter under review stood at Rs 31 crore as against a net profit of Rs 46 crore registered in the same period of last year. In a statement, the company said Custom Manufactured Chemicals business was adversely impacted during the year by the overall slowdown in the global agrochemicals industry.

"The impact was partly offset by the commencement of supplies of new products under the first two Letter of Intent (LoI) signed in the last 12-15 months. As a result Custom Manufactured Chemicals division revenues were lower by 13 per cent," the company said. The positive impact of the new products would be seen in the upcoming quarters, it said. On the status of the company's projects, Chemplast Sanmar Ltd Managing Director Ramkumar Shankar said, "Construction of Phase 2 of the CMC expansion project is underway and we expect to complete this by the end of Q1-FY25." "With the recent signing of the 4th Letter of Intent, the CMC division continues to make significant strides in growing the business. The pipeline of the CMC

division continues to be robust," he said in the statement. On the financial performance, Shankar said, "FY24 has been one of the toughest years for the company in recent times. The year was marked with challenges on all fronts including pricing and margin pressures due to excessive dumping of PVC resins by China and other countries, the sharp correction in prices of Caustic Soda due to oversupply situation." "Amidst these headwinds, we closed FY24 with a topline of Rs 3,923 crore and an EBITDA of Rs 26 crore," he said. On the outlook for the future, he said, "while the short-term challenges persist, we have laid the foundation to capitalise on the long-term prospects of each of our businesses and are confident of delivering a stronger performance in the future."

# Rupee rises 6 paise against US dollar as crude oil prices ease

PTI ■ MUMBAI

The rupee appreciated 6 paise to close at 83.31 against the US dollar on Tuesday following a weak greenback against major currencies overseas and softening crude oil prices in international markets. However, a sluggish trend in the domestic equity markets restricted the sharp upside in the local currency, forex traders said. At the interbank foreign exchange market, the local unit opened strong at 83.32 and touched an intraday high of 83.26 and a low of 83.36. The domestic unit finally settled at 83.31 (provisional), a gain of 6 paise from its previous close.

On Friday, the rupee had settled at 83.37 against the US dollar. The forex market was closed on Monday on account of general elections. "A decline in crude oil prices and fresh foreign inflows also supported the rupee. US Dollar softened on rate cut expectations by Fed but hawkish comments by Fed officials supported the US dollar at lower levels," Anuj Choudhary — Research Analyst at Sharekhan by BNP Paribas, said. On the domestic equity market front, the 30-share BSE Sensex fell 52.63 points or 0.07 per cent to settle at 73,953.31, while the broader NSE Nifty rose 27.05 points or 0.12 per cent to 22,529.05.

# WFI EXEMPTS OLYMPIC QUOTA WINNERS FROM TRIALS BUT WILL ASSESS THEM IN HUNGARY

**PTI ■ NEW DELHI**  
The Wrestling Federation of India (WFI) on Tuesday decided to exempt all six Olympic quota winners from selection trials but their form and fitness will be assessed at the upcoming Ranking Series event and the subsequent training camp in Hungary.  
The WFI said the decision to not hold trials has been taken under peculiar circumstances and should not be used as a precedent in future.  
The WFI also made it clear that if any wrestler is found to be lacking in fitness, the federation would consider a replacement through trials before July 8, the deadline for sending entries.  
India have got six quotas for the Paris Games where Aman Sehrawat (57kg) will be the lone male wrestler in fray from the country.  
Vinesh Phogat (50kg), Antim Panghal (53kg), Anshu Malik (57kg), Nisha Dahiya (68kg) and Reetika Hooda (76kg) are the women wrestlers who have qualified.

The wrestlers had requested the WFI not to hold trials, arguing that it could lead to injuries and the selection committee, led by President Sanjay Singh, accepted the plea.  
"We discussed the issue and both chief coaches were also of the view that trials could lead

to injuries and impact India's medal chances. So we have decided not to hold trials," Sanjay Singh told PTI after the meeting.  
The quota winners will compete in a UWW Ranking Series in Budapest from June 6-9 and will also participate in a training camp after the

conclusion of the tournament from June 10-21.  
"We have to ensure that no wrestler carries any injury into the Olympics. So, instead of trials, the Indian coaches will assess the quota winners at the Ranking Series event and at the following training camp in Budapest.

"If the coaches find that someone is not fit, we may then look for a replacement in that particular category. We will hold selection trial before July 8 in that weight class," the president added.  
The WFI decision has shut the Paris Olympic door on Tokyo Games silver medalist Ravi Dahiya (men's 57kg) and World Championship bronze winner Sarita Mor in women's (57kg), who were preparing for trials.  
It also means that Vinesh Phogat will now have to compete in women's 50kg event only. She had the chance to compete in 53kg also if she defeated Antim in trials.  
Women's head coach Virender Dahiya and freestyle head coach Jagminder Singh also attended the selection committee meeting.  
London Olympic bronze medalist Yogeshwar Dutt, former wrestler Geetika Jakhar, WFI vice-president and Olympian Jai Prakash, WFI treasurer Sandeep Deshwal also attended the meeting. Geetika attended the meeting through video call.

# Juventus rallies from 3-0 down to draw with Bologna in first match without Allegri

**AP ■ BOLOGNA (ITALY)**  
In its first match since Massimiliano Allegri was fired, Juventus came from 3-0 down to draw with Bologna 3-3 in Serie A on Monday.  
Allegri was sacked on Friday, two days after berating the referees while winning the Italian Cup final. Under-19 coach Pablo Montero agreed to oversee Juve's last two games.  
Bologna, third, and Juventus, fourth on goal difference, have already qualified for the Champions League next season but played like they hadn't.  
A double by Riccardo Calafiori helped a dominant Bologna to 3-0, and in their grasp was a first home win over Juve in 26 years.  
But Juventus began its comeback with 14 minutes left of regulation time, starting with Federico Chiesa's goal. Within eight more minutes, Arkadiusz Milik struck from a free kick and the equalizer was by Kenan Yildiz, the 19-year-old forward who Juve consider a star in the making.  
In this breakthrough season, Yildiz debuted for Juventus and became its youngest foreign scorer, and debuted

and scored for European Championship-bound Turkey. Meanwhile, Verona guaranteed its Serie A status for another season after beating Salernitana 2-1. Marco Baroni's men are four points clear of the relegation zone with one game to go. Salernitana and Sassuolo are already down and Verona's win means Udinese, Empoli, Frosinone and Cagliari are fighting to avoid joining them. Verona's third win in five games was timely given its last league match is against champion Inter Milan, which has lost only twice all season. Tomas Suslov's second goal in the league was the opener, and Darko Lazovic crossed for Michael Folorunsho to poke home from close range on the stroke of halftime. Giulio Maggiore scored a consolation for the home side in the final minute.

# Messi in, Dybala out in Argentina squad for preCopa America friendlies

**AP ■ BUENOS AIRES (ARGENTINA)**  
Lionel Messi is in and Paulo Dybala is out of Argentina's squad for friendlies against Ecuador and Guatemala before defending its Copa America title next month.  
The squad of 29 players announced on Monday will be cut by three by coach Lionel Scaloni when he finalizes the group on June 12.  
Midfielder Dybala was part of Argentina's World Cup-winning squad in 2022.  
Argentina will play Ecuador on June 9 in Chicago, and five days later Guatemala in Landover, Maryland.  
Argentina begins at the Copa America on June 20 against Canada in Atlanta. Chile and Peru are also part of Group A.  
**ARGENTINA:**  
**Goalkeepers:** Emiliano Martinez (Aston Villa), Franco Armani (River Plate), Gerónimo Rulli (Ajax).  
**Defenders:** Gonzalo Montiel (Nottingham Forest), Nahuel

Molina (Atletico Madrid), Leonardo Balerdi (Marseille), Cristian Romero (Tottenham), Germán Pezzella (Real Betis), Lucas Martínez Quarta (Fiorentina), Nicolás Otamendi (Benfica), Lisandro Martínez (Manchester United), Marcos Acuña (Sevilla), Nicolás Tagliafico (Lyon), Valentín Barco (Brighton).  
**Midfielders:** Guido Rodríguez (Real Betis), Leandro Paredes (Roma), Alexis Mac Allister (Liverpool), Rodrigo De Paul (Atletico Madrid), Exequiel Palacios (Bayer Leverkusen), Enzo Fernández (Chelsea), Giovanni Lo Celso (Tottenham).  
**Strikers:** Ángel Di María (Benfica), Valentín Carboni (Monza), Lionel Messi (Inter Miami), Ángel Correa (Atletico Madrid), Alejandro Garnacho (Manchester United), Nicolás González (Fiorentina), Lautaro Martínez (Inter Milan), Julián Álvarez (Manchester City).

# Rafael Nadal returns to Roland Garros

**AP ■ PARIS**  
Rafael Nadal returned to Roland Garros on Monday to practice and try to figure out whether to compete at the French Open, a tournament he has won a record 14 times.  
The 37-year-old Spaniard showed up late in the afternoon with his coach, Carlos Moya, and a couple of sparring partners at Court Philippe Chatrier, which was open to the public.  
About 6,000 fans were there at the French Open's main stadium, cheering loudly as Nadal stepped onto the court. After the practice, which lasted about an hour and a half, Nadal signed several autographs before disappearing through a doorway and into a tunnel that leads toward the locker rooms. The training session gave

Nadal a chance to reacquire himself with the red clay at Roland Garros - he hasn't played a match there in two years - and test his fitness.  
The tournament begins on Sunday and it remains uncertain if Nadal will enter. He is still regaining his match readiness after missing nearly

himself ready for the French Open.  
"Let's see what's going on, how I feel myself mentally tomorrow, after tomorrow, and in one week," Nadal said in Rome. "If I feel ready, I (am) going to try to be there and fight for the things that I have been fighting (for) the last 15 years, (even) if now (that) seems impossible."  
As of Monday, Nadal still had not announced whether or not he would play in Paris. This is expected to be his final season on tour - and so this would be his final appearance at a tournament he has won more times than any other tennis player has won any Grand Slam title.  
He won the French Open in 2022 for his 22nd major championship overall, which ranks second among men to Novak Djokovic's 24.

# Chandru G knocks out Jaskaran to win WBC India national title

**PTI ■ HYDERABAD**  
Tamil Nadu's rising star Chandru G clinched the WBC India Cruiserweight Championship title with a spectacular fourth round knockout victory over Punjab boxer Jaskaran Singh.  
Entering the fight with a flawless 10-0 record, the 27-year old Chandru had a slow start, allowing Jaskaran (9-3) to take advantage of his height. However, by the second round, Chandru began to dominate, landing heavy three-punch combinations and right crosses.  
In the decisive fourth round, a powerful right cross from Chandru hit Jaskaran square in the face, sending him crashing to the ropes. Referee Kevin David halted the fight and declared Chandru the winner. "This victory is not just for me, but for the whole of Tamil Nadu, for my team, my family, and all my supporters who have stood by me throughout this journey," Chandru said.

"Jaskaran Singh is a formidable opponent, and a very hard puncher. But training over the past 40 days paid off. I hope this win inspires more boxers from Tamil Nadu to start making a move to Pro Boxing. "This is just the beginning, I have a possible shot at the WBC Asian title in the coming few months. Thank you to everyone who believed in me," he added.  
The eight-round contest between Akshay Chahal (14-0) and Ram Singh (3-0) ended in a draw. Both fighters, who are seasoned amateurs, showcased their skills in a thrilling bout. Ram Singh dominated the early rounds, while Akshay made a strong comeback in the final rounds, resulting in a dramatic fight.  
Haryana's Ashish Choudhary triumphed over Punjab's Manish Sharma by unanimous decision.  
Renu Phogat of Haryana pulled off a technical knockout victory over Delhi's Ruby in the first round.

# Saudi Arabia going to sponsor WTA women's tennis rankings under new partnership

**AP ■ NEW YORK**  
Saudi Arabia's move into tennis will now include a multiyear deal to sponsor the WTA women's rankings.  
The WTA released word of its partnership agreement with Saudi Arabia's Public Investment Fund (PIF) on Monday, a move that follows last month's news that the kingdom will host the tour's season-ending championships in Riyadh starting this year and February's announcement that it will sponsor the ATP men's rankings.  
Both tours'rankings deals are for five years. The PIF is the first naming-rights partner for the WTA rankings and the new arrangement also includes plans to promote tennis at lower levels of the sport. Tennis has been consumed lately by the debate over whether the sport should

follow golf and others in making deals with Saudi Arabia, where rights groups say women continue to face discrimination in most aspects of family life and homosexuality is a major taboo, as it is in much of the rest of the Middle East.  
Chris Evert and Martina Navratilova are among those who urged the WTA to stay out of Saudi Arabia, while another former

star player and Hall of Famer, equal rights pioneer Billie Jean King, advocated for engagement.  
The WTA Finals will be in Saudi Arabia as part of a three-year deal that will increase the prize money for this November's season-ending championship to a record \$15.25 million, a 70% increase from 2023. Saudi Arabia's Private Investment Fund formed the LIV Golf tour and put money into soccer, for example, and the kingdom's role in tennis has been rising. The ATP Tour moved its Next Gen Finals for leading 21-and-under players to Jeddah in November; 22-time Grand Slam champion Rafael Nadal recently became an ambassador for the Saudi Tennis Federation; he will join 24-time major champion Novak Djokovic and rising stars Carlos Alcaraz and Jannik Sinner at an exhibition event in Riyadh in October.

# Liverpool confirms Arne Slot as Jurgen Klopp's replacement

**AP ■ LONDON**  
Arne Slot will take on one of the most daunting challenges in soccer by replacing Jurgen Klopp as Liverpool manager.  
Slot was confirmed on Monday after he signed a long-term contract with the six-time European Cup winner and 19-time English champion.  
He will follow in the footsteps of an Anfield icon in Klopp, who ended Liverpool's 30-year wait for the English title in 2020 and won a full set of major trophies in his time at the Merseyside club.  
Slot comes in with a winning record of his own after leading Feyenoord to the Dutch title last year and following that with the Dutch Cup this season.  
He will formally take up his role on June 1 and his contract runs through to 2027, a person with knowledge of the deal told The Associated Press. The person spoke on the condition of anonymity because the details of the contract have not been made public.

Slot's appointment was expected for some time, as the 45-year-old Dutchman said he was in talks with Liverpool in April and announced he would be Klopp's successor last week.  
Slot has coached Feyenoord since 2021 and was previously with AZ Alkmaar. His work with both clubs has seen his reputation rise for his coaching methods and achievements in a short time.  
Klopp stunned the world of soccer when he declared in

January he would step down at the end of the season. The German established himself as one of the finest managers of his generation.  
He won the Champions League in 2019, the Premier League in 2020, and the English League Cup and FA Cup in 2022. He departed with one final trophy, the League Cup in February.  
Under his watch, Liverpool also won the UEFA Super Cup and Club World Cup and was a beaten finalist in two more Champions Leagues.  
Liverpool took its time identifying Klopp's successor. Michael Edwards, its former sporting director, returned in March as chief executive of football for the club's American owners Fenway Sports Group and led the search.  
Edwards was a key figure in Klopp's success - overseeing the signings of star players like Mohamed Salah, Alisson Becker, and Virgil van Dijk. Liverpool fans can only hope he is as adept at identifying coaching talent after putting his faith in Slot.

# With Djokovic awaiting the winner, Murray trails Hanfmann at rain hit Geneva Open

**AP ■ GENEVA**  
Needing a win to face Novak Djokovic next at the Geneva Open, Andy Murray was saved by a heavy rainstorm when he trailed unseeded Yannick Hanfmann 7-5, 4-1 in a first-round match on Monday.  
Murray and top-ranked Djokovic both got wild cards to enter the last clay-court event to prepare for the French Open, and were drawn to meet in the second round. They have not faced each other on tour since February 2017.

Ranked No. 75, Murray began to struggle in his first tour match in two months when heavy rain and strong winds swept across the stadium court in a lakeside park.  
The 85th-ranked Hanfmann broke Murray's service twice in a row to lead 4-1 with his service game to come when play was suspended.  
In the opening set, Murray found some big serves to get out of trouble in the ninth game when he saved two break points.  
It was just a respite, as Murray was

broken to love in his next service game, sealed by a Hanfmann forehand service return winner.  
The German served out the set taking his first chance at 40-0. The serve pushed Murray wide to his backhand and he netted the return.  
The winner is expected to play Djokovic on Wednesday, the 37th birthday for the record 24-time Grand Slam singles champion. Murray, who has a 2-5 career record against Djokovic in Grand Slam finals, turned 37 last Wednesday.

# Indian junior men hockey team begins Europe tour with thrilling win over Belgium

**PTI ■ ANTWERP**  
Shardanand Tiwari struck twice as the Indian junior men's hockey team beat Belgium via penalty shootout in the opening match to kick off its tour of Europe with a thrilling win here.  
Tiwari (3', 27') scored a brace as the two teams ended the regulation time 2-2 before India won the penalty shootout 4-2 on Monday. India took the lead early with Tiwari firing in a penalty stroke. They maintained their tempo throughout the first

quarter to hold onto their lead going into the break.  
In the second quarter, Tiwari (27') doubled the lead with yet another penalty stroke as the first half ended with the visitors leading 2-0.  
Belgium converted a penalty corner early in the third quarter to reduce the goal deficit to one.

No further goals were scored in the quarter as the score read 2-1 in favour of the Indian team at the end of the third quarter. Although the Indian colts had a one-goal lead going into the final quarter ended with the scoreline reading 2-2, taking the game into a shootout.  
Gurjot Singh, Sourabh Anand, Kushwaha, Dilraj Singh and

Manmeet Singh scored for the Indian colts in the penalty shoot-out while goalkeeper Prince Deep Singh made two brilliant saves as they won the penalty shoot-out 4-2 to begin their Europe tour with a win.  
India will play their next match against Belgium in Breda, Netherlands on Wednesday.

# RR desperate to arrest slide against RCB

PTI ■ AHMEDABAD

Sanju Samson's Rajasthan Royals will face a stern test of character as they look to arrest a shocking slide in a do-or-die IPL Eliminator against an in-form Royal Challengers Bengaluru, here on Wednesday. The Royals, at one stage, had looked set for a top-place finish in the league stage before a string of four defeats and a washout in the last game against KKR resulted in Sanju Samson's side finishing third behind Sunrisers Hyderabad.

On the other hand, RCB have sensationally fought their way back from the brink of elimination. After losing seven of their first eight games this season, the team led by Faf du Plessis hit a dream run and finally knocked out defending champions Chennai Super Kings a few nights ago to seal a playoffs berth.

If Rajasthan Royals are coming off four losses and a rained-off game, RCB have notched up six consecutive wins to sound a warning to their rivals that they mean business in the playoffs. RR, the 2008 IPL winners, suddenly find themselves as the underdogs, when a couple of weeks ago they were red-hot favourites.

When on song, Rajasthan Royals have shown they are unbeatable, but the last four games have exposed frailties in their batting and bowling. The exit of Jos Buttler has taken a lot of firepower out of their batting and a lot will depend on Yashasvi Jaiswal

(348 runs), skipper Samson (504) and Riyan Parag (531) to halt the slide. Samson and Parag will once again be expected to deliver the goods for RR, with England's Tom Kohler-Cadmore expected to partner Jaiswal in what seems like a frail opening pair going by form and experience. Shimron Hetmyer is expected to be available for the contest giving Rajasthan solidity in the lower order, which has not made a big

contribution with the bat this season. RRs strong bowling lineup could come in handy given the venue for the Eliminator has not been a batting paradise like the other grounds, where shorter boundaries and docile tracks have made the bowlers' job tougher. The 200-run mark has been breached only twice in 12 innings this season at the Narendra Modi Stadium, which means the team having a disciplined

bowling attack and a strong batting lineup is more likely to win here. On the other hand, RCB's Virat Kohli continues to be the highest run-getter this season with 708 runs from 14 matches and could make the difference in the contest. After initial struggles, RCB skipper Faf du Plessis has also found form with the bat to forge a dominating partnership at the top with Kohli, while Rajat Patidar (five half-

centuries this season) has also given solidity at the top.

RCB have not been impacted much by the exit of England's Will Jacks, while veteran Dinesh Karthik is firing on all cylinders with a strike rate in excess of 195 lower down the order. In their last match, left-arm seamer Yash Dayal turned around his fortunes to dish out a splendid final over against CSK to deny them a win and lead RCB into the playoffs. For a bowler who was devastated after conceding five consecutive sixes in an over last year, Dayal has proved his mettle this year.

### TEAMS (FROM):

**Rajasthan Royals:** Sanju Samson (c&wk), Abid Mushtaq, Avesh Khan, Dhruv Jurel, Donovan Ferreira, Kuldeep Sen, Kunal Singh Rathore, Nandre Burger, Navdeep Saini, Ravichandran Ashwin, Riyan Parag, Sandeep Sharma, Shimron Hetmyer, Shubham Dubey, Rovman Powell, Tom Kohler-Cadmore, Trent Boult, Yashasvi Jaiswal, Yuzvendra Chahal, Tanush Kotian.

**Royal Challengers Bengaluru:** Faf du Plessis (c), Glenn Maxwell, Virat Kohli, Rajat Patidar, Anuj Rawat, Dinesh Karthik (wk), Suyash Prabhudessai, Will Jacks, Mahipal Lomror, Karn Sharma, Manoj Bhandage, Mayank Dagar, Vijaykumar Vyshak, Akash Deep, Mohammed Siraj, Reece Topley, Himanshu Sharma, Rajan Kumar, Cameron Green, Alzarriose Joseph, Yash Dayal, Tom Curran, Lockie Ferguson, Swapnil Singh and Saurav Chauhan.

## McGurk, Short offer something different: Australia coach on pairs inclusion as travelling reserves for World Cup

PTI ■ SYDNEY

Australian cricket coach Andrew McDonald said on Tuesday that charismatic young batter Jake Fraser-McGurk and all-rounder Matthew Short have been added as travelling reserves with the squad for the T20 World Cup in the Americas because they bring something different to the table. Fraser-McGurk, 22, in only his debut IPL season, gave an excellent display of explosive batsmanship for Delhi Capitals smashing four half-centuries in nine games at an astronomical strike rate exceeding 234. He hit 330 runs, including 32 boundaries and 28 maximums, prompting several Australian greats to pitch for his inclusion in the 15-member squad. But after being overlooked for the World Cup in the West Indies and USA next month, he has been finally included as a travelling reserve.

McDonald. The two reserves will, however, not be able to play unless there is an injury in the squad. The Australian team is set to fly out for the World Cup on Wednesday.

"Both exciting, I think they both add a lot. "Those guys sit outside of the 15, the only way they can come onto the selection table is if there was to be an injury, we've got two options there depending on what we lose or what may unfold in terms of injuries," McDonald added.

The coach said that apart from the two players, Australia had several other options as well, should a player in the 15-member squad get injured or indisposed. "We've also got some other options in Spencer Johnson, Xavier Bartlett that are playing in the UK as well, so if we were to lose a bowler those guys are up and running in the UK... and they can come in, it's only a short flight into the West Indies from England. On opener David Warner's fitness concerns, McDonald said the 37-year-old was doing fine.

"No, not at this stage. We believe he's fully fit, everything he says is he's fully fit, we know that he missed the last game for Delhi (Capitals in IPL), clearly that was a selection mechanism there with the way they want to play late in the tournament, I think he played the second last round... We have no fears he won't be fit and fully available."

Australia play their opening group stage match against Oman in Barbados on June 6. Fraser is an out-and-out opener and the way we've grown Matthew Short into the team is through the middle order and that spin (bowling) ability as well," McDonald told Sen Radio. McDonald indicated that Short could come in handy in the event of Glenn Maxwell getting injured. "We feel like he's (Short) a spinning all-rounder much like Glenn Maxwell if anything should move there, and obviously Jake Fraser-McGurk is an out-and-out top order player," added

## OTHER SPORTS

# Ekta wins gold with season's best effort in club throw at World Para Athletic Championships

PTI ■ KOBE (JAPAN)

India's Ekta Bhyan secured the gold medal with a season's best throw of 20.12m in the women's F51 club throw competition at the World Para Athletic Championships here. A day after Deepthi Jeevanji clinched the gold medal in women's 400m T20 category race, Indian athletes continued their impressive run with Ekta producing the goods to finish in the top, while Kashish Lakra took the silver with an effort of 14.56m. Nadjet Boucheref of Algeria won the bronze with a score of 12.70m. Ekta, a Haryana Civil Services (HCS) officer, had won a bronze medal in the Asian Para

Games China. The 38-year-old, who took up sports after her selection in the Haryana government as HCS officer, also won gold medal in the club throw event at the 2018 Asian Para Games in Jakarta. She had also qualified

for the Tokyo 2020 Paralympics. Ekta wanted to pursue a career in medical stream but a tragic accident in 2003 cut short her dream. The accident happened near Kundli in Sonapat district when a truck overturned on

her cab on the Delhi-Haryana border. While she suffered quadriplegic spinal cord injury and is wheelchair-bound ever since, six other students were killed in the accident.

On Monday, Deepthi, Para Asian Games gold medalist, had smashed a world record time of 55.07 seconds in the women's 400m T20 category race en route to her gold medal. On Sunday, Nishad Kumar (T47 high jump) and 200m runner Preethi Pal (T35 200m race) won a silver and bronze respectively.

India's tally has now swelled to five medals — 2 gold, 3 silver and 2 bronze.

## Hockey Pro League: Indian men's, women's teams hope to make most of European leg

PTI ■ ANTWERP (BELGIUM)

Indian men's hockey team will hope to iron out the flaws ahead of the Paris Olympics, while the women's team under new skipper Salima Tete will look to overcome the disappointment of not qualifying for the Summer Games, when the gruelling European leg of the FIH Pro League commences here with matches against Argentina on Wednesday. The men's team under drag-flicker Harmanpreet Singh is coming into the tournament following a 0-5 Test series whitewash at the hands of Australia and would look to make the most of the opportunity in Europe to get back to winning ways ahead of the Paris Games.

"Undoubtedly, we are focused on the Olympics but we also need to give our best to finish as champions (in Pro League) and secure direct qualification for the 2026 Hockey World Cup as well," said Harmanpreet, whose team is currently placed third with 15 points from eight Pro League games.

Netherlands are leading the charts with 26 points (12 matches), while Australia are on 20 points (8 matches). "To achieve both these targets (doing well ahead of Olympics and secure direct qualification for 2026 World Cup), we will strive to give our all on the pitch and win all our matches," the skipper added.

Besides Argentina, the Indian men's team will also test their Olympic preparations against Belgium, Germany and Great Britain. The Indian women, currently placed sixth on the Pro League

table, have a chance to climb up the table when they take on world No.7 Argentina on Wednesday. The world No.6 side has earned eight points from an equal number of games in the Pro League home leg, registering victories against the United States and Australia.

Newly-appointed captain Salima said the friendlies against South Africa in India earlier this month had helped her team prepare for the European leg of the Pro League. "We played practice matches against South Africa (in India) to prepare for these Hockey Pro League matches. The point difference between us and second-placed China is just seven points," said Tete in a Hockey India release.

"We (will) aim to close this gap in the remaining matches against Argentina, Belgium, Germany, and Great Britain in a bid to finish as high as we can," she added. China are placed second on the table with 15 points from eight games, while leaders Netherlands are on 36 points with an all-win record in 12 games.

Following the matches against Argentina, the women's team will play Belgium on May 23, while the men's side will take on the hosts a day later. The women's and men's teams will face Belgium again on May 25. India women and men will end their first half of the European tour with matches against Argentina on May 26, before moving on to the final leg in London where they play Germany on June 1 and 8 and take on hosts Great Britain on June 2 and 9.

## Vennam fourth in rankings, takes India to second spot in qualifying round

PTI ■ YECHEON (SOUTH KOREA)

Reigning Asian Games champion Jyothi Surekha Vennam's fourth place finish lifted compound women's team to second spot in the qualifying rankings of the Archery World Cup Stage 2 that got underway here on Tuesday. Fresh from winning a hat-trick of gold medals at the season-opening Shanghai leg of the World Cup last month, Jyothi missed the top-three spot in the rankings by just three points, finishing behind South Korea's Oh Yoohyun, who shot 707.

Han Seungyeon took the pole position at 711, followed by Luxembourg's Mariya Shkolna one point adrift. At eighth and 15th places respectively, Parneet Kaur (704) and world champion Aditi Swami (702) were the next best Indians as overall as a team India grabbed the second seed behind South Korea. The Indian women's team will get a bye into the quarters

where they will face seventh seeded Italy. It was a forgettable outing for the compound men archers and Priyansh at 16th place in the leaderboard was the best among the Indians. Prathamesh Fuge and multiple World Cup gold medalist Abhishek Verma, who seemed to have past his prime, were the next best Indians finishing lowly at 20th and 24th places. It impacted the team ranking as they slipped to fourth place. Priyansh and Jyothi combined to get a fourth spot in the mixed team ranking as well. The qualifiers for the recurve archers will begin on Wednesday.

Indian men's recurve team are coming back after upsetting South Korea for the first time in a World Cup final in the Shanghai leg in April. India topped the medal standings at the Stage 1 World Cup with five gold medals, two silver and one bronze, pushing South Korea to second spot (two gold, three silver and two bronze medals).

## Treesa, Gayatri enter second round of Malaysia Masters; Indians falter in singles qualification

PTI ■ KUALA LUMPUR

Indian shuttlers Treesa Jolly and J Gayatri Gopichand progressed to the second round of women's doubles competition after securing a straight-game win over Chinese Taipei's Huang Yu-Hsun and Liang Ting Yu at the Malaysia Masters Super 500 here on Tuesday.

Commonwealth Games bronze medalists Treesa and Gayatri, seventh seeded, notched up a fine 21-14 21-10 win over Huang and Liang, ranked 104, in the round of 32. There were four Indians in men's singles qualification round but none could make the cut for the main draw.

Sathish Kumar Karunakaran, who won his

maiden BWF Super 100 title at Odisha Masters last December, beat Malaysia's Cheam June Wei 21-15 21-19 before going

down 21-13 20-22 13-21 to Indonesia's Shesar Hiren Rhustavito.

Ayush Shetty, a bronze medalist at the World Junior Championships, beat compatriot Kartikey Gulshan Kumar 21-7 21-14 but lost 21-23 21-16 17-21 to Thailand's Panitchaphon Teeraratsakul.

Former World Junior Championships silver medalist S Sankar Subramanian suffered 12-21 17-21 to Rhustavito in the opening round of qualification. In women's singles qualifiers, Tanya Hemant went down 21-23 8-21 to Lin Sih Yun of Chinese Taipei.

In women's doubles, Palak Arora and Unnati Hooda lost 10-21 5-21 to Chinese Taipei's Hsu Yin-Hui and Lin Jihj Yun to also bow out of the competition.

## Paralympics champion Sumit defends F64 javelin world title, India jump to third

PTI ■ KOBE (JAPAN)

Reigning Paralympics champion Sumit Antil on Tuesday defended his F64 javelin throw world title while Thangavelu Mariyappan and Ekta Bhyan also grabbed gold medals in their respective events as India jumped to third place in the World Para Athletics Championships here. With five medals won on a productive fifth day, India's tally swelled to 10 (4 gold, 4 silver, 2 bronze) and the country is currently placed below China (15 gold, 13 silver, 13 bronze) and Brazil (14 gold,

6 silver, 5 bronze).

Antil, who had won gold medals in the Tokyo Paralympics and 2023 World Para Athletics Championships, sent his spear to a distance of 69.50m to stand on top of the podium. The 25-year-old Haryana athlete thus continued his global domination in the F64 javelin event. He is the current world record holder also, a courtesy his massive 73.29m throw while winning gold in the Para Asian Games in Hangzhou, China last year. He also holds the World Para Athletics Championships

record of 70.83m which he had produced while winning the gold in the last edition in Paris in 2023.

Compatriot Sandeep won the bronze medal in the same event with a throw of 60.41m. Sri Lanka's Dulan Kodithuwakku took the silver with a throw of 66.49m. Antil was the leader all through the event in the nine-man field as he opened with a 68.17m effort before coming up with his day's best jump of 69.50m in the second attempt. His next four attempts read 64.04m, 65.58m, 69.03m and 68.08m.

Sonipat's Antil wanted to pursue a career in wrestling, but in 2015, when he was 17, his motorbike was hit by a speeding truck while he was returning home from a tuition class. As a result, his left leg was amputated and he had to abandon his dream of becoming a wrestler. His father, employed in Indian Air Force, died when he was seven. Tokyo Paralympics silver winner Mariyappan also grabbed a gold in T63 high jump with a championship record of 1.88m. This was his first gold in a major event in eight years.
