

11 militants killed in Manipur

Representative Image

PTI ■ IMPHAL

Eleven suspected militants were killed in a gunfight with security forces in Manipur's Jiribam district on Monday, officials said. Two CRPF personnel also sustained injuries during the heavy exchange of fire that happened at Jakurador Karong in the Borobekra sub-division. The condition of one of them was stated to be critical.

Militants in camouflage uniforms, armed with sophisticated weapons, fired indiscriminately at the Borobekra police station, and the CRPF camp located alongside it around 2.30 pm, officials said. A few of the militants broke out and went to the Jakurador Karong market, around 100 metres away, and torched several shops, besides attacking some houses, they said. As the security forces

retaliated, a heavy exchange of fire began and 11 suspected militants were killed, they added. The gunfight lasted a little over an hour, officials said. A relief camp was also located within the premises of the police station, and five people living there went missing, they said. It was not clear whether these civilians were kidnapped by the retreating militants or went into hiding

after the attack began, they said, adding that a search was underway for them. The bodies of those killed were brought to the Borobekra police station, officials said. Following the incident, prohibitory orders under Section 163 of the BNSS were imposed in the area, according to a notification. "There is apprehension of widespread disturbance to peace and public tranquillity or a riot or any affray in the area and grave danger to human lives and properties because of unlawful activities of some anti-social elements," said the notification, prohibiting assembly of five or more persons. Borobekra sub-division has witnessed multiple incidents of violence since June. It is one of the worst-affected areas of the district. Last week, a 31-year-old woman was killed during an attack on the Zairon Hmar village by armed militants. At least six houses were reduced to ashes in the attack, according to the police. More than 200 people have been killed and thousands rendered homeless in ethnic violence between Imphal Valley-based Meiteis and adjoining hills-based Kuki-Zo groups since May last year. Ethnically diverse Jiribam, which was largely untouched by the clashes in Imphal Valley and the adjoining hills, witnessed violence after the mutilated body of a farmer was found in a field in June this year. Thousands had to leave their homes and take shelter in relief camps due to incidents of arson. A CRPF jawan was also killed in an ambush by militants during patrolling in mid-July.

Newly sworn-in Chief Justice of India Sanjiv Khanna with President Droupadi Murmu, Vice President Bhankar, Prime Minister Narendra Modi, Justice (retd.) DY Chandrachud and Law Minister Arjun Ram Meghwal after his swearing-in ceremony at the Rashtrapati Bhavan, in New Delhi

Form special cell to ensure cracker ban implemented: SC

PIONEER NEWS SERVICE 
NEW DELHI

Calling it a mere “eyewash”, the Supreme Court came down heavily on the Delhi Police for failing to comprehensively implement the firecracker ban in the National Capital and only seizing raw materials. A bench of Justices Abhay S Oka and Augustine George Masih therefore directed the Delhi Police Commissioner to immediately inform all the stakeholders concerned about the ban order and ensure no sale and manufacture of crackers.

The Bench observed that Punjab and Haryana Governments remained reluctant to act against farmers who resort to stubble burning in the fields, leading to a rise in air pollution. “We direct Delhi police commissioner to form a special cell to ensure effective implementation of the ban on fire crackers. We direct Delhi police commissioner to file a personal affidavit putting on

record the steps taken by them to enforce ban," it said. The SC wondered why the Delhi Government delayed imposition of the ban on firecrackers till October 14, when the order of ban was issued.

"The right to live in a pollution-free atmosphere is a fundamental right under Article 21 of the Constitution. Prima facie, we are of the view that no religion promotes any activity that promotes pollution or compromises with health of the people," observed the bench. The SC further asked the Delhi Government to decide before November 25 on a "perpetual" firecracker ban after consulting stakeholders.

Observing the reluctance of Punjab and Haryana Governments on taking action, the Bench also asked how the stubborn burning incidents had seen a rise on the day of Diwali recently. "How can this happen? How come this increased in Diwali? Why are you sparing your officers?"

They are sparing the farmers. Farmers are filing IA [Intervention Application] before us because they are fearing things. And now you all are sparing your officers," the Court asked.

In the order, the SC said the states must explain the non-prosecution of farmers accused of stubble burning. "Even today we find reluctance on the part of governments in taking action under the Section 14 of CAQM Act, 2021. We have observed in earlier orders that instead of direct prosecution, States are still busy in Just issuing show cause notices despite flagrant breaches. States owe explanation to us on non prosecution," it said, directing strict compliance of the rules in this regard. The Bench was hearing the case concerning pollution in Delhi. It is specifically examining the action taken by authorities across Punjab, Haryana and Uttar Pradesh to curb stubble burning incidents.

Murder trial against Jagdish Tytler will continue: HC

PIONEER NEWS SERVICE ■
NEW DELHI

The Delhi High Court on Monday made it clear that the murder trial in a 1984 anti-Sikh riots case against Congress leader Jagdish Tytler would continue. Justice Manoj Kumar Ohri was hearing a plea filed by Tytler seeking a stay on the trial proceedings taking place against him in a Delhi court. The court would continue with the hearing on November 29.

"It is made clear the trial will continue. Same will be subject to the outcome of the present proceedings," the judge ordered. Tytler's counsel submitted the case was listed for the recording of evidence of a prosecution witness before the trial court on November 12 and the trial court was asked to not proceed till the High Court decided his plea against the framing of charges order.

Senior advocate HS Phoolka, representing the victims, opposed the plea arguing the witness was old and suffered from various ailments and being subjected to multiple court appearances. She would be appearing in court for the fourth time, he said.

Terrorist Pannun threatens Ayodhya Ram Mandir

PIONEER NEWS SERVICE ■ NEW DELHI

Khalistani terrorist Gurpatwant Singh Pannun on Monday issued threats targeting Hindu temples, including the Ram Mandir in Ayodhya. In a video released by the banned Sikhs for Justice (SFJ) outfit, Pannun, currently staying in the United States, and Canada, warned of an attack on November 16 and 17. The video, reportedly recorded in Brampton, Canada, is aimed at inciting violence

against Hindu places of worship. In his statement, Pannun said, "We will shake the foundations of Ayodhya, birthplace of the violent Hindutva ideology", a direct threat to one of India's most sacred sites. The video shows images of Prime Minister Narendra Modi praying in the Ram Temple during its Pranpratishtha in January this year. Pannun has also warned Indians in Canada to stay away from Khalistani attacks on Hindu temples. Last month, Pannun cautioned passengers against flying on Air India flights between November 1 and 19. Pannun claimed the period coincided with what he called the 40th anniversary of the 1984 "Sikh genocide".

Fasten that helmet ladies, 'SHERYDS' is here

SAUMYA SHUKLA ■ NEW DELHI

Bike-taxis are one of the cheapest ways to commute to and from a metro station, however, many women travellers do not explore this option as they do not feel comfortable sitting in close proximity with an unknown man. Those who do, have complained of the men bike riders behaving rudely, making lewd remarks or driving rashly with an intention to harass the woman passenger riding pillion.

Now, women commuters of Delhi Metro can finally enjoy safer bike rides and be driven by women. The initiative named 'SHERYDS', not just gives the passenger a safer and more comfortable option but also provides

DIAL 100- An integrated Emergency Response system Sunday came to the rescue of two budding trekkers in Srinagar, who were caught in a crossfire in the Zabarwan forest of Srinagar, following reports of suspicious movement of terrorists in the highly guarded area. As security forces resorted to speculative firing to establish contact with the terrorists spotted in the area, the trekkers, who climbed the hills to soak themselves in the serene atmosphere, panicked and took shelter behind the rocks to avoid being hit by bullets. While security forces rushed reinforcements to cordon off the entire

area one of the trekkers acted smartly and dialled 100 informing the police control room about their whereabouts in the vicinity of the encounter site. Responding swiftly to the SOS call made by these trekkers the ongoing operation was halted and both the trekkers were rescued by the security forces from the forest area of Zabarwan hills. According to preliminary reports, the operation was launched in the highly guarded area on Sunday after noticing the suspicious movement of two individuals with rucksacks. The trekkers were later identified as Tariq Ahmad Mir and Mufti Ziyar. They are both employed at a well-known missionary school in Srinagar. After safely rescuing both the trekkers the police shifted them to a local police station for questioning, where their identities and credentials were thoroughly verified. The duo were released after confirmation that both of them were innocent. Following the incident, Jammu and Kashmir Police issued an advisory for trekkers and adventurers, urging them to alert local authorities before venturing in sensitive areas and high-security zones. Inspector General of Police (IGP) Kashmir Zone, Vidhi Kumar Birdi, Monday emphasised the need to keep local police stations informed about travel plans. "Prior information about trekkers' plan and their routes will allow us to act quickly in case of any untoward occurrence", Birdi said.

employment opportunities for many women who can ride a motorcycle. The service was launched on Monday at 12 metro stations across the National Capital, customers can avail the service from its official mobile app DMRC Momentum (Delhi Sarathi 2.0). People can avail two

types of bike taxis namely, SHERYDS, for women, and RYDR- for all commuters. These metro stations include Dwarka Sec-21, Dwarka Sec-10, Dwarka Sec-14, Dwarka Mor, Janakpuri West, Uttam Nagar East, Rajouri Garden, Subhash Nagar, Kirti Nagar, Karol Bagh, Millennium

convenience with safety to their destination.” He added that SHERYDS also offers women drivers an opportunity to earn a living. Unlike traditional models where drivers may travel long distances, these bike rides keep riders within a specified radius, which ensures both safety and reduced travel time.

Govt committed to pay dues of JC Mill workers: CM

PNS ■ GWALIOR

Chief Minister Mohan Yadav has said that the state government under Prime Minister Narendra Modi's leadership is committed to the welfare of workers. Action will soon be taken to pay the dues of the workers of JC Mill of Gwalior and other closed mills of the state on the lines of the Hukumchand Mill of Indore and Vinod Mill of Ujjain. The Chief Minister said that more than 8 thousand workers of JC Mill of Gwalior, whose cases were lying closed for 30-40 years will be resolved. Chief Minister Yadav came to inspect the JC Mill of Gwalior on Monday. During this, he visited the JC Mill premises and also obtained information about the land and other

assets of JC Mill through a map. The Chief Minister's presence in the midst overwhelmed the JC Mill workers and their families. Everyone warmly welcomed Chief Minister Yadav with flowers. They said that for the first time, a Chief Minister has come to JC Mill to listen to our pain and suffering. Now we are confident that our several years-old pending liabilities on JC Mill will be cleared. On this occasion, Energy Minister Pradyuman Singh Tomar expressed his gratitude to Chief Minister Yadav on behalf of JC Mill workers. Reiterating his commitment to protect the interests of JC Mill workers, Chief Minister Dr. Yadav said that the government wants a solution,

not a lawsuit. The government will present its case in court in the interest of the workers so that it paves the way for clearance of their dues. He said that instructions have been given to the officials regarding the payment of rights of JC Mill workers. Survey work of the land and assets of the mill has been done. Yadav said that Prime Minister Shri Narendra Modi has highlighted the poor,

women, youth and farmers as the four pillars of the country. The state government is working determinedly for their upliftment. **IT units will be promoted in Gwalior** Chief Minister Dr. Yadav said that there is immense potential in the field of IT (Information Technology) in Gwalior. To ensure that the IT expert youth here do not have to go out, units based on information technology will be specially promoted in Gwalior. Chief Minister Dr. Yadav said that a series of regional Industry conclaves are being run to increase industrial investment in the state. Regional Industry Conclaves have been organized in Ujjain, Gwalior, Jabalpur, Sagar, and Rewa. In this series, the

Regional Conclave is going to be organized in the Narmadapuram division on 7th December and Shahdol in the month of January. He said that after the series of regional conclaves are held at the division level, the Global Investors Summit will be organized in the month of February. Entrepreneurs from all over the world are being invited for industrial investment in the state. Yadav said that in this regard, he will soon visit Germany and UK to invite investors. He said that events like Industry Conclave have created an industry-friendly environment in the state, due to which industrial investment is taking place on a large scale. The youth of the state are getting employment opportunities on a large scale.

Be aware of your rights, advises retired NCRB DG NK Tripathi

STAFF REPORTER ■ BHOPAL

Addressing young girls in the state capital, retired Director General of the National Crime Records Bureau (NCRB) NK Tripathi on Monday advised females to be aware of their legal rights to bring atrocities to an end. The retired police official was speaking at a programme organised by Congress leader Manoj Shukla at a prominent hotel in the state capital. Tripathi said that families, society, and governments have failed to inculcate boys with the values of respecting women. He added that a change in this regard could bring a significant decline in crimes against women. Tripathi spoke with the girls—drawn from 17 wards of

Narela—and assured them that he would personally speak to the Commissioner of Police to ensure improvement in the Women's Helpline 1912. Responding to queries over the recent loss of Democratic Presidential Candidate Kamala Harris at the hands of Donald Trump, Tripathi said that patriarchy is prevalent around the world. He claimed that 10 per cent of the people did not vote for Harris just because she's a woman. Tripathi said that anyone who engages in molestation should not be let off, even if it means facing some difficulty. He advised young women to bring such matters to the notice of authorities, and subsequently seek help from the police if no action is taken on the complaints.

Timely action by cyber cops rescues businessman from 6-hour digital arrest

STAFF REPORTER ■ BHOPAL

For the first in 'Digital Arrest' fraud police reached the spot in the state capital where a Dubai-based businessman was put under digital house arrest for 7 hours by cyber criminals posing as police. Before the two accused could extort money from him, cyber police reached directly to the businessman's room forcing the offenders to flee. The two fraudsters who digitally arrested the businessman through video call were initially stunned to see the real police, then they said, 'This is a CBI action, you don't know us, don't interfere.' The police told the businessman that there is no such thing as digital arrest. This incident took place with Vivek Oberoi (50), who lives in Aera Colony, Bhopal, on November

9. The cyber police reached his house at 7 pm. Vivek is a businessman in the corporate sector in Dubai. Additional Director General of Police said this is probably the first time that someone has been put under digital house arrest and the police reached the spot and rescued him. There is no such thing as digital arrest. If this happens, don't panic, inform the police. Vivek Oberoi (50), who lives in Arera Colony, Bhopal, is in the corporate sector in Dubai. According to the police, when the team reached Vivek's house, the cyber criminals had put him under digital house arrest. One of them told Vivek that he was Vikram Singh and a sub-inspector in the Mumbai Cyber Crime Cell. The other told him that he was Manish Kalwania, DCP of CBI. They told Vivek on the phone that wrong things are being

done with the SIM cards issued from his Aadhaar card. Fake bank accounts have also been opened in many states. They made Vivek install the Skype app. They put him under digital house arrest from 1 pm onwards by making video calls on mobile and laptop. By threatening him with arrest, the fraudsters kept asking him for personal information. When the cyber police team reached the businessman's house at 7 pm and asked for IDs from both of them, they disconnected the Skype video call. After this, the police team told the businessman that all the notices sent to him in the name of TRAI Legal Cell Officer, CBI, Mumbai Cyber Crime Cell in the money laundering case are fake. The fraudsters had digitally arrested the businessman through video calls on mobile

and laptop. According to the cyber police, Vivek was in the room since 1 pm and did not come out till 6 pm. When the family talked to their relatives about this, they suspected digital house arrest. After this, the information was given to the police. Deputy Inspector General of Police Mohammad Yusuf Qureshi said when he had received information from Vivek Oberoi's relatives. Both the fraudsters had scared him so much that he was not even moving from his place. When our team reached inside his room, the fraudsters introduced themselves as from the CBI. When asked to show the ID, they disconnected everything. Businessman Vivek Oberoi said I got a call at 1.30 pm. They said that we are talking to the Telecom Regulatory Authority. Someone has taken

a fraudulent SIM using your Aadhaar card. You should complain to Mumbai Cyber Police. Two officers from the cyber department came and got me released from digital arrest. Digital arrest is the new method of scam, cyber criminals trap people through audio or video calls, artificial intelligence (AI) generated voice or video calls and claim themselves to be police officers, Narcotics Control Bureau (NCB), Central Bureau of Investigation (CBI) officers or customs officers. They use many tricks to trap people in their trap. After this, people are asked to talk on video call for interrogation in the name of digital arrest. In most of the cases, cyber thugs create a police station-like setup and sit wearing police uniform, which makes people feel that everything is real.

2 youths killed in road accident

Bhopal: Two youths died after their scooter was hit by an unidentified vehicle at Platinum Plaza square late in the night on Sunday; youth were going from Mata Mandir Square towards Roshanpura on their two wheeler during this, an unknown vehicle hit both of them at Platinum Plaza Square. Bhavesh Sanghani (23) and Aryan Rai (24), died in the accident. Police have registered a case and started scanning the nearby CCTVs. Both the bodies have been handed over to the family after post-mortem. According to the police, an unidentified vehicle hit their two wheeler at around 1 in the night. According to the police, Bhavesh, a resident of Jagriti Colony, was immediately brought to Hamidia from the spot. He died after an hour during treatment here.

Officials register a protest after submitting a memorandum to the divisional Commissioner against a female employee who had filed an FIR against Assistant Director of Agriculture department Manoj Choudhary on charges of molestation, in Bhopal on Monday. Pioneer photo

Staff comes in support of official facing sexual harassment charges

STAFF REPORTER ■ BHOPAL

Days after a female subordinate accused Assistant Director Manoj Choudhary of touching her inappropriately, staff members at the Divisional Agriculture Department came out in his support, seeking an impartial probe into the matter. Work at the Divisional Agriculture Department came to a standstill as employees locked the office doors and submitted memorandums to both the district collector and the divisional commissioner. The agitation took place under the banner of the Madhya Pradesh Agriculture Officers' Association. Officials, including female employees, submitted memorandums to the Commissioner and Collector. Officials claimed that the 'victim' is known to have made such allegations in the past. Her actions have led to a sentiment of vulnerability among male colleagues. State president of the association, Ajay Kaushal, said that

Kaushal said that police had unilaterally proceeded in the matter despite contrary facts placed before them

though the organisation respects women, the action taken in this case was one-sided and unjust. He said that the Koh-e-Fiza police had unilaterally proceeded in the matter despite contrary facts placed before them. The complainant has reportedly made unfounded allegations in the past. Her husband's public statements, accusing department officials, were seen as attempts to tarnish the department's reputation, which the association strongly condemns, he said. The Koh-e-Fiza police registered an FIR in the matter on Saturday after a female employee accused Choudhary of touching her inappropriately at the Bhopal Collectorate office of the department.

Sehore municipal engineer caught accepting bribe

Bhopal: The Special Police Establishment of Lokayukta Bhopal has nabbed Nagar Palika Engineer Suresh Verma accepting bribes for providing NOC for building a house without permission. Complainant Suresh Singh Dangi appeared before Superintendent of Police Lokayukta Bhopal and told that, anti-encroachment in-charge Ramesh Verma, Engineer Nagar Palika Sehore is demanding bribe from him. The complaint was verified by Lokayukta's team. During the complaint verification, encroachment in-charge Ramesh Verma, Engineer Nagar Palika Sehore demanded Rs 70,000 as bribe. This bribe was taken by the NOC for building a house without procuring proper permission. When encroachment of in-charge Ramesh Verma, Engineer Nagar Palika Sehore took Rs 20,000 as first installment from complainant Suresh Singh Dangi in his office chamber through his associate Anshul Jain, the bribe amount was recovered from Anshul Jain after the office was raided by the sleuths of Lokayukta.

Manoj Dwivedi unanimously elected president of PRSI

STAFF REPORTER ■ BHOPAL

Unanimously elected president of the Bhopal chapter of the Public Relations Society of India (PRSI), Manoj Dwivedi congratulated the newly appointed executive committee members and said that the chapter would continue with its glorious traditions. The election of the president and the new executive committee took place at the Annual General Meeting (AGM) of the chapter. The new executive committee includes Vijay Bondria and Dinesh Shukla as National Council members, Avinash Vajpayee as Vice-President, Pankaj Mishra as Secretary, KK Shukla as Treasurer, and Yogesh Patel as Joint Secretary. The 12-member executive committee includes executive members Prakash Sakalle, Babita Agarwal, Shradha Bose, Anu Srivastava, Irfan Haider, Vanya Chaturvedi, Suyash Bhatt, Ajay Patel, Paresh Upadhyay, Jaya Surajani,

and special invitee members Tarun Sen and Naveen Joshi. This newly formed body will oversee the communication and awareness activities of the Society in Madhya Pradesh for the years 2024-25 and 2025-26. The National President of the PRSI, Ajit Pathak, and the General Secretary, PLK Murthy, congratulated the newly elected members and wished them success. The PRSI is a national-level organisation with nearly 70 years of history; its activities span 27 chapters spread across the country. The Bhopal chapter is currently engaged in promoting the 46th All India Conference of the Society, scheduled to take place in Raipur from 20 to 22 December. The theme for the conference this year will explore "National Values: International Competencies – Role of Public Relations" through the three-day event. The conference will also announce various awards for excellence in the sphere of Public Relations and Communications.

ABVP demonstrates at BU campus, accuses hostel warden

STAFF REPORTER ■ BHOPAL

There seems to be no let up in controversies at Barkatullah University as unruly scenes continued to rock the campus over what the Akhil Bharatiya Vidyarthi Parishad (ABVP) on Monday described as anti-religion stance of the hostel warden. The current controversy erupted after the warden stopped students from attending a recitation of Sunderkand Katha. The hostel orders come close on the heels of a notice ordering the stoppage of Durga Puja due to non payment of hostel fees by the students. The girls living in the hostel allege that Warden Anita Tilwani stopped them from reciting Sunderkand and going to the temple. Not only this, the warden also made the girls write an apology. According to the girls, the warden said that if they want to go to the temple, they will have to first take permission from the university

administration. The warden's behaviour has triggered protests by the ABVP who chanted the Ramdhun in front of Satya Bhavan at the university. Students said that a few days ago, Sunderkand Paath was organized at a temple in the university campus, in which students participated. The girls living in the hostel had earlier taken permission from the Registrar to participate in the program till 8:00 PM as the program ended early, the girls returned to the hostel by 7:40 PM. At night, Chief Warden Anita Tilwani gathered all the girls and

threatened them and said, "I will not do as per the instructions of the Registrar and Vice Chancellor, if they are so insistent then they should manage the hostel themselves." The warden also threatened to spoil the results of the girls. The Chief Warden also said that from now on, girls will have to take permission in writing to go to the temple, alleged the girls. According to the girls, the warden had said, "I will not even listen to the Registrar. Now you guys show your power. My power is much more than all of you, and the Vice Chancellor and Registrar cannot do anything to me. With one phone call, I can get all the things of the university changed." The warden has issued an order that before going to the temple or the

bhandara, the boarders will have to seek permission from the university administration, the girls claimed. Reacting to the developments, ABVP protested against the university administration. Parishad activists gathered at the main gate of the university and chanted Ramdhun in front of Satya Bhavan and appealed to the administration to act wisely. ABVP President Diwakar Shukla said that the move preventing girl students from going to the temple and participating in religious programs is condemnable. He said that protests will continue. Many Hindu organizations have expressed solidarity with the students. ABVP Bhopal Metropolitan Minister Shivam Jat said, "Action should be taken as soon as possible against such people with a corrupt mindset, who try to ban religious sentiments of the students."

Union Bank of India celebrates its 106th Foundation Day

STAFF REPORTER ■ BHOPAL

Union Bank of India, on Monday celebrated its 106th Foundation Day. On this occasion, a renovated branch Seoni Malwa under Narmadapuram area was inaugurated today by Zonal Head Birja Prasad Das. On this occasion, Shri Birja Prasad Das the staff members and respected customers of the bank and greeted and

thanked them for always being with Union Bank and giving them the opportunity to serve in the future as well. He briefly informed the customers present on the occasion about the golden achievements of Union Bank from its inception till date. Regional Head, Bhopal Central, while thanking, assured everyone that Union Bank will always fulfill its commitment of customer service with full devotion.

The 106th Foundation Day was celebrated in all the units of Zonal Office Bhopal, Regional Office Bhopal Central, ZLC and Union Bank. On this occasion, Mr. Birja Prasad Das, Zonal Head, Arvind Kumar Susarla, Deputy Zonal Head, Ved Prakash Arora, Deputy Zonal Head, Javed Ahmed Jafri, Area Head, Dhananjay Kumar, Deputy Area Head, Ramjas Vijayvargiya, Deputy Area Head were present.

Shivraj campaigns in Budhni constituency on last day

STAFF REPORTER ■ BHOPAL

While addressing public meetings in Chakladi, Bhairunda and Gopalpur villages of Budhni Assembly on Monday, Union Minister Shivraj Singh Chouhan said that if we want to take the Ganga of development forward in the area, then make the Bharatiya Janata Party win. “Every pebble of Budhni area is Shankar for me, every drop is the water of Ganga and Narmada. Congress did not do any work for the development of Budhni and Madhya Pradesh,” he said, adding that Budhni and Madhya Pradesh were yearning for development during the reign of Congress. The development of the state started after the formation of BJP government in the State in

2003. Now under the leadership of Prime Minister Narendra Modi, the double engine government of BJP is working for the development. “The record of victory made in Budhni Assembly in 2023 has to be broken in this by-election. The victory of Ramakant Bhargava in the assembly by-election is the victory of Prime Minister Narendra Modi and me,” Chouhan added. The Union Minister also sought the blessings of the people by doing a roadshow in Gopalpur. Union Minister Shivraj Singh Chouhan said that when I came here, the children caught hold of me. I assure all the children and promise that as long as I am alive, I will not let any trouble come in your life. Swami Vivekananda had said that the real God is the living, awakened public. If you serve them, you

will worship God. I see Devi in ??daughters, Lakshmi in sisters, Ram and Shyam in children, Shankar in youth. < Even if you worship them in the temple after making them suffer, God will never be pleased. Union Minister Shri Shivraj Singh Chauhan said that the BJP government of the Center and Madhya Pradesh under the leadership of Prime Minister Narendra Modi is continuously working for the welfare of the people. Chauhan said that the Congress party is completely ending in Madhya Pradesh. No one else is ending the Congress, it is ending on its own, because the Congress party has nothing to do with the people. The Congress party itself needs support, how will it help the people. Congress is a dud bomb, it did not explode in

Haryana and will not explode here either. What is the benefit of supporting the Congress, they have no government in Bhopal or Delhi. Congress did nothing. Rahul Baba was eating Jalebi in Haryana, he failed there too. He said, “Digvijay Singh is now coming to ask for votes. I ask Digvijay Singh and Congress that when he was the Chief Minister, when Congress was in power in Madhya Pradesh, why did he not do any development. Congress party did not do any development in Budhni area, that is why it is out of power for years.” Those who lost the Lok Sabha election in Rajgarh by lakhs of votes, talk about making them win here. If we have to take the Ganga of development forward, then we have to make BJP win.

Chauhan said, “The happiness of the people of Budhni is my happiness, your sorrow is my sorrow. If a thorn pricks you, I feel the pain, if you fall ill then I worry about how you get well. I am your servant. I will live for you and die for you. Even after my death, my ashes will call for you.” He further said that the BJP government under the leadership of Prime Minister Narendra Modi is working for the welfare of farmers, poor, youth and women. When the rates of soybean fell, we imposed import duty on palm oil, so that the rates of soybean increase. We removed the ban on export of Basmati. In the Congress era, there was only one crop and today there are three crops. The BJP government has also made arrangements for the purchase of moong.

Officer punished for delay in complaint resolution

STAFF REPORTER ■ BHOPAL

Initiating action against officials for tardiness in the resolution of complaints received on the CM Helpline, District Collector Kaushalendra Vikram Singh on Monday ordered deductions in the salary of a key district official. An upset Singh directed the deductions at a review meeting held at the Collectorate office in the state capital. District Panchayat CEO Rituraj Singh, also present at the meeting, took officials to task over the slow pace of work and lack of diligence. The district official facing the disciplinary action is Praseon Soni of the Citizens Services Department.

The district official facing the disciplinary action is Praseon Soni of the Citizens Services Department

The Collector instructed officials to ensure a special focus on logistics for fertilisers in the district and underlined the need for adequate arrangements for the procurement of wheat and soybean across the district. Singh said that officials should complete all reports and preparations ahead of the Samadhan meeting sched-

uled for later this month. Convening district officials for a late-night virtual meeting late last month, Singh had pushed for the closure of pending CM Helpline complaints. Department heads had responded by resolving 600 grievances within a matter of hours. Chief Minister Mohan Yadav has repeatedly ordered the closure of pending citizen complaints on the helpline. In his review of the sought-after service on November 24, Yadav had expressed dissatisfaction with the approach of officials towards public grievances. The Collector also instructed officials to step up efforts to resolve pendencies in revenue matters.

Mayor for removal of permanently parked vehicles

STAFF REPORTER ■ BHOPAL

Expressing dissatisfaction with officials over permanently parked vehicles at the multi-level parking facility at the busy Ibrahimpura market, Mayor Malti Rai on Monday instructed them to expedite the removal of such vehicles. The Mayor, who was on a surprise inspection of Wards 2, 4, and 5, emphasised the need for better cleanliness and directed that the city profile recording be completed by November 20. The Mayor inspected vari-

ous areas, including Moti Masjid, Iqbal Maidan, Royal Market, GAD Chowk, Shaheed Nagar, Hamidia Road, Railway Station, and others. She ordered the removal of street vendors and goods obstructing public spaces and called for the immediate recording of City Profiles in specific wards. Rai's visit follows media reports that had criticised the civic administration for allowing handcarts to encroach on the area, causing delays for citizens due to traffic snarls and even accidents. Additionally, she warned of spot fines for washing cars on roads and

directed action against property owners violating construction norms and dumping materials on roads. Residents in the area welcomed the action and said that a large number of outsiders, especially those visiting teahouses that dot the road connecting Iqbal Maidan to Imami Gate, disrupt traffic by parking their vehicles indiscriminately. Traffic in the area remains affected late into the night, with improper parking causing bottlenecks at various places, including near Hamidia Hospital, the main medical facility in the city.

SI loses arm, as train hits him while removing bodies from track

STAFF REPORTER ■ BHOPAL

An arm of a police sub-inspector got severed and a police vehicle driver also suffered injuries when a train hit them while they were removing two bodies lying on the railway tracks in Madhya Pradesh's Damoh district, officials said on Monday. The incident took place near Karaiya Bhadoli railway station in the district on Sunday evening. Assistant sub-inspector Rajendra Mishra, the Bandakpur police post in-charge, had gone to the spot after getting information that two men died after

falling from a train, Superintendent of Police Shrut Kirti Somvanshi said. While he was examining and removing the bodies, a train suddenly approached and hit him. Mishra's right arm got severed, the official said. The police vehicle's driver, Yawar Khan, was also injured in the incident, he said. Mishra and Khan were referred to a hospital in neighbouring Jabalpur for further treatment, the official said. If required, they will be sent for treatment to a medical facility in another city by an air-ambulance, he said.

Police officials visit Ijtema site

Bhopal: Officials from the police top brass in the district visited the Ijtema venue on Monday, holding consultations with the organising committee. The officers assured them of unstinting cooperation during the four-day event commencing on November 29. Conducting a review of preparedness for the event, attended by tens of thousands of visitors from across the country, Additional Commissioner of Police Pankaj Shrivastava and Deputy Commissioner of Police (Traffic) Sanjay Singh strategised key security and traffic arrangements. The officials assured members of the organising committee that all arrangements would remain in place ahead of the arrival of devotees for the congregation. The Bhopal Ijtema, now in its 77th year, is one of the largest congregations of the Muslim community anywhere in the world. Over the years, the event has grown significantly with support from the district administration and the state government, which lend crucial logistics support to the 25,000 volunteers who work round-the-clock to ensure its success. Volunteers welcome arriving devotees at all bus stands, railway stations, and the airport before arranging local transport for them to reach the Ijtema venue at Einkhedhi on the outskirts of the state capital. This year, organisers are working tirelessly to reduce the carbon footprint of the event by banning single-use plastics and segregating garbage before composting the wet waste.

Complete construction works within time limit: Shukla

STAFF REPORTER ■ BHOPAL

Deputy Chief Minister Rajendra Shukla has said that the objective of the government is not only to build health infrastructure, but also to ensure that these infrastructures become helpful in providing better health services to the public. He directed that along with the construction works, arrangements should also be made for HR and necessary medical equipment so that the general public can get the benefit of these facilities soon. Deputy Chief Minister Shukla conducted a comprehensive review of various health infrastructure development projects and construction works of medical colleges of the state at the Mantralaya. He directed to complete all the construction works within the stipulated time limit and with the highest quality standards, so that unnecessary increase in cost can be checked and the general public can get the benefit of these facilities as soon as possible. Deputy Chief Minister Shukla said that expansion of health facilities is an important step towards the goals of Prime Minister Narendra Modi's "Atmanirbhar Bharat" and "Right to Health". He asked all the concerned departments to ensure the availability of human resources and necessary medical equipment along with creating the infrastructure of health services. Shukla reviewed the progress of 8 new medical colleges under construction and directed the concerned officials to complete their work as soon as possible, so that seats for students can be increased and health services can be improved. He also said that with the completion of construction work on time, treat-

ment facilities can be provided to more and more patients, which is the priority of the state government. With the construction of these medical colleges, people of rural and remote areas of the state will get state-of-the-art medical facilities. The Deputy Chief Minister directed the officials to make necessary preparations to start operation in the new buildings of Rajgarh and Mauganj district hospitals as soon as possible. He said that advanced facilities of district hospitals are extremely important for the public. With the early operation of these hospitals, the reach of health facilities will increase and local residents will not need to go elsewhere for quality treatment. The Deputy Chief Minister also reviewed the status of construction of 650-bed medical college hospital in Satna and directed to develop it as a "state-of-the-art" health care facility. He said that the aim of this project is not only to provide high quality medical services in the region but also to provide advanced medical services to patients from the surrounding districts. This hospital will include state-of-the-art operation theatres, emergency facilities and specialist departments, which will be helpful in providing the best treatment to the patients. Deputy Chief Minister Shukla reviewed the ongoing strengthening and upgradation works at Shyamshah Medical College, Rewa at a cost of Rs 321 crore. He reviewed the Cancer Hospital (200 beds), MCH Block, Nursing College, Hostel, OPD Block, Multi-Level Parking and other important infrastructural development works and directed the officials to complete the work soon so that patients and medical students can get its benefit.

After The Pioneer story, Mayor visits Rain Basera

Bhopal: A day after The Pioneer carried a story on the largest Rain Basera complex in the state capital, Mayor Malti Rai visited the facility and reviewed provisions for the homeless on Monday. During her visit, Mayor Rai instructed officials to ensure that the food served at the facility is both nutritious and tasty. She interacted with those staying at the premises and quizzed them about the quality of the food and services. Rai instructed officials to ensure that the highest level of service is provided to those staying at the municipality-run premises. The Rain Basera, opposite the Indira Gandhi Hospital, is the largest among 17 similar night shelters run by Bhopal Municipal Corporation (BMC) under the National Urban Livelihood Mission (NULM). The Pioneer had published a heart-touching story on the facility on Sunday.

Fino Bank launches 'Gullak' account

Bhopal: Having made banking easy, simple and convenient, Fino Payments Bank is now focusing on making customers save more. Continuing its efforts towards creating value for customers, Fino Bank has today announced the launch of a new savings account "Gullak" aimed at improving savings by offering a range of benefits designed to meet the unique needs of customers. One can open Gullak account at any of Fino Bank's 87102 (87000) merchant points spread across the state of MP and enjoy the benefits. With a minimal account balance of Rs 1000, Gullak account holders need not pay any annual plan fee, get to make cash deposits without any charges, avail 7 free ATM transactions in non-metro locations and enjoy offers on Rupay debit card. An exciting proposition is the waiver of the minimum account balance on meeting certain criteria. These include, five UPI transactions through FinoPay mobile app in a month valued at Rs 500

or booking a one-year Fixed Deposit of at least Rs 5000 issued by Fino's partner bank or credit of any government welfare scheme benefit in the account. If customers meet any one of the three criteria, then even if the account balance is less than Rs 1000 there will not be any charges for non-maintenance of minimum balance.

People determined to bring change: PM Modi to BJP workers

PIONEER NEWS SERVICE ■
NEW DELHI

The Congress is trying to break the collective strength of SC, ST and OBC by creating divisions among them to weaken their voice and eventually end the reservation for them, Prime Minister Narendra Modi said on Monday as he called for unity among these communities. “That’s why I keep saying ‘ek rahenge, toh safe rahenge (if you remain united, you would be safe),’” he said while interacting with BJP workers in Jharkhand under the ‘mera booth sabse mazboot’ programme through the NaMo app. The state goes to assembly polls on November 13 and 20. Modi also highlighted the

“failures” of the JMM-Congress-RJD combine’s five-year rule and said the state has to be freed from “corruption, mafiaism and misrule” to put it on the path of progress. The kind of blessings that the BJP is receiving at booth levels, it’s clear that the “corrupt” JMM-led government is set to be ousted, Modi asserted. “The countdown has begun,” he said. Modi said “everyone from the royal family” of the Congress -- from Jawaharlal Nehru to Rajiv Gandhi -- were “staunch opponents” of the provision of reservation and the party crushed all the voices rising in its favour till it was at the helm from “panchayat to Parliament” as the Dalit, OBC and Adivasi societies were scattered then.

But, gradually they started understanding what B R Ambedkar had said and came together posing a challenge to the Congress in many of the states, he said. “The OBC society could not come together till 1990. But when they came together, the Congress suffered severe losses. “Since then, the Congress has not been able to form its government with a full majority. It has its government in just three states in the country today,” he added. Modi said the Congress has decided to break “the collective strength” of the Scheduled Castes (SC), Scheduled Tribes (ST) and the Other backward Classes (OBC) as its “royal family is angry”.

“It has become their (Congress’) agenda over the past few years. It’s because the states, which have the highest number of Dalits, OBC, Adivasis, are under the BJP-NDA rule today and there is no possibility of the Congress coming to power in these

states,” he said. Modi said the Congress wants Dalits, tribals and other backward classes to break into “hundreds of smaller castes”, instead of collectively being the SC, ST and OBC, so that they get scattered, lose their identity and fight

with each other. “When these societies break into smaller castes, their voice as SC, ST and OBC will become weak. The day this happens, the Congress’ conspiracy will succeed. It will take away reservation as well,” he said. “That’s why I keep saying ‘ek rahenge, toh safe rahenge (if you remain united, you would be safe). All the OBC, SC and ST societies should remain united,” Modi said. “People have shared on social media an old advertisement given by the Congress during elections... Perhaps Rajiv Gandhi was the leader of the party then. “The SC, ST and OBC have been painted so ugly in this advertisement. In their adver-

tisement, they have clearly said that reservation has to be taken away from the SC, ST and the OBC,” he added. Modi launched an all-out attack on the Congress, JMM and RJD and accused them of making tall claims but failing to deliver on their promises. He said in these polls, the people of Jharkhand are determined to bring change. The biggest reason for this, the prime minister said, is that JMM, Congress and RJD have attacked Jharkhand’s “roti, beti and maati” (bread, daughters and land). “They made tall claims in the last five years, but today the people of Jharkhand can see that most of their promises are false,” Modi said. He said despite the lack of cooperation from the state

government, the Centre is trying its best to develop the state with its mantra of ‘sabka saath, sabka vikas’. Dynastic parties are not only corrupt but also the biggest hurdle for talented youth of the society, he said. Modi said that the JMM too has learned these tricks from the “royal family” of the Congress. It now only cares for power and money, the prime minister alleged. Earlier, the rich had gas cylinders in their homes and the poor could not even think of having a gas cylinder, he said adding the reason being that Congress had the nature of catering to the rich. The BJP delivered gas cylinders to the homes of people through the government’s ‘Ujjwala’ scheme, Modi noted.

SC stays warrant against Shivraj Singh Chouhan in defamation case

PIONEER NEWS SERVICE ■
NEW DELHI

The Supreme Court on Monday stayed the execution of bailable warrant against Union Agriculture Minister Shivraj Singh Chouhan and two other BJP leaders in a defamation case filed by Congress Rajya Sabha MP Vivek Tankha. A bench of Justices Hrishikesh Roy and SVN Bhatti sought Tankha’s response on a plea of Chouhan and others challenging the October 25 order of the Madhya Pradesh High Court refusing to quash the defamation case. The bench said, “The execution of bailable warrants against the petitioners shall not be executed subject to their effective participation in the proceedings before the court in the case.” Senior advocate Mahesh Jethmalani, appearing for Chouhan and others, said the purported statements mentioned in the complaint by Tankha were made on the floor of the house

and were covered by Article 194 (2) of the Constitution. Article 194 (2) states, “No member of the Legislature of a State shall be liable to any proceedings in any court in respect of anything said or any vote given by him in the Legislature or any committee thereof, and no person shall be so liable in respect of the publication by or under the authority of a House of such a Legislature of any report, paper, votes or proceedings.” Jethmalani submitted it was unheard of that in a summons case, a bailable warrant was issued by the court, when the

parties could appear through their counsel. On October 25, the high court had refused to quash the defamation case lodged by Tankha against former Madhya Pradesh CM Chouhan, BJP state president V D Sharma and former minister Bhupendra Singh. Tankha, in his complaint in the trial court, said defamatory statements were made in the run-up to Panchayat elections in the state in 2021. On January 20, 2024, a special court in Jabalpur registered the defamation case against the three BJP leaders under IPC Section 500, summoning them in court.

Justice Sanjiv Khanna sworn in as 51st CJI

PIONEER NEWS SERVICE ■
NEW DELHI

Justice Sanjiv Khanna was on Monday sworn in as the 51st Chief Justice of India. President Droupadi Murmu administered the oath of office to him at a brief swearing-in ceremony held at the Rashtrapati Bhavan. Justice Khanna took the oath in English in the name of God. Born on May 14, 1960, Justice Khanna will serve as the CJI for a little over six months and

demit office on May 13, 2025, on attaining the age of 65 years. He succeeds Justice D Y Chandrachud, who demitted office on Sunday. Hailing from an illustrious Delhi-based family, Justice Khanna is the son of former Delhi High Court judge Justice Dev Raj Khanna and the nephew of renowned former apex court judge HR Khanna. Vice President Jagdeep Dhankhar, Prime Minister Narendra Modi, Defence Minister Rajnath Singh, Union

Law Minister Arjun Ram Meghwal and former CJI J S Khehar were among those present on the occasion, besides Justice Chandrachud. Justice Khanna, who served as a Supreme Court judge since January 2019, has been part of several landmark judgments such as upholding the sanctity of EVMs, scrapping the electoral bonds scheme, upholding the abrogation of Article 370 and the granting of interim bail to former Delhi CM Arvind Kejriwal.

Indian Navy, Sri Lankan Navy review preparedness to jointly combat transnational maritime crime

PIONEER NEWS SERVICE ■
NEW DELHI

India and Sri Lanka on Monday reviewed their preparedness to jointly combat transnational maritime crime and regional cooperation in the seventh annual High Level Meeting (HLM) between the Indian Coast Guard (ICG) and the Sri Lanka Coast Guard (SLCG) at Colombo, ICG said here. Giving details, officials said this meet marked a significant milestone in the collaborative efforts to combat transnational maritime crime and promote regional cooperation. This annual meeting follows the institutionalized mechanism as outlined in the Memorandum of Understanding (MoU) signed between both the maritime agencies in May 2018. The four member ICG delegation is led by its Director General S Paramesh while the SLCG side is led by Rear

Admiral YR Serasinghe, Director General, Sri Lanka Coast Guard. The HLM underscores the commitment of both the Coast Guards to jointly address maritime challenges while focusing on a range of regional maritime contemporary issues, including drug trafficking, marine pollution, safety of mariners, adoption of best practices, capacity-building programs and other collaborative arrangements. The outcome of the meeting reiterates enhancing mutual cooperation in addressing these challenges, thereby strengthening the maritime safety and security framework in the region.

Gwalior murder: Foreign pistols, phones seized from two aides of Khalistani terrorist Arsh Dalla

PTI ■ GWALIOR

Two firearms made in Australia and China as well as mobile phones with foreign IMEI rpt IMEI numbers have been seized from Canada-based Khalistani terrorist Arshdeep Singh Gill’s two aides who allegedly shot dead a man in Madhya Pradesh’s Gwalior last week, a police official said on Monday. The two accused, identified as Navjot Singh alias Neetu and Anmolpreet Singh alias Vishal, were arrested in Punjab on Sunday in connection with the murder of a Youtuber there, as per police. They had allegedly shot dead Jaswant Singh Gill on November 7 outside his house in Dabra area in Gwalior, the official said. Gill was sentenced to life imprisonment for killing his wife’s cousin Sukhvinder in 2016 and was out on parole since October 28. The official said Sukhvinder’s brother Satpal possibly transferred Rs

2.50 lakh from Canada to his cousin Jitu Singh alias Jita here to facilitate the November 7 killing. “The two firearms, an Australian Glock and Chinese-made pistol, are worth Rs 15 lakh each. One of these pistols and the high-end mobile phones with foreign IMEI (International Mobile Equipment Identity) were used in the November 7 murder here. Our probe has found Navjot and Anmolpreet, after the killing, fled from here late Thursday night to Chandigarh

in a taxi booked by Satpal,” the official said. After MP police got information about the duo through an identity card used at the hotel they had stayed in Gwalior, Punjab police was contacted, he said. “We sent our Punjab counterparts their photos. The duo was arrested on Sunday and Punjab police are questioning them at present. Later, we will bring them here on transit remand. They had come to the hotel on November 7 itself. Jita gave them local inputs,” he said. The official said Satpal transferred Rs 1

lakh to Jita when victim Gill came out on parole, and the remaining Rs 1.50 lakh was sent online after the November 7 murder. “After Navjot and Anmolpreet reached Chandigarh, Satpal made some online payments on their behalf. We were monitoring Satpal’s online transactions and shared all information with our Punjab counterparts. Satpal and his family migrated to Canada after Gill killed Sukhvinder. But Satpal continued to visit here once in a while,” the official said. The official said the two alleged shooters are from Dalla’s gang as per Punjab police, adding he would not comment on whether the Canada-based Khalistani terrorist has any role to play in the November 7 murder. Arsh Dalla, who has been accused of involvement in targeted killings, terror financing and extortion in Punjab, was in January last year designated a terrorist by the Indian government.

Shaan, Raghu Dixit, Jasleen Royal among singers performing at ASEAN India Music Festival 2024

PIONEER NEWS SERVICE ■
NEW DELHI

Shaan, Raghu Dixit, Jasleen Royal and singer duo Sukriti-Prakriti are among the singers performing at the upcoming third edition of Association of Southeast Asian Nations (ASEAN) India Music Festival 2024 here, starting November 29. The three-day festival, to be held at iconic Purana Qila, will feature performances from top Indian artists and talented ASEAN bands, offering a unique opportunity to experience diverse musical traditions. Organised by the Ministry of External Affairs and cultural organisation Seher, the festival this year will celebrate 10 years of friendship between India and ASEAN under India’s ‘Act East Policy’. External Affairs Minister S Jaishankar will be the chief guest of the musical event. “The ASEAN India Music

Festival is a beautiful reminder that despite our different backgrounds, music has the power to unite us all. It allows us to connect not only as artists but as individuals who are part of a much larger global community. “It is not just about showcasing talent, but about celebrating the bonds we’ve built over the years and the new ones we’ll form through the universal language of

melody,” Sanjeev Bhargava, founder director of Seher, said in a statement. While the festival will feature performances by India’s beloved music icons, Raghu Dixit and Shaan on day one; the second day will witness performances by the vibrant ‘Western Ghats’ and the dynamic duo Sukriti-Prakriti bringing an eclectic mix of sounds to the stage. It will come to a grand con-

clusion on December one with a soulful performance by Jasleen Royal, known for her hit singles such as “Heeriye” and “Ranjha”. In addition to the Indian artists, the festival will also showcase an eclectic line-up of ASEAN bands, offering audiences a chance to experience the rich and diverse musical traditions from across the ASEAN region. “Television Off” from Thailand, ‘Buc Tuong’ from Vietnam, ‘Floor 88’ from Malaysia, ‘Subsonic Eye’ from Singapore, ‘Chet Kanchna’ from Cambodia, ‘MRTV’ from Myanmar are among the bands performing on the occasion. The event will be attended by the Heads of Missions from all 10 ASEAN member nations, including Brunei Darussalam, Cambodia, Indonesia, Laos, Malaysia, Myanmar, Philippines, Singapore, Thailand, and Vietnam.

Committee under Shah approves three projects under ‘Expansion and Modernisation of Fire Services’

PIONEER NEWS SERVICE ■
NEW DELHI

A high-level committee, under the chairmanship of Union Home Minister and Minister of Cooperation Amit Shah has approved three projects of Rs. 725.62 crore under “Expansion and Modernization of Fire Services in the states” for Chhattisgarh, Odisha and West Bengal, ministry of home affairs said here in a statement on Monday. The Committee has approved Rs. 147.76 crore for Chhattisgarh, Rs. 201.10 crore for Odisha and Rs. 376.76 crore for West Bengal. The committee comprises Finance Minister, Agriculture Minister and Vice Chairman NITI Aayog as members. To fulfil Prime Minister Narendra Modi’s vision of disaster resilient India, Ministry of Home Affairs under the guidance of Home Minister Amit Shah has taken several initiatives to ensure effective man-

agement of disasters in the country. A number of steps have been taken to prevent any extensive loss to life and property during disasters by strengthening disaster risk reduction system in India. The Central Government has allocated a total of Rs. 5000 crore under National Disaster Response Fund (NDRF) to 15 States, Rs. 1,385.45 crore from State Disaster Mitigation Fund (SDMF) to 11 States and Rs. 124.93 crore from National Disaster Mitigation Fund (NDMF) to three States.

Minister Modi and guidance of Home Minister Shah more than Rs. 21,026 crore has already been released to the states during this year. This include Rs. 14,878.40 crore from State Disaster Response Fund (SDRF) to 26 States, Rs. 4,637.66 crore from National Disaster Response Fund (NDRF) to 15 States, Rs. 1,385.45 crore from State Disaster Mitigation Fund (SDMF) to 11 States and Rs. 124.93 crore from National Disaster Mitigation Fund (NDMF) to three States.

IFFI 2024: “Better Man” to open gala, Satyajit Ray award to filmmaker Noyce

PIONEER NEWS SERVICE ■
NEW DELHI

Better Man, a semi-autobiographical film about British pop singer Robbie Williams, will open the 55th International Film Festival of India (IFFI), where Australian filmmaker Phillip Noyce will be presented the Satyajit Ray Lifetime Achievement Award. The annual film gala, which will run through November 20-November 28 in Goa, will present over 180 international films from 81 countries, including 15 world premieres, three international premieres, 40 Asian premieres and 106 Indian premieres. The curtain raiser press conference for IFFI 2024 was held on Monday at the National Media Centre here. The event was attended by L Murugan, Union Minister of State for Information and Broadcasting, Sanjay Jaju, Secretary Information and Broadcasting ministry, Shekhar Kapur, Festival Director and Prasoon Joshi, Chairman, CBFC. The IFFI is “not less than the

Cannes Film Festival”, said Murugan. “You can compare our IFFI with Cannes and some of the other festivals... We are giving the same festivals in IFFI. The response that we are getting from the international audience and delegates is great... There are roadshows about the festival in Mumbai and Chennai. Another roadshow will happen in Hyderabad. We are seeing how the industry is owning the festival, taking responsibility,” the minister told reporters. The festival will open with the Asia premiere of Michael Gracey’s “Better Man”, an Australian film that offers a captivating glimpse into the life of popstar Robbie Williams, portrayed as a chimpanzee by Jonno Davies in a groundbreaking motion-capture performance. Noyce, known for films such as the Angelina Jolie-starrer “Salt”, “Patriot Game” starring Harrison Ford, and “The Bone Collector” featuring Denzel Washington and Jolie, will receive the Satyajit Ray Lifetime Achievement Award at IFFI

2024. The upcoming gala will have 47 films directed by women and 66 works by young and debut filmmakers, reflecting “the festival’s commitment to amplifying underrepresented voices”. Jaju said the team behind IFFI is excited to be charting a new path. “This is the first time in the history of the film festival that we have started this tradition of handing over the festival to the industry. Now, Shekhar Kapur has taken over as the festival director. This is the festival of the industry being completely led and run by the industry. “We look at the festival as the biggest because we are the world’s biggest filmmaking nation. The content we make in

our country is made at one-millionth of the cost at which the content is made outside,” he added. The theme of this year’s festival is ‘Young Filmmakers - The Future is Now’, following which the Creative Minds of Tomorrow initiative has been enhanced to support 100 young talents from 75 in the previous editions. Kapur said that theatrical films are becoming less and less important. “But we need to nurture this idea of theatricals without saying that it’s the only important medium. Because storytelling can be anything. I can give you a 30-second video and tell you a story. If I can’t tell you a story in 30 seconds, 1 minute or 5 minutes, then nobody is going to remember you. We took a Western technology from ‘Raja Harishchandra’ and we made the biggest film industry in the world,” the filmmaker said. A new award of Best Debut Indian Director has been instituted to recognise the young filmmaking talent across India. The winner will be awarded a certificate and cash prize of Rs

5 lakh at the closing ceremony. India is a country of “restless dreams and storytellers”, added Joshi. “If we want our stories to be diverse, we need the courage to tell stories that come from our roots. Filmmaking has become more about courage than talent. It’s become a property of those who are courageous. Now, why should that be? Many stories face story infanticide because they don’t have resources. In such a case, IFFI is a national stage that platforms those who don’t have sufficient funds or facilities,” he said. Australia will be the Country of Focus for IFFI 2024, with a dedicated package of Australian films and a strong presence at the festival. The film festival will mark the centenary of four icons of Indian cinema Raj Kapoor, Tapan Sinha, Akkineni Nageswara Rao (ANR), and Mohammed Rafi at its upcoming 55th edition, honouring them with in-conversation series, exhibitions, and screenings of the restored versions of their timeless classics.

Assam bypolls: ECI transfers officers after violence escalates in Nagaon

PTI ■ NAGAON

The Election Commission of India (ECI) has ordered the transfer of two police officers in Assam's Nagaon district following incidents of violence in Samaguri Assembly constituency area of the district, where bypoll is scheduled this week, official sources said on Monday.

Partha Pratim Saikia, Additional Superintendent of Police (ASP) (Crime), Nagaon, and Rupiyoti Dutta Kaliabar sub-divisional police officer (SDPO) have been moved out of the district, the sources said. Jayanta Baruah and Shyamanta Sarma have been named the new ASP (Crime) and SDPO respectively with immediate effect, they added.

Meanwhile, the Bharatiya Janata Pary (BJP) has written to the ECI demanding bar on Rakibul Hussain, MP, Dhubri from campaigning in Samaguri. The ruling party

has also filed a police complaint against the Congress leader. Hussain had been representing Samaguri in the state Assembly for the past 23 years. He vacated the seat following his election to the Lok Sabha earlier this year. His son Tanzil is the Congress candidate in the by-election. The BJP has fielded Diplu Ranjan Sharma, the party's state general secretary and a former president of the party's state youth wing.

In the letter to the EC, sent through the Returning Officer, Nagaon, on Sunday, the BJP has maintained that Hussain's presence has incited violence in the area and wanted a bar on the MP from campaigning in the constituency. "The by-election in Samaguri has turned violent due to conspiracy of this one person, Rakibul Hussain. We want that Hussain should not be allowed to campaign here any further. The by-election will

not be fair and transparent if he is allowed to move around here," Bimal Bora, a minister in the state government, said after submitting the letter.

Jitu Goswami, a BJP MLA, filed the complaint, whose vehicle was purportedly fired upon, at Rupahihat police station on Sunday. The complaint against Hussain and other Congress workers alleges stone pelting, gun

violence, attempt to murder and inciting violence.

Goswami claimed that stones were pelted at him and BJP supporters during the campaign in Muriputhi Kheta area on Saturday evening from a Congress election office, with gunshots also fired at them later.

He further claimed that Hussain was present at the spot during the incident and

instigated a criminal and other Congress workers to attack the BJP leaders and workers. The MLA, who said two BJP workers were injured in the incident, named 15 persons, including Hussain, in the complaint.

Violence has rocked Samaguri constituency with both the ruling BJP and the opposition Congress alleging gun violence, besides workers of the two parties being engaged in verbal spats and scuffles.

Journalists covering the poll campaign have also been injured in the spats.

On Sunday, Tanzil's SUV was allegedly attacked by BJP supporters at Udmari village, with the Congress filing complaints with the EC and police over the matter, a local party leader had said.

The BJP is making an all-out effort to snatch the seat in the demographically sensitive Nagaon district, while Congress is in no mood to leave its stronghold.

Andhra FM presents Rs 2.94 lakh Crore budget for 2024-25

PTI ■ AMARAVATI

The government of Andhra Pradesh (AP) on Monday presented a budget of Rs 2.94 lakh crore for the year 2024-25 with Payyavula Keshav, the state finance minister. "The budget proposals, which I am presenting today, were made by keeping the state's financial position in consideration and to revive the (state) financially by creating wealth. This is aimed at restarting the financial wheels of the state," said Keshav, addressing the second session of the Assembly in the new National Democratic Alliance (NDA) government.

Presenting the budget in the Assembly, with four months left in the fiscal, he said the estimated revenue deficit is around Rs 34,743 crore (2.12 per cent of the Gross State Domestic Product (GSDP)) and the fiscal deficit is estimated at around Rs 68,743 crore (4.19 per cent of the GDP) for the financial year.

The state government presented a budget of Rs 2.94 lakh crore for FY25 with a revenue expenditure estimated at Rs 2.36 lakh crore and capital expenditure at Rs 32,713 crore. The budget allotted Rs 16,739 crore for panchayat raj and rural development, a portfolio held by Pawan Kalyan, the deputy chief minister of the state. A total of Rs 29,909 crore for school education and Rs 18,421 crore for healthcare and family welfare were also allotted.

Observing that the ambition of the NDA government of Bharatiya Janata Party (BJP), Janasena and Telegu Desam Party (TDP) is to eradicate poverty and extend welfare for the marginalised, the finance minister allocated Rs 18,497 crore as Scheduled Castes (SC) component.

Punjab bypolls: Manpreet Singh Badal returns to roots 12 years later

PTI ■ GIDDERBAHA

Manpreet Singh Badal has returned to Gidderbaha to seek a re-election as a Bharatiya Janata Party (BJP) candidate twelve-year after losing his stronghold.

The former state finance minister has been visiting villages in the constituency and is invoking the name of five-time chief minister late Parkash Singh Badal.

The 62-year-old has as his rivals Aam Aadmi Party's nominee Hardeep Singh Dimpy Dhillon and Congress candidate Amrita Warring, who is the wife of Punjab Congress chief Amrinder Singh Raja Warring. The Shiromani Akali Dal (SAD) (Amritsar) has fielded Sukhraj Singh.

The Gidderbaha seat fell vacant after Amrinder Singh, who was a Congress MLA, was elected to the Lok Sabha from the Ludhiana seat in the 2024 parliamentary elections. The seat in Muktsar district was once considered a stronghold of the Akalis, with Parkash Singh Badal representing it for five consecutive terms - 1969, 1972, 1977, 1980 and 1985. Manpreet began his political journey from Gidderbaha in

1995 on a SAD ticket and went on to win the seat in 1995, 1997, 2002 and 2007.

After parting ways with the SAD, Manpreet unsuccessfully contested from Gidderbaha in 2012 on a ticket of People's Party of Punjab, a party he floated, but lost to Amrinder Singh. He then shifted from Gidderbaha seat to Bathinda Urban Assembly segment, which he won in 2017 on a Congress ticket. He lost it again in 2022, and switched sides in 2023 by joining the BJP. Amrinder Singh won the Gidderbaha seat in 2012, 2017 and 2022.

"In the next two years, we want to develop Gidderbaha as a model Assembly segment to showcase to the rest of 116 Assembly constituencies that this is what the BJP model can

look like. I want to showcase to the people of Punjab that this is what Gidderbaha can achieve. This should be a model for the rest of Punjab to emulate," Manpreet said.

The politician seeks inclusion of the constituency under the AMRUT-2 scheme, plans to lay down water pipes for irrigation, and set up 20,000 solar-powered tubewells. "My first priority will be to get Gidderbaha declared as a smart city under the AMRUT-2 programme and the government of India has to select a certain number of cities in India so let Gidderbaha be one of them.

The bypolls to the four assembly seats - Gidderbaha, Dera Baba Nanak, Chabbewal and Barnala - will take place on November 20.

Congress expels 28 rebels in Maharashtra

TN RAGHUNATHA ■ MUMBAI

Less than a week after the BJP expelled 40 party rebel candidates, the Congress, has shown the door to as many as 28 rebel candidates in poll-bound Maharashtra for a period of six years.

Acting on the directions of AICC general secretary in-charge of Maharashtra, State Congress president Nana Patole issued two separate orders, suspending 28 rebels in 22 constituencies across the state.

The seven candidates suspended in the first list were: Shyamkant Saner (Sindhkheda), Rajendra Thakur (Shrivardhan), Aba Bagul (Aba Bagul), Manish Anand (Shivajinagar), Sureshkumar Jethaliya and Kalyan Borade (both from Partur) and Chandrapal Choukse (Ramtek).

Of the 21 more rebel candidates suspended through the party's second order were six pairs Anandrao Gedam and Shilu Chimurkar (both from

Armori), Sonal Kove and Bharat Yermie (both from Gadchiroli), Abhilasha Gavture and Raju Jhode (both from Ballarpur), Vilas R. Patil and Asma J. Chikhalekar (from both Bhiwandi), Manoj Shinde and Suresh Patil-Khede (both from Kopri-Pachpakhi).

The other rebel candidates against whom disciplinary action was initiated were Premsagar Ganveer (Bhandara), Ajay Lanjewar (Arjun Morgaon), Hanskumar Pandey (Mirambhayer), Kamal Vyawahare (Kasbapeth), Mohanrao Dandekar (Palus-Kadegaon), Mangal V. Bhujbal (Ahmednagar City), Vijay Khadse (Umarchhed), Shabbir Khan (Yavatmal), Avinash Lad (Rajapur), Yagnavalkya Jichkar (Katol) and Rajendra Mulak (Ramtek).

The suspension of rebel candidates came a day after Ramesh Chennitala sent a warning the rebel candidates that his party would not tolerate their indiscipline, that

the party would not allow 'friendly contests' and that the party would do everything to protect the prospects of the Maha Vikas Aghadi candidates are in the candidates in the fray.

Earlier on November 5, the BJP had cracked the whip and expelled as many 40 rebel candidates in 36 constituencies across the state.

The expelled rebels included two rebels from Dhule -- Rural (Shrikant Karle and Sophan Patil), two from Jalgaon city (Mayur Kapse and Ashwin Sonawane), two from Nanded-North (Vaishali Milind Deshmukh and Milind Uttarmrao Deshmukh), Nanded south (Dilip Venkatrao Kadkrute, Sunil Sahebrao More and Sanjay Dhongare), Baglan-ST (Aakash Salunke and Jayashree Garund).

Notwithstanding the disciplinary action taken by both the ruling BJP and Congress, there are still more rebels against official candidates of various political parties in the poll fray.

BJP's Jharkhand poll cry: love jihad, infiltration, Rohingayas

PIONEER NEWS SERVICE ■ SERAIKELA (JHARKHAND)

Amit Shah, Union Minister for Home Affairs, on Monday announced that a committee would be formed if Bharatiya Janata Party (BJP) forms government in Jharkhand to identify and drive out infiltrators from the state besides reclaiming land grabbed by them.

Shah also said a legislation will be brought to prevent transfer of land to infiltrators on their marrying tribal women. He went on to accuse the Jharkhand Mukti Morcha (JMM)-led dispensation of patronising Bangladeshi infiltrators. Elections to the 81-member Jharkhand Assembly will be held on November 13 and 20, while the counting of votes polled will take place on November 23.

"Tribal population is declining in Jharkhand. Infiltrators are grabbing land

by marrying our daughters. We will bring legislation to prevent transfer of land to infiltrators if they marry tribal women. We will also form a committee to identify infiltrators to drive them out and reclaim land grabbed by them," Shah said addressing a rally at Seraikela.

He claimed that Champai Soren was insulted when he raised the infiltration issue and was forced to resign from chief minister's post by Hemant Soren.

Accusing the JMM-Congress and the RJD of only working for personal growth and indulging in corruption, he said, "Corrupt leaders of JMM-led coalition to be sent behind bars if BJP forms government in Jharkhand."

Shah alleged that the JMM-led dispensation was behind Rs 1,000 crore MNREGA scam, Rs 300 crore land scam, Rs 1,000 crore mining scam and multi-crore liquor scam and devoured Rs 3.90 lakh

crore sent by the Centre.

He promised that once the BJP government is voted to power in the state it will ensure that if the Centre sends rupee one, 25 more paise is added to it by the state so that Rs 1.25 reaches to people.

In another poll rally in Jharkhand, Yogi Adityanath, chief minister of Uttar Pradesh, on Monday accused

the JMM-led coalition in Jharkhand of converting the state into a "dharmashala" for Rohingyas and Bangladeshi infiltrators.

"Jharkhand has been converted into a 'dharmashala' for Rohingyas and Bangladeshi infiltrators who have been given free rein to spread anarchy," he claimed, while addressing an election rally at Bhawnathpur.

MP bypoll: Nail biting finish expected in Budhni, Vijaypur

GIRISH SHARMA ■ BHOPAL

Since the start of the Selection season in Budhni and Vijaypur Assembly constituencies, both the ruling Bharatiya Janata Party (BJP) and the main opposition Congress have left no stone unturned in the two constituencies.

Spearheading the BJP's attack, Mohan Yadav, chief minister of Madhya Pradesh (MP) and Vishnu Dutt Sharma, BJP state unit chief, addressed more than a dozen public meetings and conducted roadshows in both areas.

Narendra Singh Tomar, MP Assembly Speaker, has been camping in Vijaypur for over a fortnight. Though not on the original list of star campaigners due to his position in the state Assembly, Tomar was pressed into service after the BJP

sensed rough weather in the tribal-dominated area.

Tomar's involvement stirred the Congress, and the party immediately moved the Election Commission of India (ECI), describing Tomar's campaigning as a violation of the model code of conduct. The election watchdog is yet to respond.

The absence of Jyotiraditya Scindia was conspicuous in Vijaypur. Party insiders say that all may not be well between him and Raminvas Rawat, the BJP candidate in Vijaypur. Ruling party sources say that Rawat had refused to quit the Congress with Scindia when the latter crossed over to the BJP in 2020.

On the other hand, except for former Kamal Nath, all senior Congress leaders-PCC chief Jitu Patwari, Leader of the Opposition in the State

Assembly Umang Singh, Rajya Sabha MP Digvijay Singh, former PCC chief Arun Yadav and several legislators and office bearers participated in campaign activities.

With the Vijaypur bypoll beginning to acquire caste overtones, the BJP campaign requisitioned the services of Gwalior MP Bharat Singh Kushwaha to woo the sizeable Kushwaha community in Vijaypur.

The parliamentarian held a public meeting for the community in the presence of state BJP president.

Political observers feel that there is a tough fight in both constituencies. Both parties have put in all their strength. After the campaigning ended on Monday, both parties began closed-door meetings with booth workers and voters.

UP bypolls: High-stakes Yadav vs Yadav election in SP stronghold Karhal

BISWAJEET BANERJEE ■ MAINPURI

The Karhal constituency in Uttar Pradesh's Mainpuri district has transformed into a political battleground with the upcoming by-election turning into a crucial test for both the Samajwadi Party (SP) and the Bharatiya Janata Party (BJP).

Representing the SP is Tej Pratap Yadav, grandson of the late Mulayam Singh Yadav, who is fighting to retain the family's political stronghold. His main rival is Anujesh Yadav, a BJP candidate and brother-in-law to SP MP Dharmendra Yadav, who presents himself as a "rebel" from the influential Yadav family of Saifai.

The Karhal seat was previously held by SP chief Akhilesh Yadav, who vacated it after winning the Kannauj

seat in the 2024 Lok Sabha election. Akhilesh won Karhal in 2022, defeating BJP's Union Minister SP Singh Baghel. With the seat now vacant, the BJP has strategically fielded Anujesh Yadav to challenge Tej Pratap and make inroads into the SP's Yadav vote base.

"This election is about giving Karhal its share of development. Voters are ready for a double-engine government with Modi at the Centre and Yogi Adityanath in the state," Anujesh said, adding that other communities like the Shakyas, who are second in population only to the Yadavs, are keen to support the BJP for economic growth.

Historically, Karhal has been an SP fortress. Since 1993, the SP has won six of the seven elections held, with the BJP only managing one victory in

2002. In recent years, the SP has maintained its dominance, but the BJP's focus on a Yadav candidate has intensified the contest, raising questions about shifts in the constituency's political alignment.

Local journalist Neeraj Mehre commented, "The BJP hopes to replicate its 2002 success. However, the Yadavs' loyalty to the SP and their historical ties with the Mulayam family make this a formidable challenge."

Akhilesh Yadav and his wife and Mainpuri MP Dimple Yadav, has been at the forefront of Tej Pratap's campaign. Dimple, known for her close ties with voters in the region, has led door-to-door interactions, while senior family members like Shivpal Yadav and Dharmendra Yadav have actively supported her.

Notably, Tej Pratap previously represented Karhal from 2014 to 2019 after winning a by-election following Mulayam Singh Yadav's resignation. Married to Lalu Prasad Yadav's daughter Raj Lakshmi, Tej Pratap also carries the political legacy of the Yadav clan.

With Karhal's electorate of approximately 3.75 lakh voters, the Yadavs comprise the largest share at around 1.3 lakh, followed by Scheduled Castes (60,000), Shakyas (50,000), Thakurs (30,000), and other communities. The BJP's choice of a Yadav candidate is seen as an effort to fracture this vote base, while the Bahujan Samaj Party (BSP) has fielded a Shakya candidate, potentially dividing the vote further.

Additionally, the entry of Chandrashekhar Azad's candidate may siphon off

Dalit support, adding complexity to the SP's traditional advantage.

BJP district president Rahul Chaturvedi expressed confidence in Anujesh's local connections and the development track record under the Yogi-Modi administration. "Karhal has benefited from our crime-free governance, and the people want to see more development," he stated.

While the BJP seeks to penetrate this SP bastion, the SP leadership remains optimistic. An SP leader said that disillusionment among farmers and youth with the BJP government strengthens Tej Pratap's chances.

As Karhal approaches the polling date, the election has become a high-stakes contest of Yadav loyalty, political legacy, and changing caste dynamics.

India bears the brunt

This year’s high death toll and losses due to climate change underscore the urgent need for policy action

With over 3,200 fatalities, extensive crop damage across 3.2 million hectares, and 2.3 lakh buildings destroyed in the first nine months of 2024 alone, the country’s vulnerability to extreme weather events is undeniable. These findings of the ‘India Climate Report 2024’ from the Centre for Science and Environment (CSE) give a shocking picture of the impact of climate change on the country. The report underscores that 93 per cent of the days between January and September were marked by extreme weather, a clear indication that climate-related disasters are becoming not only more frequent but also more severe. The report’s findings reveal a staggering increase in extreme weather events. In 2024, India faced climate extremes on 255 out of 274 days, a record when compared to previous years. Notably, over 35 of the 36 states and union territories experienced such events, with states like Karnataka, Kerala and Uttar Pradesh witnessing over 40 additional days of climate extremes compared to 2023.

The grim statistics point to a significant toll on human life and livelihoods. Kerala, Madhya Pradesh and Assam were the hardest-hit states in terms of fatalities, while Andhra Pradesh saw the greatest destruction of homes, and Maharashtra experienced the largest crop damage. Among the notable phenomena in 2024 were prolonged heatwaves and an unprecedented number of warm nights. Besides, the monsoon season was particularly disastrous, with heavy rains, floods and landslides occurring every single day from June through September. Assam, for example, faced extreme weather on 111 days out of 122, highlighting the relentless impact of intense rainfall and flooding. The 2024

India Climate Report also points to a significant data gap. While the India Meteorological Department (IMD) has made strides in tracking events like warm nights, it lacks absolute temperature benchmarks, which many other countries use to enhance climate data accuracy. The lack of comprehensive, real-time data on climate-related damages impedes effective planning and resource allocation, especially in vulnerable regions. Several factors have contributed to India’s vulnerability which must be addressed. The lopsided development, scant regard to the climate impact and allowing reckless construction in hills must stop. This pattern of ‘bad development’ worsens the impact of natural disasters, transforming regions with poor infrastructure or unplanned urban sprawl into high-risk areas. As the world approaches the dangerous threshold of 1.5°C of warming above pre-industrial levels, India’s situation signals the urgent need for effective climate policies, mitigation strategies and public awareness. The ‘India Climate Report 2024’ serves as a somber reminder of the escalating costs of climate inaction. A collective and urgent response is needed, one that includes better data collection, sustainable urban planning and policies aimed at reducing greenhouse gas emissions. Only then can India hope to protect its people and environment.

Trump’s win sets stage for ‘America First’ revival

V K BAHUGUNA

Trump’s second term promises to reshape alliances and influence critical issues, including US-India relations, climate policy and the global energy market

Donald Trump has made history by winning the 2024 US Presidential election, securing 292 Electoral College votes and defeating Kamala Harris, the media’s favoured candidate. His resounding victory marks a significant comeback and has reignited debates globally about what his second term might bring. This election wasn’t without its drama, as Trump survived an assassination attempt on September 15, 2024, amid allegations of interference from powerful interest groups attempting to prevent his reelection. The victory was further shaped by the support of influential figures, including Indian American Vivek Ramaswamy, a former Republican hopeful who backed Trump. “Trump’s comeback is America’s comeback,” Ramaswamy remarked, applauding Trump’s strong persona as a “badass Commander-in-Chief” that many believe the US needs. A substantial part of Trump’s campaign success was due to substantial financial support from allies like Elon Musk, who reportedly contributed \$119 million to the campaign. Musk’s active presence on X (formerly Twitter) and outspoken defence of Trump against media criticism played a key role, particularly in swing states like Texas, Pennsylvania, Georgia, North Carolina and Florida. This unconventional alliance between Trump and Musk has sparked speculation and surprise, even influencing figures abroad, such as Bangladesh’s Chief Advisor Muhammad Yunus. Previously critical of Trump, Yunus has become a reluctant admirer following Trump’s success. Prime Minister Narendra Modi is also likely pleased with Trump’s return. The two leaders share a warm rapport, marked by a mutual understanding rooted in their strong nationalist stances. Though Modi was unable to meet Trump during his September 2024 visit to the US due to protocol issues, Trump’s victory strengthens India-US ties and suggests a renewed focus on strategic cooperation between the two nations.

Trump’s “America First” policy will likely shape his approach to foreign relations in this term. Expect him to push allies, including NATO and the European Union, to shoulder more of their defence costs. He may scale back US involvement in international conflicts, aiming instead to negotiate peace agreements that align with American interests. A notable example is his stance on Ukraine: Trump’s re-election could mean a reduction in US military and financial support for Ukraine, possibly pressuring the country toward a peace settlement with Russia—a development that could lead to a significant de-escalation of the conflict. In the Indo-Pacific region, Trump’s focus will likely remain on curbing China’s influence and India could play a pivotal role in these efforts. India’s strategic importance as a counterbalance to China in the region aligns well with Trump’s vision. The US-India partnership could expand in sectors like defence, technology and energy security. Trump’s push for “reshoring” American manufacturing from China may create new investment opportunities for India, especially in high-growth industries like pharmaceuticals, electronics, and renewable energy. Energy collaboration will also likely be a highlight of US-

PRIME MINISTER

STANCES

India relations. With India’s growing energy needs, Trump’s focus on US energy independence could lead to mutually beneficial trade in oil, natural gas, and renewable technologies, while US firms may look to invest in India’s energy infrastructure. However, Trump’s immigration policies, particularly concerning H-1B visas for skilled workers, may remain a point of contention. While Trump generally supports highly skilled professionals, further restrictions on visas could push India to enhance its own tech ecosystem, promoting more in-country growth and innovation. Trump’s stance on climate change negotiations may remain divisive. Given his scepticism toward multilateral climate agreements, he could once again withdraw the US from global climate accords. This could impact the efficacy of initiatives like the Paris Agreement, where developed countries have pledged \$100 billion to support developing nations. So far, only a fraction of this amount has materialised, raising concerns about the long-term viability of global climate targets. Trump’s reluctance to support these accords without substantial changes could weaken international resolve on climate issues. India will closely watch Trump’s policies on counterterrorism, particularly regard-

ing Pakistan, a country that has historically been linked to terrorism in the region. Trump’s past rhetoric and strong stance against terrorism suggest he may align with India’s concerns. A tougher US stance on Pakistan could address India’s longstanding issues with cross-border terrorism, potentially strengthening US-India ties in this area. Trump’s complex relationship with the US media, especially during the 2024 campaign, added another layer to the narrative. Musk was one of the few who openly supported Trump on X, condemning what they saw as a biased media landscape that often criticised Trump. This approach may have contributed to his strong showing in swing states, bolstered by Musk’s strategic influence on social media. As Trump prepares to re-enter the White House in January 2025, the world anticipates how his policies will unfold. His administration’s priorities are expected to bring significant shifts in US domestic and foreign policy, from trade and immigration to international alliances and climate action. Global leaders and citizens alike are waiting to see how Trump’s assertive approach to governance will redefine America’s role on the world stage. *(The writer is former member of Indian Forest Service; views are personal)*

LETTERS TO THE EDITOR

AMERICA CHOOSES TRUMP

Madam — With 295 electoral votes, the American people have chosen Donald Trump as the 47th President of the United States. Many entrepreneurs from the business sector have welcomed Trump’s reelection, indicating that development is a key issue for the US. According to Google CEO Sundar Pichai, of Indian descent, “We are in the golden age of transformation in America and are committed to working with the administration. This will benefit everyone. Similarly, Jindal also responded positively to Trump’s win. Trump’s strong opponent, Kamala Harris, who received 226 votes, mentioned that the process of transitioning power would be completed as quickly and peacefully as possible. In her concession speech, Harris emphasised moving forward but mentioned that she would resist when given the opportunity. Speaking at her alma mater, Harvard University, Harris stated, “Never give up. Our allegiance remains with the American Constitution, and the fight to protect the country’s fundamental principles will continue. Overall, the US presidential election was thrilling and closely contested. In the coming period, a key point of interest will be how the new administration under Trump addresses issues faced by immigrants and tackles unemployment in the country. But the business world is happy. Dattaprasad Shirodkar | Mumbai

CANADA VISA BARRIER

Madam — Apropos of the headlines (Nov 10), the impasse over Student Direct Stream for Indian students chasing for studies in Canadian universities in furtherance of diplomatic tussle is going beyond proportions. This should be seen as an opportunity, as the compulsively foreign-bound students should explore alternatives and preferably shed their obsession for foreign universities, as the standards of our premier engineering, medical and management institutions are superb and provide better

Manipur needs peace

It is unfortunate that ethnic conflict between the valley-based Meitei and the hills-based Kuki-Zo tribal communities began on May 3, 2023, still unabated. The latest incident

happened in the Bishanpur district of Manipur on Saturday, when militants fired a group of farmers, killing a 34-year-old woman. Since the ethnic violence erupted in Manipur, it has so far claimed the lives of more than 250 people and about 60,000 others were displaced, besides a devastating economic loss to the state. Despite a great loss of men and material, the government (Centre and state) has done very little to initiate a meaningful dialogue between the warring communities. To obviate further clashes, there is a greater need to maintain peace in the entire state but deploying force alone cannot quell a situation that requires sensitivity and compassion in equal measure. S K Khosla | Chandigarh

AMU MINORITY STATUS

Madam — The simple logic that guided the 5-judge SC judgement depriving the minority status of AMU, “that the university was neither established by Muslims nor administered by Muslims,” has been declared null and void by a majority judgement of the 7-judge bench of the Supreme Court of India. Surprisingly, the majority of SC judges led by the CJI overlooked the fact that it is a Central University run by the Union of India constituted under a Constitution that is essentially SECULAR. It took 7 long years for the bench to arrive at the judgement declaring Status Quo about the question, and according to Dipankar Dutta, one of the dissenting judges, this judgement was hastily delivered without the ideal procedure of consultations and discussions before the final draft. Still, the Supreme Judges expect the highest regard for their deeds from the people of this country. Jai Prakash Gupta | Ambala Cantt

A Journey of imagination, resilience and self-discovery

Dreams can teach us resilience, guide us through adversities and keep us striving for something more

All of us dream with our eyes open. It matters not whether we succeed in all of these. The beauty of the journey also enriches our lives in ways that we may not immediately fathom. My innumerable dreams keep me moving. My father got me a comic adaptation of David Copperfield by Charles Dickens when I was 6. I was impressed by the way David tackled the adversities in his life. He was sent to the boarding school by his stepfather and was saved from being bullied by James Steerforth. The two formed an unlikely friendship that ended with the death of James. Steerforth was a rakish scoundrel, but David looked at all that was good in him. My dream at that tender age depended on my frame of mind. Sometimes I would want to be like David, overcoming all adversities, other times I would want to be a lovable scoundrel like James, ready to help friends. I guess I imbibed a bit of both. I had studied mostly

in Hindi medium all boys’ schools in my formative years. I was shy of speaking to girls the first time that I went to a co-ed school when I was only 12. I would look enviously at boys who could speak with girls in fluent English. I would want to be like them. In later years, I understood that it was important to communicate, language was secondary. Two heroes entered my life around this time. Sunil Gavaskar from the cricket world and Bjorn Borg of the lawn tennis fame. I looked enviously at their ability to display no emotions whether winning or losing. I was and continue

to be sentimental. My face is transparent and displays all my emotions. However, I have come to realise that being sentimental is also akin to being passionate about your goals and is not a weakness. My dreams were not so spectacular in my intervening professional years. They were the routine dreams about going up the career ladder to reach the top, whether in the government sector, where you are bound to move up at a steady pace to a point predetermined by your age and seniority; or to earn better money in the private sector. Then I quit the system. Free of the invisible shackles, I went berserk with my dreams. I spent a lot of time in the kitchen during the COVID-19 days, baking bread and making wine. Surprisingly, even my wife stopped objecting to my presence in a space that she had always considered as her private domain. I started harbouring dreams of recognition as a renowned chef. I also started writing at

this late stage in life and another dream was born. I started thinking of winning a Booker prize or a Sahitya Akademi award. Once you have crossed 60, you want to be immortal. What could be better than to be remembered centuries after you are gone? My dream is for my books to occupy pride of place on someone’s bookshelf in the 23rd century; like the books of my favourite author, Charles Dickens, on my bookshelf, 200 years later. I now understand that no dream is irrational, outlandish, bizarre, or not worth pursuing. What is this life if we do not dream and strive for them? We may fail to attain many, but we will succeed in a few. That is what makes life extraordinary. Lee Kuan Yew’s words are apt, “If you are just realistic, you become pedestrian, you will fail. You must be able to soar above the reality and say, ‘this is also possible.’” *(The author is an electrical engineer with the Indian Railways and conducts classes in creative writing; views are personal)*

BREAKING THE CYCLE OF BURNOUT

Addressing mental health with managerial support is essential for a healthy workplace

SAKSHI SETHI

Numerous studies found that high job demands, low control, low social support and job insecurity are significant risk factors for depression in the workplace while, factors such as excessive workload, lack of control, poor work-life balance and unsupportive work environments trigger burnout. Research in all these areas has grown substantially in recent years, revealing valuable insights into how these mental health challenges affect individual employees and organisations. In today's fast-paced and high-pressure work environment, burnout and depression have become prevalent challenges affecting employees across industries. While burnout is often a result of chronic workplace stress characterised by exhaustion, cynicism and a feeling of reduced accomplishment, depression on the other side, is a mental health disorder marked by persistent sadness, lack of motivation and feelings of hopelessness that may affect all areas of a person's life. Both can severely impact employee wellbeing, workplace productivity and organisational success. Burnout and depression in the workplace are typically rooted in multiple factors often exacerbated by modern work conditions and expectations such as excessive workload and unrealistic expectations, lack of control and autonomy, poor work-life balance, toxic work environment and insufficient recognition and reward. There is no denying that when employees lack the time and resources to recover and recharge or have no input into their work, their sense of helplessness can contribute to both, they become more susceptible to burnout and over time, even depression. Moreover, a hostile or untrusting work environment can erode employee morale and mental health contributing to burnout and, in some cases, even depression. The impact of burnout and depression extends beyond individual suffering and affects the workplace as a whole. As stated earlier, to maintain productivity, employees experience burnout and depression which may consequently lead to decline in productivity thereby impacting the profitability and overall performance. It is quite often stated that absenteeism and presenteeism both have significant implications for workplace productivity and team morale. Now when the levels of burnout and depression within an organisation are high, it will create a culture of dissatisfaction, resulting in a lack of engagement and trust among employees and as a result can harm collaboration, innovation and the company's reputation, thereby making it difficult to attract and retain top talent. It will end up driving employees to leave their jobs in search of a healthier work environment. Addressing burnout and depression in the workplace requires both—structural changes within the organisation as well as individual efforts. By creating a culture where employers foster an environment that values open communication and employees express concerns without the fear of stigma or reprisal; training managers to identify symptoms of burnout and depression and to respond effectively; providing small gestures of appreciation through praise, bonuses, or other rewards can significantly improve job satisfaction, and help in reducing stress and the likelihood of burnout. Organisations can create a healthier, more productive and more sustainable work environment where employees and the company can thrive. *(The writer is an educator; views are personal)*

Trump's return and the US-India trade challenge

SHIVAJI SARKAR

The evolving global trade landscape may offer India an opportunity to capture markets left by China, positioning it as a key partner in America's strategy to diversify supply chains

“

DURING HIS PREVIOUS TERM, TRUMP ARGUED THAT INDIA IMPOSES SOME OF THE HIGHEST TARIFFS IN THE WORLD, POINTING TO EXAMPLES SUCH AS THE 100 PER CENT TARIFF ON HARLEY-DAVIDSON MOTORCYCLES, THOUGH IT WAS LATER REDUCED BY PRIME MINISTER NARENDRA MODI

The world is galvanised, shaken, in a trance with Donald Trump's return to the US presidency. There are hope, aspirations, anxiety and speculations of a changing world. One knows the reality but the uncertainties around rock. Would it be a stable or turbulent India? Sizeable Indians are celebrating his victory against Kamla Harris, who possibly lost because she is a woman than any other reason. Not surprisingly, Indians obsessed with Trump, who exceeded the limits of decency, in the uses of words and even a 'B...' word are rejoicing. An Indian newspaper headline was eloquent or jocular as its banner blared "Kamala Harris", an intended pun may be to express the happiness that she was destined to lose. 'Harris' in Hindi and some other Indian languages means defeat. So, an unsobber person gets the support against a dignified woman, whose Indian origin did not enamour Indians either in the US or India. Would Trump, supposedly a friend of India, spread out the red carpet for India? Does India matter much for the US, strategically or economically? The US is India's export partner with total exports of \$77.5 billion in FY24 and total bilateral trade was about \$120 billion. Obviously, this balance of trade in favour of India spurs the US to counterbalance it. Trump has often criticised India's trade policies for creating barriers to American products, framing them as unfairly protectionist. During his previous term, Trump argued that India imposes some of the highest tariffs in the world, pointing to examples such as the 100 per cent tariff on Harley-Davidson motorcycles, though it was later reduced by Prime Minister Narendra Modi. He calls India "an abuser" of import tariffs, a claim that echoed his October 2020 statement labelling India the "Tariff King". It seems to signify potential India and US-India trade tensions, the emphasis is on renegotiating trade terms. The new US President's economic policy is expected to focus on higher tariffs on all imports – 10 per cent across the board, and as high as 60 per cent on those from China, restrictions on immigration as well a reduction of corporate tax rate to 15 per cent for all companies manufacturing in the US. All this could eventually fuel higher inflation in the US and subsequent action by the Federal Reserve. For India, it could impact key export sectors such as pharmaceuticals, textiles and IT services. This may affect sectors where India has maintained high tariffs to protect domestic industries, such as agriculture and manufacturing. This is a highly sensitive issue for the Indian policymakers. The NDA government has taken conscience steps to ensure protection for the domestic industry, agriculture and other sectors. The IT companies, like TCS, Infosys and Wipro, rely heavily on the US for both revenue and talent deployment. "It could make Indian exports less competitive in the US market, impacting revenue," says a report by the economic think tank Global Trade Research Initiative (GTRI). It may hit China the most being the largest US trade partner. Many Indians believe that Indian exporters could benefit from the vacuum created as they also expect to fill the Bangladesh garment export fall by 6.2 per cent. The expectations may not be a reality, as the US itself strives to be a manufacturing hub, which is termed "America First". Besides, if a new tariff regime begins it may require intense effort and allowing concessions for increasing Indian exports. While the barriers are high, apart from the government's diplomacy, some large companies are already in touch with the Trump coterie to mollify the issues as they are keen on setting up new ventures in the US or with US companies. His previous immigration policies affected Indian professionals, especially those reliant on H-1B visas. Stricter immigration controls may hinder the mobility of Indian IT workers and engineers to the US, posing potential challenges for the Indian tech industry. The IT companies are giving preference to indigenous US workers. It reduces opportunities for new entrants. India's leading status as a generic drug exporter to the US could be hit with new regulatory hurdles and tariffs, impacting companies like Sun Pharma and Dr Reddy's. Additionally, India's steel and aluminium industries may suffer if Trump reinstates tariffs on these metals, as he did during his previous term. His preference for fossil fuels and his resistance to international climate commitments could discourage joint US-India investments in renewable energy, a priority for India. It could impact Indian solar and renewable energy companies. Trump's support for India in defence and security matters is unpredictable. His prior attempts to mediate between India and Pakistan on issues like Kashmir created unease in New Delhi, which values its autonomy in regional matters. Possibly sensing this China entered into a border agreement with India after four years of logjam. An Indian concern is that the West Asia war zone extends to Iran now. India is simultaneously developing ties with the Taliban in Afghanistan. The recent rate cut by the US Fed Reserve and the latest presidential polls have disturbed Indian stock markets, which continue to fall. Along with this, rupee parity with the dollar touches new lows with a one-day fall of 21 paise to Rs 84.30 on November 6 and a further decline to Rs 84.38 on November 8. It may go down to Rs 85, the market says. There are also positive aspects in the US-India relationships, which Trump ensured earlier too. His personal equation with Prime Minister Narendra Modi had warmed up the ties. It is expected that high-profile events like Howdy Modi in Houston and Namaste Trump at Ahmedabad will be repeated to cement public engagements, and personal diplomacy and strengthen people-to-people ties. Indian exports and trade with the US might increase under Donald Trump for several reasons, despite his protectionist "America First" stance. India, with its growing manufacturing sector and cost advantages, emerged as a potential alternative to China for certain goods. If Trump continues to push for decoupling from China, India could benefit by positioning itself as a substitute supplier in many areas including semiconductors. Despite many issues, it is expected that US firms moving away from China could set up shops in India. Some like Ford set up 200,000 vehicle manufacturing units in Chennai for exports. McDonald's is also expanding. Ups and downs apart, India and the US are likely to have better ties for strategic reasons by engaging in intense negotiations also to end proposed sanctions against 19 Indian companies. *(The author is a senior journalist; views are personal)*

Women waste pickers in India: Transforming waste management amidst challenges

Recognising the intersection of caste, gender and class in the waste sector is essential to building a cleaner, more equitable world for all

In India, women waste pickers play a vital role in waste management, particularly in urban and semi-urban areas. They are part of a larger, often invisible workforce within the informal waste sector, which comprises around 1.5 million workers. These women, mostly from marginalised backgrounds, undertake roles in waste collection, sorting, and sometimes even in supervisory capacities. Despite contributing significantly to recycling operations, they earn approximately 33 per cent less than their male counterparts, underscoring deep-rooted gender inequalities in this sector. The rise of initiatives like the Swachh Bharat Mission

SANJAY K GUPTA

(SBM) has shifted the landscape of waste management in India. Many Urban Local Bodies (ULBs) now employ more women in front-end roles, such as door-to-door waste collection and material sorting at Material Recovery Facilities (MRFs). This inclusion has led to improved Swachh Survekshan rankings for these ULBs, reflecting

enhanced cleanliness and waste management efficiency. Despite this progress, women waste pickers continue to face multifaceted challenges, including gender-based violence, caste discrimination and limited economic mobility. **Case Studies:** Studies from cities like Ambikapur, Bengaluru, and Tinsukia highlight the significant positive changes brought about by involving women in waste management. **Ambikapur, Chhattisgarh:** With a population of around 146,000, Ambikapur became the cleanest town in its population category, mainly due to a large female workforce in waste management. Out of 550 jobs created, 457 were filled by women, resulting in an 80 per cent female workforce that greatly contributed to cleanliness and operational efficiency. **Bengaluru, Karnataka:** In collaboration with the NGO Hasiru Dala, Bengaluru created over 1,200 jobs in the waste sector, with 92 per cent occupied by women. These women played various roles, from collecting fees to supervising sorting operations, positively impacting the city's cleanliness and Swachh Survekshan rankings. **Tinsukia, Assam:** Once one of the dirtiest towns in Assam, Tinsukia witnessed a remarkable transformation due to the involvement of women waste workers employed by an NGO. Of 108 jobs created for waste collection and supervision, 46 were allocated to women, enabling the town to achieve the status of the fastest-moving clean city in its category. **Challenges Faced by Women Waste Pickers:** Despite their essential contributions, women in the waste sector face a range of difficulties. Hazardous working conditions expose them to toxins and diseases and their work often goes unrecognised. Many women waste pickers are Dalits or Adivasis who endure societal stigma, which reinforces their marginalisation and limits their social mobility. They lack access to formal recognition, fair wages and safety measures, making them some of the most vulnerable in India's workforce. The absence of specific policies addressing women waste pickers aggravates these issues. The informal nature of their work, coupled with limited research on gender dynamics in waste management, restricts policy interventions, leaving women out of leadership roles and decision-making processes. **Intersection of Caste and Gender in Waste Work** Caste adds another layer to the marginalisation of women in waste management. Often seen as "dirty work," waste picking and sorting are stigmatised, especially for women from marginalised castes. This reinforces social hierarchies that exclude them from fair participation and economic upliftment. Scholars like Nancy Fraser and Martha Chen emphasise that caste and gender intersectionality compounds discrimination, limiting women's bargaining power and political representation in waste management. Addressing such complex intersections requires policies that recognise these overlapping identities and create inclusive opportunities for women waste pickers. To address these challenges and create a more equitable waste management system, policies should adopt a gender-sensitive approach, ensuring that women have access to leadership roles and opportunities for entrepreneurial development. By promoting women in management roles, their economic empowerment and social standing can be enhanced. The inclusion of women not only enhances cleanliness but also contributes to larger goals of social justice and economic empowerment. Recognising the intersection of caste, gender and class in the waste sector is essential to building a cleaner, more equitable world for all. *(The writer is Global Advisor and Consultant on waste management; views are personal)*

Trump, Putin discuss ending war in Ukraine, but Kremlin denies

PTI ■ WASHINGTON

US President-elect Donald Trump spoke to Russian President Vladimir Putin over the phone and discussed ending the war in Ukraine amongst many other important topics, according to a media report. However, Kremlin spokesperson Dmitry Peskov denied the media report of the phone call between Putin and Trump. After winning the recent presidential elections, Trump has spoken to over 70 world leaders. Prime Minister Narendra Modi and Israeli Prime Minister Benjamin Netanyahu were among the firsts. “The two men discussed the goal of peace on the European

continent and Trump expressed an interest in follow-up conversations to discuss ‘the resolution of Ukraine’s war soon,” one of the people said,” The Washington Post said in an exclusive report published on Sunday. One former US official who was familiar with the Putin call said that Trump likely does not want to enter office with a fresh crisis in Ukraine prompted by Russian escalation, “giving him the incentive to want to keep the war from worsening,” the daily said. Trump is scheduled to be sworn in as the 47th President of the United States on January 20, 2025. Ukraine has been

informed about the Trump-Putin call. “During the call, which Trump took from his resort in Florida, he advised the Russian president not to escalate the war in Ukraine and reminded him of Washington’s sizable military presence in Europe, said a person familiar with the call, who, like others interviewed for this story, spoke on the condition of anonymity to discuss a sensitive matter,” The Washington Post reported. However, Kremlin spokesman Peskov in Moscow said the Western media reports of the phone call between Putin and Trump are “untrue”, state-run TASS news agency reported.

“There was no conversation... This is completely untrue; it’s pure fiction,” Peskov said. Meanwhile, Steven Cheung, Trump’s communications director, told PTI he would not comment on the private calls between President-elect Trump and other world leaders. “President Trump won a historic election decisively and leaders from around the world know America will return to prominence on the world stage. That is why leaders have begun the process of developing stronger relationships with the 45th and 47th President because he represents global peace and stability,” Cheung said.

Russian glide bombs, drones, ballistic missile kill 6, injure 30 in Ukraine

AP ■ KYIV

Russian glide bombs, drones and a ballistic missile smashed into cities in southern and eastern Ukraine on Monday, officials said, killing at least six civilians and injuring about 30 others. Russia recently intensified strikes that have long tormented civilian areas, Ukraine President Volodymyr

Zelenskyy said, in an apparent effort to unnerve Ukrainians and wear down their willingness to keep up a war that is approaching its 1,000-day milestone. “Every day, every night, Russia commits the same terror,” Zelenskyy said in a post on the Telegram messaging app. “Except that an increasing number of civilian objects are becoming targets.” Both Russia and Ukraine are waiting to see how Washington will change its policy on the war after Donald Trump takes office in January. The US is the biggest provider of military help to Ukraine but Trump has chided the Biden administration for giving Kyiv tens of billions of dollars of aid. The major cities struck Monday by Russia are close to the war’s around 1,000-km (600-mile) front line. Russian drones hammered the southern city of Mykolaiv, killing five people and injuring a 45-year-old woman, local

In this image provided by the Ukrainian Emergency Service on Monday, a firefighter works on a site of a Russian attack on residential area in Mykolaiv, Ukraine.

AP/PTI

authorities said. Around two dozen people sought psychological help following the attack that damaged houses and stores, officials said. Mykolaiv, located about 60 km (37 miles) northwest of the front line in the Kherson region, frequently comes under Russian attack. An overnight attack on Zaporizhzhia, also in the south, with three powerful glide bombs killed one person and injured 21, including a 4-year-old boy, Ukraine’s National Police said. The strikes partially destroyed a two-story apartment building and damaged a dormitory. A five-story apartment building in Kryvyi Rih, Zelenskyy’s hometown in central Ukraine, was hit by a Russian ballistic

missile, injuring at least eight people. Emergency services were searching through the rubble, Oleksandr Vikul, head of Kryvyi Rih Military Administration said. The missile destroyed all five stories in one part of the building, he said. Meanwhile, Ukraine’s intelligence agency claimed in a statement it destroyed a Russian Mi-24 assault helicopter parked at the Klin-5 airfield in the Moscow region. The claim could not be independently verified. The Russian Defence Ministry said Monday that 17 Ukrainian drones were destroyed over the Russian regions of Kursk, Belgorod and Voronezh overnight and in the morning.

Netanyahu admits Israel’s role in pager, walkie-talkie attacks on Hezbollah

PTI ■ JERUSALEM

Prime Minister Benjamin Netanyahu for the first time admitted that Israel was behind the pager and walkie-talkie attacks on Hezbollah in September that left at least 39 people dead and more than 3,000 injured, local media reports have said. “The pager operation and the elimination of (Hezbollah leader Hassan) Nasrallah were carried out despite the opposition of senior officials in the defence establishment and those responsible for them in the political echelon,” The Times of Israel newspaper quoted Netanyahu as saying. Netanyahu’s remarks came during Sunday’s weekly Cabinet meeting, according to Hebrew

media reports. Israel had so far not taken responsibility publicly for the attacks, but it was widely speculated that it was behind the complex successfully orchestrated attacks that took the world by surprise. Thousands of pagers containing explosives exploded on their Hezbollah owners across Lebanon and parts of Syria on September 16. While the world was still absorbing the news of pager explosions, walkie-talkies met the same fate a day later on September 17, shocking the world at the level of Israeli intelligence’s preparation in its war against the Lebanese Shia militia. Netanyahu’s statement is being interpreted in the context of his firing of Defence Minister Yoav

Gallant and efforts to shore up personal popularity by taking credit for war successes. Gallant was fired from the defence minister’s position on November 5. Netanyahu and Gallant have clashed repeatedly over the course of their time in government together. Netanyahu also tried to get rid of him in March 2023 as well, a day after Gallant called for pausing the legislation process of the government’s contentious judicial overhaul plan arguing that it caused divisions that posed a threat to national security, but had to reinstate him due to massive public protests. He was the defence minister when Hamas committed its deadly terror assault in southern

Israel on October 7 last year and had so far carried out his duties in the subsequent war in the Gaza Strip, the fighting on the northern border, and the ground operation in southern Lebanon. In a press conference on Tuesday, Gallant said that he was fired because of differences on the issue of the need to draft ultra-orthodox men in the Israel Defence Forces, the imperative to bring back the hostages from Gaza, and the need for establishing a state commission of inquiry to look into the October 7 Hamas terror attack and the ensuing war. Netanyahu has resisted taking responsibility for the country’s security oversights, blaming Israel’s security forces for the failure to foresee Hamas’ October 7 massacre.

Israeli strike kills 3 in central Gaza

AP ■ JERUSALEM

Palestinian medical officials say an Israeli strike hit a tent sheltering a displaced family in the central Gaza Strip, killing at least three people, including the parents of twins. The strike late Sunday in the urban Nuseirat refugee camp wounded the two children, aged 10, who were being treated for serious injuries at the Al-Aqsa Martyrs Hospital in the nearby city of Deir al-Balah. The details of the casualties were listed in hospital records and an Associated Press reporter saw two of the bodies. The Israeli military says it only targets militants and accuses them of hiding among civilians. Palestinians reported heavy bombing late Sunday in the western areas of Nuseirat camp, which dates back to the 1948 war surrounding Israel’s creation. At least 24 people were wounded and taken to the Awda hospital in Nuseirat, said Mohamed Muhareb, head of

the hospital’s ambulance service. The Israel-Hamas war began after militants stormed into Israel on Oct 7, 2023, killing some 1,200 people — mostly civilians — and abducting 250 others. Israel’s military response

in Gaza has killed more than 43,000 people, Palestinian health officials say. They do not distinguish between civilians and combatants, but say more than half of those killed were women and children. Hezbollah began firing into

Israel on Oct 8, 2023, in solidarity with Hamas in the Gaza Strip. Since the conflict erupted, more than 3,100 people have been killed and nearly 13,900 wounded in Lebanon, the health ministry reported.

Japan’s parliament re-elects Ishiba as PM despite his coalition’s recent loss

AP ■ TOKYO

Japan’s parliament reelected Prime Minister Shigeru Ishiba on Monday after his governing coalition suffered the worst election loss in more than a decade, forcing the struggling leader to form his second Cabinet in just over a month since taking office. Ishiba’s ruling Liberal Democratic Party and its junior partner Komeito together lost their majority in the 465-seat Lower House, the more powerful of Japan’s two-house parliament, in the Oct 27 election due to continued voter outrage over financial misconduct by his party and its lukewarm response.

A special parliamentary session convened Monday to pick a new leader in a vote required within 30 days of a general election. Ishiba beat top opposition leader Yoshihiko Noda 221-160 in the first runoff in 30 years. Ishiba reappointed most of his previous Cabinet members, including Foreign Minister Takeshi Iwaya, Defence Minister Gen Nakatani and Chief Cabinet Secretary Yoshimasa Hayashi, but had to replace three who lost seats or were affected by the election results. Ishiba is expected to hold a news conference to explain his new Cabinet and policies. Ishiba has refused to step down

and showed willingness to cooperate with additional coalition partners to boost stability and help him pursue his party’s policies. Ishiba will struggle in the coming months as he must gain consent from the opposition on policies including the budget and other legislation, experts say. He is eyeing a rising smaller, conservative opposition, the Democratic Party for the People, whose seats quadrupled to 28 under its popular leader Yuichiro Tamaki, whose proposal for raising the basic tax-free income allowance and increasing take-home wages garnered support

from low income and younger voters. Tamaki only wants to cooperate with Ishiba’s party on policy — not as part of a coalition — since he wants to use his leverage to increase his party’s standing ahead of the next election. However, Tamaki was recently stung by a magazine article exposing an extramarital affair, which he admitted to on Monday. Ishiba’s government is preparing for his trip later this month to Asia Pacific Economic Cooperation and Group of 20 summits, as well as a possible meeting with President-elect Donald Trump on his way home.

RBI issues framework for reclassification of FPI to FDI

PTI ■ MUMBAI

The Reserve Bank of India (RBI) on Monday issued an operational framework for reclassification of investment made by a foreign portfolio investor to foreign direct investment (FDI) if the entity breaches the prescribed limit. Currently, an investment made by foreign portfolio investor along with its investor group (FPI) should be less than 10 per cent of the total paid-up equity capital on a fully diluted basis. Any FPI investing in breach of the prescribed limit has the option of divesting their holdings or reclassifying such holdings as FDI subject to the conditions specified by the RBI and Sebi within five trading days from the date of

settlement of the trades causing the breach. The RBI has issued an operational framework for reclassification of foreign portfolio investment by FPI

to FDI. As per the framework, the FPI concerned will have to take necessary approvals from the government and concurrence of the Indian

investee company concerned. However, the facility of reclassification shall not be permitted in any sector prohibited for FDI, the RBI said.

For reclassification, the entire investment held by such FPI should be reported within the timelines as specified under the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019. Post completion of reporting, the FPI should approach its Custodian with a request for transferring the equity instruments of the Indian company from its demat account maintained for holding foreign portfolio investments to its demat account maintained for holding FDI, the RBI said. The directions have become operative with immediate effect, the central bank added.

IRF writes to PM expressing concern at growing road fatalities in India

PTI ■ NEW DELHI

The International Road Federation (IRF) has written a letter to Prime Minister Narendra Modi expressing concern at growing number of road accident fatalities in the country. IRF president emeritus K K Kapila in the letter suggested implementing strategies aimed at raising awareness, influencing policy, and advancing road safety measures. According to the latest government data, about 5 lakh road accidents occur in India annually. Of this, there are 1.5 lakh fatalities, while 3 lakh suffer injuries. Recently, Road Transport and Highways Minister Nitin Gadkari had

highlighted that this caused 3 per cent loss to the country's GDP. "Despite running of various campaigns involving road safety by the government, corporates and non-government bodies, India remains one of the most dangerous places for road users," Kapila said. He further said it is therefore, essential to galvanize public awareness, political will, and continuous engagement at

every level of society. As the leader of the nation and someone who embodies India's values and aspirations, IRF humbly requests the Prime Minister's support in promoting road safety initiatives, Kapila said. Some of the suggestions and actions made by IRF include incorporating road safety into PM's various addresses with a brief mention of road safety, the importance of obeying traffic rules, and reducing road fatalities, which could reach millions of people, especially youth. Other suggestions are spreading the road safety anthem prepared by IRF in 23 Indian languages and 10 foreign languages in schools, offices etc.

Sensex, Nifty close flat amid unabated foreign fund outflows, muted earnings

PTI ■ MUMBAI

Benchmark stock indices Sensex and Nifty closed flat in highly volatile trade on Monday as continuous FII selling, disappointing quarterly earnings and weak trends from Asian markets dented investor sentiment. After gyrating between highs and lows, benchmark Sensex eked out gains of 9.83 points or 0.01 per cent to settle at 79,496.15. The barometer gyrated 1,100.8 points between the day's high of 80,102.14 and a low of 79,001.34. The NSE Nifty dipped marginally by 6.90 points or 0.03 per cent to 24,141.30. From the 30-share Sensex pack, Asian Paints tumbled over 8 per cent after the company on Saturday reported a 43.71 per cent decline in consolidated net profit to Rs 693.66 crore for

the September quarter, impacted by soft-demand conditions, material price inflation and a decline in decorative and coatings business in the domestic market. Tata Steel, Bajaj Finance, Mahindra & Mahindra, JSW Steel, NTPC, Adani Ports, Bajaj Finserv and Larsen & Toubro were also among the laggards. However, Power Grid, HCL Technologies, Infosys, Tech Mahindra, Tata Consultancy Services and ICICI Bank were among the gainers. Foreign Institutional Investors (FIIs) offloaded equities worth Rs 3,404.04 crore on Friday, according to exchange data. Prashanth Tapse, Senior VP (Research), Mehta Equities Ltd, said, Indian markets remain under pressure, largely due to relentless foreign investor selling.

"The actions of FIIs are dominating the current market momentum, which is backed by a weak set of earnings and expectations from Trump policy. The risk of further downgrades in Nifty earnings casts clouds over investor sentiment, while the IT sector continued to outperform due to the strong US dollar and in anticipation of a revamp in US IT spending," Vinod Nair, Head of Research, Geojit Financial Services said. India is also looking forward to the CPI data with a muted view as food prices are likely to be higher on MoM basis, essentially forging RBI to hold the interest rates in the short term, Nair added. In Asian markets, Seoul and Hong Kong settled lower while Tokyo and Shanghai ended higher. European markets were trading on a firm note. Wall Street ended in positive territory on Friday. Global oil benchmark Brent crude declined 0.83 per cent to USD 73.26 a barrel. On Friday, the BSE benchmark gauge declined by 55.47 points or 0.07 per cent to settle at 79,486.32. The Nifty dipped 51.15 points or 0.21 per cent to 24,148.20.

Star India to make web series on Reserve bank

PTI ■ NEW DELHI

Star India will make a web series on the Reserve Bank of India's 90-year-long journey to help people have a better understanding about the central bank's vital role in the country's fast-growing economy. The Reserve Bank of India (RBI), which was set up in 1935, completed 90 years in April this year. Star India Private Limited, Viacom 18, Zee Entertainment Network Limited and Discovery Communications India were in the fray for "Production and distribution of Web Series Commemorating 90 years of RBI" after the central bank floated a Request for Proposal (RFP) in July. While Zee Entertainment Network and Discovery Communications India did not qualify beyond the technical evaluation round, Star India Pvt Ltd and Viacom 18 made it to the final round. According to the RBI, Star India has been awarded the tender for Rs 6.5 crore to make the web series. As per the RFP document, the RBI had desired the creation of a web series of

five episodes of approximately 25-30 minutes each, which can be aired on national TV channels and/or OTT platforms, commemorating 90 years journey of the RBI. The five-episode series will serve as a valuable resource for enhancing public understanding of the central bank's vital role in the economy, fostering greater engagement, and building trust and confidence in its operations and policies," said the RBI's Request for Proposal (RFP) issued in July. The series aims to highlight the central bank's vision and mission, showcase its significant achievements and initiatives, and provide insights into ongoing developments and collaborations. "Through compelling storytelling, expert interviews, and high-quality visuals, the web series seeks to enhance transparency and build trust in the central bank's operations and policies," the RBI has said while inviting the bids. The series aims to make complex financial concepts accessible and interesting to a broad audience, thereby, contributing to financial literacy.

Sugs Lloyd emerges as lowest bidder for two govt projects worth Rs 300 crore in Bihar

PTI ■ NEW DELHI

EPC services provider Sugs Lloyd on Monday said it has emerged as the lowest bidder for two government projects worth Rs 300 crore in Bihar. The contracts involve supply, installation, testing, and commissioning (SITC) of a power substation, along with high-tension (HT) and low-tension (LT) lines, the company said in a statement. Sugs Lloyd has achieved a significant milestone by emerging as the lowest bidder (L1) for two government projects worth a combined initial value of over Rs 300 crore from the

Bihar government entities, the statement said. Sugs Lloyd CEO Satyakam Basu said, "We are thrilled to be declared as the L1 bidder for these critical infrastructure projects in power networks and solar vertical. We are also contemplating raising funds through an IPO very soon to expand our business and meet working capital requirements." Sugs Lloyd is engaged in the business of electrical engineering, civil and electrical EPC projects (Engineering, Procurement and construction) and renewable energy.

Maruti Suzuki unveils all-new Dzire compact sedan, priced between ₹ 6.79 lakh and ₹ 10.14 lakh

PTI ■ NEW DELHI

Maruti Suzuki India on Monday introduced the all-new version of its compact sedan Dzire and said the automaker would continue to cater to all customer segments in order to preserve its high market share in the domestic market. The automaker introduced the new Dzire priced between Rs 6.79 lakh and Rs 10.14 lakh (ex-showroom Delhi). While the SUV segment has been growing, other segments are also important to the company in order to maintain high market share, Maruti Suzuki India (MSI)

MD and CEO Hisashi Takeuchi told reporters here. He said Dzire has been a global success for the automaker with around 30 lakh units sold so far across markets.

Takeuchi noted that the company has invested around Rs 1,000 crore on the development of the model. MSI Senior Executive Officer (Marketing and Sales) Partho Banerjee said the company's endeavour is

to serve all customer segments. MSI currently has over 40 per cent market share (wholesales) in the overall domestic passenger vehicle segment. In terms of retail sales the company posted its highest-ever performance in October with 2.02 lakh units. In the sedan segment it has over 50 per cent market share. In the entry compact-sedan segment, which also has Honda Amaze, Hyundai Aura among others, MSI has a market share of over 61 per cent in the April-September period of this fiscal year.

Equity mutual funds see record ₹ 41,887 crore inflow in October

PTI ■ NEW DELHI

Equity mutual funds witnessed a record inflow of Rs 41,887 crore in October, marking a surge of over 21 per cent on a month-on-month (MoM) basis, fuelled by robust investments in thematic funds. This also marks the 44th consecutive month of net inflow in the equity-oriented funds, highlighting the ever-increasing appeal of mutual funds among investors, data with the Association of Mutual Funds in India (AMFI) showed on Monday. "October's numbers are indeed phenomenal, especially given the backdrop of a steep market correction. While earlier this year,

equity inflows were buoyed by strong market performance, October marked a stark reversal. "The 5-6 per cent drop in both the Sensex and Nifty was one of the sharpest in recent years, similar to what we last saw in March 2020. Despite this, retail investors have shown remarkable resilience, with inflows

exceeding Rs 40,000 crore," Santosh Joseph, Co-founder and CEO of Germinate Investor Services, said. Overall, the mutual fund industry witnessed an inflow Rs 2.4 lakh crore in the month under review, after an outflow of Rs 71,114 crore in September. The huge inflow was due to investments to the tune of Rs

1.57 lakh crore into debt schemes. The industry's net assets under management rose to Rs 67.25 lakh crore last month from Rs 67 lakh crore in September. As per the data, equity-oriented schemes witnessed an inflow of Rs 41,887 crore in October, as compared to Rs 34,419 crore in September. Before this, equity schemes saw an inflow of Rs 40,608 crore in June. Within the equity schemes, sectoral thematic attracted investors with the highest net inflows of Rs 12,279 crore during the month under review. However, flow in the segment was less compared to Rs 13,255 crore in September.

Arun Duggal ceases to be chairman of Icra Ltd board

PTI ■ NEW DELHI

Domestic rating agency Icra on Monday said Arun Duggal ceased to be the chairman and independent director on the board of the company upon completion of his term. In a regulatory filing, Icra said the second consecutive term of appointment of Arun Duggal and Ranjana Agarwal as Independent Director(s) of the company ended on November 10, 2024. "Consequently, Duggal ceased to be the Chairman and an Independent Director of ICRA Limited and Agarwal has also ceased to be an Independent Director of the company with effect from November 11, 2024," it said. Shares of Icra were trading at Rs 6,878.75, down 1.40 per cent over the previous close on the BSE.

Coca-Cola India FY24 profit falls 42 per cent to ₹ 420.29 crore revenue rises 4 per cent to ₹ 4,713.38 crore

PTI ■ NEW DELHI

Beverages major Coca-Cola India's consolidated profit fell 41.82 per cent to Rs 420.29 crore in FY24 while its revenue rose 4.24 per cent to Rs 4,713.38 crore, according to the company's filing to RoC (Registrar of Companies). Its total income, which also includes other income, was up 4.19 per cent to Rs 4,801.84 crore during the fiscal ended March 2024, according to financial data accessed through business intelligence platform Tofler. In FY23, Coca-Cola India Pvt Ltd, an unlisted entity, had reported a net profit of Rs 722.44 crore and revenue from operations at Rs 4,521.31 crore. Its expenses on advertising and sales promotion were up 35.47 per cent to Rs 1,520.21 crore during the financial year under review. This was at Rs 1,122.11 crore a year ago.

Moreover, royalties paid to its US-based parent the Coca-Cola Company also went up 4.68 per cent to Rs 507.51 crore. The total tax expense of Coca-Cola India in FY24 was down 35.34 per cent to Rs 171.42 crore. This was at Rs 265.14 crore a year earlier. Coca-Cola India's total expenses in FY24 was up 16.27 per cent to Rs 4,210.11 crore.

The company, which operates with power brands in Indian markets, including Coca-Cola, Thums Up, Limca, Sprite, Maaza and Minute Maid, is owned by Atlanta-based US beverages major The Coca-Cola Company. India is the fifth largest market for Coca-Cola. Besides, Coca-Cola also has a bottling unit, Hindustan Coca-Cola Beverages (HCCB) Private Ltd, which operates 16 plants.

Tata Power-DDL Gains International Recognition

PIONEER NEWS SERVICE ■ NEW DELHI

Tata Power Delhi Distribution Limited (Tata Power-DDL) has gained international recognition by winning the acclaimed 'International Smart Grids Action Network (ISGAN) Award of the Excellence 2024' for its project 'enhancing grid Resilience through End-User behavioural demand response'. The award ceremony was held on October 2, 2024 in Foz Du Iguaçu, Brazil, where the Tata Power-DDL's project received an 'Honorable Mention' for its approach to flexible grid resilience among an exceptional group of nominees. Commenting on the win, Mr

Gajanan S. Kale, Chief Executive Officer of Tata Power Delhi Distribution Limited said, "We're honored to have received this recognition. With the objective of promoting groundbreaking advancements in smart grid technologies, this international recognition reflects the Tata Power-DDL's leadership in grid quality and resilience in energy's evolving scenario tilting towards renewable sources. This timely award will motivate us to keep striving for excellence & innovation in the area of smart grids." The awardees were selected by a highly distinguished international jury in collaboration with the Global Smart Energy Federation (GSEF).

VIT-AP UNIVERSITY HOSTS VIKAS 2024 INDUSTRY SUMMIT

AMARAVATI: VIT-AP University successfully hosted its flagship industry summit, VIKAS 2024, on November 8th.

Bumrah to lead, Rahul likely to open in Perth: Gambhir

PTI ■ MUMBAI

Head coach Gautam Gambhir on Monday said Jasprit Bumrah, as designated vice-captain, will lead India in the opening Test against Australia in Perth if regular skipper Rohit Sharma is unavailable for the game due to personal reasons. The straight-talking former opener also indicated that KL Rahul could be asked to open the innings in place of Rohit. The second batch of the Indian players is leaving for Perth, but Rohit has stayed back. Uncertainty remains if Rohit will compete in the series-opener. "At the moment, there is no confirmation. We will let you know exactly what the situation will be. Hopefully, he is going to be available, but everything you want to know, you will get to know before the start of the series," Gambhir said. "Bumrah is the vice-captain, so obviously If Rohit is not available, he is going to lead in Perth," the coach added. Rahul likely to open Rohit's possible absence also leaves a spot vacant at the top of the batting order and Gambhir said one among the uncapped

Abhimanyu Easwaran and KL Rahul, who both played in the unofficial Tests against Australia A for India A, will be picked. "Obviously, there is Easwaran, there is KL there. We will take a call closer to the first Test match if Rohit is not available. "There are options. There are quite a lot of options in this spot. Once it gets closer to the first Test match, we will try and play the best playing XI who is going to do the job for us," he added. However he gave enough indications that Rahul's experience might prevail over rookie Easwaran's current form. "There are times when you go with the experienced players as well and that is the quality of the man. He (Rahul) can actually bat at the top of the order, he can bat at number 3 and at number 6 as well," said the former southpaw. "So you need quite a lot of talent to be doing these kind of jobs as well and he has kept wickets in One-day format as well. So imagine how many countries have players like KL who can actually open the batting and can bat at number 6 as well?

"So I feel that if needed be, I think he (Rahul) can do the job for us, especially if Rohit is not available for the first Test

match," Gambhir said. Team moving forward, coach hints on Shardul non-selection The coach backed uncapped

all-rounder Nitish Reddy, who has a batting average of 21 in first-class cricket, and was picked ahead of veteran pace

bowling all-rounder Shardul Thakur. "It is also about moving forward and I feel that this is the best set of players that

we have selected to do the job for the country," Gambhir said. Indicating that doors are closed on Shardul for the time being. Shardul was one of India's heroes at the Gabba with handful of wickets and a half-century. He has been seamer all-rounder in SENA countries. "We have picked the best squad who can do the job for us. Nitish Reddy, we all know that how incredibly talented he is and if given an option, he will deliver for us," Gambhir said. Why Harshit Rana wasn't sent for A tour? Rana was not sent with the India A squad for the unofficial 'Tests' in Australia to be ready for the BGT series but Gambhir said the management did not want to add to his workload by getting him to play First-Class games. "He had played a first-class game against Assam and he did reasonably well (took five-for and scored half-century). We all thought that he has had enough bowling under his belt rather than just sending and playing him another first-class game," Gambhir said. "For us, it is important for a fast bowler to be fresh as well. It is going to be a long tour, it is going to be a five-Test match

series. The bowling coach, the physios and the trainers thought that he has had enough under his belt and that was one of the reasons," he added. While there is no Mohammed Shami and tremendous pressure on Jasprit Bumrah to carry the pace bowling load, Gambhir feels that the attack is potent even with three inexperienced speedsters in Rana, Prasidh Krishna and Akash Deep. "We have got quality. We have got tall guys who can hit the deck like Prasidh and Harshit. All five guys have different skill sets. That makes our fast bowling attack very very potent." 10 days of training good enough Gambhir, who will be travelling with the second batch of Indian squad on Monday, said adjusting to conditions in Australia over the next 10 days will be vital for the team. "We have got a lot of experienced players who have been to Australia a lot of times. Their experience will come in handy for the young players as well. These 10 days are going to be very crucial but come 22nd morning, we should be absolutely ready to fire from ball one," he said.

Ponting should be concerned about Australian cricket, not India's: Gambhir

PTI ■ MUMBAI

Head coach Gautam Gambhir on Monday fired a shot back at Ricky Ponting for questioning Virat Kohli's form and place in Indian team, saying the Australian legend should only be concerned about cricket in his country. Ponting had recently said Kohli's form is a concern, given the Indian batter has scored only two Test centuries in last five years but also felt that the Indian legend has it in him to roar back to form and there is no better place than Australia to do so. "What does Ponting have to do with Indian cricket? I think he should think about Australian cricket. More importantly, I have got no concerns whatsoever for Virat and Rohit," Gambhir said during an interaction with media before leaving for Australia. Kohli has just one fifty this year - 70 against Bangladesh in Kanpur Test - while his last Test century came in July 2023 against the West Indies. Someone, who averaged above 50 in Test cricket from 2016 to 2019, Kohli has managed only 1838 runs from 34 Tests at an average of 31.68, with two centuries since then.

In 2024, the 36-year-old averaged only 22.72 in six matches, the lowest in his career. Speaking in a recent episode of the ICC Review, Ponting said if it was not for Kohli, surviving in Test cricket was tough with such a dismal record. "I saw a stat the other day about Virat, it said he's only scored two (three) Test hundreds in the last five years. That didn't seem right to me, but if that is right, then that is, I mean, that's a concern," Ponting said. "There wouldn't be anyone else probably even playing international cricket as a top-order batsman that's only scored two Test match hundreds in five years." "I've said it before about Virat, you don't ever question the greats of the game. There's no doubt, he's a great of the game. He loves playing against Australia. In fact, I know he loves playing against Australia. And as I said, his record (in Australia) is very good. If there's a time for him to turn it around, it'd be this series. "So I wouldn't be surprised to see Virat make runs in the first game."

Sharma, who scored 93 and 91 runs respectively in the team's 0-3 loss to New Zealand, is a concern, Gambhir said, "Not at all." "They are incredibly tough men, they have achieved a lot for Indian cricket and they will continue to achieve a lot in future as well. "For me, the most important thing is that they still work really hard and they are still passionate, they still want to achieve a lot more and that is something which is very important," he added. Gambhir said the hunger to do well is "incredibly important" for the Indian team especially after the loss to the Kiwis. "The hunger in that dressing room is incredibly important for me and for the entire group of people as well and especially after what has happened in the last series," he said. Indian batters were collectively exposed by New Zealand on a seaming track in Bengaluru in the first Test and spin-friendly pitches for the last two Tests at Pune and Mumbai. Gambhir said he does not expect Australia to prepare a certain kind of wickets for the five-Test series starting November 22 in Perth and that India can win if they play to their potential on any surface.

Barcelona hit by absence of injured Yamal, loses to Sociedad in Spanish league

AP ■ MADRID

Missing injured Lamine Yamal, Barcelona saw its seven-game winning run come to an end with a 1-0 loss at Real Sociedad in the Spanish league. Yamal, one of the team's key players this season under new coach Hansi Flick, was ruled out before the game because of a right ankle injury. He was replaced by Fermín López and the team's attack - by far the best in the league with 40 goals scored in 13 matches - struggled in the Basque Country, unable to get a single attempt on target against Sociedad. Sheraldo Becker scored a 33rd-minute winner to move Sociedad, which had lost two of its last three games in all competitions, to eighth place. Barcelona has a six-point lead over second-place Real Madrid, which routed Osasuna 4-0 at home on Saturday with a hat trick from Vinicius Júnior. Madrid has a game in hand after its visit to Valencia was postponed because of the deadly floods in the Valencia region. "We have to analyze what happened and keep working after the international break," Barcelona midfielder Pedri said. "We have been playing

well and we are still in first place." Barcelona had won seven in a row in all competitions since a 4-2 loss at Osasuna in the league in September. Its only other loss this season had been at Monaco in the Champions League. All of its other 14 matches were victories. Barcelona striker Robert Lewandowski, the league's leading scorer with 14 goals, had a first-half goal disallowed for offside. **Yamal injury** Barcelona said Yamal sustained a "severe right ankle contusion" in last Wednesday's game against Red Star in the Champions League. "Over the past few days, he has undergone treatment, but the discomfort has yet to subside. His recovery will determine his availability," the club said. Flick said the club tested Yamal

on Sunday to see if he could play "but it was not possible." Atletico Madrid back in third place Julián Álvarez scored a second-half winner as Atletico Madrid moved back into third place with a 1-0 victory at Mallorca. That left Atletico one point behind Madrid. It moved two points ahead of Villarreal, which defeated visiting Alaves 3-0 on Saturday. Alvarez scored Atletico's winner in the 61st minute after Giuliano Simeone's assist. Simeone, the son of Atletico coach Diego Simeone, beat a defender to a long pass and set Alvarez for an easy strike from close range. Goalkeeper Jan Oblak had another solid performance for Atletico, which earned its seventh clean sheet in the league this season, the most by any club. Atletico was coming off a 2-1 midweek win at Paris Saint-Germain in the Champions League. **Betis draws late** Marc Bartra scored a stoppage-time equalizer as seventh-place Real Betis salvaged a 2-2 home draw against 11th-place Celta Vigo. Celta had moved ahead with Anastasios Douvikas' goal in the 82nd. The visitors earlier took the lead through Javi

Rodríguez in the 13th before Vitor Roque equalized for Betis in the 40th. **Other results** Midtable Girona won 1-0 at 17th-place Getafe with a first-half goal by Yangel Herrera, while sixth-place Athletic

Bilbao was held at second-to-last-place Valladolid, with the Basque Country club earning the equalizer with Gorka Guruzeta in stoppage time after the hosts had taken the lead with Raúl Moro in the 79th.

Last three years were tough, changed everything about my bowling: Chakaravarthi

PTI ■ GOEBERHA

Mystery spinner Varun Chakaravarthi has described the three-year gap from international cricket as "tough," saying he had to completely overhaul his bowling after finding that his orthodox side-spin wasn't working at higher levels. The 33-year-old recorded his career-best figures of 5 for 17 in Sunday's second T20I against South Africa, though his efforts could not prevent India from losing by three wickets. "I had to go to the drawing board and check out all my videos. I figured out that I was bowling side spin and it was not working out in the higher levels," he told Jio Cinema. "I had to change everything about my bowling. It took me two years and I started

bowling in the local leagues and IPL also. It worked there and I have started bowling it in the international stage and it's working out for me." While side spin creates enough revolutions to make the ball drift sideways, over-spin generates a sharp bounce and turn. Talking about what worked for him as he added a fifer on Sunday to the three wickets he scalped in the first T20I in Durban, Chakaravarthi said: "It is a combination of both my consistency and overspin. "The overspin I bowl has more bite from the pitch and hopefully I can keep doing that and hopefully I can keep contributing for the country." Chakaravarthi was axed from the Indian team after going wicketless during the 2021 World Cup but he earned his place back after his exploits in

the last two editions of the IPL. He snapped 20 wickets in IPL 2023 before finishing as the second highest wicket-taker this year. "Definitely, the last three years were a little tough," Chakaravarthi told media after the match.

"The only thing I could do was play lots of cricket. And I started playing a lot of the domestic league (TNPL) in India. And that definitely helped me understand my game better. And that's what helped me." Chakaravarthi was part of the Kolkata Knight Riders' IPL-winning team this year under Gambhir, who recently took over as the coach of the Indian team and he credited the role clarity provided by the coach for helping him to regain his lost form. "Yes, we played the Bangladesh tour and he was coaching the team. And definitely we spoke a lot and he gave me a lot of role clarity. "He told me, even if you go for 30-40 runs, it doesn't matter. All you have to look is to pick wickets. So that's your role in

the team. The clarity which they gave definitely helped me." Chakaravarthi's match-changing spell reduced South Africa to 66 for 6 while chasing a modest target of 125, but a gritty partnership between Tristan Stubbs (47) and Gerald Coetzee (19) saw the hosts home in 19 overs, ending India's 11-match winning streak. "During the innings break, Surya (skipper Suryakumar Yadav) came and told us that let's not think about the result and let's just go all out. And that's what we tried to do. We did our best and we could have pulled it off. "Obviously, the mindset has to be aggressive when the score is low. You have to pick wickets and that's when we can win the match. That has to be my approach in the next

two games also because it's going to be a do-or-die match for us," he said. The spinner added that performing against a formidable team like South Africa would serve as a confidence booster heading into the remaining matches. "Definitely, when we came to South Africa, we knew that it's going to be a challenging tour because the Proteas, they are one of the best teams right now and they have a powerful batting lineup. "Doing well against them definitely gives me motivation to do more better and definitely I can. Hopefully I can do well in the upcoming games." India will face South Africa in the third and final T20Is on Wednesday and Friday at Centurion and Johannesburg, respectively.

CSB Bank PUBLIC NOTICE ON AUCTION OF PLEDGED GOLD ORNAMENTS					
The borrower/s in specific and interested bidders in general, are hereby informed that on account of non-repayment of the Banks due by the borrowers as under specified the payment notice and recall/auction notice issued by the Bank, the gold ornaments pledged with the bank security by the respective borrowers for the loan availed by them will be sold in public auction on "as is where is" and "non-recourse" basis through e-auction portal http://csbgold.auctiontiger.net on 20 th November 2024 at 10.30 AM. The auction may be adjourned to any other later date at the discretion of the bank upon publication of the same in the Bank's notice board. The borrowers are hereby further inform that the gold ornaments will be disposed of by private sale if the public auction is not successful and if there is a further balance to be recovered thereafter, legal action will be initiated against the borrower/s for recovery of the balance amounts due to the bank. In case of diseased borrower, all conditions will be applicable to legal heirs
